- Principal Professional Learning (twice/month) strand on enabling conditions for pathway development
- Administrative Assistants have facilitated opportunities to share and build practice around operational side of Linked Learning pathways

Input from Commission

What questions and input does the Commission have about what's been presented thus far about structures for site cross-sharing? What might you like to see in the future?

Next Step: Staff will discuss input and revisit this topic with Commission, likely at the November 1st or 15th meeting.
