**Attachments:** [12-2239 Second Amended Board Legislative Reorganization](#)

*Director Gallo wanted an explanation as to why there's an amended Board Legislative Reorganization.*

*President London responded by stating that if there's just once a month for the Board meeting than the business of the District cannot function.*

*Superintendent Tony Smith mentioned that if there's only one meeting a month then the financial part of it will be insufficient. If once a month Board meeting were held then there will be more Special meetings than usual.*

*President London said she will have the Superintendent present at the 2nd meeting in August the Master Calendar which, the Board Secretary and the President will go over with him.*

*Director Spearman stated she heard from the public that changing the structure that was changed, did not allow the public for input into the process. It was like muting the public. As an elected official we should not just look for the business of the school district, but to look after the business of the schools in the best interest of the city. The things that are done at other places cannot be done here. Other places have 2 hours meetings, which cannot happen here. We need to sit and have some patience and listen to the people that put us here.*

Report of the President of the Board of Education - August 1, 2012

*President London announced the Project LaEscuelita Education Complex by stating it's a place to see, and the building is energy sufficient. The District held a press conference with the State Superintendent Tom Torlakson and Dr. Jeff Vincent from U. C Berkeley Center for City and School. The Center for City and Schools published a report on K-12 school facility state wide and the report stated that we need investment state wide on the order about \$20 billion to upgrade our fleet of schools. Oakland is recognized through the generosity of our voters for our leadership in that arena. The complex will be open August 27, 2012. We adopted our own facility master plan in May. We had \$1.5 billion in need of that \$20 billion state wide. It's pretty sobering. There's a bond measure on the ballot for November and the paper has been filed with the Registrar Voters.*
