Strategic Plan Initiative 1: Ensuring Strong Readers by the Third Grade

Highlights from Schools

Schools Across District Receive Literacy Kits for All Elementary Students

Stephen and Ayesha Curry's Eat. Learn. Play. Foundation delivered thousands of literacy kits to OUSD for elementary students. Schools distributed them mostly in December. This is Lincoln Elementary where, during a visit from Santa before winter break, staff and volunteers handed out more than 700 kits (in the light blue boxes) along with art supplies, COVID test kits, and snacks.

This event was preceded by an evening of transforming the auditorium space into a virtual Santa's workshop, courtesy of staff, family leaders and students.

Every elementary student has received a great selection of grade-appropriate books to read and share with their family. While the Lincoln students also received the art supplies and a sketchbook, other schools added similar treats to the giveaways.

Basketball Teams & Cheer Squads Come Together for Annual OAL Jamboree

Initiative: Joyful Schools

www.ousd.org/strategicplan

The Oakland Athletic League (OAL) hosted the Annual Basketball Jamboree after a hiatus of several years because of the pandemic. Teams from across the District came together in the gym at Fremont High School for a day of competition on Saturday, January 7.

The teams involved were the girls teams from Castlemont, Fremont, Oakland High, Oakland Tech, and Skyline. The boys teams came from Castlemont, Fremont, McClymonds, Oakland Tech, and Skyline. The cheer squads from all high schools were invited and had a competition of their own.

The day included 18+ games, a slam dunk contest and an awards ceremony. The OAL's goal was to ensure student-athletes had positive and memorable experiences. Based on coach and staff feedback, it was an outstanding day for everyone involved.

OUSD Staff Members are Celebrated by the Golden State Warriors

Initiative: Diverse & Stable Staff

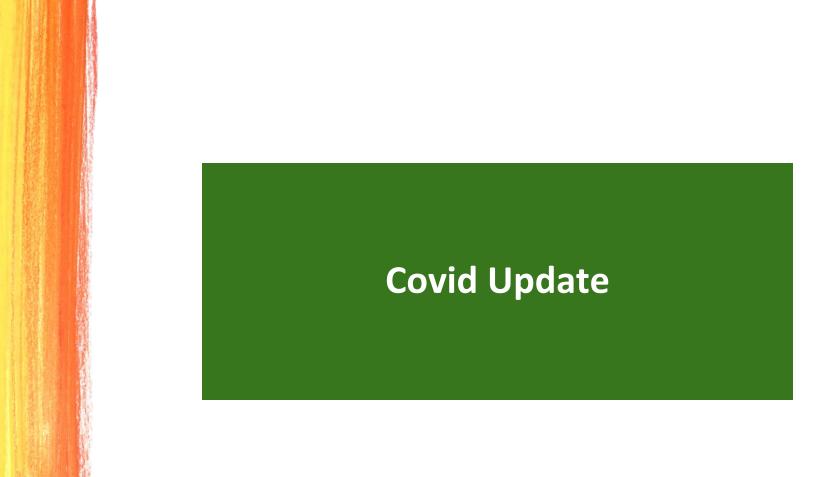

www.ousd.org/strategicplan

The Golden State Warriors hosted 75-100 OUSD educators at their game on January 7. With support from Kaiser Permanente, Eat. Learn. Play. Foundation, and Rakuten, the team hosted our staff from Martin Luther King Jr Elementary (pictured), Garfield Elementary, Dewey Academy, OAK, Fremont High, and the central office. They got to sit in the stands in some cases with teachers and staff from San Francisco Unified School District.

Before the game, I took part in an education panel discussion with, among others, Stephen Curry's mother, Sonya, who was an educator and ran her own school for decades. We discussed numerous topics including the importance of supporting student and staff mental health, bringing joy into schools, and ensuring staff retention.

Many thanks to the Warriors and all the amazing partners who supported our staff with a fun night out at Chase Center! #GoWarriors!

Reflection: What are you learning via implementation?

What's working? What's challenging? Why? What are ways you can respond to the challenges?

What's Working:

- Anchoring our communication and Professional Learning sessions in our Language and Literacy Framework/Vision and providing teachers with PD to support implementation of the instructional expectations embedded (e.g. Designated ELD PD, SIPPS PD, etc.)
 - Seeing improved literacy curriculum implementation when we compare Learning Walk Indicators from 21-22 to 22-23
- Central Early Literacy Coaches and Literacy Coordinators tailoring support to sites based on needs and providing direct to teacher PD
- Campaign for recruiting additional Literacy Liberators and providing training/ongoing support to them
- Developed content (videos/PPTs) to support Family Literacy Milestone Workshops and OaklandREADS
- Partnering with community partners to realize the vision of Home LitKits for families (Grants from Warriors Foundation and Eat.Learn.Play, collaboration with EdFund for volunteers and ordering materials)

What's Challenging:

- Our teachers have adopted new ELA and Math curriculum in subsequent years so we are still working to build expertise in the literacy curriculum and working to enhance the quality of instruction students receive
 - We are responding by trying to tailor support to schools based on levels of expertise in different instructional areas (e.g. SIPPS, EL Education CORE block, Designated ELD, Dual Language, etc.)
- Leaders and teachers express deep appreciation for the support of Literacy Liberators/K-2 Tutors but we are still working on retention strategies and ways to increase their pay
- Our timeline for compiling and distributing the Home LitKits has been pushed back due to a number of factors (e.g. back ordered books)

Long-Term Goals

Updates - Feb. 2023

How are you tracking progress towards these long-term goals? What changes are you seeing in this data (if any at this stage of the year)?

Increase the percentage of K and 3rd graders reading at mid/above grade level on Spring i-Ready assessment by +12pp (6 per year for two years) by 2024.

Increase the English Learner (EL) reclassification rate by +9pp (3 per year for three years) by 2024.

Decrease the percentage of grade 6-11 students in targeted groups reading multiple years below grade level on Spring Reading Inventory by -9pp (-3 per year for three years) by 2024.

- Our data from this Fall compared to last Fall shows acceleration of letter learning for Kindergarten students as well as an increase in students receiving SIPPS instruction:
- In December, we had 75.6% of Kinders having mastered 20+ lowercase letters versus last December when we only had 63.6% of students mastering 20+ lowercase letters. (See slide above)
- Each month this Fall and Winter we have seen an increase in SIPPS Mastery Test participation this year compared to last year. (See slide above)
