Resource 2600 – Expanded Learning Opportunities Program

Background

As a result of receiving Expanded Learning Opportunities Program (ELOP) funding from the State of California, the District has expanded comprehensive after school programming to include every OUSD elementary, middle, and high school. One required element of after school programming is physical activity for students. Additionally, ELOP funding allows for services on weekends and over the summer.

To take advantage of this opportunity to provide additional services to students, the District issued Request for Proposal (RFP) #21-120ExLO seeking vendors to propose sports-based youth development programs during expanded learning (before school, after school, intersession) time. Vendor successfully completed RFP requirements and was selected as a partner to provide services for TK-6 programs.

D. Introduction and Overview

The Oakland Unified School District (OUSD) Department of Expanded Learning (ExLO) and Oakland Athletic League (OAL) invites interested organizations to apply for the sports-based youth development programs serving youth, particularly TK-6th grades, to provide entry point for youth to have the opportunity to participate in middle and high sports activities. Sports-based youth development organizations must support and align with the OUSD's strategic plan to create equitable and joyful schools.

The push for the Expanded Learning Office's to provide sports-based youth development is founded in these local and national data.

- Low-income kids are 6 times more likely to quit sports due to costs (*Source. Project Play*)
- 1 out of 3 girls felt their schools were not offering girls, sports that interested them, and 1 out of 4 had challenges around participating due to family responsibilities or lack of money (*Source. Go Out & Play: Youth Sports in America, WSF, 2008. Coaching Corps*)
- Kids quit most sports by age 11 (*Project Play*)
- Girls, enter sports later, participate in lower numbers and drop out sooner in many settings. Urban and rural girls drop sports at twice the rate of boys. (*Source. Go Out & Play: Youth Sports in America, WSF, 2008. Coaching Corps*)
- High school girls who play sports are less likely to be involved in an unintended pregnancy; more likely to get better grades in school and more likely to graduate than girls who do not play sports. (*Source. Women's Sports Foundations founded by Billie Jean King*)

Therefore, our sports-based youth development program approach primary focus is to increase the menu of sports-based youth development programs to our TK-6th grade students. Secondly, increase access to youth sports programs within our elementary sites across Oakland, which will help increase participation in the middle and high school sports for girls and students who do not usually have access to sports programs. Thirdly, create the condition for "equalable play." The sport-based youth development organizations will be an integral part of our OUSD Full Service Community Schools and make an impactful contribution toward strengthening our district, expanded learning system, and community.

Oakland Unified School District's (OUSD) mission is to build a Full-Service Community District focused on high academic achievement while serving the whole child, eliminating inequity, and providing each child with excellent teachers/coaches every day. Expanded Learning supports this mission while holding our values of equity, joy, and liberation for youth and adults with the express purpose of interrupting inequity, examining biases, creating inclusive, and just conditions for all students to achieve equally high outcomes.

Eligible sports-based youth development organizations will help all students develop strong social-emotional skills, leadership, and foundational knowledge of the sports. In addition foster sportsmanship, teamwork, and an appreciation for an athletes' mindset to further play in middle and high school sports programs.

The two types of sports-based youth development programs that the Expanded Learning Office is hoping to solicit CBOs to apply are (i) the sports-based youth development at the school site, is the **school-based model (SBI)**, and (ii) the **intercession model (IM)** during the 2022-23 school year serving across all of the OUSD elementary schools.

(i) The **School-based Model of Sports-Based Youth Program**. This model provides youth with multiple weeks (ranging from 4 to 8 weeks) of sports program within the context of the after-school hours (Monday-Friday 3-6pm) and working directly with the approved OUSD Expanded Lead Agencies. Interest CBOs must provide 2-days a week, 45-60 minute sessions, of the sports program that meets ASES and 21st CCLC physical activity component; of a warm-up, organize sports activities, and a cool down. Each CBO is required to have a 20:1 ratio (except for TK/K, which is 10:1 ratio). The ratio of students to staff may vary based on the types of the youth-based program (high-risk, high supervision, etc.). The OUSD Expanded Learning Office will approve the students to staff ratio before the contract is agreed upon.

The 51-OUSD elementary schools/programs will select which eligible sports-based programs will be a match for the students/community. *Note: The Expanded Learning Office does not guarantee organization placement to school or the number of school sites that will opt into the sports program.

(ii) The **Intercession Model of Sports-Based Youth Program**. This model provides youth with a weekend or a week-long sports program at a location. The approved organization must “offer a 9-hour of program” for each day of operation. This includes program early admission, registering/checking-in students to signing students out, and programs. The Intercession model is structured like a camp-style format to invite 51-elementary students to register for the “Intercession Model” program.

Organizations can apply both models but must demonstrate the capacity and history of providing the sports-based youth development program.

<p>School-Based Model: Offer multiple weeks of sport-based programming either 2-days of the week serving 20 students per site.</p>	<p>Intercession Model (Offering 9-hours of programming)</p> <ul style="list-style-type: none"> ● Weekends (Saturday, Sunday, or both days) ● Fall Break: week-long offering ● Winter Break: week-long offering ● Spring Break: week-long offering

*4 week program at Jackson Elementary School

and 3rd-5th grade on Monday/Friday)*

*6 week program at El Pena Academy

Term of the List of Qualified Agencies

The Request for Proposals (RFP) for sport-based organizations will result in a list of OUSD vetted sport-based organizations which OUSD will enter into a one-year contract. The selection and scheduling of the sports provider are at the discretion of the Expanded Learning Office, the expanded learning lead agency, and the school site administrator (Principal). School year schedules are created through a partnership between the sport-based organization and the Expanded Learning Office. Once selected to serve as a sport-based provider, the organization will work directly with the Expanded Learning Office to schedule the menu of sports-based youth development programs throughout the year starting in August to May before the contract is agreed upon.

Overview of OUSD Expanded Learning Programs

OUSD Expanded Learning Programs strive to create and sustain "safe haven" environments where Oakland children and youth can access expanded learning opportunities and integrated education, health, cultural, and enrichment programs outside of school hours or the regular school year. OUSD Expanded Learning Programs operate in elementary, middle, and high schools across the city of Oakland.

When programming is conducted in-person, over 9,000 students across 80 schools participate in OUSD expanded learning programs that operate Monday - Friday until 6:00 pm. Students who participate in expanded learning programs every day receive an additional 540 hours of learning by the end of the school year, equivalent to 90 additional days of school. In these valuable after-school hours, students engage in youth development activities that foster their physical health, social-emotional learning/well-being, and support their academic achievement in school. In order to meet these goals, the quality and success of the District's expanded learning programs are critical.

These expanded learning and summer programs are aligned with efforts in Oakland to improve young people's educational outcomes, including Oakland's investment in Kids First! The legislative initiative goal to "Help Children and Youth Succeed in School and Graduate High School" and the Oakland Unified School District's Full-Service Community Schools initiative seeks to provide health, education, and social services to youth, and their families, and the community.

OUSD expanded learning and summer programs offer critical support to schools, students, and their families. In addition to providing children and youth with sanctuary, quality expanded learning programs to support students academically and socially, OUSD expanded learning programs serve a large proportion of youth who typically benefit from additional learning support, including students from low-income households (75%) and English Learners (31%). Additionally, approximately 25% of OUSD after-school participants are African American and 45% are Latino.

OUSD seeks sport-based organizations whose mission and vision closely align and support the District's strategic plan and vision for Full-Service Community Schools.

High-quality sport-based organizations must satisfy the physical activity grant funding requirements— detailed further below and in the MOU—and provide additional opportunities for youth to practice the social skills they need to succeed.

E. Funding

Sports-based youth programs will be funded through the Expanded Learning Opportunity Program (ELO-P). The California Department of Education (CDE). CDE introduced ELO-P funding in 2021 to increase expanded learning opportunities for unduplicated students. The CDE grant required the grantee to record student participation through a database called Aeries, an OUSD's internal attendance tracking system.

- Example of suggested budget when providing a **school-based model**:
 - Ex: 1-Staff/Sports Coach at \$100 per hours x 2 hours x 2 days a week x 4 weeks (# of days) = \$1,600 x 5 sites = \$8,000
 - Ex: 1-Staff/Sports Coach at \$100 per hours x 2 hours x 2 days a week x 5 weeks (# of days) = \$2,000 x 5 sites = \$10,000
 - Ex: 1-Staff/Sports Coach at \$100 per hours x 2 hours x 2 days a week x 6 weeks = \$2,400 x 5 sites (# of days) = \$12,000
 - Example of suggested budget when providing **intercession model** (i.e. Saturday Camp)
 - \$350 per coach per session (Morning Session and afternoon session) = \$700
 - Propose flat rate to host 9-hours
 - Ex: 1-Staff/Sports Coach at \$350 per session x 2 sessions x 1 days = \$700 x 5 coaches (serving 100 youth) x \$700 = \$3,500

F. Sport Based Programs Operation

Approved sports-based youth program organizations must have an organizational infrastructure to provide sports programs throughout the year. Therefore, interested organizations need to review and consider the list of expectations of each program model before applying to be the sport-based program.

[School-based model (labeled as "SBM" and intercession model labeled as "IM")]

- Interested organizations must be able to provide sports-based programs at a minimum of 2-schools when providing a school-based program model. (SBM)
- Interested organizations must uphold the grant, district compliance, and program quality standards (e.g. attendance, safety training, participation in sports-based learning provided by the district, Positive Coaching Alliance, etc). (SBM & IM)
- Interested organizations implement sign in/out procedure
- Interested organizations, when providing district snacks will comply with district protocol and federal requirements
- Interested organizations must incorporate ASES and 21st CCLC physical activity component of a warm-up, organize sports activities, and a cool down
- Interested organizations must serve a 20:1 ratio (students: staff). (SBM)
 - Will collaborate with the ExLO Office to identify the maximum number of students participating during school-based model or intercession model. (IM)
- Approved sports-based organizations provide school-based or intercession models and work with the ExLO Office to offer high-quality sports programs and meet district safety requirements or grant compliance to ensure continual funding. (SBM & IM)

G. Enrollment, Attendance, and Evaluation Documentation

Approved sport-based youth program organizations will need to consider CDE Guidelines, OUSD Expanded Learning Office expectations, and site-level input (e.g. site administrator) when it comes to student enrollment consideration, attendance protocol, and programmatic evaluation.

- a. **Enrollment:** The approved sport-based organization must work under the umbrella of the expanded learning provider and track all student participation.
- b. **Attendance:** Attendance must be tracked for all camps and must be turned into the expanded learning provider.
- c. **Evaluation:** The expanded learning provides yearly evaluation of programs and works to get feedback from students, community, and partners.

H. Contract and Payments

Sport-based youth program organizations that are approved through the process described in this RFP must enter a 1-year contract with OUSD. They may not begin operating at a school site unless the District and agency have executed a contract on the District's template. Invoices are processed on a cost-reimbursement basis for actual expenditures incurred.

I. RFP Process

Any sport-based youth program organization applying for the 2022 - 23 school year and/or beyond must successfully complete the sport-based RFP process and earn *highly recommended* or *conditionally recommended* status, detailed below. Therefore, an organization that does not successfully complete the RFP process or does not earn a *highly recommended* or *conditionally recommended* status will not be contracted with OUSD to serve in the sport-based organization role in the 2022-23 school year.

Sport-based organizations that submit an RFP by the deadline will be assessed based on their RFP responses. Applications that have the potential to earn the *highly recommended* or *conditionally recommended* status and require additional information may be invited for an interview with the RFP Review Team.

Organizations completing this 2022 RFP process will be assessed and scored into one of the following three categories:

- 1) **Highly Recommended:** Organization has adequately demonstrated its capacity to serve in a sport-based role and fulfill *all* sports camp responsibilities outlined by OUSD and listed in Section III of this RFP and required document. This *highly recommended* status will be valid for up to 2022-2023 school years, depending on the organization's successful implementation of the agreed-upon scope of work.
- 2) **Conditionally Recommended:** Organization has adequately demonstrated its capacity to serve in the sport-based organization role and to fulfill *most, though not all*, of the responsibilities outlined by OUSD and listed in Section III of this RFP and required document. Organizations receiving this *conditionally recommended* status will be provided with specific feedback from the RFP Review Team on areas of responsibility where the organization has not adequately demonstrated effective capacity. This *conditionally recommended* status will be valid for up to one year. Within that

year, the community organization will be asked to provide the OUSD EXLO with additional evidence of its ability to fulfill all sport-based organization responsibilities, including documentation of the organization's efforts to improve based on feedback from the RFP Review Team. At the end of this first conditional year, the community partner will be re-assessed by the OUSD EXLO team and re-categorized as *highly recommended*, *conditionally recommended*, or *not recommended*.

- 3) **Not Recommended:** Organization has not adequately demonstrated its capacity to serve in the sport-based organization role and to fulfill most of the responsibilities outlined by OUSD and listed in Section III of this RFP and required documents. Organizations receiving this *not recommended* status will not be included in the list of qualified sport-based organizations that will be shared with Principals and lead agencies. Organizations can appeal by following the instructions in the appeals process described in Appendix V.

OUSD will notify the sports-based youth development organization of its determination by June 12, 2022 via email. If OUSD determines that an organization is Not Recommended, the organization shall have the opportunity to contest that determination. Additional details regarding this process are contained in Section L.

APPENDIX II: Written Responses to Application Questions

1. ORGANIZATIONAL CAPACITY

KidzToPros is uniquely positioned to offer OUSD the highest quality sports-based youth development programs. Our sports programs are designed to teach a progression of skills - physical, mental and social-emotional - for kids ages 4 to 14. From developing fundamental movements, gross motor skills, coordination development and communication; to techniques and game specific skills incorporated within fun games to develop FUNdamentals; to technical and tactical awareness incorporating physiological development, game understanding, leadership and life skills.

While kids enjoy our sports-based programs, our program managers and professional coaches understand that the skills honed in sports, such as confidence, cooperation, and perseverance, are life skills that enable students to become the best version of themselves – successful in school and beyond.

KidzToPros offers both school-based and Intersession models of sports-based programs and will work collaboratively with the school district and individual schools to deliver the program that best meets the needs of their students. Our sample schedule details different sports options for K-6 and includes popular programs like basketball, flag football, soccer, hockey, and Play It All.

KidzToPros has successfully delivered after school and summer programs to nearby Escuela Bilingue Internacional, Northern Light School, Rocketship Public Schools, St. Anthony School, and East Bay German International School. Further, KidzToPros has partnered with schools in 30 school districts in the Bay Area.

We provide our own KidzToPros staff who complete comprehensive online and in-person training and are 100% committed to ensuring they are professional, caring, and responsive to kids, parents, and school officials.

The KidzToPros Area Program Manager (APM) will be the main point of contact for the district's designated personnel for summer programs and will check in on a consistent basis to discuss the students' experience in each respective program and gather feedback to improve the programs. The APM will communicate all feedback to the KidzToPros Regional Program Manager, Director of Operations and Curriculum Leader as needed.

2. FISCAL MANAGEMENT AND RESOURCE DEVELOPMENT

KidzToPros uses Bill.com to create and pay bills, send invoices and receive payment.. We are fully insured to industry standards and our employees are background-checked, fingerprinted, TB and Covid tested (where required), and fully trained in company procedures. Refer to Appendix I for information on sports equipment. KidzToPros will work with the district on an inventory management process. Our staff is trained to respect and manage equipment, putting it back as they found it and alerting school personnel to any issues.

3. AGENCY INFRASTRUCTURE

KidzToPros is in compliance with the requirements set forth by Oakland Unified School District and the California Department of Education in meeting a student ratio of 1:20 (or better) for 1st grade through 6th grade students and a student ratio of 1:10 (or better) for Transitional Kindergarten/Kindergarten students.

Program Managers (PMs) are responsible for overseeing the successful operations of all KidzToPros programs on school premises. This includes hiring, training, and scheduling staff at each school, ensuring that a safe environment has been created for kids to have fun, learn, and build interpersonal relationships with their peers and instructors, and communicating with school, parents, and staff on a continual basis. Our platform records the check-in and check-out times for all

students and on-the-clock instructors, which ensures that required teacher to student ratios are being upheld.

The primary point of contact for confirming schools, programs and schedules is Naqqash Haider, School Partnership Manager (naqqash.haider@kidztopros.com | (510) 393-7852. Naqqash will work closely with the district and the principals to design the best program for each school based on the school and student needs.

Once programs are confirmed, KidzToPros Program Managers will coordinate the facilities, staff and equipment. KidzToPros has three PMs who will work together with the School Partnership Manager to ensure the sports-based programs at OUSD meet the highest standards expected. They will be responsible for hiring, training, scheduling and reviewing KidzToPros coaches for each school in the district. In the Bay Area, our Area Program Managers are Jose Padilla, Zawadi Grayson, and Adrian Sarmiento, all of whom meet OUSD's requirement of having attained at least 48 college credits.

4. YOUTH DEVELOPMENT EXPERTISE, PROGRAM QUALITY ASSESSMENT PROCESS, AND SCHOOL DISTRICT ALIGNMENT

KidzToPros believes that sports-based programs are an ideal setting to help kids develop the life skills of confidence, teamwork, cooperation, sportsmanship, and perseverance. Losing a game can be frustrating and disappointing but KidzToPros coaches are trained to help kids effectively manage these challenging human emotions and find their way back to having fun and enjoying the game. Through sports, kids learn how to carry on after disappointment and gear up for the next win. Many schools across the country have cut back on recess time in order to increase classroom time, leaving students with little opportunity to participate in physical activities. At KidzToPros, we

recognize that the social-emotional learning that happens in sports is just as valuable as the academic learning that happens in the classroom. Plus, kids love it!

Our KidzToPros Area Program Manager and Coaches work collaboratively with respective school Principals (or their SEL contact) to determine the social-emotional concepts (e.g., self-awareness, self-management, social awareness, relationship skills and responsible decision-making) that are most age-appropriate for their students. KidzToPros emphasizes these concepts and integrates them into our sports games and activities.

KidzToPros provided an after-school enrichment program at Northern Light School, which serves 50 students each day from a diverse range of socioeconomic and cultural backgrounds. We also provided programs at Rocketship Public Schools to help bolster the academic and extracurricular opportunities available to students in the surrounding low-income communities in San José, CA.

KidzToPros' inquiry and project-based programs engage and empower students to make decisions, learn from mistakes, and persevere to become their best selves. In all KidzToPros programs, important skills and Social and Emotional Learning (SEL) like communication, teamwork, collaboration, critical thinking, and problem solving are consistently emphasized.

Each program at KidztoPros is designed to meet specific learning outcomes, as defined by Bloom's Taxonomy (widely in curriculum practices especially within K-12 educational programs.) KidzToPros uses external data and assessment based on this taxonomy to evaluate the outcomes of our programs. Applying this model to the development of learning outcomes ensures students achieve a deep understanding of the curriculum material and develop the ability to be creative with their new skills.

Re: KidzToPros Statement of Qualifications

KidzToPros is uniquely positioned to offer Oakland Unified School District the highest quality sports-based youth development program. We bring six years of experience delivering enrichment programs to over 35,000 children in 30+ school districts throughout the Bay Area. Our sports programs follow a progression of skills development for children from age 4 to 14, providing cumulative skills in sports and educating kids on the values of communication, teamwork, and sportsmanship. While kids have a lot of fun in our sports-based programs, our program managers and coaches understand that the skills honed in sports, such as confidence, cooperation, and perseverance, are life skills that enable students to become the best version of themselves – successful in school and beyond.

Since its founding in 2016, KidzToPros has delivered more than 1 million curriculum hours in STEAM and sports to over 60,000 students in 9 metropolitan areas in the US. KidzToPros program curriculum has been developed by a team of experts to help the kids. Whether it's basketball, soccer or hockey, coding, robotics or art, KidzToPros programs help kids stay active and engaged in a fun, inspiring and safe environment with their friends and supportive coaches and instructors. KidzToPros recognizes that the essential life skills learned on the playing field are just as valuable as the academic skills learned in the classroom.

Our programs will deliver valuable lessons to youth about achieving goals, and the values of mental strength, determination, perseverance and teamwork - in a safe, supportive environment. These lessons will carry students beyond school and into life. Thank you for giving KidzToPros the opportunity to provide sports-based programs to OUSD students.

KidzToPros History

KidzToPros is a woman-founded Silicon Valley company. The company was born out of CEO Pooja Shah’s frustration with trying to find meaningful after-school enrichment for her two sons. Shah had always wanted to start a business. Now she had a mission – making it easy for parents like herself to find quality education and enrichment activities for their children. So, together with Shane Fernandes, she founded KidzToPros.

Using best practices learned from their time at Facebook, Apple, and Google, the co-founders created project-based curricula, built a strong team of coaches and instructors, and developed a powerful operations management platform to deliver and manage all programs.
