Subject Resolution No. 2122-0046 Declaring It Is In The Best Of The District To Piggyback On And Enter Into A Contract With School Specialty, LLC Properly Entered Into Through OMNIA Partners, Public Sector.

Ask of the Board Adoption of Resolution No. 2122-0046 - Declaring It Is In The Best Of The District To Renew Its Piggyback On And Enter Into A Contract With School Specialty, LLC Properly Entered Into Through OMNIA Partners, Public Sector

Background Public Contract Code section 20188 allows OUSD to “piggyback” on an existing contract without OUSD needing to separately bid the contract so long as (i) the contract was properly bid, awarded, executed, and approved and (ii) the Board determines that it in the best interest of the District.

Discussion OMNIA Partners, Public Sector (“OMNIA”) is a cooperative purchasing organization that makes contracts available for “piggybacking” to state and local governments, including school districts. Through OMNIA, the Board of Directors of Region 4 Education Service Center, serving as the lead agency, issued an RFP to establish a national cooperative contract for

Educational School Supplies. School Specialty was one of three companies that was awarded a contract (“Agreement”).

The Resolution finds that the Agreement was properly bid, awarded, executed, and approved and further declares that piggybacking on the School Specialty, LLC contract is in the best interest of the District. The Resolution then accepts the offer of contract with School Specialty, LLC pursuant to the same terms and conditions found in the Agreement, up to a fiscal year not-to-exceed amount of \$1,000,000 through June 30, 2023, and approves the associated Piggyback Agreement. Under the Piggyback, the District will benefit from a 35% catalog discount and a 14% off list price for Furniture and Equipment items (among other benefits)

Fiscal Impact

Up to \$1,000,000 each fiscal year from various District-wide accounts.

OMNIA PARTNERS EXHIBITS

EXHIBIT A- RESPONSE FOR NATIONAL COOPERATIVE CONTRACT

1.0 Scope of National Cooperative Contract

Capitalized terms not otherwise defined herein shall have the meanings given to them in the Master Agreement or in the Administration Agreement between Supplier and OMNIA Partners.

1.1 Requirement

REGION 4 ESC (hereinafter defined and referred to as "Principal Procurement Agency"), on behalf of itself and the National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners Public Sector ("OMNIA Partners"), is requesting proposals for Educational School Supplies. The intent of this Request for Proposal is any contract between Principal Procurement Agency and Supplier resulting from this Request for Proposal ("Master Agreement") be made available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through OMNIA Partners' cooperative purchasing program. The Principal Procurement Agency has executed a Principal Procurement Agency Certificate with OMNIA Partners, an example of which is included as Exhibit D, and has agreed to pursue the Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners as a Participating Public Agency in OMNIA Partners' cooperative purchasing program. Registration with OMNIA Partners as a Participating Public Agency is accomplished by Public Agencies entering into a Master Intergovernmental Cooperative Purchasing Agreement, an example of which is attached as Exhibit C. The terms and pricing established in the resulting Master Agreement between the Supplier and the Principal Procurement Agency will be the same as that available to Participating Public Agencies through OMNIA Partners.

All transactions, purchase orders, invoices, payments etc., will occur directly between the Supplier and each Participating Public Agency individually, and neither OMNIA Partners, any Principal Procurement Agency nor any Participating Public Agency, including their respective agents, directors, employees or representatives, shall be liable to Supplier for any acts, liabilities, damages, etc., incurred by any other Participating Public Agency. Supplier is responsible for knowing the tax laws in each state.

This Exhibit A defines the expectations for qualifying Suppliers based on OMNIA Partners' requirements to market the resulting Master Agreement nationally to Public Agencies. Each section in this Exhibit A refers to the capabilities, requirements, obligations, and prohibitions of competing Suppliers on a national level in order to serve Participating Public Agencies through OMNIA Partners.

These requirements are incorporated into and are considered an integral part of this RFP. OMNIA Partners reserves the right to determine whether or not to make the Master Agreement awarded by the Principal Procurement Agency available to Participating Public Agencies, in its sole and absolute discretion, and any party submitting a response to this RFP acknowledges that any award by the Principal

Procurement Agency does not obligate OMNIA Partners to make the Master Agreement available to Participating Procurement Agencies.

1.2 Marketing, Sales and Administrative Support

During the term of the Master Agreement OMNIA Partners intends to provide marketing, sales and administrative support for Supplier pursuant to this section that directly promotes the Supplier's products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis.

The OMNIA Partners marketing team will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through channels that may include:

- A. Marketing collateral (print, electronic, email, presentations)
- B. Website
- C. Trade shows/conferences/meetings
- D. Advertising
- E. Social Media

The OMNIA Partners sales teams will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through initiatives that may include:

- A. Individual sales calls
- B. Joint sales calls
- C. Communications/customer service
- D. Training sessions for Public Agency teams
- E. Training sessions for Supplier teams

The OMNIA Partners contracting teams may work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through:

- A. Serving as the subject matter expert for questions regarding joint powers authority and state statutes and regulations for cooperative purchasing
- B. Training sessions for Public Agency teams
- C. Training sessions for Supplier teams
- D. Regular business reviews to monitor program success
- E. General contract administration

Suppliers are required to pay an administrative fee of 3% of the greater of the Contract Sales under the Master Agreement and Guaranteed Contract Sales under this Request for Proposal. Supplier will be required to execute the OMNIA Partners Administration Agreement (Exhibit B).

1.3 Estimated Volume

The dollar volume purchased under the Master Agreement is estimated to be approximately \$75M annually. While no minimum volume is guaranteed to Supplier, the estimated annual volume is projected based on the current annual volumes among the Principal Procurement Agency, other Participating Public Agencies that are anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between Supplier and OMNIA Partners.

1.4 Award Basis

The basis of any contract award resulting from this RFP made by Principal Procurement Agency will, at OMNIA Partners option, be the basis of award on a national level through OMNIA Partners. If multiple Suppliers are awarded by Principal Procurement Agency under the Master Agreement, those same Suppliers will be required to extend the Master Agreement to Participating Public Agencies through OMNIA Partners. Utilization of the Master Agreement by Participating Public Agencies will be at the discretion of the individual Participating Public Agency. Certain terms of the Master Agreement specifically applicable to the Principal Procurement Agency are subject to modification for each Participating Public Agency as Supplier, such Participating Public Agency and OMNIA Partners shall agree. Participating Agencies may request to enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in the Master Agreement (i.e. invoice requirements, order requirements, specialized delivery, diversity requirements such as minority and woman owned businesses, historically underutilized business, governing law, etc.). It shall be the responsibility of the Supplier to comply, when applicable, with the prevailing wage legislation in effect in the jurisdiction of the Participating Agency. It shall further be the responsibility of the Supplier to monitor the prevailing wage rates as established by the appropriate department of labor for any increase in rates during the term of this contract and adjust wage rates accordingly. Any supplemental agreement developed as a result of the Master Agreement is exclusively between the Participating Agency and the Supplier (Contract Sales are reported to OMNIA Partners).

1.5 Objectives of Cooperative Program

This RFP is intended to achieve the following objectives regarding availability through OMNIA Partners' cooperative program:

- A. Provide a comprehensive competitively solicited and awarded national agreement offering the Products covered by this solicitation to Participating Public Agencies;
- B. Establish the Master Agreement as the Supplier's primary go to market strategy to Public Agencies nationwide;
- C. Achieve cost savings for Supplier and Public Agencies through a single solicitation process that will reduce the Supplier's need to respond to multiple solicitations and Public Agencies need to conduct their own solicitation process;
- D. Combine the aggregate purchasing volumes of Participating Public Agencies to achieve cost effective pricing.

3.2 Distribution, Logistics

A. Please see attached flyer that includes all of our brands.

B. All orders (fax, email, phone or online) are entered into our Oracle database system. This system is our "hub" to track all orders and inventory levels. Once an order is entered into our system, the information is sent to the member's closest distribution center has the product in stock. We ship one order (one PO) per shipment and do not mix different shipments together. Once the order is received by the distribution center, the order is picked and processed and loaded onto a carrier truck for delivery. After the packages are scanned into the Carrier's system, our database is automatically updated with tracking information and estimated delivery time. Items not shipped from our facilities (drop ship orders) also have the same visibility in our system (order entry through EDI and delivery). At any point the customer may call to check the status of their order, our Customer Care team has full visibility to order status and tracking from entry to delivery.

After an order has been processed through our facilities, an invoice will generate for only the items that have shipped. Invoicing terms are usually Net 30, unless requested otherwise. In the event of product backorder, the customer will receive notification on the enclosed packing slip. Items that have not been shipped (back ordered) will not be invoiced.

All orders may be tracked using our website or by contacting our Customer Care Department. Since all orders are entered into one system, the customer will receive the same real-time information regarding order tracking as our internal teams. Frey Scientific, LLC has a network of two (2) distribution centers strategically located across the country to optimize service to our customers while keeping costs low. 3.3 Marketing and Sales

Campaign Name:	National IPA Account Campaign
Campaign Category:	Account Marketing – Purchasing Cooperatives
Campaign Manager:	Helen Schleis
Start Date:	Date of Award
Expiration Date:	

Goals and Objectives

- SSI Contract/Brand Awareness
- National IPA Awareness
- Benefits of utilizing purchasing cooperatives and specifically the SSI/National IPA contract
- Revenue penetration in the designated gap areas.

Strategy

School Specialty and National IPA are working together to increase revenue through our partnership. A sales strategy has been put in place **to increase revenue through National IPA.**

SSI Sales has determined there are five key areas where opportunity exists for growth within these accounts. This determination is based on competitor analysis against SSI product offering and service differentiation.

- Early Education
- STEM/STEAM
- Special Needs
- Safety & Security
- Learning Environments

It has also been determined that a basic understanding of the value of purchasing cooperatives, and specifically the partnership between SSI and NIPA, needs to also be represented as a starting point in most conversations.

School Specialty Response to Tab 3 Performance Capability

Based on these sales related strategies, there are six proposed marketing campaigns or “levers” that need to be designed and implemented based on the recommendation of the designated Director of Business Development (SSI), Strategic Account Manager (SSI) and the Territory Sales Representative (NIPA).

This document will lay out the six different campaigns and the necessary collateral/channels.

School Specialty Online: At-A-Glance

School Specialty Online is a mature, comprehensive easy to use website. Teachers, secretaries, treasurers, and business officials can easily navigate their way through completing a requisition, and submitting through a pre-determined customized workflow that mirrors the way they do business currently. Do not change the way you create and approve orders (unless you want to!), just change the method in which you accomplish those same tasks. When the initial requester (most likely the teacher) creates their shopping list online, everything else becomes that much more correct, secure, and timely. Whether you complete the process online or just come to our website to obtain correct pricing, School Specialty Online makes life easier.

FEATURES

Your pricing, every time: When users log into our website any contracts or price agreements you have with us are reflected in the net price. Never wonder what your price is again!

Images make decisions easier: See exactly what you're getting! Reviews, like items, customer ratings all help your users make good decisions.

Personal or Shared Shopping Lists: Save carts as lists for easy retrieval of items, or search for wish list items and put them in a personal shopping list. Shared lists help your users easily choose your preferred items or view market basket priced items.

Digital Catalogs: Stop all that paper from entering your building! Every paper catalog is digitized on our website – search by keywords, contents or index to quickly view items. Just click the item number to add to your cart!

Shop By Classroom (type): New to that space? Click on one of our Interactive Classroom, Cafeteria, Lab, Early Childhood or Art Room (to name a few) icons to view the typical items purchased for that room.

Order By Number: Quickly add items from requisition or bid lists, or type your items from last years (paper, of course we save the online carts for you) using this feature.

Customized workflows: Send your cart on for approval to whomever you hand paper requests to today!

Stock status: Need it in a hurry? View every items status in your cart. If we don't have it today we will tell you when we will get it!

Budget Codes: Want to manage budgets on our system? Comprehensive customizable options to store and select budget codes.

PO Spending Limits/Blanket Orders: Enter a blanket PO in your system, then add it to our website and give users access to it. We will make sure no one overspends!

Customize Payment Methods: PCards? Invoice? No payment method? All these are possible and users cannot get around it.

Next Day Delivery: Need it tomorrow? Look for this  icon on thousands of products and submit your order before 4pm to have it delivered the next business day.

100% Accurate: Electronically submitted orders have correct pricing, fewer returns, virtually no credits or replacement orders. Plus—orders, packing slips and invoices match exactly, every time!

WHAT IS PUNCHOUT, ANYWAY?

For us, punchout is just a different way for customers to log into our www.schoolspecialty.com website! Once you get there, nothing is different in the way you search or enter items. The difference is, on the customer side, you are presented with our website through entering a requisition on your accounting software system! When you select a punchout vendor from your Requisition Entry screen, the next screen you see is our website. Access your shopping lists, search for items, or enter them by item number. When you've finished with your shopping cart, proceed to checkout and submit it—you will now see those line items in your accounting software requisition! Go through all the normal approvals, and at the end of the process, rather than printing or emailing or faxing your order, your accounting system actually transmits those punchout orders directly to us. **Voila!**

DOES THIS MEAN I NEED A LOGIN OR SEAT LICENSE IN MY ACCOUNTING SYSTEM FOR EACH TEACHER?

NO!

With School Specialty, keep your teachers on our website directly, we will send all their submitted carts to your punchout! Go through the same means to get to our website, then simply click **MY ACCOUNT** and choose **RETRIEVE CARTS**. Find your teachers cart, view it then click **RETRIEVE** and you will now see all those line items in your accounting software requisition!

School Specialty has developed a system interface, which uses the Internet to connect your organization's procurement system with the School Specialty Online system. This interface enables your procurement system to access key information required to create and transmit purchase requisitions with the School Specialty family of companies. This system uses XML transaction sets (commonly referred to as 'punch-out') sent through a secure Internet connection, to exchange information in a standard format. The system is designed so your organization retains control and visibility of the transaction throughout the entire process. This methodology assumes that your organization's procurement system initiates the transaction and determines the actions at each step in the process.

The benefits to the partners of an integrated e-procurement system include the following:

Information is shared between your organization's system and the School Specialty Online system in a real time and as needed basis. At the time product information is needed to create a requisition, your organization's system requests current information from the School Specialty Online system. The product information includes the product description, your net purchase price, and the product status. This product information assures that your organization's system has complete information to process a transaction accurately and quickly through your internal procurement process.

In addition, tools such as keyword and category lookup allow your users to easily find products. A procurement transaction flows through your organization's system and School Specialty's system electronically, which assures that no errors are interjected into the process. This, coupled with the fact that product information is complete and accurate, provides for minimal transaction errors. Further, the transaction is visible to all parties throughout the process. Both your organization and School Specialty retain complete transaction details.

PROCESS OVERVIEW

The system integration assumes that your organization system initiates and controls the transaction throughout the process. The general flow would include the following steps:

- The user logs in to and is then authenticated in your organization's procurement system. This generally includes username and password validation and review of the user's assigned capabilities or permissions.
- The user requests the creation of a new requisition or the continuation of an existing (composing) requisition in your organization's procurement system.
- The School Specialty Online system provides a shopping cart to browse products and add items.
- The School Specialty Online system returns shopping cart information (product number, description, unit of measure, & net price) to the organization's procurement system.

Pcards & Level III Data

Does your school/district utilize Pcards as a means to procure products and services that your schools need on a discretionary and ad-hoc basis?

- If not — why not? Studies show that costs to generate a single purchase order can range from \$75 to \$200. The true cost of \$50 order may be \$250.
- Banks are eager to set up a Pcard program with you, and will often agree to give back monetary rebates based on transaction and sales volumes — which can allow you to fund under funded initiatives.

Level I, Level II, & Level III Data ---- What does it all mean?

Explanation of Level I, II, and III: MasterCard and Visa have defined three levels of transaction detail. This is the level of detail that a merchant needs to pass to the credit card processing network in order to 1) accept purchase cards for payment, 2) qualify for higher levels of service, and 3) possibly discount processing fees.

LEVEL I is a standard credit card purchase transaction, and offers such information as:

Supplier Name Total purchase amount Date Merchant Category Code

LEVEL II adds additional information about each purchase, including:

Sales tax amount Customer code (a.k.a.

accounting code) **LEVEL III** adds full line-item detail to the data in

Level II, including:

Quantities Product codes Product descriptions Ship to zip Freight amount

Level III is critical for business-to-business (B2B) transactions. In fact, to accept purchase cards for payment, which are corporate-sponsored credit cards, the merchant MUST collect Level III information and pass that along to the payment processing network. The credit card companies then include the Level III detail in the invoice they send to the buyer. In other words, the credit card statement includes line item detail, making it easier for the buyer to reconcile all purchases.

What do you see on your Pcard statement (or in you Pcard transaction resolution software), when you transact with a merchant (like *School Specialty*) who is providing *Level II* data?

Transaction Detail					
Description	Quantity	Unit Cost	Amount	Tax	Expense Account
					Select for all lines

What do you see on your Pcard statement (or in you Pcard transaction resolution software), when you transact with a merchant (like *School Specialty*) who is providing *Level III* data?

We believe that it is easier and more efficient for you and your school sites to keep record of the products that you buy from School Specialty when you see Level III detail.

We believe we can better serve you, our customer, when you can see detail on what you buy. It is easier to match packing slips to your orders. In the event that an item you order is on backorder, with Level III detail, you can quickly identify it as we don't charge you for it until we ship it.

At School Specialty, our goal is to serve you in your quest to educate our children. When we help you to be more effective, efficient, and productive — at an optimum price/value equation, we help you achieve your mission.

We offer over 100,000 products to more than 110,000 schools throughout the United States & Canada. SSI also has capabilities in the designing and the renovation of schools through our Projects by Design program.

We recognize that educational supply procurement decisions are made by administrators at the district and school levels, and by teachers and curriculum specialists at the classroom level. As a result, we have created an innovative multi-channel sales and marketing strategy enabling us to market our products to the various levels of buyers within the education market.

The "traditional" or "top down" approach targets school districts and school administrators through our traditional sales force.

We believe most of our brands hold the leading market position in their respective categories. We have also solidified this leading market position by acquiring companies that have expanded our geographic presence and product offering. Tragic Active Shooter Events

“It Could **never**
Happen Here”

An epic failure in protocol and preparation

On April 10, an armed man 53, was allowed entry to the school, telling staff he was **dropping something off for his wife**, Karen Smith, 53. **San Bernardino Elementary School**

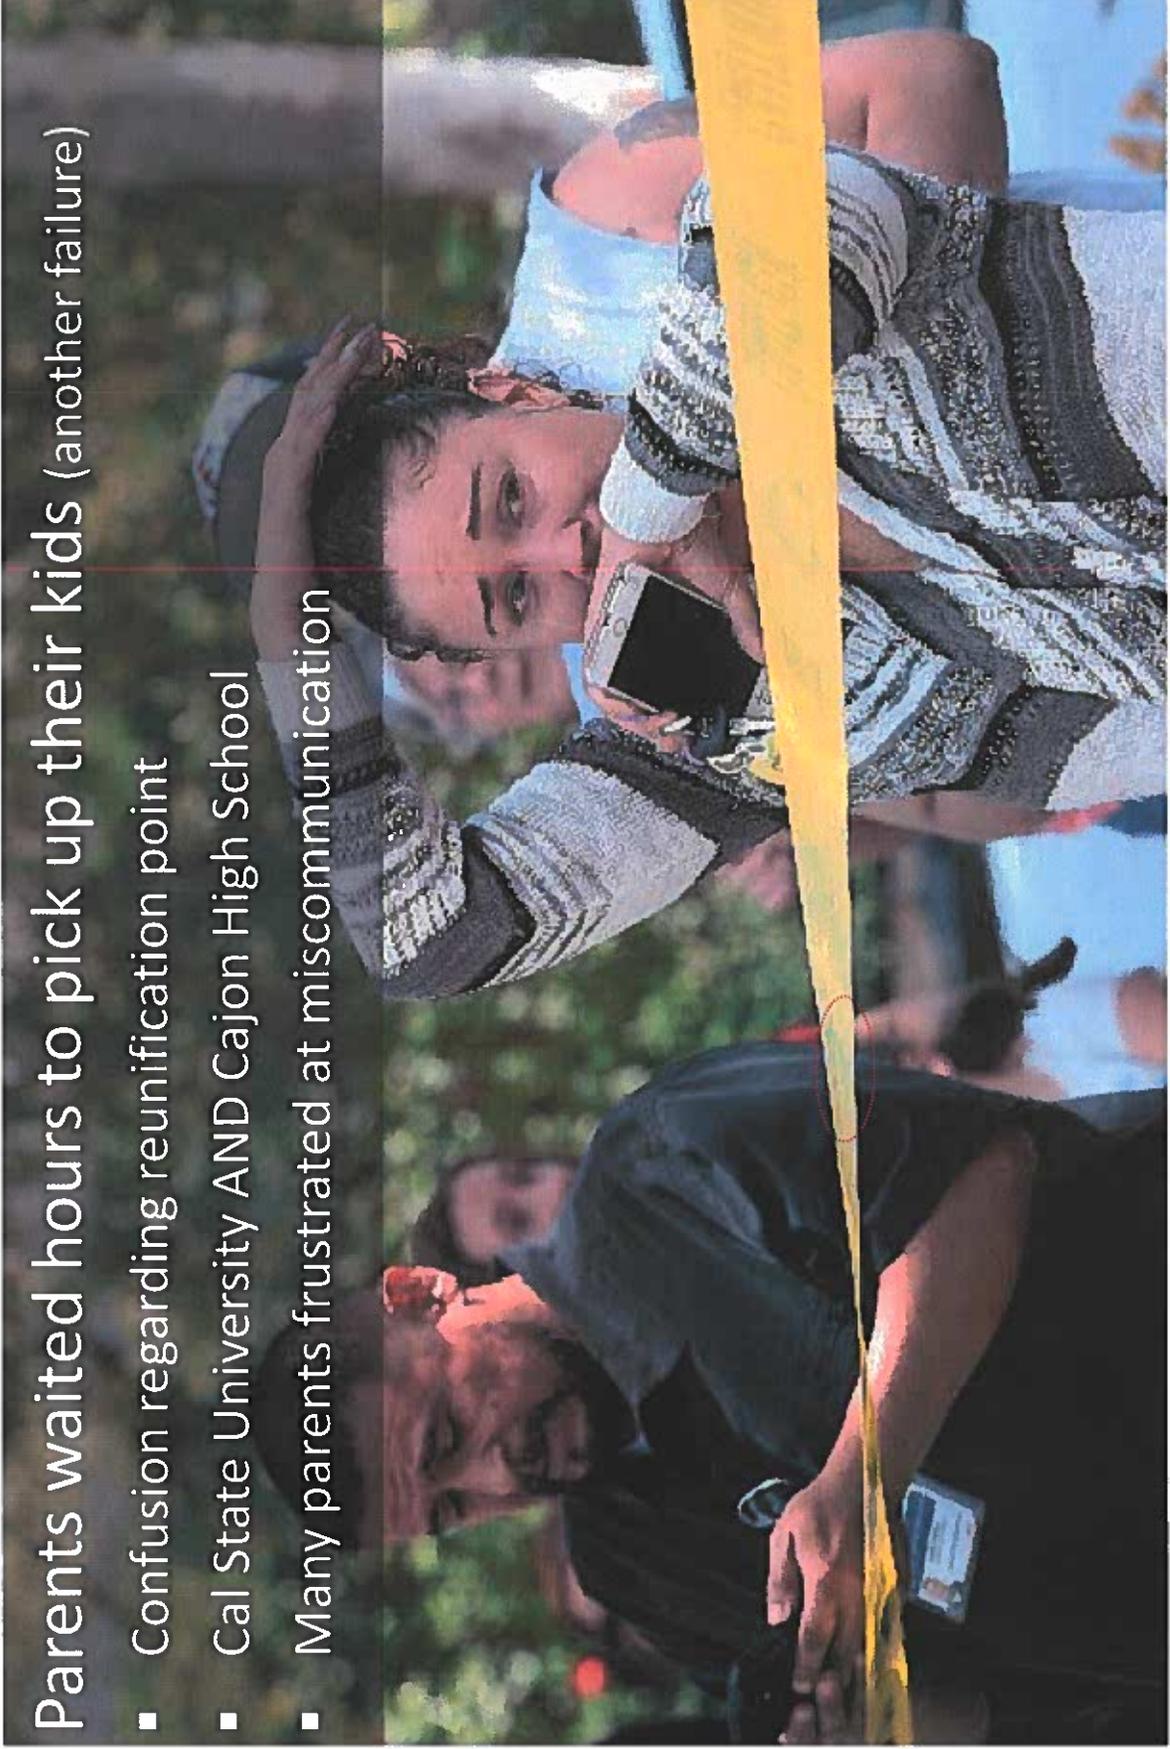

- He then went to Smith's special education classroom and shot her.
- 8-year-old Jonathan Martinez was fatally shot, another child was wounded
- Anderson then took his own life.

Advanced Training – Why Schools NEED It

Parents waited hours to pick up their kids (another failure)

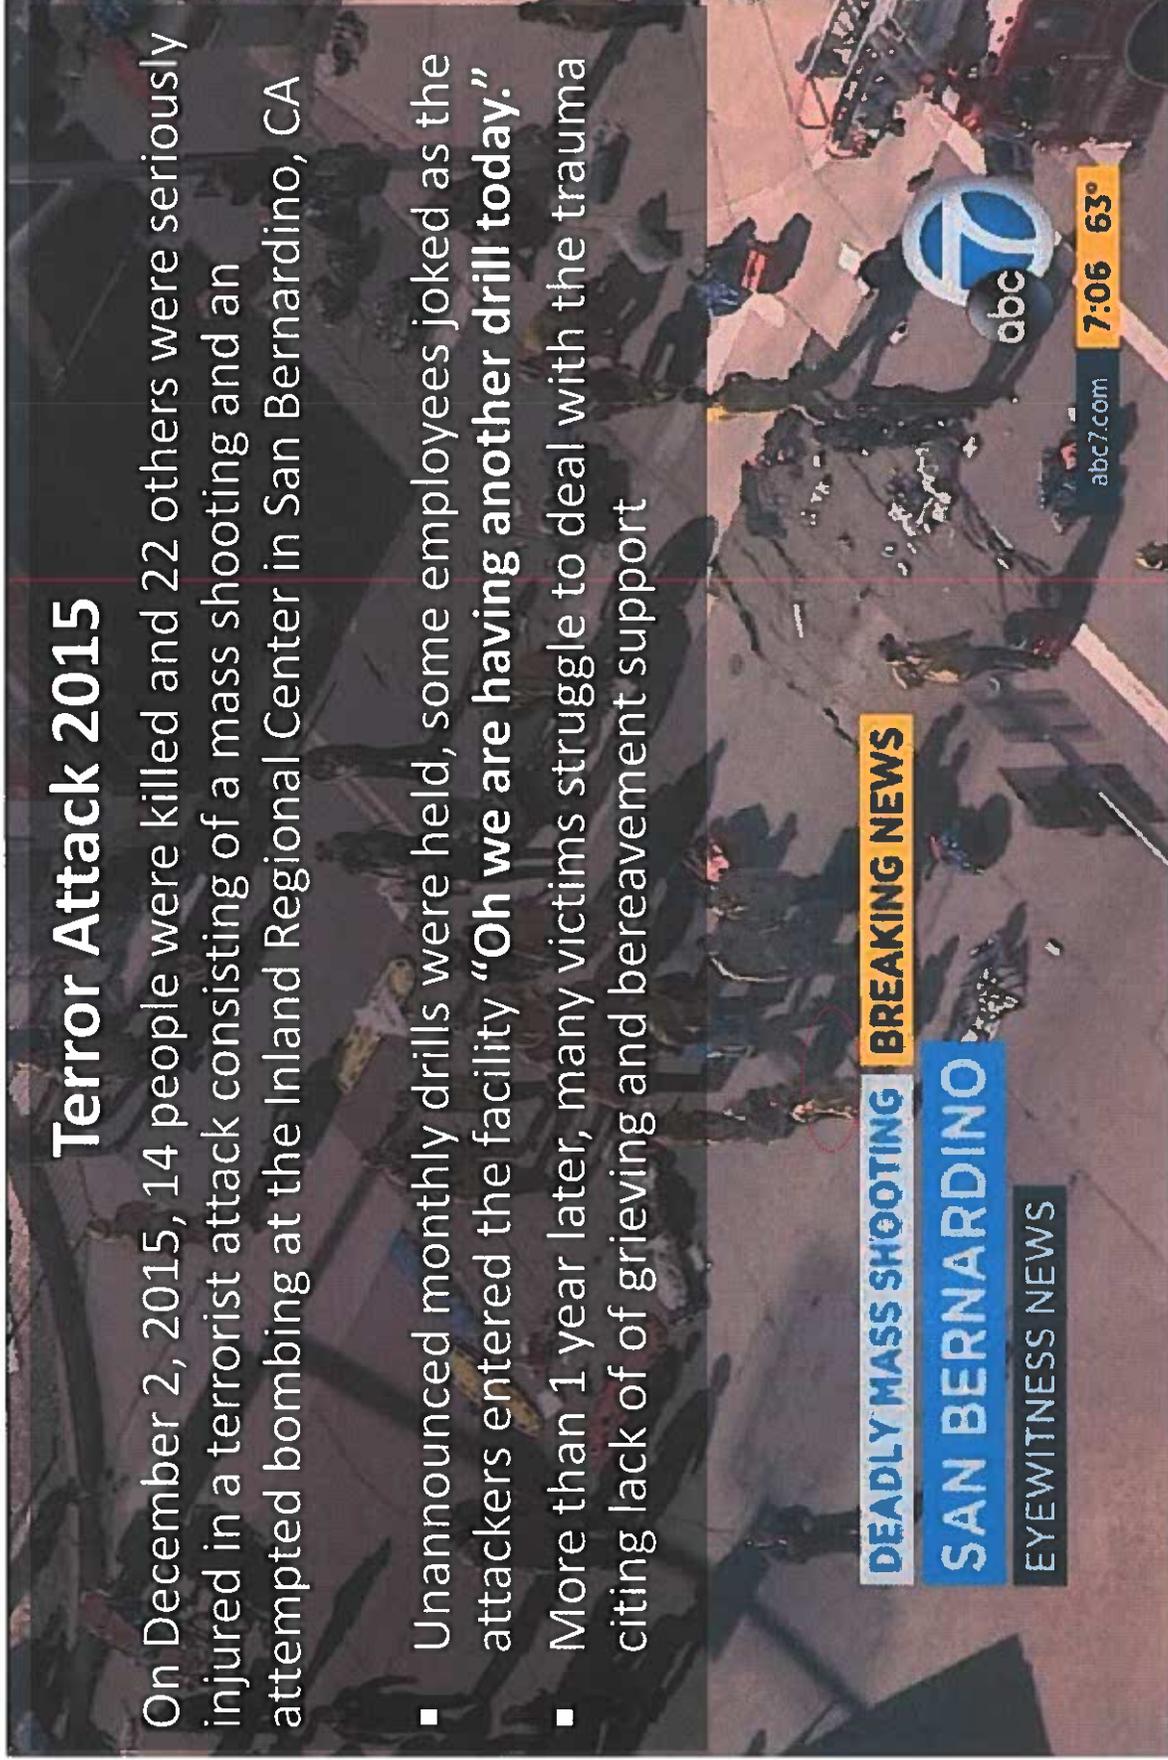

- Confusion regarding reunification point
- Cal State University AND Cajon High School
- Many parents frustrated at miscommunication

Terror Attack 2015

On December 2, 2015, 14 people were killed and 22 others were seriously injured in a terrorist attack consisting of a mass shooting and an attempted bombing at the Inland Regional Center in San Bernardino, CA

- Unannounced monthly drills were held, some employees joked as the attackers entered the facility **“Oh we are having another drill today.”**
- More than 1 year later, many victims struggle to deal with the trauma citing lack of grieving and bereavement support

If the shooter is nearby

- LOCK the door
- Drop the Shade
- Turn Off lights
- Hide behind large items
- Remain quiet
- Call 9-1-1
- Silence cell phone

Bad Practices

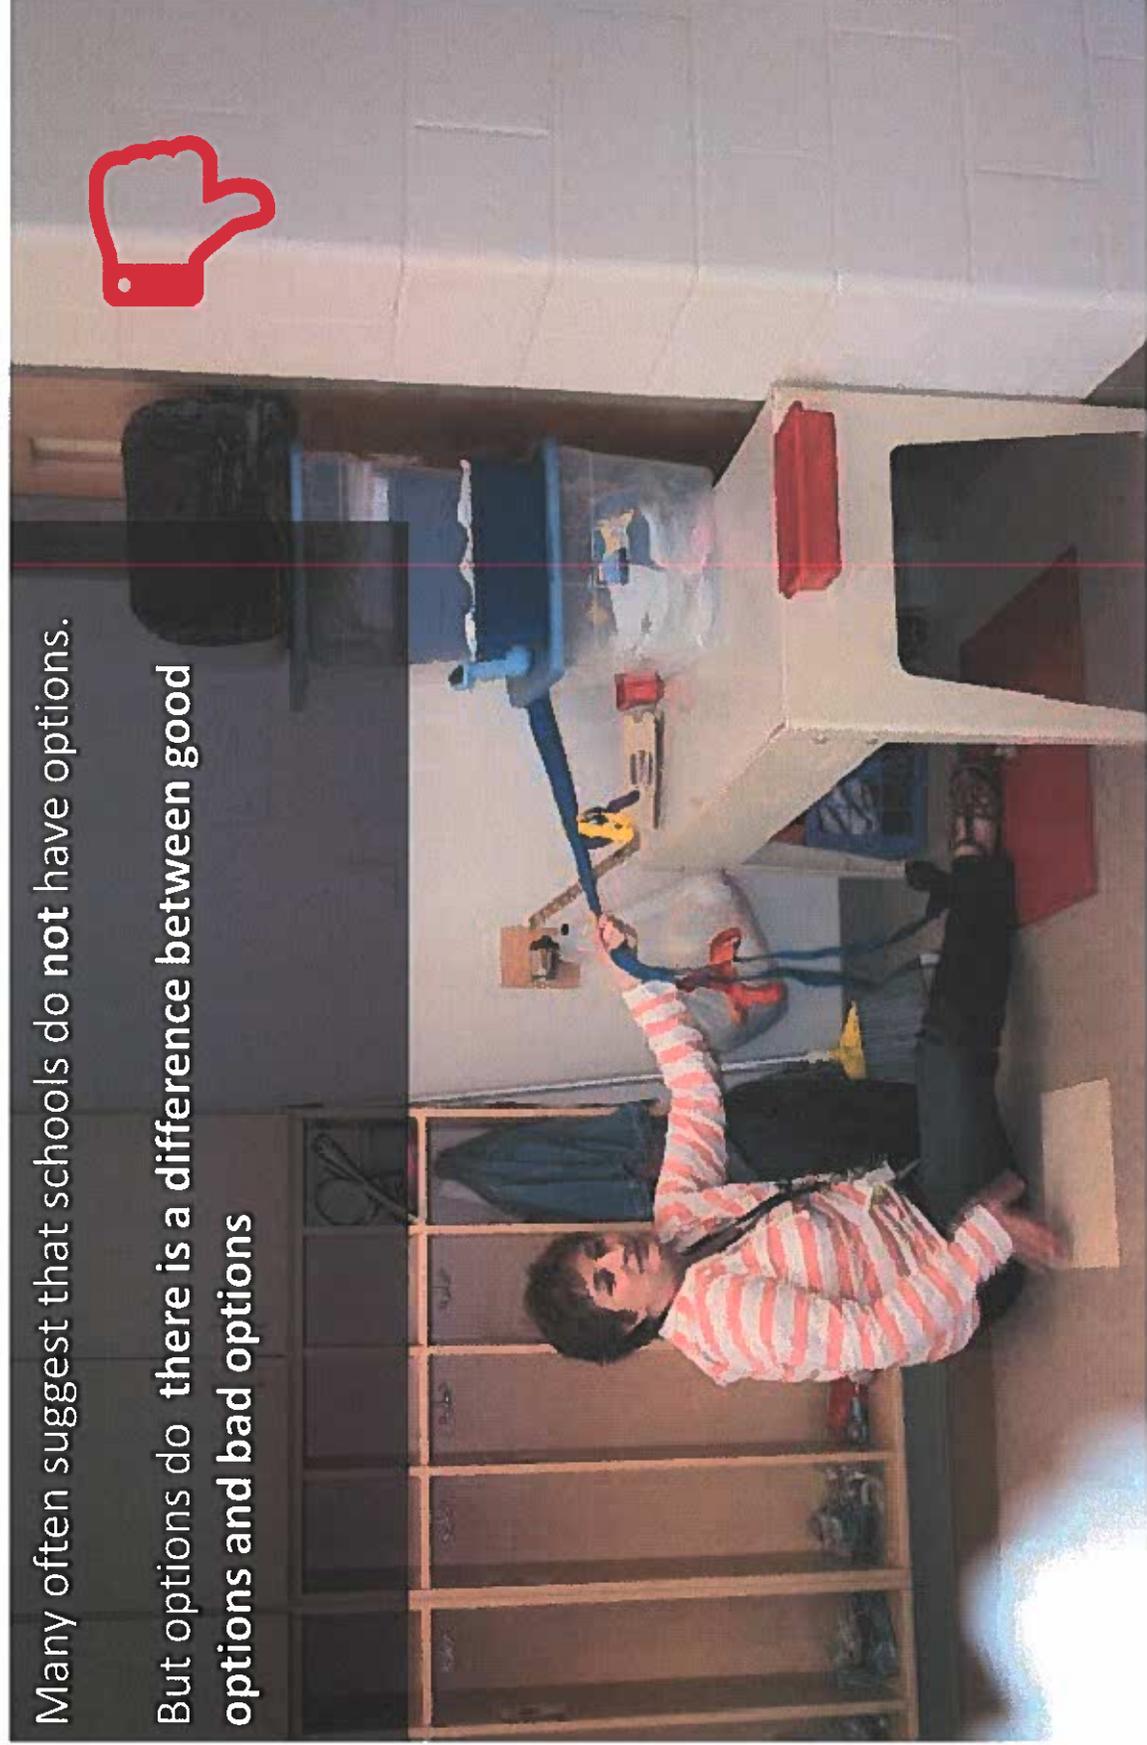

Washtenaw County Sheriff's Office Deputy carries an unloaded gun in a training exercise as a part of a program at the Washtenaw Intermediate School District offices.

Bad Practices

Many often suggest that schools do **not** have options.

But options do **there is a difference between good options and bad options**

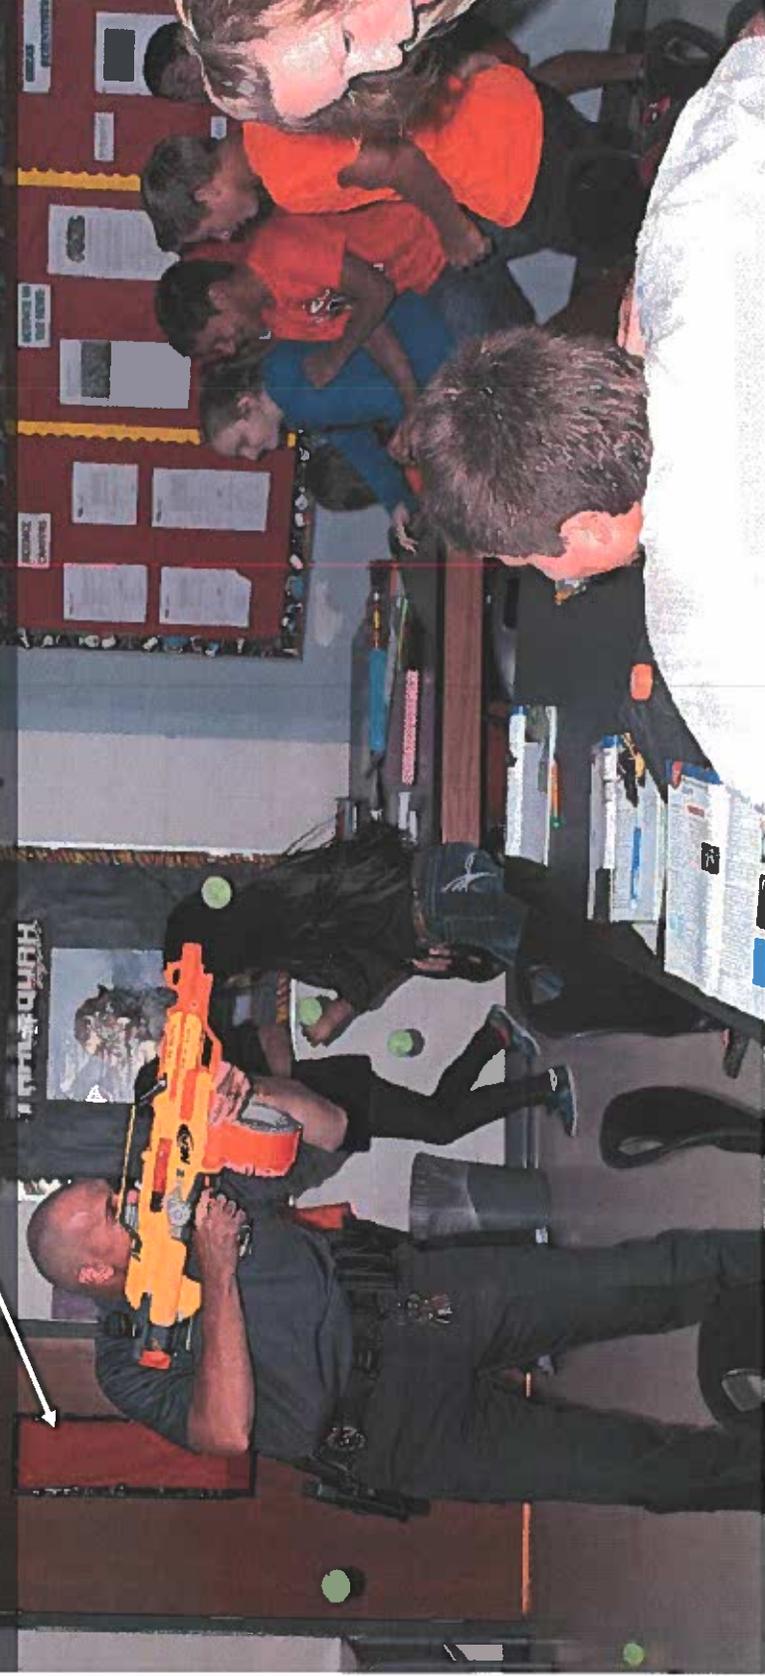

Bad Practices

This type of training creates a false sense of security by students

- Believe they can “fight” a gunman
- Believe throwing objects will keep them safe
- Permanent Covered window is contrary to safety code

Training Myths

Many schools have been misled when it comes to safety training and security products. This tactic places children and teachers at greater risk.

**WOULD YOU TRUST YOUR CHILD'S
SAFETY TO THIS TRAINING?**

Barricade Devices - Unlisted Unlabeled Untested

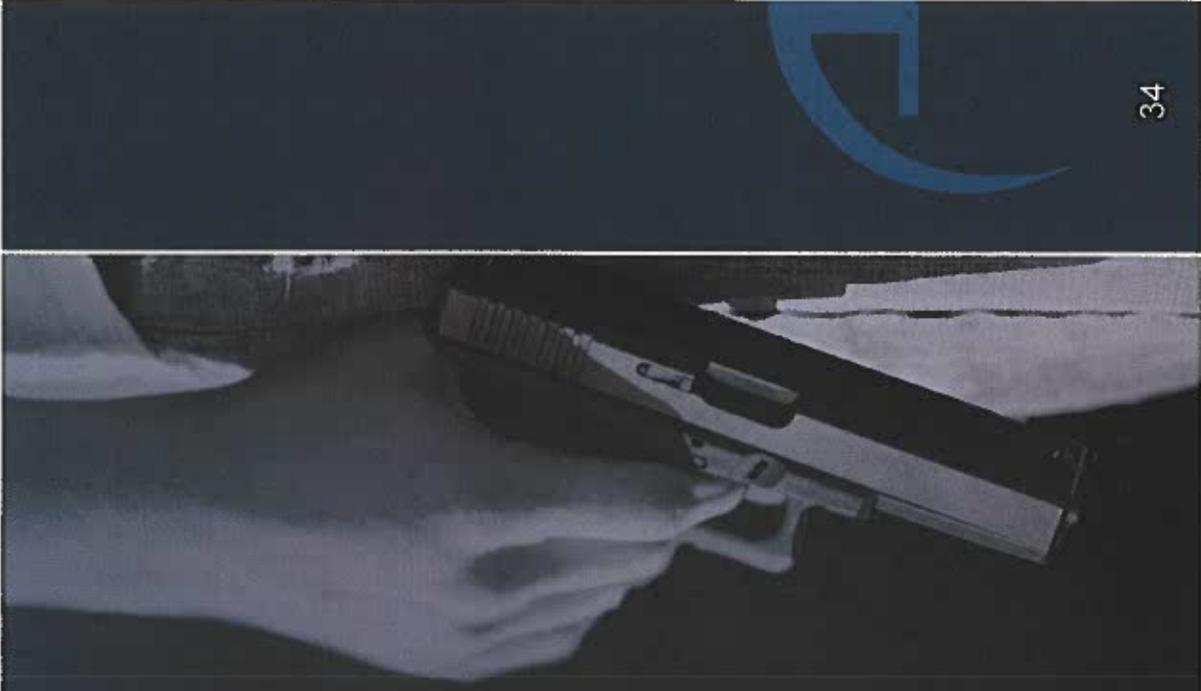

Safety Experts Question Classroom Barricade Devices

“Security and fire safety experts are questioning a nationwide push allowing schools to buy portable barricade devices, saying the devices may be **complicated to install under stress** and could lead to **dangerous unintended consequences**, including **blocking authorities from an attacker** inside a classroom. – *The Elkhart Truth July 2015*

“**Unlisted, unlabeled, and untested**,” said a July report by Ohio’s building codes board critical of the devices.

- Do not meet fire code
- Are not ADA compliant
- Some products place potential weapons into classrooms

The Active Shooter Threat

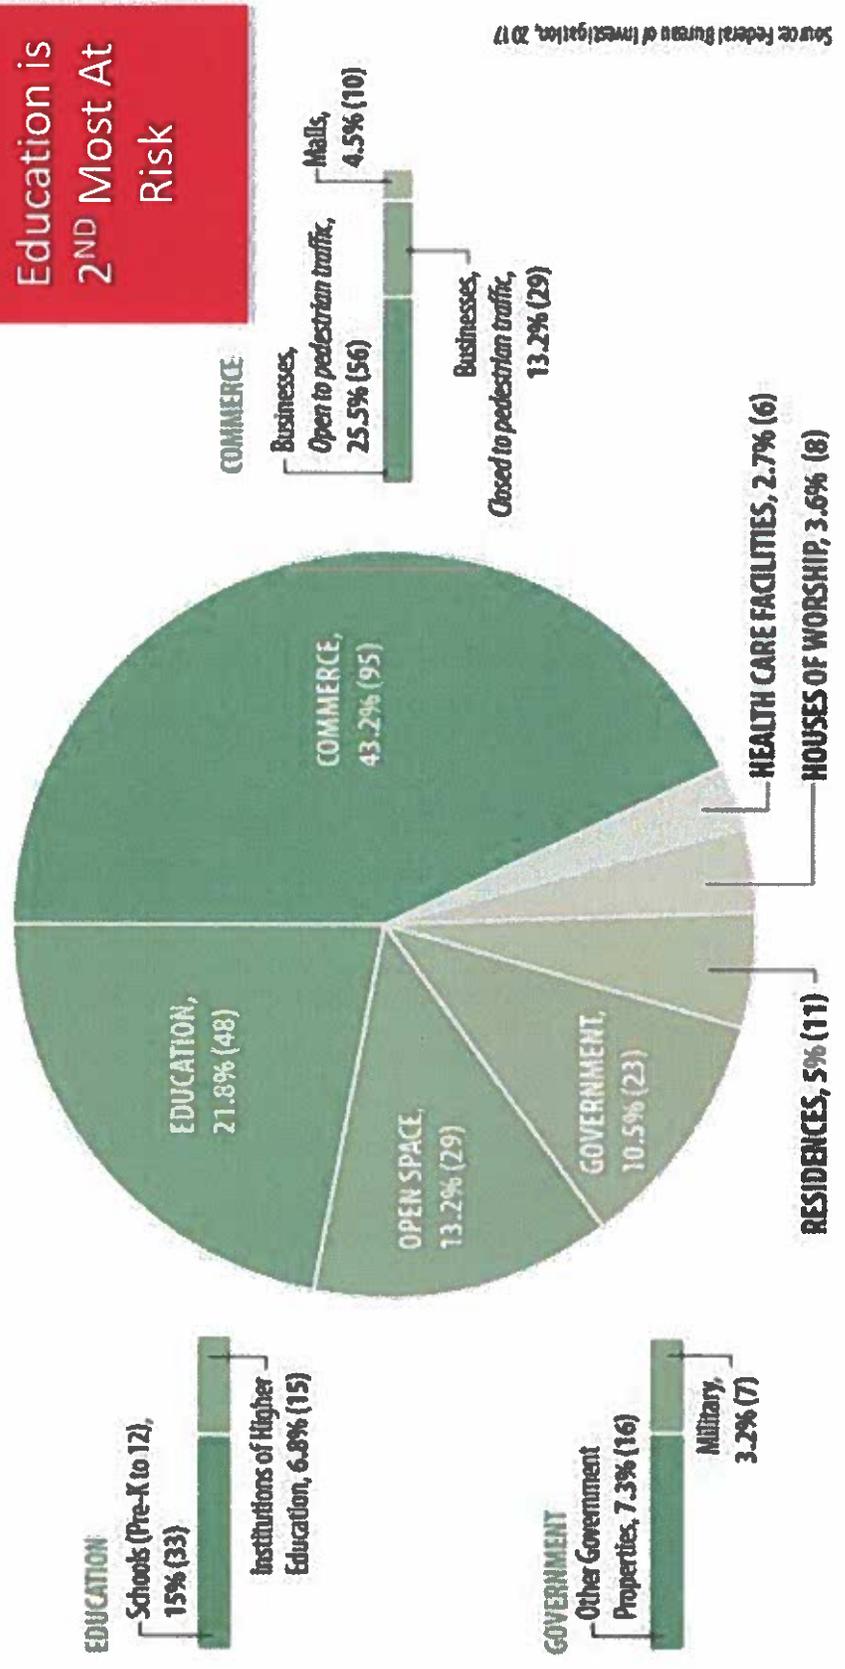

“An individual actively engaged in killing or attempting to kill people in a confined and populated area; in most cases, active shooters use firearms(s) and there is no pattern or method to their selection of victims.”

Protect and Manage your facility with **CONFIDENCE**

ACCESS CONTROL

includes **ALARM MANAGEMENT**

In the past, a sturdy lock was the most effective method available to control access to your facility. Today you have the capability to truly manage both exterior and interior access. With the appropriate panel, security devices and alarm management software in place, you can take control of who goes where and when in your facility with a **single integrated security solution**.

As a network application, **real-time changes can be made to the access rights** of any individual from anywhere with an Internet connection. Rather than worry about retrieving keys from discharged employees or re-keying locks, simply delete their access privileges. You can also remotely lock and unlock any protected door.

Adding to the benefits of an access control system is the **ability to review reports** detailing the arrival and departure of each individual. You will know which protected areas they entered. An access control system not only provides added security, but also enhances your facility management capabilities.

**Graphic Touchscreen Keypad
with integrated Proximity Reader**

Access Control **HARDWARE**

The main component in any access control system is the control panel. It communicates with and manages the various other devices installed throughout the facility. SSI systems include an "integrated" panel that also provides intrusion and fire alarm capabilities, all in a single unit.

The primary devices in an access control system are:

Electronic Hardware: Each protected door needs to be equipped with an electronic lock that can be remotely controlled.

Readers: Card readers where users swipe their cards, or proximity devices that users pass their fobs or access cards over.

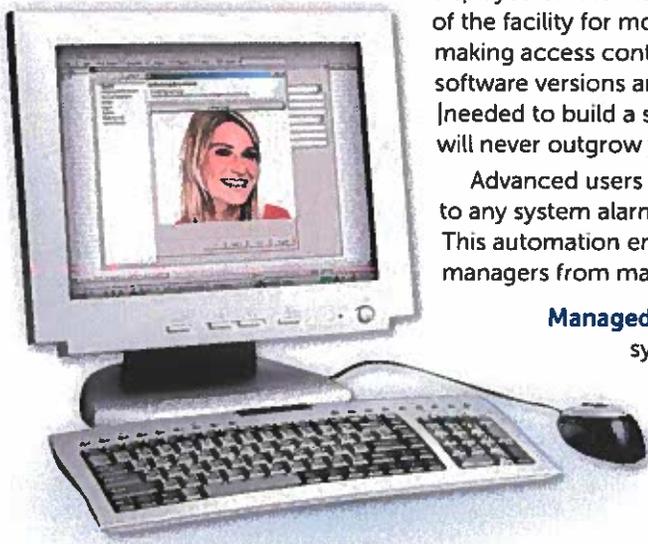

Keypads: Where users can enter an access code to open a door, and system managers can modify the authority level of system users, as well as perform other programming functions.

Request-to-Exit Devices: Motion sensors, buttons or crash bars used to bypass a door or release an electronic lock.

SOFTWARE to manage your system

The hardware is only half of your access control system. DMP also provides the access and security management software required to configure, control and maintain the system. When selecting your software, DMP gives you several options.

DMP Virtual Keypad™ App or MyVirtualKeypad.com allows users to remotely manage and monitor their system: Check system status, arm/disarm, add and manage users, Z-Wave® devices and cameras, schedules, outputs, profiles, settings and more.

DMP Entre™: Create graphical "maps" of your facility. Each system device is displayed on the map, providing at-a-glance status review. Zoom in to any part of the facility for more detail. Click on any device to check or change its status, making access control easier and more intuitive than ever before. Multiple software versions and a variety of add-on modules let you select the features needed to build a system customized to your requirements, and ensure that you will never outgrow your system.

Advanced users can program automated system actions, including responses to any system alarm or events, customized reports, or alert distribution via email. This automation enables you to configure unattended activities, freeing system managers from many routine responsibilities.

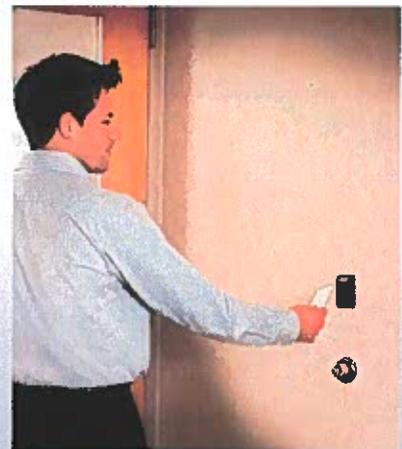

Managed Access and Security Control Services: You can rely on your system dealer as the around-the-clock facility monitor of your DMP Access and Security system. Your security professional can provide 24/7 /365 oversight of your facility that ensures a appropriate response to alarms and quick updates to user data or system configuration. They can provide full reporting of all system activity, including information regarding all movement in and around your facility.

An Integrated SECURITY SOLUTION

Rather than having multiple systems for access control, intrusion and fire, you can create a single, total security solution. An integrated system is less costly to install, reducing your initial investment. It provides continued savings because a single-system approach means less maintenance and reduced training for your staff.

The access and security management software provides the ability to incorporate all elements of your security system, including badging, CCTV camera control, and DVR management. The software consolidates all security management into a single unified solution.

DMP technology is designed with broad forward and backward compatibility. With ongoing upgrades and system enhancements, the system you buy today will continue to provide reliable service for many, many years.

The DMP ADVANTAGE

- **Control up to 96 doors**
- **Lock down feature locks all doors** designated as public from keypad or Remote Link®
- **Card plus PIN by Area** requires both a card read and PIN entry for arming/disarming all secure areas
- **Flexibility in scheduling:** Enhanced scheduling for areas, doors outputs and holiday schedules. 99 programmable schedules are available and can be assigned to an area, door or output. The same schedule may be assigned an unlimited number of times
 - Up to 8 schedules per profile
 - Up to 4 profiles per user
 - Up to 8 schedules per door
 - Up to 8 schedules per area
 - Up to 8 schedules per output
 - Up to 40 holiday dates

1145-1-BP Wireless Panic Key Fob
with integrated access credential

The 1- and 2-button wireless key fobs provide the ability to arm/disarm security systems or transmit a panic command. The built-in proximity credentials add the ability to arm/disarm and interact with access control proximity readers.

All 1145 Series Key Fob transmitters are portable, water resistant, and designed to be clipped to a keychain or lanyard. The LED visual display acknowledges when a button is pressed, providing confirmation with a unique color-coded response.

Implementation of House Bill 1295

Certificate of Interested Parties (Form 1295):

In 2015, the Texas Legislature adopted House Bill 1295, which added section 2252.908 of the Government Code. The law states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency. The law applies only to a contract of a governmental entity or state agency that either (1) requires an action or vote by the governing body of the entity or agency before the contract may be signed or (2) has a value of at least \$1 million. The disclosure requirement applies to a contract entered into on or after January 1, 2016.

The Texas Ethics Commission was required to adopt rules necessary to implement that law, prescribe the disclosure of interested parties form, and post a copy of the form on the commission's website. The commission adopted the Certificate of Interested Parties form (Form 1295) on October 5, 2015. The commission also adopted new rules (Chapter 46) on November 30, 2015, to implement the law. The commission does not have any additional authority to enforce or interpret House Bill 1295.

Filing Process:

Starting on January 1, 2016, the commission will make available on its website a new filing application that must be used to file Form 1295. A business entity must use the application to enter the required information on Form 1295 and print a copy of the completed form, which will include a certification of filing that will contain a unique certification number. An authorized agent of the business entity must sign the printed copy of the form and have the form notarized. The completed Form 1295 with the certification of filing must be filed with the governmental body or state agency with which the business entity is entering into the contract.

The governmental entity or state agency must notify the commission, using the commission's filing application, of the receipt of the filed Form 1295 with the certification of filing not later than the 30th day after the date the contract binds all parties to the contract. The commission will post the completed Form 1295 to its website within seven business days after receiving notice from the governmental entity or state agency.

Information regarding how to use the filing application will be available on this site starting on January 1, 2016.

1.0 Scope of National Cooperative Contract

Capitalized terms not otherwise defined herein shall have the meanings given to them in the Master Agreement or in the Administration Agreement between Supplier and OMNIA Partners.

1.1 Requirement

REGION 4 ESC (hereinafter defined and referred to as "Principal Procurement Agency"), on behalf of itself and the National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners Public Sector ("OMNIA Partners"), is requesting proposals for Educational School Supplies. The intent of this Request for Proposal is any contract between Principal Procurement Agency and Supplier resulting from this Request for Proposal ("Master Agreement") be made available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through OMNIA Partners' cooperative purchasing program. The Principal Procurement Agency has executed a Principal Procurement Agency Certificate with OMNIA Partners, an example of which is included as Exhibit D, and has agreed to pursue the Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners as a Participating Public Agency in OMNIA Partners' cooperative purchasing program. Registration with OMNIA Partners as a Participating Public Agency is accomplished by Public Agencies entering into a Master Intergovernmental Cooperative Purchasing Agreement, an example of which is attached as Exhibit C. The terms and pricing established in the resulting Master Agreement between the Supplier and the Principal Procurement Agency will be the same as that available to Participating Public Agencies through OMNIA Partners.

All transactions, purchase orders, invoices, payments etc., will occur directly between the Supplier and each Participating Public Agency individually, and neither OMNIA Partners, any Principal Procurement Agency nor any Participating Public Agency, including their respective agents, directors, employees or representatives, shall be liable to Supplier for any acts, liabilities, damages, etc., incurred by any other Participating Public Agency. Supplier is responsible for knowing the tax laws in each state.

This Exhibit A defines the expectations for qualifying Suppliers based on OMNIA Partners' requirements to market the resulting Master Agreement nationally to Public Agencies. Each section in this Exhibit A refers to the capabilities, requirements, obligations, and prohibitions of competing Suppliers on a national level in order to serve Participating Public Agencies through OMNIA Partners.

These requirements are incorporated into and are considered an integral part of this RFP. OMNIA Partners reserves the right to determine whether or not to make the Master Agreement awarded by the Principal Procurement Agency available to Participating Public Agencies, in its sole and absolute discretion, and any party submitting a response to this RFP acknowledges that any award by the Principal

Procurement Agency does not obligate OMNIA Partners to make the Master Agreement available to Participating Procurement Agencies.

1.2 Marketing, Sales and Administrative Support

During the term of the Master Agreement OMNIA Partners intends to provide marketing, sales and administrative support for Supplier pursuant to this section that directly promotes the Supplier's products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis.

The OMNIA Partners marketing team will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through channels that may include:

- B. Website

- D. Advertising
- E. Social Media

- B. Joint sales calls
- C. Communications/customer service
- D. Training sessions for Public Agency teams
- E. Training sessions for Supplier teams

The OMNIA Partners contracting teams may work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through:

- D. Regular business reviews to monitor program success

1.3 Estimated Volume

The dollar volume purchased under the Master Agreement is estimated to be approximately \$75M annually. While no minimum volume is guaranteed to Supplier, the estimated annual volume is projected based on the current annual volumes among the Principal Procurement Agency, other Participating Public Agencies that are anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between Supplier and OMNIA Partners.

1.4 Award Basis

The basis of any contract award resulting from this RFP made by Principal Procurement Agency will, at OMNIA Partners option, be the basis of award on a national level through OMNIA Partners. If multiple Suppliers are awarded by Principal Procurement Agency under the Master Agreement, those same Suppliers will be required to extend the Master Agreement to Participating Public Agencies through OMNIA Partners. Utilization of the Master Agreement by Participating Public Agencies will be at the discretion of the individual Participating Public Agency. Certain terms of the Master Agreement specifically applicable to the Principal Procurement Agency are subject to modification for each Participating Public Agency as Supplier, such Participating Public Agency and OMNIA Partners shall agree. Participating Agencies may request to enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in the Master Agreement (i.e. invoice requirements, order requirements, specialized delivery, diversity requirements such as minority and woman owned businesses, historically underutilized business, governing law, etc.). It shall be the responsibility of the Supplier to comply, when applicable, with the prevailing wage legislation in effect in the jurisdiction of the Participating Agency. It shall further be the responsibility of the Supplier to monitor the prevailing wage rates as established by the appropriate department of labor for any increase in rates during the term of this contract and adjust wage rates accordingly. Any supplemental agreement developed as a result of the Master Agreement is exclusively between the Participating Agency and the Supplier (Contract Sales are reported to OMNIA Partners).

1.5 Objectives of Cooperative Program

This RFP is intended to achieve the following objectives regarding availability through OMNIA Partners' cooperative program:

- A. Provide a comprehensive competitively solicited and awarded national agreement offering the Products covered by this solicitation to Participating Public Agencies;
- B. Establish the Master Agreement as the Supplier's primary go to market strategy to Public Agencies nationwide;
- C. Achieve cost savings for Supplier and Public Agencies through a single solicitation process that will reduce the Supplier's need to respond to multiple solicitations and Public Agencies need to conduct their own solicitation process;
- D. Combine the aggregate purchasing volumes of Participating Public Agencies to achieve cost effective pricing.

**C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM
Public Agency Instructions**

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). Please refer back to these instructions for the appropriate links, as the Local Finance Notices include links that are no longer operational.

1. The disclosure is required for all contracts in excess of \$17,500 that are **not awarded** pursuant to a “fair and open” process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.
3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
 - a. The Division has prepared model disclosure forms for each county. They can be downloaded from the “County PCD Forms” link on the Pay-to-Play web site at <http://www.nj.gov/dca/divisions/dlgs/programs/lpcl.html#12>. They will be updated from time-to-time as necessary.
 - b. A public agency using these forms **should edit them to properly reflect the correct legislative district(s)**. As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
 - c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
 - d. The form may be used “as-is”, subject to edits as described herein.
 - e. The “Contractor Instructions” sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
 - f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a “Stockholder Disclosure Certification.” This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract (See Local Finance Notice 2006-7 for additional information on this obligation at http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
 - of the public entity awarding the contract
 - of that county in which that public entity is located
 - of another public entity within that county
 - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed \$300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

* N.J.S.A. 19:44A-3(s): "The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures."

1.0 Scope of National Cooperative Contract

Capitalized terms not otherwise defined herein shall have the meanings given to them in the Master Agreement or in the Administration Agreement between Supplier and OMNIA Partners.

1.1 Requirement

REGION 4 ESC (hereinafter defined and referred to as "Principal Procurement Agency"), on behalf of itself and the National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners Public Sector ("OMNIA Partners"), is requesting proposals for Educational School Supplies. The intent of this Request for Proposal is any contract between Principal Procurement Agency and Supplier resulting from this Request for Proposal ("Master Agreement") be made available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through OMNIA Partners' cooperative purchasing program. The Principal Procurement Agency has executed a Principal Procurement Agency Certificate with OMNIA Partners, an example of which is included as Exhibit D, and has agreed to pursue the Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners as a Participating Public Agency in OMNIA Partners' cooperative purchasing program. Registration with OMNIA Partners as a Participating Public Agency is accomplished by Public Agencies entering into a Master Intergovernmental Cooperative Purchasing Agreement, an example of which is attached as Exhibit C. The terms and pricing established in the resulting Master Agreement between the Supplier and the Principal Procurement Agency will be the same as that available to Participating Public Agencies through OMNIA Partners.

All transactions, purchase orders, invoices, payments etc., will occur directly between the Supplier and each Participating Public Agency individually, and neither OMNIA Partners, any Principal Procurement Agency nor any Participating Public Agency, including their respective agents, directors, employees or representatives, shall be liable to Supplier for any acts, liabilities, damages, etc., incurred by any other Participating Public Agency. Supplier is responsible for knowing the tax laws in each state.

This Exhibit A defines the expectations for qualifying Suppliers based on OMNIA Partners' requirements to market the resulting Master Agreement nationally to Public Agencies. Each section in this Exhibit A refers to the capabilities, requirements, obligations, and prohibitions of competing Suppliers on a national level in order to serve Participating Public Agencies through OMNIA Partners.

These requirements are incorporated into and are considered an integral part of this RFP. OMNIA Partners reserves the right to determine whether or not to make the Master Agreement awarded by the Principal Procurement Agency available to Participating Public Agencies, in its sole and absolute discretion, and any party submitting a response to this RFP acknowledges that any award by the Principal

Procurement Agency does not obligate OMNIA Partners to make the Master Agreement available to Participating Procurement Agencies.

1.2 Marketing, Sales and Administrative Support

During the term of the Master Agreement OMNIA Partners intends to provide marketing, sales and administrative support for Supplier pursuant to this section that directly promotes the Supplier's products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis.

The OMNIA Partners marketing team will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through channels that may include:

- A. Marketing collateral (print, electronic, email, presentations)
- B. Website
- C. Trade shows/conferences/meetings
- D. Advertising
- E. Social Media

The OMNIA Partners sales teams will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through initiatives that may include:

- A. Individual sales calls
- B. Joint sales calls
- C. Communications/customer service
- D. Training sessions for Public Agency teams
- E. Training sessions for Supplier teams

The OMNIA Partners contracting teams may work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through:

- A. Serving as the subject matter expert for questions regarding joint powers authority and state statutes and regulations for cooperative purchasing
- B. Training sessions for Public Agency teams
- C. Training sessions for Supplier teams
- D. Regular business reviews to monitor program success
- E. General contract administration

Suppliers are required to pay an administrative fee of 3% of the greater of the Contract Sales under the Master Agreement and Guaranteed Contract Sales under this Request for Proposal. Supplier will be required to execute the OMNIA Partners Administration Agreement (Exhibit B).

OMNIA PARTNERS EXHIBITS
EXHIBIT A- RESPONSE FOR NATIONAL COOPERATIVE CONTRACT

1.3 Estimated Volume

The dollar volume purchased under the Master Agreement is estimated to be approximately \$75M annually. While no minimum volume is guaranteed to Supplier, the estimated annual volume is projected based on the current annual volumes among the Principal Procurement Agency, other Participating Public Agencies that are anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between Supplier and OMNIA Partners.

1.4 Award Basis

The basis of any contract award resulting from this RFP made by Principal Procurement Agency will, at OMNIA Partners option, be the basis of award on a national level through OMNIA Partners. If multiple Suppliers are awarded by Principal Procurement Agency under the Master Agreement, those same Suppliers will be required to extend the Master Agreement to Participating Public Agencies through OMNIA Partners. Utilization of the Master Agreement by Participating Public Agencies will be at the discretion of the individual Participating Public Agency. Certain terms of the Master Agreement specifically applicable to the Principal Procurement Agency are subject to modification for each Participating Public Agency as Supplier, such Participating Public Agency and OMNIA Partners shall agree. Participating Agencies may request to enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in the Master Agreement (i.e. invoice requirements, order requirements, specialized delivery, diversity requirements such as minority and woman owned businesses, historically underutilized business, governing law, etc.). It shall be the responsibility of the Supplier to comply, when applicable, with the prevailing wage legislation in effect in the jurisdiction of the Participating Agency. It shall further be the responsibility of the Supplier to monitor the prevailing wage rates as established by the appropriate department of labor for any increase in rates during the term of this contract and adjust wage rates accordingly. Any supplemental agreement developed as a result of the Master Agreement is exclusively between the Participating Agency and the Supplier (Contract Sales are reported to OMNIA Partners).

1.5 Objectives of Cooperative Program

This RFP is intended to achieve the following objectives regarding availability through OMNIA Partners' cooperative program:

- A. Provide a comprehensive competitively solicited and awarded national agreement offering the Products covered by this solicitation to Participating Public Agencies;
- B. Establish the Master Agreement as the Supplier's primary go to market strategy to Public Agencies nationwide;
- C. Achieve cost savings for Supplier and Public Agencies through a single solicitation process that will reduce the Supplier's need to respond to multiple solicitations and Public Agencies need to conduct their own solicitation process;
- D. Combine the aggregate purchasing volumes of Participating Public Agencies to achieve cost effective pricing.

2.0 Representations and Covenants

As a condition to Supplier entering into the Master Agreement, which would be available to all Public Agencies, Supplier must make certain representations, warranties and covenants to both the Principal Procurement Agency and OMNIA Partners designed to ensure the success of the Master Agreement for all Participating Public Agencies as well as the Supplier.

2.1 Corporate Commitment

Supplier commits that (1) the Master Agreement has received all necessary corporate authorizations and support of the Supplier's executive management, (2) the Master Agreement is Supplier's primary "go to market" strategy for Public Agencies, (3) the Master Agreement will be promoted to all Public Agencies, including any existing customers, and Supplier will transition existing customers, upon their request, to the Master Agreement, and (4) that the Supplier has read and agrees to the terms and conditions of the Administration Agreement with OMNIA Partners and will execute such agreement concurrent with and as a condition of its execution of the Master Agreement with the Principal Procurement Agency. Supplier will identify an executive corporate sponsor and a separate national account manager within the RFP response that will be responsible for the overall management of the Master Agreement.

2.2 Pricing Commitment

Supplier commits the not-to-exceed pricing provided under the Master Agreement pricing is its lowest available (net to buyer) to Public Agencies nationwide and further commits that if a Participating Public Agency is eligible for lower pricing through a national, state, regional or local or cooperative contract, the Supplier will match such lower pricing to that Participating Public Agency under the Master Agreement.

2.3 Sales Commitment

Supplier commits to aggressively market the Master Agreement as its go to market strategy in this defined sector and that its sales force will be trained, engaged and committed to offering the Master Agreement to Public Agencies through OMNIA Partners nationwide. Supplier commits that all Master Agreement sales will be accurately and timely reported to OMNIA Partners in accordance with the OMNIA Partners Administration Agreement. Supplier also commits its sales force will be compensated, including sales incentives, for sales to Public Agencies under the Master Agreement in a consistent or better manner compared to sales to Public Agencies if the Supplier were not awarded the Master Agreement.

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. The contractor will take affirmative action to ensure that such applicants are recruited and employed, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this non-discrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisement for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation.

The contractor or subcontractor, where applicable, will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor agrees to inform in writing appropriate recruitment agencies in the area, including employment agencies, placement bureaus, colleges, universities, labor unions, that it does not discriminate on the basis of age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and that it will discontinue the use of any recruitment agency which engages in direct or indirect discriminatory practices.

The contractor or subcontractor agrees to revise any of it testing procedures, if necessary, to assure that all personnel testing conforms with the principles of job-related testing, as established by the statutes and court decisions of the state of New Jersey and as established by applicable Federal law and applicable Federal court decisions.

**C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM
Public Agency Instructions**

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). Please refer back to these instructions for the appropriate links, as the Local Finance Notices include links that are no longer operational.

1. The disclosure is required for all contracts in excess of \$17,500 that are **not awarded** pursuant to a "fair and open" process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.
3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
 - a. The Division has prepared model disclosure forms for each county. They can be downloaded from the "County PCD Forms" link on the Pay-to-Play web site at <http://www.nj.gov/dca/divisions/dlgs/programs/lpcl.html#12>. They will be updated from time-to-time as necessary.
 - b. A public agency using these forms **should edit them to properly reflect the correct legislative district(s)**. As the forms are county-based, **they list all legislative districts in each county. Districts that do not represent the public agency should be removed from the lists.**
 - c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
 - d. The form may be used "as-is", subject to edits as described herein.
 - e. The "Contractor Instructions" sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
 - f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a "Stockholder Disclosure Certification." This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract (See Local Finance Notice 2006-7 for additional information on this obligation at http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

NA

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
 - of the public entity awarding the contract
 - of that county in which that public entity is located
 - of another public entity within that county
 - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed \$300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

* N.J.S.A. 19:44A-3(s): "The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures."

Proxy Statement

Unless the context requires otherwise, all references to "School Specialty," the "Company," "we," "us" or "our" refer to School Specialty, Inc. and its subsidiaries. Effective December 26, 2015, we changed our fiscal year end from the last Saturday in April to the last Saturday in December. The December 27, 2015 to December 31, 2016 and the January 1, 2017 to December 30, 2017 years will be referred to as "fiscal 2016" and "fiscal 2017," respectively, in this proxy statement. The April 26, 2015 to December 26, 2015 transition period will be referred to as "short year 2015" in this proxy statement. Prior to April 26, 2015, our fiscal year ended on the last Saturday in April of each year. In this proxy statement, we refer to these fiscal years by reference to the calendar year in which they ended (e.g., the fiscal year ended April 25, 2015 is referred to as "fiscal 2015").

Following stockholder approval of the increase in the number of authorized shares of our common stock from 2,000,000 shares to 50,000,000 shares on August 15, 2017, we effected a seven-for-one stock split of School Specialty's shares, effective August 23, 2017. Subsequently, the number of outstanding shares of School Specialty stock increased from 1,000,000 to 7,000,000. All previously stated values have been restated to adjust for this seven-for-one stock split.

This Proxy Statement is furnished by the Board for the solicitation of proxies from the holders of our common stock, \$0.001 par value (the "Common Stock"), in connection with the Annual Meeting of Stockholders to be held at the auditorium, located at 701 E. 22nd Street, Lombard, IL 60148, on Tuesday, June 12, 2018 at 8:30 a.m. Central Time, and at any adjournment or postponement thereof (the "Annual Meeting"). Stockholders may obtain directions to the Annual Meeting by contacting Ms. Amy Coenen, Assistant Secretary, School Specialty, Inc., W6316 Design Drive, Greenville, Wisconsin 54942, telephone: (888) 388-3224.

It is expected that the Notice of Annual Meeting of Stockholders, this Proxy Statement and the enclosed proxy card, together with our Annual Report on Form 10-K for the fiscal year ended December 30, 2017, will first be sent to stockholders on or about April 27, 2018.

Stockholders can ensure that their shares are voted at the Annual Meeting by signing, dating and returning the enclosed proxy card in the envelope provided, by calling the toll-free telephone number listed on the proxy card or by following the instructions on the proxy card for Internet voting. If you submit a signed proxy card or vote by telephone or via the Internet, you may still attend the Annual Meeting and vote in person. Any stockholder giving a proxy may revoke it before it is voted by submitting to School Specialty's Secretary a written revocation or by submitting another proxy by telephone, Internet or mail that is received later. You will not revoke a proxy merely by attending the Annual Meeting unless you file a written notice of revocation of the proxy with School Specialty's Secretary at any time prior to voting.

Proxies will be voted as specified by the stockholders. Where specific choices are not indicated, proxies will be voted as follows:

- *FOR* the election of the five individuals nominated by the Board to serve as directors;
- *FOR* approval of the advisory resolution on the compensation of our Named Executive Officers (as defined in this Proxy Statement);
- *FOR* approval of the amendment to increase the number of shares available under the 2014 Incentive Plan of School Specialty, Inc.; and

- *FOR* ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm.

The Board knows of no other matters to be presented for stockholder action at the Annual Meeting. If any other matters properly come before the Annual Meeting, the persons named as proxies will vote on the same in their discretion.

The expense of printing and mailing proxy materials, including expenses involved in forwarding materials to beneficial owners of Common Stock held in the name of another person, will be paid by School Specialty. No solicitation, other than by mail, is currently planned, except that officers or employees of School Specialty may solicit the return of proxies from certain stockholders by telephone or other electronic means.

Only stockholders of record at the close of business on April 20, 2018 (the "Record Date") are entitled to receive notice of and to vote the shares of Common Stock registered in their name at the Annual Meeting. As of the Record Date, we had 7,000,000 shares of Common Stock outstanding. Each share of Common Stock entitles its holder to cast one vote on each matter to be voted upon at the Annual Meeting.

Under Delaware law and School Specialty's Bylaws, the presence of a quorum is required to conduct business at the Annual Meeting. A quorum is defined as the presence, either in person or by proxy, of a majority of the then-issued and outstanding shares of Common Stock entitled to vote at the Annual Meeting. The shares represented at the Annual Meeting by proxies that are marked, with respect to the director election or any other proposals, "abstain," will be counted as shares present for the purpose of determining whether a quorum is present. Broker non-votes occur when shares are held in "street" form through a broker or similar market intermediary rather than in the stockholder's own name. The broker or other intermediary is authorized to vote the shares on routine matters but may not vote on the election of directors and on non-routine matters without the beneficial stockholder's express authorization. The vote to approve the advisory resolution on the compensation of our Named Executive Officers and the proposed amendment to increase the number of shares available under the 2014 Incentive Plan of School Specialty, Inc. are not considered routine matters. Therefore, your broker or other intermediary holder of your shares will not be permitted to vote your shares in the election of directors or on such other proposals unless you provide voting instructions. Broker non-votes are counted for purposes of determining the presence of a quorum, but under Delaware law are not counted for purposes of determining the voting power present, and therefore, will not be counted in the vote on proposals 1, 2, 3 and 4.

With respect to the vote required to approve the proposals to be considered at the Annual Meeting, the following rules apply:

- The directors will be elected by the affirmative vote of a majority of the shares of Common Stock present, either in person or by proxy, at the Annual Meeting and entitled to vote thereon. Abstentions will have the effect of a negative vote in the election.
- Approval of the advisory resolution on the compensation of our Named Executive Officers, approval of the proposed amendment to increase the number of shares available under the 2014 Incentive Plan of School Specialty, Inc. and the ratification of the appointment of the independent registered public accounting firm each require the affirmative vote of a majority of the shares of Common Stock present, either in person or by proxy, at the Annual Meeting and entitled to vote thereon. Abstentions will have the effect of a negative vote on each of these proposals.

PROPOSAL ONE: ELECTION OF DIRECTORS

School Specialty's Board currently consists of six members. The term of office of each of the directors expires at the 2018 Annual Meeting.

On January 31, 2018, James R. Henderson informed the Board that he would not stand for re-election at the Company's 2018 Annual Meeting, and that he would continue to serve as a director of the Company until the 2018 Annual Meeting. The Company thanks Mr. Henderson for his service to the Company and wishes him the best in his future endeavors.

The Board proposes that Gus D. Halas, Justin Lu, Scott P. Scharfman, Andrew E. Schultz and Joseph M. Yorio be elected as directors for a new term ending at the 2019 Annual Meeting and until their successors are duly elected and qualified. Messrs. Halas, Lu, Schultz and Yorio are standing for re-election at the 2018 Annual Meeting. On January 16, 2018, Mr. Scharfman was appointed to the Board, and he is standing for election at the 2018 Annual Meeting.

The Board has determined that Messrs. Halas, Lu, Scharfman and Schultz are "independent." School Specialty is not a listed issuer whose securities are listed on a national securities exchange or on an inter-dealer quotation system which has requirements that a majority of the Board be independent. In making this determination, the Board used the definition of independence under the listing standards of The NASDAQ Stock Market LLC ("NASDAQ"). Mr. Yorio was determined not to be independent and is considered an inside director.

Each of the nominees is serving as a director as of the date of this Proxy Statement.

Each of the nominees has indicated a willingness to serve as a director, but if any of the nominees should decline or be unable to act as a director, the persons named in the proxy will vote for the election of another person or persons as the Board recommends.

The Board of Directors unanimously recommends that stockholders vote "for" the election of each of the nominees to serve as directors set forth below.

CORPORATE GOVERNANCE

The Board of Directors held 11 meetings in fiscal 2017. Directors are expected to attend each regular and special meeting of the Board of Directors. Each director attended at least 75% of the meetings of the Board of Directors and Board committees of which he was a member held during the period for which he had been a director in fiscal 2017. School Specialty does not have a policy regarding Board members' attendance at the annual meeting of stockholders. Each director then in office attended the annual and special meetings of stockholders in 2017.

The positions of Chairman of the Board and Chief Executive Officer of the Company are currently separate, with Mr. Halas serving as Chairman of the Board and Mr. Yorio serving as President and Chief Executive Officer. The Company believes this leadership structure is appropriate at this time because it allows the Company to benefit fully from the unique leadership abilities and industry experience that each of these individuals possesses.

The Board has established three standing committees: the Governance/Nominating Committee, the Compensation Committee and the Audit Committee.

Governance/Nominating Committee. The Governance/Nominating Committee has adopted, and the Board has approved, a charter for the Governance/Nominating Committee. Under its charter, the Governance/Nominating Committee is responsible for overseeing the director nominations process. In connection with the selection and nomination process, the Governance/Nominating Committee will review the desired experience, skills and other qualities of potential candidates to assure the appropriate Board composition, taking into account the current Board members and the specific needs of School Specialty and the Board. The Governance/Nominating Committee intends to seek individuals who have displayed high ethical standards, integrity, sound business judgment and a willingness to devote adequate time to Board duties. This process is designed to ensure that the Board includes members with diverse backgrounds, skills and experience, including appropriate financial and other expertise relevant to School Specialty.

The Governance/Nominating Committee and the Board will consider candidates nominated by stockholders of School Specialty ("Proposing Stockholder") in accordance with the procedures set forth in School Specialty's Bylaws. Under the Bylaws, a Proposing Stockholder's request to nominate a person for director, together with the written consent of that person to serve as a director, must be received by the Secretary of School Specialty at its principal office (i) with respect to an election held at an annual meeting of stockholders, not less than 90 days nor more than 150 days prior to the anniversary date of the annual meeting of stockholders in the immediately preceding year, or (ii) with respect to an election held at a special meeting of stockholders for the election of directors, not later than the close of business on the eighth day following the date on which notice of such meeting is given to stockholders.

To be in proper written form, a Proposing Stockholder's notice must set forth in writing (a) as to each person whom the Proposing Stockholder proposes to nominate for election or reelection as a director (i) the name, age, business address and residence address of such person, (ii) the principal occupation or employment of such person, (iii) the class and number of shares of stock of School Specialty which are beneficially owned by such person, and (iv) such other information relating to such person as is required to be disclosed in solicitations of proxies for election of directors, or as otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the "Exchange Act"); and (b) as to the Proposing Stockholder (i) the name and address, as they appear on School Specialty's books, of the Proposing Stockholder, (ii) the class and number of shares of stock of School Specialty which are beneficially owned by the Proposing Stockholder, and (iii) a representation that the Proposing Stockholder is a holder of record of stock of School Specialty entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice. School Specialty may require any proposed nominee to furnish such other information as may reasonably be required by School Specialty to determine the eligibility of such proposed

nominee to serve as a director of School Specialty or the Proposing Stockholder to nominate the proposed nominee.

The members of the Governance/Nominating Committee are Messrs. Henderson (Chairman), Lu, Halas and Schultz, each of whom is "independent" as defined under the listing standards of NASDAQ. The Governance/Nominating Committee met twice in fiscal 2017. The charter of the Governance/Nominating Committee is available under the "Investors" tab on our website at www.schoolspecialty.com.

Compensation Committee. Executive officer compensation is overseen by the Compensation Committee of the Board of Directors.

The Compensation Committee has adopted, and the Board has approved, a charter for the Compensation Committee. Under its charter, the Compensation Committee has authority over each aspect of executive officer compensation, including base salaries, incentive compensation, and equity awards. Through the end of fiscal 2017, the Compensation Committee served as the committee of "outside directors" for purposes of Section 162(m) ("Section 162(m)") of the Internal Revenue Code of 1986, as amended (the "Code"), and was the Administrator under the 2014 Incentive Plan for any awards granted thereunder to the extent such awards were intended to qualify as "performance-based compensation" under Section 162(m). At the start of fiscal 2018, the Compensation Committee will serve as a committee of "outside directors" with respect to the administration and certification of performance goals for awards subject to the transition rule for performance-based compensation under Section 162(m) (as described further below). The Chief Executive Officer participates in deliberations and decisions relating to executive officer compensation, but does not participate in decisions regarding his own compensation.

Subject to the limitations of the 2014 Incentive Plan as they relate to awards granted thereunder, the Compensation Committee may delegate authority and assign responsibility with respect to such of its functions to a subcommittee of the Committee, as it may deem appropriate from time to time.

During fiscal 2017, the Compensation Committee engaged the services of Lyons, Benenson & Company, Inc. ("LB&Co.") to provide advice on executive officer compensation. Because the Company is not a listed issuer, the Compensation Committee did not make a determination regarding LB&Co.'s independence under the NASDAQ listing standards. LB&Co. provided one report to the Compensation Committee that included recommendations with respect to the proposed management incentive plan for fiscal 2017.

The Compensation Committee's decisions with respect to Mr. Yorio's compensation for fiscal 2017 were ratified by the Board as required by the Compensation Committee's charter.

The members of the Compensation Committee are Messrs. Lu (Chairman), Halas, Scharfman and Schultz, each of whom is "independent" as defined under the listing standards of NASDAQ, except that Mr. Lu and Mr. Scharfman may not be considered "independent" under the heightened NASDAQ independence standards for committee members because Mr. Lu is employed by Zazove and Mr. Scharfman is employed by Mill Road, respectively. The Compensation Committee held three meetings and took two actions by written consent in fiscal 2017. The charter of the Compensation Committee is available under the "Investors" tab on our website at www.schoolspecialty.com.

Audit Committee. The Audit Committee is a separately designated standing committee of the Board which was established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee has adopted, and the Board has approved, a charter for the Audit Committee. Under its charter, the Audit Committee is responsible for oversight of School Specialty's accounting and financial reporting processes and the audit of School Specialty's financial statements. In addition, the Audit Committee is responsible for monitoring compliance with the Company's Code of Ethics as it relates to financial records and use of Company assets and compliance with the Company's Insider Trading Policy.

The members of the Audit Committee are Messrs. Schultz (Chairman), Halas, Henderson and Lu, each of whom is "independent" as defined under the listing standards of NASDAQ, except that Mr. Lu may not be considered "independent" under the heightened NASDAQ independence standards for committee members because he is employed by Zazove. Mr. Lu has been determined by the Board of Directors to be an "audit committee financial expert" for purposes of the rules promulgated under the Exchange Act. The Audit Committee held four meetings in fiscal 2017. The charter of the Audit Committee is available under the "Investors" tab on our website at www.schoolspecialty.com.

Stockholder Communications. Stockholders wishing to communicate with members of the Board of Directors may direct correspondence to such individuals c/o Ms. Amy Coenen, Assistant Secretary, W6316 Design Drive, Greenville, Wisconsin 54942. The Assistant Secretary will regularly forward such communications to the appropriate Board member(s).

Board Oversight of Risk. Our Board of Directors has overall responsibility for risk oversight with a focus on the most significant risks facing the Company. Throughout the year, the Board reviews risks brought to its attention by management and our independent registered public accounting firm from time to time.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of the Compensation Committee has ever been an officer or employee of School Specialty or any of our subsidiaries or had any relationships requiring disclosure under Item 404 of Regulation S-K. None of our executive officers has served on the compensation committee or board of directors of any company of which any of our other directors is an executive officer.

RELATED PARTY TRANSACTIONS

The Board of Directors, or the Audit Committee if requested by the Board of Directors, reviews and approves all related party transactions with directors, executive officers, persons that are beneficial owners of more than 5% of the Common Stock ("5% Holders"), members of their family and persons or entities affiliated with any of them. While the Amended and Restated Certificate of Incorporation and Bylaws do not provide specific procedures as to the review of related party transactions, the Board requires management to present to the Board the details of any such transactions. Any such related party transactions would be reviewed and evaluated by the Board members based on the specific facts and circumstances of each transaction.

On January 28, 2013, School Specialty and certain of its subsidiaries filed voluntary petitions for relief under Chapter 11 of the United States Code (the "Bankruptcy Code") in the United States Bankruptcy Court for the District of Delaware (the "Bankruptcy Court"). The cases (the "Chapter 11 Cases") were jointly administered as Case No. 13-10125 (KJC) under the caption "In re School Specialty, Inc., et al." The Second Amended Joint Plan of Reorganization under the Bankruptcy Code entered by the Bankruptcy Court on June 3, 2013 (the "Reorganization Plan") became effective on June 11, 2013.

Term Loan Credit Agreement

On June 11, 2013, the Company entered into a Term Loan Credit Agreement by and among the Company, Credit Suisse AG, as Administrative Agent and Collateral Agent, and the lenders party thereto (the "Term Loan Credit Agreement"). The Company's entry into the Term Loan Credit Agreement occurred in connection with the Chapter 11 Cases and was in accordance with the Reorganization Plan.

Under the Term Loan Credit Agreement, the lenders agreed to make a term loan to the Company in the aggregate principal amount of \$145 million. Certain 5% Holders and their affiliates were lenders under the Term Loan Credit Agreement. The 5% Holders and their affiliates that were lenders during fiscal 2017 received regularly scheduled payments of interest. In April 2017, the Company voluntarily prepaid the Term Loan Credit Agreement in full. Each of the 5% Holders and their affiliates who were lenders under the Term Loan Credit Agreement at that time are listed below and received a proportional share of this prepayment. The table below summarizes the portion of the voluntary prepayment received by each.

<u>Lender</u>	<u>Prepayment Amount (\$)</u>
Zazbond Master LLC	33,433
Zazove High Yield Convertible Securities Fund, L.P.	564,176
Steel Excel Inc.	12,101,229

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires School Specialty's directors and officers, among others, to file reports with the SEC disclosing their ownership, and changes in their ownership, of stock in School Specialty. Copies of these reports must also be furnished to School Specialty. Based solely on a review of these copies, School Specialty believes that all filing requirements were complied with on a timely basis during fiscal 2017.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis. This CD&A is a discussion and analysis of the various policies, programs and practices developed by the Board of Directors and the Compensation Committee, and is intended to provide insight into the decision making process of the Board and the Compensation Committee for determining the compensation of our Named Executive Officers during fiscal 2017.

The objectives of the Board and the Compensation Committee regarding compensation matters include:

- Providing a competitive total compensation package that enables us to attract and retain key personnel, but that remains cost-effective;
- Providing short-term compensation opportunities, through our 2014 Incentive Plan, that are directly linked to objective corporate performance goals; and
- Providing long-term compensation opportunities through equity awards that align executive compensation with value received by our stockholders.

The Board and the Compensation Committee have designed our executive compensation program to directly link executive compensation to corporate performance and increased stockholder value. Relative to other companies, we believe that our program is relatively simple and conservative. For our most senior executive officers, the program consists primarily of three elements—base salary, an opportunity for an annual cash incentive award and equity incentives. The Compensation Committee has the flexibility to use these elements, along with certain benefits and perquisites, in proportions that will most effectively accomplish its objectives. In the future, the Compensation Committee may decide to realign the total compensation package to place greater emphasis on annual or long-term compensation, depending on the focus of our business and the market cycle.

Since our emergence from bankruptcy in the beginning of fiscal 2014, one of the Board's primary objectives was to assemble a senior leadership team that could restructure our operations and drive growth and stockholder value. To assemble this team, the Board recruited individuals primarily from outside the company to fill key leadership positions, beginning with Mr. Joseph Yorio, who was hired as the Company's Chief Executive Officer at the end of fiscal 2014. Led by Mr. Yorio, the Board then recruited Mr. Todd Shaw in July 2014, who was appointed as the Company's Executive Vice President, Operations in December 2014; Mr. Ryan Bohr, who was appointed as the Company's Executive Vice President and Chief Financial Officer in October 2014; and Mr. Edward Carr, who was appointed as the Company's Executive Vice President and Chief Sales Officer in January 2015. In addition, Mr. Kevin Baehler, who had served as the Company's Interim Chief Financial Officer, was appointed as the Company's Senior Vice President and Chief Accounting Officer in October 2014. Effective June 8, 2017, Messrs. Bohr, Shaw and Baehler were appointed as Executive Vice President and Chief Operating Officer, Executive Vice President and Chief Supply Chain Officer and Senior Vice President and Chief Financial Officer, respectively. Effective August 7, 2017, Mr. Baehler's Senior Vice President title changed to Executive Vice President.

During fiscal 2017, the Compensation Committee engaged the services of LB&Co. to provide advice on executive officer compensation. Because the Company is not a listed issuer, the Compensation Committee did not make a determination regarding LB&Co.'s independence under the NASDAQ listing standards. The Compensation Committee considered the report of LB&Co. received in fiscal 2017 in determining bonuses under the management incentive plan (as described below).

In fiscal 2017, the Compensation Committee adopted a management incentive plan under the terms of our 2014 Incentive Plan similar to the plan adopted for fiscal 2016, short year 2015 and fiscal 2015, with the purpose of providing a cash incentive program for the leadership of the Company. The goal of the plan was to gain 100% alignment and engagement from senior leaders around the Chief Executive Officer's priorities of growing and stabilizing our business, aligning our infrastructure better and lowering our costs and improving our bottom line performance. The Compensation Committee concluded that the achievement of this goal would be best reflected

in our Adjusted EBITDA and free cash flow for fiscal 2017. The payout level for each participant, including our Named Executive Officers, required the achievement of Adjusted EBITDA in excess of the established threshold. The Compensation Committee considered the *threshold* performance level representative of results that were minimally acceptable, but likely to be attained based on our business plans for fiscal 2017. The *pre-target* Adjusted EBITDA reflected our budget for fiscal 2017, and was intended to be reasonably attainable, taking into account our performance improvement objectives, market conditions, and industry trends. The *target* Adjusted EBITDA reflected a goal above our budget and was intended to be a reasonable stretch goal. The performance required to achieve the *maximum* payment was considered a significant, meaningful and realistic challenge to the leadership team. Furthermore, the Compensation Committee believes that additional annual incentive payments exceeding the maximum level have limited to no beneficial effect. As such, payments under the plan were scaled based on the Adjusted EBITDA performance between the threshold and the level at which the maximum bonus opportunity is attained. In addition, payments under the plan were subject to the attainment of minimum free cash flow amounts.

Following the Company's acquisition of the assets of Triumph Learning, LLC ("Triumph") in August 2017, the Adjusted EBITDA levels were increased in December 2017 to reflect the anticipated contributions from acquiring Triumph. Further, the Compensation Committee increased Mr. Baehler's threshold, pre-target, target and maximum payout opportunity percentages in December 2017 to reflect his new title and to match the payout opportunities as a percentage of base salary of the other Named Executive Officers, excluding Mr. Yorio. The Adjusted EBITDA levels and the associated threshold, pre-target, target and maximum payout opportunities for fiscal 2017 were as follows:

	<u>Threshold</u>	<u>Pre-Target</u>	<u>Target (1)</u>	<u>Maximum</u>
Adjusted EBITDA	\$ 52.3 million	\$ 53.5 million	\$55.0 million	\$60.4 million
Percent of achievement relative to Target	95.1%	97.3%	100%	109.8%
Minimum Free Cash Flow	\$19.98 million	\$19.98 million	\$22.2 million	N/A
Payment (as a percent of base salary for fiscal 2017):				
Mr. Yorio	25%	87.5%	125%	250%
Mr. Bohr	15%	52.5%	75%	150%
Mr. Carr	15%	52.5%	75%	150%
Mr. Shaw	15%	52.5%	75%	150%
Mr. Baehler	15%	52.5%	75%	150%

- (1) Any payments made under the 2017 management incentive plan required minimum free cash flow of \$19.98 million. Payments above target required minimum free cash flow of \$22.2 million.

Our Adjusted EBITDA for fiscal 2017 was \$53.1 million¹ and free cash flow for fiscal 2017 was \$20.1 million². Based on a straight-line interpolation of the actual Adjusted EBITDA result between threshold and pre-target, a payout of 54.2% of target for fiscal 2017 was therefore achieved. Accordingly, we paid an incentive award to the Named Executive Officers and certain other members of the leadership team for fiscal 2017 at this level. The resulting incentive payouts represented 67.8% of base salary for Mr. Yorio and 40.7% for each of Messrs. Bohr, Carr, Shaw and Baehler.

Our equity awards are granted under our 2014 Incentive Plan. Under this plan, the Compensation Committee has the flexibility to choose among a number of forms of equity-based compensation awards, including stock options, stock appreciation rights, stock awards, performance share units or other incentive awards. The Board used stock options for purposes of the fiscal 2017 awards of equity to our senior executive officers. In fiscal 2016, the Compensation Committee granted RSUs under the 2017 Incentive Plan to members of the Company's senior management. The Compensation Committee decided to award options in fiscal 2017,

and such form of award was the initial award to members of the Company's senior management. Effective March 13, 2017 (the "Grant Date"), Mr. Yorio was granted an option to purchase 21,000 shares, which will vest 25% on the first, second, third and fourth anniversary of the Grant Date. Effective as of the Grant Date, Messrs. Bohr, Carr, Shaw and Baehler were granted options to purchase 24,500, 17,500, 17,500 and 7,000 shares of Common Stock, respectively, each of which will vest 50% on the second anniversary of the Grant Date and 25% on the third and fourth anniversaries of the Grant Date.

While the Board's overriding considerations in granting equity awards to executives were to create an incentive for future performance and to create a retention incentive, the Board did take into account our share overhang (that is, the stock options and RSUs outstanding, plus remaining stock options and RSUs that may be granted, as a percentage of our total outstanding shares). In granting stock options, the Board took a consistent approach of using an exercise price of \$18.57 per share (which has been higher than the closing price on the date of each grant to the Named Executive Officers). This amount was based on the enterprise value of our Company established pursuant to the Reorganization Plan. The Board believed this price was appropriate to use because the grantees would only realize value to the extent our stockholders, many of whom have been our stockholders since we emerged from bankruptcy, have an opportunity to realize value above this amount. The Board and the Compensation Committee recognize, however, that to date, these options have provided no value to the recipients even though we are required to assign significant value to these grants in our summary compensation table. Consequently, the effectiveness of these options as an incentive for future performance and as a retention incentive may be diminished. The Compensation Committee may take this into consideration in determining compensation elements and amounts in future periods.

We provide certain of our Named Executive Officers with certain perquisites in order to provide a competitive total rewards package that supports retention of key talent. These include commuting and/or relocation expense reimbursement, which for Mr. Yorio is capped at an aggregate amount of \$75,000 and for Mr. Bohr is capped at \$22,000 per year, plus a tax gross-up on this amount. We believe these perquisites are reasonable based on the relatively small expense in relation to both executive pay and our total benefit expenditures.

We have entered into employment agreements with Messrs. Yorio, Bohr, Carr, Shaw and Baehler. The Board believes that employment agreements were necessary to attract these executives to and retain them at our company and are important to both these executives and to us in that the executive benefits from clarity of the terms of his employment, as well as protection in certain termination events, while we benefit from nondisclosure and non-competition protection, enhancing our ability to retain the services of our executives. Details of the terms of the specific employment agreements are discussed elsewhere in this proxy statement.

Through the end of fiscal 2017, Section 162(m) of the Code generally disallowed a tax deduction to public corporations for compensation over \$1,000,000 for any fiscal year paid to a company's Chief Executive Officer and three most highly compensated executive officers in service as of the end of any fiscal year (other than the Chief Executive Officer and Chief Financial Officer). However, Section 162(m) provided through the end of fiscal 2017 that qualifying performance-based compensation would not be subject to the deduction limit if certain requirements were met. Neither the Board nor the Compensation Committee had a policy requiring aggregate compensation to meet the requirements for deductibility under Section 162(m).

Following the end of fiscal 2017, the U.S. Tax Cuts and Jobs Act of 2017 (the "Tax Act") repealed the qualifying performance-based compensation exception to the \$1,000,000 deduction limitation. The Tax Act provided some transition relief preserving the qualifying performance-based compensation exception for certain qualifying performance-based compensation payable pursuant to a legally binding contract in place on November 2, 2017. Given the uncertain scope of such transition relief under Tax Reform, no assurance can be given that compensation payable to the Named Executive Officers in future years for past grants under the 2014 Incentive Plan will satisfy the requirements for the qualifying performance-based compensation exemption from Section 162(m) as extended through transition relief. Further, the Committee reserves the right to modify

compensation that was initially intended to be exempt from Section 162(m) if it determines that such modifications are consistent with the Company's business needs.

Under the Tax Act and starting in fiscal 2018, except to the extent preserved by transition relief, Section 162(m) will disallow a tax deduction for compensation payable to each of our Named Executive Officers (including our Chief Financial Officer) in excess of \$1,000,000 in any tax year. In addition, for any officer that is a Named Executive Officer of the Company whose compensation was subject to this limitation in fiscal 2017 or any later tax year, that officer's compensation will remain subject to this annual deductibility limitation for any future tax year regardless of whether he remains a Named Executive Officer.

Annual Incentive Compensation

The Board of Directors approved a management incentive plan under the terms of our 2014 Incentive Plan for fiscal 2017 (the "2017 Plan"), which provided an annual cash incentive to participants based on Adjusted EBITDA for fiscal 2017. Each of the Company's executive officers was a participant in the 2017 Plan. Potential payouts under the 2017 Plan were equal to a percentage of each participant's base salary based on achievement of threshold, target and maximum Adjusted EBITDA and minimum free cash flow outcomes established by the Board of Directors.

Our Adjusted EBITDA for fiscal 2017 was \$53.1 million and our free cash flow was \$20.1 million for fiscal 2017. Based on a straight-line interpolation of the actual Adjusted EBITDA result between threshold and target, a payout of 54.2% of target was therefore achieved. Accordingly, we paid an incentive award to the Named Executive Officers and certain other members of the leadership team for fiscal 2017 at this level. The resulting incentive payments represented 67.8% of base salary for Mr. Yorio and 40.7% of base salary for each of Messrs. Bohr, Carr, Shaw and Baehler.

Had the employment of Mr. Yorio, Mr. Bohr, Mr. Carr, Mr. Shaw or Mr. Baehler been terminated without cause or for good reason on the last business day of fiscal 2017, they would have been entitled to a severance payment of \$1,066,890, \$521,812, \$484,539, \$409,995 and \$372,723, respectively, paid in accordance with the schedule above, in addition to the Accrued Obligations.

CEO PAY RATIO

As a result of the recently adopted rules under the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, the SEC requires disclosure regarding the relationship of the annual total compensation of the Company's employees and the annual total compensation of Mr. Yorio as the Company's Chief Executive Officer. The CEO Pay Ratio included in this information is a reasonable estimate calculated in accordance with Item 402(u) of Regulation S-K.

For fiscal 2017, the median of the annual total compensation of the Company's employees (other than Mr. Yorio) was \$42,800. The annual total compensation of Mr. Yorio, as reflected in the Summary Compensation Table, was \$1,268,843. This yields a CEO Pay Ratio of 30:1.

We identified our median employee based on the base salary plus both incentive compensation earned in 2017 and overtime actually paid during fiscal year 2017 to all members of our workforce (including full-time, part-time and seasonal employees), other than our CEO, who were employed on December 30, 2017.

In determining the employee population from which we identified the median employee, we excluded the approximately 46 employees who were employed by Premier School Agendas, Ltd., a wholly-owned Canadian subsidiary of School Specialty, Inc.

For purposes of determining the base salary plus overtime actually paid, we included the amount of base salary the employee received during the year, and the amount of overtime the employee received during the year. We included adjustments for annualizing the pay for any permanent full-time employees who were employed by us for only part of the year. Once we identified our median employee, we then determined that employee's annual total compensation, including any perquisites and other benefits, in the same manner that we determine the annual total compensation of our named executive officers for purposes of the Summary Compensation Table disclosed above.

PROPOSAL TWO: ADVISORY RESOLUTION ON NAMED EXECUTIVE OFFICER COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act, which was enacted in July 2010, and the applicable SEC rules require the Company to provide its stockholders with the opportunity to vote to approve, on a nonbinding, advisory basis, the compensation of our Named Executive Officers as disclosed in this Proxy Statement in accordance with the SEC's compensation disclosure rules.

Section 14A of the Exchange Act requires that, at least once every six years, the company submit for an advisory stockholder vote a proposal on the frequency of the stockholder vote on executive compensation. A proposal on the frequency of the stockholder vote on executive compensation was last submitted to stockholders at the 2017 Annual Meeting of Stockholders, at which time stockholders expressed a non-binding preference for an annual frequency. Subsequently, the Board of Directors of the Company determined to hold an advisory vote on executive compensation annually.

The vote on this resolution is not intended to address any specific element of compensation. Rather, the vote relates to the compensation of our Named Executive Officers as described in this Proxy Statement in accordance with the compensation disclosure rules of the SEC. The vote is advisory, meaning that the results are not binding on the Company or the Board of Directors. However, the Board will take into account the outcome of the vote when considering future executive compensation arrangements.

Accordingly, the Company asks that stockholders approve the following resolution at the Annual Meeting:

“RESOLVED, that the compensation paid to School Specialty’s Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the compensation tables and narrative discussion, is hereby approved.”

The Board of Directors unanimously recommends a vote FOR approval of the compensation of our Named Executive Officers, as disclosed in this Proxy Statement.

PROPOSAL THREE: APPROVAL OF THE AMENDMENT TO INCREASE THE NUMBER OF SHARES AVAILABLE UNDER THE 2014 INCENTIVE PLAN OF SCHOOL SPECIALTY, INC.

The Board is recommending that the number of shares available for grant under our 2014 Incentive Plan (the "Plan") be increased to ensure the Company has sufficient shares available for its long-term incentive programs. Specifically, the Board is seeking stockholder approval of an amendment to increase the maximum number of shares authorized for issuance under the Plan by 700,000 shares.

On April 9, 2018, the Board approved this amendment, subject to stockholder approval. If stockholder approval is received, the Plan will be amended and restated to incorporate the amendment. The amendment will not be implemented unless stockholder approval is received.

In adopting the proposed amendment and requesting stockholder approval, the Board and Compensation Committee considered the Company's historical grant practices and current and future dilution levels. The Compensation Committee's compensation consultant hired for fiscal 2018 assisted in the assessment. The Board recommends this proposal because it is designed to attract, retain and motivate its directors, employees or consultants, and to further align the interests of such persons with those of the stockholders of the Company by providing for or increasing the proprietary interest of such persons in the Company.

At the same time the Board adopted the proposed amendment, it also amended the Plan to make certain administrative changes for which it is not seeking stockholder approval. The Plan was also updated to reflect updated share limits for certain awards that were adjusted as a result of the Company's seven-for-one stock split, which was effective August 15, 2017. The complete text of the Plan reflecting these administrative changes, as well as the amendment to increase the number of shares for which stockholder approval is being requested, is attached as Appendix A to this proxy statement. The following description is a summary of the material features of the Plan and the proposed amendment.

Plan Background

The Plan was adopted by the Board of Directors and approved by the Company's stockholders in 2014.

Administration

The Plan is administered by the Board of Directors or a committee thereof (the "Administrator"). The Administrator, in its discretion, may designate the Secretary of the Company or other Company employees to assist the Administrator in the administration of agreements or other documents evidencing awards made under the Plan or other documents entered into under the Plan on behalf of the Administrator or the Company.

Eligibility and Awards Available under the Plan

Eligible persons include any person who is a director, employee or consultant of the Company as determined, in its discretion and for purposes only of the Plan, by the Administrator. Such eligible persons shall be eligible to receive the following awards under the Plan: nonqualified stock options ("NSOs"), incentive stock options ("ISOs"), restricted stock, restricted stock units ("RSUs"), stock appreciation rights ("SARs") and incentive bonuses. The Administrator is responsible for determining what type or types of awards are to be made to each participant. The terms, conditions and limitations applicable to each award, including vesting requirements, will be set forth in the related award agreement.

Shares Reserved under the Plan

The Plan currently provides that the aggregate number of shares of Common Stock that may be issued under the Plan pursuant to the exercise of options, including ISOs and NSOs, the payment of incentive bonuses, the

grant of restricted stock, and pursuant to the settlement of RSUs, is 1,050,000 shares of Common Stock, subject to adjustments required under the Plan. If the proposed amendment is approved, the maximum number of shares available for issuance, subject to adjustment in the event of certain corporate transactions, would be increased by 700,000 shares to 1,750,000 shares of Common Stock.

Options

Under the Plan, an option to purchase shares of Common Stock is specified as either an ISO or an NSO. ISOs, which are designed to meet the requirements of Section 422 of the Code, receive special federal income tax treatment if all the applicable Code requirements are satisfied. NSOs are options that do not meet the special rules for ISOs. The aggregate fair market value of the Common Stock with respect to which ISOs are exercisable for the first time by any participant during any calendar year under the Plan will not exceed \$100,000 or any lower limit set by the Code from time to time.

The exercise price of each option granted under the Plan will be determined by the Administrator and will be equal to or greater than 100% of the "fair market value" of the Common Stock on the date the option is granted. The term "fair market value" means (a) the average of the closing bid and asked prices of the Common Stock on the OTCQB Marketplace as reported in any commonly accepted electronic medium or other authoritative source on the indicated date, or (b) if no sales of Common Stock were made in said marketplace on that date, "fair market value" means the average of the closing bid and asked prices of Common Stock as reported for the most recent preceding day on which sales of Common Stock were made on said marketplace; provided, however, if the aggregate trading volume of shares of Common Stock on the OTCQB Marketplace or such other exchange or inter-dealer quotation system during the five trading days preceding the indicated date is less than one percent of the total number of shares outstanding on that date, "fair market value" means such other fair market value as the Administrator may determine in conformity with pertinent law and regulations of the U.S. Treasury Department.

An option may be exercised in the amounts, and at the times, specified in the related option agreement. Except as described below or as otherwise determined by the Administrator, no option granted to a participant may be exercised unless that participant is then rendering services to School Specialty on the date of exercise, has been continuously so rendering services to School Specialty since the date of grant, and has satisfied the necessary performance requirements, if applicable. Except as otherwise permitted by the Administrator, an option may be exercised by a participant through delivery of payment of the full exercise price to the Company and execution of all necessary and appropriate documentation provided under the option agreement. No option may be exercised after the expiration of 10 years after the date of grant. Every option which has not been exercised within 10 years of its date of grant will lapse upon the expiration of the 10-year period, unless it has lapsed at an earlier date as determined by the Administrator. The Administrator may delay the issue or delivery of shares under the Plan until certain registration issues, if any, relating to the shares have been resolved.

Except as otherwise provided by the Administrator at the time of grant, the vesting and exercise of an option following the termination of employment or service shall be as follows under the circumstances described below.

- Any participant who ceases to be an employee, director or consultant of the Company due to disability, as that term is defined under the Plan, will become fully vested in all options granted to the participant and will have one year from the date of such cessation to exercise any options.
- In the event of the death of a participant who is still an employee, director or consultant of the Company, any option granted to such person will be exercisable for one year after the participant's death by (i) the deceased participant's designated beneficiary, or (ii) if the deceased participant dies without a surviving designated beneficiary, by the personal representative, Administrator, or other representative of the estate of the deceased participant, or (iii) by the person or persons to whom the deceased participant's rights under the option shall pass by will or laws of descent and distribution. Unvested options held by the participant at the time of death do not become vested as a result of the participant's death.

- If a participant ceases to be an employee, director or consultant for any other reason except termination for cause, then any option granted to such participant shall be exercisable for three months after such cessation, provided that the participant has the present right to exercise such option.
- If a participant ceases to be an employee, director or consultant because of termination for cause, to the extent an option is not effectively exercised prior to such cessation, it will lapse immediately upon cessation.

Restricted Stock and Restricted Stock Units

Restricted stock is an award of Common Stock. An RSU is a bookkeeping entry granting a participant the right to a share of Common Stock or cash in the future. Restricted stock may not be sold, assigned, conveyed, donated, pledged, transferred or otherwise disposed of or encumbered for the period determined by the Administrator. The Administrator will determine the conditions under which the restricted stock or RSUs will vest, including the satisfaction of performance criteria or the continuation of employment or services for the Company.

Except as determined otherwise by the Administrator at the time of grant, if a participant ceases to be an employee, director or consultant of the Company for any reason, all restricted stock and unvested RSUs held by such participant shall be forfeited to the Company. Generally, participants have the right to vote their restricted stock and the right to receive all dividends paid on it, but the Administrator may limit these rights in its discretion. A participant holding RSUs will have no rights as a stockholder with respect to the shares of Common Stock distributable with respect to those RSUs until such shares are so distributed.

Each participant who holds RSUs will be entitled to receive from the Company one share of Common Stock for each RSU as of the vesting date, unless, as determined by the Administrator at the time of grant, the Company is entitled to settle its obligation to deliver shares at vesting by instead making a cash payment substantially equal to the fair market value of the shares as of the vesting date. Except as otherwise provided by the Administrator, a participant who holds RSUs will not be entitled to receive any dividends, dividend equivalents, or other distributions paid with respect to the shares.

Stock Appreciation Rights

SARs, or stock appreciation rights, are the right to receive, upon exercise, the difference between the fair market value of a share of Common Stock on the date of exercise, and the grant value of each SAR. The grant value of each SAR will be in all cases equal to or greater than the fair market value of the Common Stock on the date of grant, as set forth in the applicable award agreement. An SAR agreement will provide for the amount and times a participant may exercise an SAR, which will be exercisable by a participant giving written notice of exercise to the Secretary of the Company. An SAR will entitle the participant to receive from the Company the difference between the fair market value on the date of exercise and the grant value, multiplied by the number of SARs exercised (which we refer to as the "spread"), which will be paid in cash. No SAR may be exercised after the expiration of 10 years after the date of grant.

Except as otherwise provided by the Administrator at the time of grant, the vesting and exercise of an SAR following a termination of employment or service shall be as follows under the circumstances described below.

- Any participant who ceases to be an employee, director or consultant of the Company due to disability, as that term is defined under the Plan, will become fully vested in all SARs held by the participant and have one year from the date of such cessation to exercise any SARs.
- In the event of the death of a participant who is still an employee, director or consultant of the Company, any SAR granted to such person will be exercisable for one year after the participant's death by (i) the deceased participant's designated beneficiary, or (ii) if the deceased participant dies without a

surviving designated beneficiary, by the personal representative, Administrator, or other representative of the estate of the deceased participant, or (iii) by the person or persons to whom the deceased participant's rights under the SAR shall pass by will or laws of descent and distribution. Unvested SARs held by the participant at the time of death do not become vested as a result of the death.

- If a participant ceases to be an employee, director or consultant for any other reason except termination for cause, then any SAR granted to such participant shall be exercisable for three months after such cessation, provided that the participant has the present right to exercise such SAR.
- If a participant ceases to be an employee, director or consultant because of termination for cause, to the extent an SAR is not effectively exercised prior to such cessation, it will lapse immediately upon cessation.

Incentive Bonuses

Each award of an incentive bonus will confer upon the participant the opportunity to earn a future payment tied to the level of achievement with respect to one or more performance criteria established for a performance period of one year or greater. The terms of any grant of an incentive bonus shall be confirmed by the execution of an incentive bonus agreement, which will contain provisions regarding: (a) the target and maximum amount payable to the participant as an incentive bonus; (b) the performance criteria and level of achievement versus these criteria that will determine the amount of such payment; (c) the term of the performance period as to which performance will be measured for determining the amount of any payment; (d) the timing of any payment earned by virtue of performance; (e) restrictions on the alienation or transfer of the incentive bonus prior to actual payment; (f) forfeiture provisions; and (g) such further terms and conditions, not inconsistent with the Plan, as the Administrator may determine. The Administrator will establish performance criteria and level of achievement versus these criteria that will determine the target and maximum amount payable under an award of an incentive bonus, which criteria may be based on financial performance, personal performance evaluations, or both.

Qualifying Performance Criteria

Qualifying performance criteria will be any one or more of the following performance criteria, either individually, alternatively or in any combination, applied to either the Company as a whole or to a business unit or subsidiary, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the Administrator in the award: cash flow; earnings per share; EBITDA (earnings before interest, taxes, depreciation and amortization); Adjusted EBITDA (operating profit adjusted to exclude non-cash expenses of depreciation, amortization, pension expense, stock compensation expense and management incentive plan provisions); return on equity; total stockholder return; return on capital; return on assets or net assets; revenue or sales; income or net income; operating income or net operating income; operating profit or net operating profit; operating margin; return on operating revenue; market share; share price; and average working capital as a percentage of sales. The Administrator may specify any reasonable definition of the above criteria at the time it sets the goals for an award.

Adjustments

In the event of certain changes in the capital structure of the Company, the Administrator is required to make appropriate adjustments to outstanding awards. Any adjustment, waiver, conversion or other action taken by the Administrator will be conclusive and binding on all participants and all other persons.

Corporate Transactions or Changes of Control

Merger, Consolidation or Reorganization. In the event of a merger, consolidation or reorganization with another corporation in which the Company is not the surviving corporation or such similar transaction involving

the Company in which the Common Stock ceases to be publicly traded and subject to the approval of the Board of Directors, or the Board of Directors of any corporation assuming the obligations of the Company, the Administrator may take action regarding outstanding and unexercised awards pursuant to either of the following: (1) the Administrator may make an appropriate provision to protect a stock-based award by substitution on an equitable basis of appropriate shares of the surviving or related corporation, provided that, for options or SARs, the excess of the aggregate fair market value of the shares subject to such award immediately before such substitution over the exercise price of the grant value thereof, if any, is not more than the excess of the aggregate fair market value of the substituted shares made subject to such award immediately after such substitution over the exercise price thereof; or (2) the Administrator may cancel such award. In the event an option or SAR is canceled, the Company or the corporation assuming the obligations of the Company, will pay the participant an amount of cash equal to the excess of the value, as determined by the Administrator, of property received by the holder of a share as a result of such event over the exercise price of such option or grant value of such SAR, multiplied by the number of shares subject to such option or the number of SARs. In the event any other award is canceled, the Company, or the corporation assuming the obligations of the Company, will pay the participant an amount in cash or stock, based upon the value, as determined by the Administrator, of the property received by the holder of a share as a result of such event. Except as otherwise provided by the Administrator, determination of any payment for an award that is subject to qualifying performance criteria shall be based upon achievement at the target level of performance.

Effect of Change in Control upon Certain Awards. Except as otherwise determined by the Administrator, or except where a participant's entitlement to an award is subject to qualifying performance criteria, upon a participant's involuntary termination of employment without cause or voluntary termination of employment for good reason within 12 months following a change in control, as that term is defined in the Plan, all awards will become fully vested, and for options and SARs, immediately exercisable. In the case of an award under which a participant's entitlement to such award is subject to achievement of qualifying performance criteria, except as otherwise determined by the Administrator, upon the occurrence of a change in control, the participant shall be deemed to have satisfied such criteria at the target level of performance and such award shall continue to vest based upon the time-based service vesting criteria, if any to which the award is subject.

Transferability

Unless the agreement or other document expressly states an award is transferable, no award granted under the Plan, nor any interest in such award, may be sold, assigned, conveyed, gifted, pledged, hypothecated or otherwise transferred for value in any manner prior to the vesting or lapse of any and all restrictions applicable thereto, other than by will or the laws of descent and distribution or pursuant to a "domestic relations order," as defined in the Code.

Termination and Amendment

Unless the Plan is terminated earlier, no award will be granted after the 10-year anniversary of the effective date of the Plan. The Board of Directors may terminate the Plan or make such modifications or amendments to the Plan as it deems advisable, including, but not limited to, such modifications or amendments as it deems advisable in order to conform with any law or regulation applicable to the Plan; provided, however, that the Board of Directors may not, without further approval of a majority of the shares of Common Stock voted at any meeting of stockholders at which a quorum is present and voting, adopt any amendment to the Plan for which stockholder approval is required under tax, securities or any other applicable law or the listing standards of such exchange or interdealer quotation system on which shares are listed. Except as otherwise provided in the Plan, the Administrator may amend an outstanding award or individual award agreement; provided, however, that the participant's consent to such action will be required unless the Administrator determines that the action, taking into account any related action, (i) would not materially and adversely affect the participant, or (ii) where applicable, is required in order for the participant to avoid becoming subject to penalties and/or interest under Section 409A of the Code. The Administrator may also modify or amend the terms of any award granted under

the Plan for the purpose of complying with, or taking advantage of, income or other tax or legal requirements or practices of foreign countries which are applicable to participants. The Administrator may not reduce the exercise price of any outstanding Option or SAR, whether through amendment, cancellation and replacement grants, or any other means without stockholder approval, except as specifically authorized under the Plan.

Forfeiture

The Company shall have the right to require any participant to forfeit and return to the Company any award made to the participant pursuant to the Plan (or amounts realized thereon) consistent with any recoupment policy maintained by the Company under Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act or any Securities and Exchange Commission rule.

Federal Income Tax Consequences

Incentive Bonuses. The Company shall be entitled to pay and withhold from any amounts payable by the Company to a participant the amount of any tax which it believes is required as a result of the payment of an incentive bonus.

Options and SARs. The Company shall be entitled to pay and withhold from any amounts payable by the Company to a participant the amount of any tax which it believes is required as a result of the grant, vesting or exercise of any option or SAR. The Company may defer making delivery with respect to shares of Common Stock obtained pursuant to exercise of any option until arrangements satisfactory to it have been made with respect to any such withholding obligations. Except as otherwise provided by the Administrator, a participant exercising an option may, at his or her election, satisfy his or her obligation for payment of required withholding taxes by having the Company retain a number of shares of Common Stock having an aggregate value (based on the fair market value per share on the business day immediately preceding the date the option is exercised) equal to the amount of the required withholding tax.

Restricted Stock. The Company shall be entitled to pay and withhold from any amounts payable by the Company to a participant the amount of any tax which it believes is required as a result of the issuance of or lapse of restrictions on restricted stock, and the Company may defer the delivery of any shares or share certificates until arrangements satisfactory to the Administrator shall have been made with respect to any such withholding obligations. Except as otherwise provided by the Administrator, a participant may, at his or her election, satisfy his or her obligation for payment of required withholding taxes with respect to restricted stock by delivering to the Company a number of shares which were restricted stock upon the lapse of restrictions, or shares already owned, having an aggregate value (based on the fair market value per share on the business day immediately preceding the date the shares are withheld) equal to the amount of the required withholding tax.

Restricted Stock Units. The Company shall be entitled to pay and withhold from any amounts payable by the Company to a participant the amount of any tax which it believes is required as a result of the grant or vesting of any RSUs or the distribution of any shares or cash payments with respect to RSUs, and the Company may defer making delivery of shares with respect to RSUs until arrangements satisfactory to the Administrator have been made with respect to any such withholding obligations. Except as otherwise provided by the Administrator, a participant who holds RSUs may, at his or her election, satisfy his or her obligation to pay the required withholding taxes by having the Company withhold from the number of shares distributable, if any, a number of shares having an aggregate value (based on the fair market value per share on the business day immediately preceding the date the shares are withheld) equal to the amount of the required withholding tax.

NEW PLAN BENEFITS

2014 INCENTIVE PLAN

The awards that may be granted under the Plan in future periods are not yet determinable. Therefore, it is not possible to determine with certainty the dollar value or number of shares of Common Stock that will be issued under the Plan as a result of this proposal.

Following the date of this proxy statement but prior to the date of the 2018 Annual Meeting, the Board of Directors intends to adopt a management incentive plan under the terms of the Plan with similar award opportunities to the plan adopted for fiscal 2017, with the purpose of providing a cash incentive program for the leadership of the Company. During the same period, the Compensation Committee intends to grant equity awards to members of the Company's senior management pursuant to the Plan. The size and terms of these amounts have not been determined as of the date of this proxy statement.

The following table sets forth the awards granted under the Plan in fiscal 2017 to (i) each of our named executive officers, (ii) all executive officers as a group, (iii) all non-employee directors as a group and (iv) all employees other than executive officers as a group.

No individual will be eligible to receive during any calendar year (a) options for more than an aggregate of 350,000 shares or (b) more than 175,000 shares of restricted stock and RSUs in the aggregate that are subject to vesting based on qualifying performance criteria. Additionally, School Specialty will issue no more than 1,050,000 shares subject to ISOs under the Plan.
 - (2) Amount consists of 718,256 options outstanding and 196,378 RSUs outstanding. The weighted-average exercise price in column (b) does not take the awards of RSUs into account. Awards of RSUs will vest in accordance with footnote 9 to the Outstanding Equity Awards at Fiscal Year End table.

The Board of Directors unanimously recommends a vote FOR approval of the amendment to increase the number of shares available under the 2014 Incentive Plan of School Specialty, Inc.

PROPOSAL FOUR: RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Subject to ratification by the stockholders at the Annual Meeting, the Audit Committee has appointed Grant Thornton LLP (“Grant Thornton”), an independent registered public accounting firm, to audit the consolidated financial statements of School Specialty for the fiscal year ending December 29, 2018. Representatives of Grant Thornton will be present at the Annual Meeting to make any statement they may desire and to respond to appropriate questions from stockholders. If stockholders do not ratify the appointment of Grant Thornton, the selection of our independent registered public accounting firm will be reconsidered by the Audit Committee.

On August 11, 2017 (the “Dismissal Date”), the Company dismissed Deloitte & Touche LLP (“Deloitte”) as the Company’s independent registered public accounting firm. The Audit Committee recommended and approved the dismissal of Deloitte. The reports of Deloitte on the consolidated financial statements of the Company for fiscal 2016, short year 2015 and fiscal 2015 did not contain an adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principles. During fiscal 2016, short year 2015 and fiscal 2015, and through the Dismissal Date, there were no disagreements with Deloitte on any matter of accounting principles or practices, financial statement disclosures, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Deloitte, would have caused it to make reference thereto in its reports on the financial statements of the Company for such years. During fiscal 2016, short year 2015 and fiscal 2015, and through the Dismissal Date, there were no “reportable events” as defined under Item 304(a)(1)(v) of Regulation S-K, except with respect to the disclosure of a material weakness in internal control over financial reporting.

As disclosed in the Annual Report on Form 10-K for fiscal 2015, the Company reported a material weakness over financial reporting that was related to the design of controls over non-routine accounting, which did not establish sufficient segregation of duties between analyzing non-routine accounting matters and performing sufficient detailed reviews of the analysis and accounting conclusions. To remediate the material weakness, the Company enhanced its controls over review of non-routine accounting matters, including providing for additional levels of review and enhancing the documentation of conclusions reached for any non-routine transactions. Based on the foregoing, Company’s management concluded that the previously identified material weakness was remediated in the Company’s short year 2015. Deloitte’s audit of the Company’s internal control over financial reporting concluded that the Company maintained, in all material respects, effective internal control over financial reporting as of the short year ended December 26, 2015.

Also, on August 11, 2017, the Audit Committee recommended and approved the selection of Grant Thornton, effective immediately, as the Company’s new independent registered public accounting firm. The change was subject to the completion of Grant Thornton’s client acceptance procedures and execution of an engagement letter, which were completed on September 1, 2017. During fiscal 2016, short year 2015 and fiscal 2015, and through August 11, 2017, neither the Company, nor anyone on its behalf, consulted Grant Thornton regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the financial statements of the Company and neither a written report nor oral advice was provided to the Company that Grant Thornton concluded was an important factor considered by the Company in reaching a decision as to any accounting, auditing, or financial reporting issue, or (ii) any matter that was the subject of a “disagreement” (as defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions) or a “reportable event” (as described in Item 304(a)(1)(v) of Regulation S-K).

The Board of Directors unanimously recommends a vote FOR ratification of Grant Thornton as our independent registered public accounting firm for the fiscal year ending December 29, 2018.

AUDIT COMMITTEE REPORT

In accordance with its written charter, the Audit Committee oversees all accounting and financial reporting processes and the audit of our financial statements. The Audit Committee assists the Board of Directors in fulfilling its responsibility to our stockholders, the investment community and governmental agencies relating to the quality and integrity of our financial statements and the qualifications, independence and performance of our independent registered public accounting firm. During fiscal 2017, the Audit Committee met three times and took one action by written consent.

Independent Registered Public Accounting Firm Independence and Fiscal 2017 Audit. In discharging its duties, the Audit Committee obtained from Grant Thornton, our independent registered public accounting firm for the fiscal 2017 audit, a formal written statement describing all relationships between Deloitte and us that might bear on Grant Thornton's independence in accordance with the applicable requirements of the Public Company Accounting Oversight Board. In addition, the Audit Committee discussed with Grant Thornton any relationships that may impact Grant Thornton's objectivity and independence and satisfied itself as to Grant Thornton's independence. The Audit Committee also independently discussed with management and Grant Thornton the quality and adequacy of School Specialty's internal controls, and reviewed with Grant Thornton its audit plans, audit scope and identification of audit risks.

The Audit Committee discussed and reviewed with Grant Thornton all communications required by generally accepted auditing standards, including those described in PCAOB AS 1301, "Communications with Audit Committees," and, with and without management present, discussed and reviewed the results of Grant Thornton's fiscal 2017 audit of the financial statements.

Fiscal 2017 Financial Statements. The Audit Committee separately reviewed and discussed our audited financial statements and management's discussion and analysis of financial condition and results operations ("MD&A") as of December 30, 2017 and for the fiscal year ended December 30, 2017 with management and Grant Thornton. Management has the responsibility for the preparation of our financial statements and the independent registered public accounting firm has the responsibility for the examination of those statements.

Based on the above-mentioned review, and discussions with management and Grant Thornton, the Audit Committee recommended that the Board approve the inclusion of our audited financial statements and MD&A in our Fiscal 2017 Form 10-K for filing with the SEC.

4. ELIGIBILITY AND AWARDS AVAILABLE UNDER THE PLAN

- (a) Eligible Persons shall be eligible to receive Incentive Bonuses, Nonqualified Stock Options, Incentive Stock Options, Restricted Stock, Restricted Stock Units, and SARs under the Plan. In determining the Eligible Persons to whom Awards shall be granted and the number of Shares to be covered by each Award, the Administrator may take into account the nature of the services rendered by the respective Eligible Persons, their present and potential contributions to the success of the Company, and other such factors as the Administrator in its discretion shall deem relevant.
- (b) The Administrator shall have sole authority in its discretion, but always subject to the express provisions of the Plan and applicable law, to determine the Eligible Persons to whom Awards are granted under the Plan and the terms and provisions of each such Award, and to make all other determinations and interpretations deemed necessary or advisable for the administration of the Plan. The Administrator's determination of the foregoing matters shall be conclusive and binding on the Company, all Participants and all other persons.
- (c) A Participant may be granted additional Awards under the Plan if the Administrator shall so determine subject to the limitations contained in Section 5.

5. SHARES RESERVED UNDER PLAN

- (a) The aggregate number of Shares which may be issued under the Plan pursuant to the exercise of Options, the payment of Incentive Bonuses, the grant of Restricted Stock, and pursuant to the settlement of Restricted

Stock Units shall not exceed ~~450,000~~ 1,750,000 Shares, which may be treasury Shares or authorized but unissued Shares, or a combination of the two, subject to adjustment as provided in Section 12 hereof. For purposes of determining the maximum number of Shares available for issuance under the Plan, (1) any Shares which have been issued as Restricted Stock which are forfeited to the Company shall be treated, following such forfeiture, as Shares which have not been issued; (2) upon the exercise of an Option granted under the Plan, the full number of Options exercised at such time shall be treated as Shares issued under the Plan, notwithstanding that a lesser amount of Shares or cash representing Shares may have been actually issued or paid upon such exercise; and (3) upon the exercise of a SAR granted under the Plan, the full number of SARs exercised at such time shall not be treated as Shares issued under the Plan. For the sake of clarity, Shares withheld to satisfy taxes and Shares used to exercise an Option, either directly or by attestation, shall be treated as issued hereunder, and if an Option is exercised by using the net exercise method in accordance with Section 7(f), the gross number of Shares for which the Option is exercised shall be treated as issued for purposes of counting the Shares available for issuance under this Plan, not just the net Shares issued to the Participant after reduction for the exercise price and any required withholding tax. Further, for the avoidance of doubt, any Shares purchased by the Company using proceeds from Option exercises shall not be included in the number of Shares available under this Plan.

- (b) No individual Participant shall be eligible to receive grants of Options for more than an aggregate of ~~50,000~~ 350,000 Shares during any calendar year (subject to adjustment as provided in Section 12 hereof).
- (c) The aggregate number of shares of Restricted Stock that are subject to vesting based on Qualifying Performance Criteria, plus the number of Restricted Stock Units that are subject to vesting based on Qualifying Performance Criteria granted to any one Participant during any calendar year shall be limited to ~~25,000~~ 175,000 (subject to adjustment as provided in Section 12 hereof).
- (d) In no event shall the number of Shares issued pursuant to the exercise of Incentive Stock Options exceed ~~450,000~~ 1,050,000 Shares (subject to adjustment as provided in Section 12 hereof).

6. ADMINISTRATION OF THE PLAN

- (a) Different committees with respect to different groups of Service Providers may administer the Plan.
- (b) To the extent that the Administrator determines it to be desirable to qualify Awards granted hereunder as "performance-based compensation" within the meaning of Section 162(m) of the Code, the Plan will be administered by a committee of two or more "outside directors" within the meaning of Section 162(m) of the Code.
- (c) To the extent desirable to qualify transactions hereunder as exempt under Rule 16b-3 of the Securities Exchange Act of 1934, as amended, the transactions contemplated hereunder will be structured to satisfy the requirements for exemption under Rule 16b-3.
- (d) Other than as provided above, the Plan will be administered by (A) the Board of Directors or (B) a committee of the Board of Directors, which committee will be constituted to satisfy applicable laws.
- (e) The Administrator may designate the Secretary of the Company or other Company employees to assist the Administrator in the administration of this Plan, and may grant authority to such persons to execute agreements or other documents evidencing Awards made under this Plan or other documents entered into under this Plan on behalf of the Administrator or the Company.

7. OPTIONS

Options granted under this Plan shall be subject to such terms and conditions not inconsistent with the Plan as the Administrator shall determine, including the following:

- (a) Types of Options. An Option to purchase Shares granted pursuant to this Plan shall be specified to be either an Incentive Stock Option or a Nonqualified Stock Option. Any grant of an Option shall be confirmed by

the execution of an Option Agreement. An Option Agreement may include both an Incentive Stock Option and a Nonqualified Stock Option, provided each Option is clearly identified as either an Incentive Stock Option or a Nonqualified Stock Option.

- (b) **Maximum Annual Grant of Incentive Stock Options to Any Participant.** The aggregate Fair Market Value (determined at the time the Incentive Stock Option is granted in accordance with applicable law) of the Shares with respect to which Incentive Stock Options are exercisable for the first time by any Participant during any calendar year under this Plan (and under all other plans of the Company or any Subsidiary) shall not exceed \$100,000 or any lower limit set forth in the Code from time to time.
- (c) **Option Exercise Price.** The per share purchase price of the Shares under each Option granted pursuant to this Plan shall be determined by the Administrator but shall in all cases be equal to or greater than the Fair Market Value per Share on the date of grant of such Option.
- (d) **Exercise.** An Option Agreement may provide for exercise of an Option in such amounts and at such times as shall be specified therein; provided, however, except as provided in Section 7(g), below, or as otherwise determined by the Administrator, no Option granted to a Service Provider may be exercised unless that person is then rendering services to the Company or a Subsidiary and shall have been continuously so rendering services since its date of grant. Except as otherwise permitted by the Administrator, an Option shall be exercisable by a Participant giving written notice of exercise to the Secretary of the Company accompanied by payment of the required exercise price.
- (e) **Vesting.** Options granted under this Plan shall be exercisable at such time and in such installments during the period prior to the expiration of the Option's term as determined by the Administrator. The Administrator shall have the right to make the ability to exercise any Option granted under this Plan subject to such performance requirements as deemed appropriate by the Administrator.
- (f) **Payment of Exercise Price.** The exercise price shall be payable in whole or in part in cash, Shares held by the Participant, other property, or such other consideration consistent with the Plan's purpose and applicable law as may be determined by the Administrator from time to time. Unless otherwise determined by the Administrator, such price shall be paid in full at the time that an Option is exercised. If the Participant elects to pay all or a part of the exercise price in Shares, such Participant may make such payment by delivering to the Company a number of Shares already owned by the Participant, either directly or by attestation, which are equal in value to the purchase or exercise price. All Shares so delivered shall be valued at the Fair Market Value as of the business day immediately preceding the date on which such Shares are delivered. The Administrator may, in its discretion, permit a Participant to exercise an Option under a broker-assisted (or other) cashless exercise program (whether through a broker or otherwise) implemented by the Company in connection with the Plan. The Administrator may, in its discretion, permit a Participant to exercise an Option on a "net exercise" basis. In such case, the Company will deliver that number of Shares to the Participant which equals the number of Shares for which the Option was exercised, reduced by the number of whole Shares (which the Company shall retain) with a value on the date of exercise (based on the Fair Market Value as of the business day immediately preceding the date of exercise) equal to the exercise price and the required withholding tax at the time of exercise. To the extent the combined value of the whole Shares (valued at the Fair Market Value as of the business day immediately preceding the date of exercise) is not sufficient to equal the exercise price and required withholding tax, the Participant must pay such difference in cash to the Company before delivery of the Shares will be made to the Participant.
- (g) **Termination of Relationship as a Service Provider.** Except as determined otherwise by the Administrator at the time of grant:
 - (1) Any Participant who ceases to be a Service Provider due to Disability shall have one year from the date of such cessation to exercise any Option granted hereunder as to all or part of the Shares subject to such Option; provided, however, that no Option shall be exercisable subsequent to ten years after its date of grant, and provided further that on the date the Participant ceases to be a Service Provider, he or she then has a present right to exercise such Option;

(2) In the event of the death of a Participant while a Service Provider, any Option, as to all or any part of the Shares subject to such Option, granted to such Service Provider shall be exercisable:

(A) for one year after the Participant's death, but in no event subsequent to ten years from its date of grant;

(B) only (i) by the deceased Participant's designated beneficiary (such designation to be made in writing at such time and in such manner as the Administrator shall approve or prescribe), or, (ii) if the deceased Participant dies without a surviving designated beneficiary, by the personal representative, Administrator, or other representative of the estate of the deceased Participant, or (iii) by the person or persons to whom the deceased Participant's rights under the Option shall pass by will or the laws of descent and distribution; and

(C) only to the extent that the deceased Participant would have been entitled to exercise such Option on the date of the Participant's death.

(3) A Participant who holds an Option who has designated a beneficiary for purposes of Section 7(g)(2)(B)(i), above, may change such designation at any time, by giving written notice to the Administrator, subject to such conditions and requirements as the Administrator may prescribe in accordance with applicable law.

(4) If a Participant ceases to be a Service Provider for any other reason except termination of employment for Cause, then any Option, as to all or any part of the Shares subject to such Option, granted to such Participant shall be exercisable for three months after such cessation; provided, however, that no Option shall be exercisable subsequent to ten years after its date of grant, and provided further that on the date the Participant ceases to be a Service Provider, he or she then has a present right to exercise such Option.

(5) If a person ceases to be a Service Provider because of a termination of employment for Cause, to the extent an Option is not effectively exercised prior to such cessation, it shall lapse immediately upon such cessation.

(h) **Term of Options.** In no event shall an Option be exercisable after the ten-year anniversary of the grant of such Option. Every Option that has not been exercised within ten years of its date of grant shall lapse upon the expiration of said ten-year period unless it shall have lapsed at an earlier time.

(i) **Nature of Options.** No Participant shall have any interest in any fund or in any specific asset or assets of the Company by reason of any Options granted hereunder, or any right to exercise any of the rights or privileges of a stockholder (including, but not limited to, voting rights or entitlement to dividends) with respect to any Options until Shares are issued in connection with any exercise.

8. RESTRICTED STOCK AND RESTRICTED STOCK UNITS

Restricted Stock or Restricted Stock Units granted under this Plan shall be subject to such terms and conditions not inconsistent with the Plan as the Administrator shall determine, including the following:

(a) **Grants.** The terms of any grant of Restricted Stock or Restricted Stock Units shall be confirmed by the execution of a Restricted Stock Agreement or a Restricted Stock Unit Agreement.

(b) **Restrictions on Restricted Stock.** Restricted Stock may not be sold, assigned, conveyed, donated, pledged, transferred or otherwise disposed of or encumbered for the period determined by the Administrator (the "**Restricted Period**"), subject to the provisions of this Section 8. In the event that a Participant shall sell, assign, convey, donate, pledge, transfer or otherwise dispose of or encumber the Restricted Stock, said Restricted Stock shall, at the Administrator's option, and in addition to such other rights and remedies available to the Administrator (including the right to restrain or set aside such transfer), be forfeited to the Company upon written notice to the transferee thereof at any time within ninety (90) days after its discovery of such transaction.

- (c) **Vesting Conditions.** The Administrator shall determine the conditions under which Restricted Stock or Restricted Stock Units shall vest, including the satisfaction of performance criteria or the continuation of employment or services for the Company. The Administrator may set vesting conditions based upon the achievement of specific performance objectives, the continued employment of a Participant, or both. For purposes of qualifying Restricted Stock or Restricted Stock Units as “performance-based compensation” under Section 162(m) of the Code, the Administrator may set performance conditions based upon the achievement of Qualifying Performance Criteria. In such event, the Qualifying Performance Criteria shall be set by the Administrator on or before the latest date permissible to enable the Restricted Stock or Restricted Stock Units to qualify as “performance-based compensation” under Section 162(m) of the Code and the Administrator shall follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Restricted Stock or Restricted Stock Units under Section 162(m) of the Code, including, without limitation, written certification by the Administrator that the performance objectives and other applicable conditions have been satisfied before the Restricted Period shall end or the Restricted Stock Units are paid.
- (d) **Termination of Relationship as a Service Provider.** Except as determined otherwise by the Administrator at the time of grant, if a Participant ceases to be a Service Provider for any reason, all Restricted Stock and unvested Restricted Stock Units held by such Participant shall be forfeited to the Company.
- (e) **Discretionary Adjustments.** Notwithstanding satisfaction of any performance goals, the number of Shares granted, issued, retainable, or vested under an Award of Restricted Stock or Restricted Stock Units on account of either financial performance or personal performance evaluations may be reduced by the Administrator on the basis of such further considerations as the Administrator shall determine.
- (f) **No Rights as Stockholders for Participants Holding Restricted Stock Units.** No Participant shall have any interest in any fund or in any specific asset or assets of the Company by reason of any Restricted Stock Units granted hereunder, nor any right to exercise any of the rights or privileges of a stockholder with respect to any Restricted Stock Units or any Shares distributable with respect to any Restricted Stock Units until such Shares are so distributed.
- (g) **Dividends and Distributions with Respect to Restricted Stock.** Except as otherwise provided by the Administrator, a Participant who holds Restricted Stock shall be entitled to receive all dividends and other distributions paid with respect to the Restricted Stock, if any, until the Restricted Stock is forfeited or otherwise transferred back to the Company. Dividends payable by the Company to public stockholders in cash shall, with respect to any unvested shares of Restricted Stock, be paid in cash on or about the date such dividends are payable to public stockholders, subject to any applicable tax withholding requirements.
- (h) **Distribution of Shares with Respect to Restricted Stock Units.** Each Participant who holds Restricted Stock Units shall be entitled to receive from the Company one Share for each Restricted Stock Unit, as adjusted from time to time in the manner set forth in Section 12, below. However, the Company, as determined in the sole discretion of the Administrator at the time of grant, shall be entitled to settle its obligation to deliver Shares by instead making a payment of cash substantially equal to the Fair Market Value of the Shares it would otherwise be obligated to deliver, or by the issuance of a combination of Shares and cash, in the proportions determined by the Administrator, substantially equal to the Fair Market Value of the Shares the Company would otherwise be obligated to deliver. The Fair Market Value of a Share for this purpose will mean the Fair Market Value on the business day immediately preceding the date of the cash payment. Except as otherwise determined by the Administrator at the time of the grant, Restricted Stock Units shall vest and Shares shall be distributed to the Participant in respect thereof as of the vesting date; provided, however, if any grant of Restricted Stock Units to a Participant who is subject to U.S. federal income tax is nonqualified deferred compensation for purposes of Section 409A of the Code, cash or Shares shall only be distributed in a manner such that Section 409A of the Code will not cause the Participant to become subject to penalties and/or interest thereunder.

- (i) Dividends and Distributions with Respect to Restricted Stock Units. Except as otherwise provided by the Administrator, a Participant who holds Restricted Stock Units shall not be entitled to receive any dividends, dividend equivalents, or other distributions paid with respect to Shares.

9. SARS

Each SAR granted under this Plan shall be subject to such terms and conditions not inconsistent with the Plan as the Administrator shall determine, including the following:

- (a) Grants. The terms of any grant of SARs shall be confirmed by the execution of a SAR Agreement.
- (b) Grant Value. The Grant Value of each SAR granted pursuant to this Plan shall be determined by the Administrator and shall in all cases be equal to or greater than the Fair Market Value per Share on the date of grant of such SAR.
- (c) Exercise. An SAR Agreement may provide for exercise of a SAR by a Participant in such amounts and at such times as shall be specified therein. Except as otherwise permitted by the Administrator, a SAR shall be exercisable by a Participant by such Participant giving written notice of exercise to the Secretary of the Company.
- (d) Vesting. SARs shall be exercisable at such times and in such installments during the period prior to the expiration of the SAR term as determined by the Administrator. The Administrator shall have the right to make the timing of the ability to exercise any SAR granted under this Plan subject to such performance requirements as deemed appropriate by the Administrator.
- (e) Rights on Exercise. A SAR shall entitle the Participant to receive from the Company an amount in cash substantially equal to the excess of the Fair Market Value of one share as of the business day immediately preceding the date of exercise (the "Valuation Date") over the Grant Value for such SAR as set forth in the applicable SAR Agreement, multiplied by the number of SARs exercised.
- (f) Term of SARs. In no event shall a SAR be exercisable after the ten-year anniversary of the grant of such SAR. Every SAR that has not been exercised within ten years of its date of grant shall lapse upon the expiration of said ten-year period unless it shall have lapsed at an earlier date.
- (g) Termination of Relationship as a Service Provider. Except as determined otherwise by the Administrator at the time of grant:
- (1) Any Participant who ceases to be a Service Provider due to Disability shall have one year from the date of such cessation to exercise any SAR granted hereunder; provided, however, that no SAR shall be exercisable subsequent to ten years after its date of grant, and provided further that on the date the Participant ceases to be a Service Provider, he or she then has a present right to exercise such SAR.
 - (2) In the event of the death of a Participant while a Service Provider, any SAR granted to such Participant shall be exercisable:
 - (A) For one year after the Participant's death, but in no event later than ten years from its date of grant;
 - (B) only (i) by the deceased Participant's designated beneficiary (such designation to be made in writing at such time and in such manner as the Administrator shall approve or prescribe), (ii) if the deceased Participant dies without a surviving designated beneficiary, by the personal representative, administrator, or other representative of the estate of the deceased Participant, or (iii) by the person or persons to whom the deceased Participant's rights under the SAR shall pass by will or the laws of descent and distribution; and
 - (C) only to the extent that the deceased Participant would have been entitled to exercise such SAR on the date of the Participant's death.

(3) A Participant who holds a SAR who has designated a beneficiary for purposes of Section 9(g)(2)(B)(i), above, may change such designation at any time, by giving written notice to the Administrator, subject to such conditions and requirements as the Administrator may prescribe in accordance with applicable law.

(4) If a Participant ceases to be a Service Provider for any other reason except termination of employment for Cause, then any SAR granted to such Participant shall be exercisable for three months after such cessation; provided, however, that no SAR shall be exercisable subsequent to ten years after its date of grant, and provided further that on the date the person ceases to be a Service Provider, he or she then has a present right to exercise such SAR.

(5) If a person ceases to be a Service Provider because of a termination of employment for Cause, to the extent an SAR is not effectively exercised prior to such cessation, it shall lapse immediately upon such cessation.

- (h) **Nature of SARs.** No Participant shall have any interest in any fund or in any specific asset or assets of the Company by reason of any SARs granted hereunder, or any right to exercise any of the rights or privileges of a stockholder (including, but not limited to, voting rights or entitlement to dividends) with respect to any SARs.

10. INCENTIVE BONUSES

Each Incentive Bonus granted under this Plan shall be subject to such terms and conditions not inconsistent with the Plan as the Administrator shall determine, including the following:

- (a) **Incentive Bonuses in General.** Each Award of an Incentive Bonus will confer upon the Participant the opportunity to earn a future payment tied to the level of achievement with respect to one or more performance criteria established for a performance period of one year or greater.
- (b) **Incentive Bonus Agreement.** The terms of any grant of an Incentive Bonus shall be confirmed by the execution of an Incentive Bonus Agreement. Each Incentive Bonus Agreement shall contain provisions regarding (a) the target and maximum amount payable to the Participant as an Incentive Bonus, (b) the performance criteria and level of achievement versus these criteria that shall determine the amount of such payment, (c) the term of the performance period as to which performance shall be measured for determining the amount of any payment, (d) the timing of any payment earned by virtue of performance, (e) restrictions on the alienation or transfer of the Incentive Bonus prior to actual payment, (f) forfeiture provisions, and (g) such further terms and conditions, in each case not inconsistent with this Plan, as may be determined from time to time by the Administrator. The maximum amount payable as an Incentive Bonus may be a multiple of the target amount payable, but the maximum amount payable pursuant to that portion of an Award of an Incentive Bonus granted under this Plan for any fiscal year to any Participant that is intended to satisfy the requirements for "performance-based compensation" under Code Section 162(m) shall not exceed \$2,500,000.
- (c) **Performance Criteria.** The Administrator shall establish the performance criteria and level of achievement versus these criteria that shall determine the target and maximum amount payable under an Award of an Incentive Bonus, which criteria may be based on financial performance, personal performance evaluations, or both. ~~The Administrator may specify the percentage of the target Incentive Bonus that is intended to satisfy the requirements for "performance-based compensation" under Code Section 162(m). Notwithstanding anything to the contrary herein, the performance criteria for any portion of an Incentive Bonus that is intended by the Administrator to satisfy the requirements for "performance-based compensation" under Code Section 162(m) shall be a measure based on one or more Qualifying Performance Criteria selected by the Administrator and specified at the time the Award of an Incentive Bonus is granted. The Administrator shall certify the extent to which any Qualifying Performance Criteria have been satisfied, and the amount payable as a result thereof, prior to payment of any Incentive Bonus that is intended to satisfy the requirements for "performance-based compensation" under Code Section 162(m).~~

- (d) **Timing and Form of Payment.** The Administrator shall determine the timing of payment of any Incentive Bonus, provided that the timing of such payment shall satisfy an exception to Code Section 409A or, if no such exception is available, the timing of such payment shall comply with the requirements of Code Section 409A. Payment for any Incentive Bonus shall be made in cash, Shares or a combination thereof as determined by the Administrator.
- (c) **Discretionary Adjustments.** Notwithstanding satisfaction of any Qualifying Performance Criteria, the amount paid under an Award of an Incentive Bonus on account of either financial performance or personal performance evaluations may be reduced by the Administrator on the basis of such further considerations as the Administrator shall determine.

11. LAWS AND REGULATIONS

Each Incentive Bonus Agreement, Option Agreement, Restricted Stock Agreement, Restricted Stock Unit Agreement, and SAR Agreement shall contain such representations, warranties and other terms and conditions as shall be necessary in the opinion of counsel to the Company to comply with all applicable federal and state securities laws. The Company shall have the right to delay the issue or delivery of any Shares under the Plan until (a) the completion of such registration or qualification of such Shares under any federal or state law, ruling or regulation as the Company shall determine to be necessary or advisable, and (b) receipt from the Participant of such documents and information as the Administrator may deem necessary or appropriate in connection with such registration or qualification.

12. ADJUSTMENT PROVISIONS

- (a) **Share Adjustments.** In the event of any stock dividend, stock split, recapitalization, merger, consolidation, combination or exchange of shares, or the like, as a result of which shares of any class are issued in respect of the outstanding Shares, or the Shares are changed into the same or a different number of the same or another class of stock, or into securities of another person, cash or other property (not including a regular cash dividend), the total number of Shares authorized to be offered in accordance with Section 5 and the other limitations contained in Section 5, the number of Shares subject to each outstanding Option, the number of Shares of Restricted Stock then held by each Participant, the number of shares to which each then outstanding SAR relates, the number of shares to which each outstanding Award of Restricted Stock Unit relates, the exercise price applicable to each outstanding Option and the Grant Value of each outstanding SAR shall be appropriately adjusted as determined by the Administrator.
- (b) **Binding Effect.** Any adjustment, waiver, conversion or other action taken by the Administrator under this Section 12 shall be conclusive and binding on all Participants and all other persons.

13. CORPORATE TRANSACTIONS OR CHANGES OF CONTROL

- (a) **Merger, Consolidation or Reorganization.** In the event of the consummation of a merger, consolidation or reorganization with another corporation in which the Company is not the surviving corporation or a merger, consolidation or reorganization involving the Company in which the common stock ceases to be publicly traded, the Administrator may, subject to the approval of the Board of Directors, or the board of directors of any corporation assuming the obligations of the Company hereunder, take action regarding each outstanding and unexercised Award pursuant to either clause (1) or (2) below:
 - (1) Appropriate provision may be made for the protection of such stock-based Award by the substitution on an equitable basis of appropriate shares of the surviving or related corporation, provided that, for Options or SARs, the excess of the aggregate Fair Market Value of the Shares subject to such Award immediately before such substitution over the exercise price or Grant Value thereof, if any, is not more than the excess of the aggregate Fair Market Value of the substituted shares made subject to such Award immediately after such substitution over the exercise price thereof, if any; or
 - (2) The Administrator may cancel such Award. In the event any Option or SAR is canceled, the Company, or the corporation assuming the obligations of the Company hereunder, shall pay the Participant

an amount of cash (less normal withholding taxes) equal to the excess of (i) the value, as determined by the Administrator, of the property (including cash) received by the holder of a Share as a result of such event over (ii) the exercise price of such Option or Grant Value of such SAR, multiplied by the number of shares subject to such Option or the number of SARs (including, in the sole discretion of the Administrator, any unvested portion). In the event any other Award is canceled, the Company, or the corporation assuming the obligations of the Company hereunder, shall pay the Participant an amount of cash or stock, as determined by the Administrator, based upon the value, as determined by the Administrator, of the property (including cash) received by the holder of a Share as a result of such event (including, in the sole discretion of the Administrator, payment for any unvested portion). No payment shall be made to a Participant for any Option or SAR if the exercise price for such Option or Grant Value of such SAR exceeds the value, as determined by the Administrator, of the property (including cash) received by the holder of a share of Company Stock as a result of such event. Except as otherwise provided by the Administrator, determination of any payment under this Section 13(a)(2) for an Award that is subject to Qualifying Performance Criteria shall be based upon achievement at the target level of performance.

- (b) **Effect of Change in Control upon Certain Awards.** Except as otherwise determined by the Administrator, or except where a Participant's entitlement to an Award is subject to Qualifying Performance Criteria, upon a Participant's involuntary termination of employment without Cause or a voluntary termination of the Participant's employment for Good Reason within twelve months following a Change in Control, all Awards will become fully vested, and for Options and SARs, immediately exercisable. In the case of an Award under which a Participant's entitlement to the Award is subject to the achievement of Qualifying Performance Criteria, except as otherwise determined by the Administrator, upon the occurrence of a Change in Control, the Participant shall be deemed to have satisfied the Qualifying Performance Criteria at the target level of performance and such Award shall continue to vest based upon the time-based service vesting criteria, if any, to which the Award is subject. For Awards described in the preceding sentence that are assumed or maintained by the acquiring or surviving company following a Change in Control, except as otherwise determined by the Administrator, upon a Participant's involuntary termination of employment without Cause or a voluntary termination of the Participant's employment for Good Reason within twelve months following a Change in Control, the time-based service vesting criteria shall be deemed satisfied at the time of such termination. Other than as specifically set forth in this Section 13, following a Change in Control, Awards shall continue to be subject to any time-based vesting criteria or forfeiture provisions to which such Awards were subject prior to the Change in Control.

14. TAXES

- (a) **Incentive Bonuses.** The Company shall be entitled to pay and withhold from any amounts payable by the Company to a Participant the amount of any tax which it believes is required as a result of the payment of an Incentive Bonus.
- (b) **Options and SARs.** The Company shall be entitled to pay and withhold from any amounts payable by the Company to a Participant the amount of any tax which it believes is required as a result of the grant, vesting or exercise of any Option or SAR. The Company may defer making delivery with respect to Shares obtained pursuant to exercise of any Option until arrangements satisfactory to it have been made with respect to any such withholding obligations. Except as otherwise provided by the Administrator, a Participant exercising an Option may, at his or her election, satisfy his or her obligation for payment of required withholding taxes by having the Company retain a number of Shares having an aggregate value (based on the Fair Market Value per Share on the business day immediately preceding the date the Option is exercised) equal to the amount of the required withholding tax.
- (c) **Restricted Stock.** The Company shall be entitled to pay and withhold from any amounts payable by the Company to a Participant the amount of any tax which it believes is required as a result of the issuance of or lapse of restrictions on Restricted Stock, and the Company may defer the delivery of any Shares or Share certificates until arrangements satisfactory to the Administrator shall have been made with respect to any

such withholding obligations. Except as otherwise provided by the Administrator, a Participant may, at his or her election, satisfy his or her obligation for payment of required withholding taxes with respect to Restricted Stock by delivering to the Company a number of Shares which were Restricted Stock upon the lapse of restrictions, or Shares already owned, having an aggregate value (based on the Fair Market Value per Share on the business day immediately preceding the date the Shares are withheld) equal to the amount of the required withholding tax.

- (d) **Restricted Stock Units.** The Company shall be entitled to pay and withhold from any amounts payable by the Company to a Participant the amount of any tax which it believes is required as a result of the grant or vesting of any Restricted Stock Units or the distribution of any Shares or cash payments with respect to Restricted Stock Units, and the Company may defer making delivery of Shares with respect to Restricted Stock Units until arrangements satisfactory to the Administrator have been made with respect to any such withholding obligations. Except as otherwise provided by the Administrator, a Participant who holds Restricted Stock Units may, at his or her election, satisfy his or her obligation to pay the required withholding taxes by having the Company withhold from the number of Shares distributable, if any, a number of Shares having an aggregate value (based on the Fair Market Value per Share on the business day immediately preceding the date the Shares are withheld) equal to the amount of the required withholding tax.

15. TRANSFERABILITY

Unless the agreement or other document evidencing an Award (or an amendment thereto authorized by the Administrator) expressly states that the Award is transferable, no Award granted under this Plan, nor any interest in such Award, may be sold, assigned, conveyed, gifted, pledged, hypothecated or otherwise transferred for value in any manner prior to the vesting or lapse of any and all restrictions applicable thereto, other than by will or the laws of descent and distribution or pursuant to a "domestic relations order," as defined in the Code. The Administrator may grant an Award or amend an outstanding Award to provide that the Award is transferable or assignable to a member or members of the Participant's "immediate family," as such term is defined in Rule 16a-1(e) under the Exchange Act, or to a trust for the benefit solely of a member or members of the Participant's immediate family, or to a partnership or other entity whose only owners are members of the Participant's immediate family, provided that following any such transfer or assignment the Award will remain subject to substantially the same terms applicable to the Award while held by the Participant, as modified as the Administrator shall determine appropriate, and the transferee shall execute an agreement agreeing to be bound by such terms.

16. EFFECTIVENESS OF THE PLAN

~~The Plan, as approved by the Administrator and the Board of Directors, shall become effective as of the date of such approval, subject to ratification of the Plan by the vote of the stockholders.~~

The effective date of the Plan is April 24, 2014 (the "Effective Date"). The Board amended the Plan April 9, 2018, subject to the approval of stockholders of the Company at the 2018 Annual Meeting of Stockholders.

17. TERMINATION AND AMENDMENT

Unless the Plan is earlier terminated as hereinafter provided, no Award shall be granted after the ten-year anniversary of the ~~e~~Effective ~~d~~Date of the Plan, as provided in Section 16. The Board of Directors may terminate the Plan or make such modifications or amendments to the Plan as it shall deem advisable, including, but not limited to, such modifications or amendments as it shall deem advisable in order to conform to any law or regulation applicable to the Plan; provided, however, that the Board of Directors may not, without further approval of the holders of a majority of the Shares voted at any meeting of stockholders at which a quorum is present and voting, adopt any amendment to the Plan for which stockholder approval is required under tax,

securities or any other applicable law or the listing standards of such exchange or inter-dealer quotation system on which the Shares are listed. Except to the extent necessary for Participants to avoid becoming subject to penalties and/or interest under Section 409A of the Code with respect to Awards that are treated as nonqualified deferred compensation thereunder, no termination, modification or amendment of the Plan may, without the consent of the Participant, adversely affect the rights of such Participant under an outstanding Award then held by the Participant.

Except as otherwise provided in this Plan, the Administrator may amend an outstanding Award or any Incentive Bonus Agreement, Option Agreement, Restricted Stock Agreement, Restricted Stock Unit Agreement, or SAR Agreement; provided, however, that the Participant's consent to such action shall be required unless the Administrator determines that the action, taking into account any related action, (i) would not materially and adversely affect the Participant or (ii) where applicable, is required in order for the Participant to avoid becoming subject to penalties and/or interest under Section 409A of the Code. The Administrator may also modify or amend the terms of any Award granted under the Plan for the purpose of complying with, or taking advantage of, income or other tax or legal requirements or practices of foreign countries which are applicable to Participants. However, notwithstanding any other provision of the Plan, the Administrator may not reduce the exercise price of any outstanding Option or SAR, whether through amendment, cancellation and replacement grants, or any other means without stockholder approval, except as authorized under Section 12 or 13 of the Plan.

18. OTHER BENEFIT AND COMPENSATION PROGRAMS

Payments and other benefits received by a Participant under an Award granted pursuant to the Plan shall not be deemed a part of such Participant's regular, recurring compensation for purposes of the termination, indemnity or severance pay law of any country and shall not be included in, nor have any effect on, the determination of benefits under any other employee benefit plan, contract or similar arrangement provided by the Company or any Subsidiary unless expressly so provided by such other plan, contract or arrangement, unless required by law, or unless the Administrator expressly determines otherwise.

19. FORFEITURE OF AMOUNTS PAID UNDER THE PLAN

The Company shall have the right to require any Participant to forfeit and return to the Company any Award made to the Participant pursuant to this Plan (or amounts realized thereon) consistent with any recoupment policy maintained by the Company under Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act or any Securities and Exchange Commission rule, as such policy is amended from time to time.

20. NO RIGHT TO EMPLOYMENT

The Plan shall not confer upon any person any right with respect to continuation of employment by the Company or a Subsidiary, nor shall it interfere in any way with the right of the Company or such Subsidiary to terminate any person's employment at any time. The agreements or other documents evidencing Awards may contain such provisions as the Administrator may approve with reference to the effect of approved leaves of absence.

21. GOVERNING LAW

This Plan and any agreements or other documents hereunder shall be interpreted and construed in accordance with the laws of the State of Delaware and applicable federal law. The Administrator may provide that any dispute as to any Award shall be presented and determined in such forum as the Administrator may specify, including through binding arbitration. Any reference in this Plan or in the agreement or other document evidencing any Award to a provision of law or to a rule or regulation shall be deemed to include any successor law, rule or regulation of similar effect or applicability.
