Memo

To Board of Education

From Facilities Committee

Clifford Thompson, Chairperson

Benjamin "Sam" Davis

Gary Yee

Board Meeting Date March 23, 2022

Subject Approval of the \$200 Million Districtwide Element Work Plan Measure Y

Bond – March 2022

Action Approval of the \$200 Million Districtwide Element Work Plan Measure Y

Bond – March 2022

Background

In November 2020 Oakland voters passed Measure Y, a \$735 Million School Facilities Improvement Bond, based in part on the Facilities Master Plan approved by the Board in May 2020 which identified that the Facilities needs exceed \$3.4 Billion. In April 2021 the Board approved the initial Measure Y Spending Plan consisting of a list of specific named projects, and a \$200 Million District Wide Initiatives budget. Facilities Planning and Management is providing an update on the planning efforts for the \$200 Million Districtwide Initiatives element of the spending plan. The planning for this element has been an iterative process guided by the Measure Y bond language, along with addressing identified deficiencies outlined in the OUSD 2020 Facilities Master Plan and consultations with District leadership. The Measure Y Bond names four major categories for the District Wide Initiatives element in which we have identified specific areas to address the greatest areas of concern;

- 1. **Facilities and Technology Improvements** primary focus given to capital renewal projects athletic facilities and fields, turf, lighting, ADA improvements, portable removal and replacements, learning environment comfort controls, playground improvements, and technology infrastructure and improvements. Deferred maintenance comprehensive pool project initiatives roofing, plumbing, and asphalt repair and replacements.
- 2. **Health, Safety, and Security Improvements** our approach is to ensure that our elementary, middle and high Schools have functional and operational perimeter and interior controls (i.e.,

Page 2 of 2

aiphone, CCTV, etc.), carbon dioxide sensors, other security improvements, and carbon dioxide sensors as appropriate. Additionally, Nutrition Services has identified a need to expand the Central Kitchen's dry and cold storage in response to the pandemic supply chain shortages.

3. Energy Efficiency, Resiliency, and Sustainability – enhance renewable energy power via photovoltaic ("PV") panels by leveraging power purchase agreements ("PPA") requiring a provider to make the capital improvements at no direct capital cost to OUSD. Additionally, we are recommending other power generation via storage batteries in which the district would receive a 50% rebate in Year 1, and the total cost paid for after six years. Lastly, the balance of the sustainable initiatives would target energy efficiency projects such as reducing outlet plug load and LED lighting resulting in ongoing operational savings to the district.

The proposed initiatives, prioritization, and spending plan are attached hereto as Exhibit A and authorizes the use of Measure Y funds, as the funding source for related expenditures for District Wide Initiative facilities projects subject to the Board's approval of the contract, or other Board required authorizations, if any, for such expenditures.

The \$200 Million Spending Plan, recommended by the Superintendent and the Deputy Chief, Facilities Planning and Management, as delineated herein, heard by the Facilities Committee on March 17, 2022, is Recommended Favorably by the Committee to Board for adoption.

Recommendation

Approval of the \$200 Million Districtwide Element Work Plan Measure Y Bond – March 2022

RESOLUTION OF THE BOARD OF EDUCATION

OF THE OAKLAND UNIFIED SCHOOL DISTRICT

Resolution No. 2122-0157

District's Capital (Facilities) Program - Approval of Measure Y District Initiative Work Plan - February 2022

WHEREAS, in November 2020 Oakland voters passed Measure Y, a \$735 million School Facilities Improvement Bond, based in part on the Facilities Master Plan approved by the Board in May 2020 which identified that the Facilities needs exceed \$3.4 billion;

WHEREAS, in April 2021 the Board approved the initial Measure Y Spending Plan consisting of a list of specific named projects, and included a Districtwide Initiatives budget in the amount of \$200 million;

WHEREAS, Facilities Planning and Management is providing an update on the planning efforts for the District Wide Initiatives element of the spending plan;

WHEREAS, the planning for this element has been an iterative process guided by the Measure Y bond language, along with addressing identified deficiencies outlined in the OUSD 2020 Facilities Master Plan and consultations with District leadership;

WHEREAS, the Measure Y Bond names four major categories in which we have identified specific areas to address the greatest areas of concern;

- 1. **Facilities and Technology Improvements** primary focus given to capital renewal projects athletic facilities and fields, turf, lighting, ADA improvements, portable removal and replacements, learning environment comfort controls, playground improvements, and technology infrastructure and improvements. Deferred maintenance comprehensive pool project initiatives roofing, plumbing, and asphalt repair and replacements.
- 2. **Health, Safety, and Security Improvements** our approach is to ensure that our elementary, middle and high Schools have functional and operational perimeter and interior controls (i.e., aiphone, CCTV, etc.), carbon dioxide sensors, other security improvements, and carbon dioxide sensors as appropriate. Additionally, Nutrition Services has identified a need to expand the Central Kitchen's dry and cold storage in response to the pandemic supply chain shortages.

3. **Energy Efficiency, Resiliency, and Sustainability** – enhance renewable energy power via photovoltaic ("PV") panels by leveraging power purchase agreements ("PPA") requiring a provider to make the capital improvements at no direct capital cost to OUSD. Additionally, we are recommending other power generation via storage batteries in which the district would receive a 50% rebate in Year 1, and the total cost paid for after six years. Lastly, the balance of the sustainable initiatives would target energy efficiency projects such as reducing outlet plug load and LED lighting resulting in operational savings to the district, approximately

WHEREAS, the proposed initiatives, prioritization, and spending plan is attached hereto as Exhibit A and authorizes the use of Measure Y funds, as stated in Exhibit A, as the funding source for related expenditures for facilities projects subject to the Board's approval of the contract, or other Board required authorizations, if any, for such expenditure;.

NOW, THEREFORE, BE IT RESOLVED; the Board hereby adopts the Approval of the Measure Y District Initiative Work Plan February 2022.

PASSED AND ADOPTED by the Board of Education of the Oakland Unified School District this 23rd day of March, 2022; by the following vote, to wit:

PREFERENTIAL AYE: None

PREFERENTIAL NAY: None

PREFERENTIAL ABSTAINED: None

AYES: Aimee Eng, VanCedric Williams, Shanthi Gonzales, Clifford Thompson, Vice President Benjamin "Sam" Davis, President Gary Yee

NAYS: Mike Hutchinson

ABSTAINED: None

RECUSED: None

ABSENT: Student Director Samantha Pal, Student Director Natalie Gallegos Chavez

CERTIFICATION

We hereby certify that the foregoing is a full, true and correct copy of a Resolution passed at a Regular Meeting of the Board of Education of the Oakland Unified School District held on March 23, 2022.
