To Board of Education

From Kyla Johnson-Trammell, Superintendent

Board Meeting Date March 23, 2022

Subject Service Agreement 2021-2022

Contractor: UnaMesa Association dba InPlay, San Mateo, CA

Services for: 922-Community Schools and Student Services Department

**Action Requested
and
Recommendation**

Ratification by the Board of Education of a Services Agreement 2021-2022 by and between the District and UnaMesa Association dba InPlay, San Mateo, CA, for the latter to provide: inPlay will provide a software product titled: Out-of-School Connection and Registration System (OSCAR), which is an automated registration system for Summer Learning programs whereby families will automatically be invited and registered based on priority criteria. Waves of customized registration invitations that lead to Summer Hub landing web pages including information regarding afternoon lead agency programming, including automated enrollment confirmation and program reminder communications will be pushed out electronically to OUSD families in their home language, based on rank-ordered student priority lists for the period of January 31, 2022 through June 30, 2022 in an amount not to exceed \$60,000.00.

Background

(Why do we need these services. Why have you selected this vendor?)

Because summer learning programs are not always hosted at a students regular school year site, it is important that the over 6,000 families that participate receive consistent communication in their home language regarding summer learning program opportunities and logistics. Because summer learning programs are targeting students that are most in need of academic intervention and most in need of mitigation of covid related learning loss, a systematic enrollment and registration system is imperative to serve as many students as possible. Using this automated system, waitlists can be more efficiently managed and any available spot in summer learning programs can be quickly filled by the next eligible family.

SERVICES AGREEMENT 2021-2022

SCOPE OF WORK

InPlay will design and build a text-based online registration system that tracks inventory of program seats based on text communication and language preferences provided by OUSD.

InPlay will use data provided by OUSD's Student Information System (SIS) to contact caregivers or guardians of students who OUSD has identified as the highest priority students who may benefit from participation in OUSD's out-of-school time learning program.

InPlay will enable site leaders to review and directly change the priority levels of students attending their school. InPlay will offer templates for individual Hub site landing pages that offer customizable fields for OUSD's contracted program providers (Lead Agencies) that include program's name, program description, dates, and location addresses.

InPlay will facilitate registration by pre-filling participating families' registration form to enroll their student in OUSD's program. For clarity, InPlay will only pre-fill registration forms upon caregivers' explicit request, using data OUSD provides to InPlay from the Student Information System (SIS).

InPlay will enable user completion of a consolidated registration and waiver form provided by OUSD. InPlay will provide online notices to caregivers confirming that they have successfully completed the registration process with a note on when to expect final enrollment confirmation.

InPlay will provide enrollment confirmation to caregivers with a copy of the program details (location, dates, times, etc).

InPlay will provide an optional manual intervention step that allows site staff to review before confirming final enrollment or waitlist status and provide a set amount of time before submitted registrations are auto-enrolled.

InPlay will provide automated text reminders to caregivers during registration process and a few days before OUSD's program begins.

InPlay will assign students to a program site based on their home school, and enable OUSD to manually re-assign based on program site capacity and/or other OUSD policies.

InPlay will ensure the parent's registration process: Is accessible to and conforms with all applicable laws, including Section 508 of the Rehabilitation Act of 1973 (29 U.S.C. 794d), as amended, all other regulations promulgated under Title II of the Americans with Disabilities Act, and the accessibility standards of the Web Content Accessibility Guidelines ("WCAG") 2.0 AA to the extent the registration system is public facing and/or generates web or electronic materials and/or information for OUSD families. This obligation requires ensuring continued accessibility as the product is updated. This is especially important for products that are developed on an ongoing rapid release cycle. Is translated into OUSD's five (5) most commonly used home languages Spanish, Cantonese, Vietnamese, Arabic and Mam (subject to OUSD's translator obligation below). Takes reasonable security precautions and protections to ensure that persons not authorized to view the data do not gain access to the data.

InPlay will provide District administrators with four (4) training sessions and self-help OUSD support resources.

InPlay will send batches of registration invitations to prioritized families in waves of enrollment priority (where site administrators can specify the dates for sending with the default timing and targeting criteria to be determined in consultation with OUSD).

InPlay will enable school principals and department heads identified by the Summer Coordinator to directly grant specific administrative staff access to edit or read/write in the OSCAR Administrative Console.

InPlay will provide real-time read-only dashboard tracking student registration activity and inventory showing completed registrations, incomplete registrations, declines and no responses. Once OUSD has downloaded a SIS datafile for InPlay to manage, there will be a mechanism, either via administrative accounts on InPlay's site or via regularly submitted spreadsheets, for OUSD to manage additions, deletions, and changes of all submitted data in a central repository stored by InPlay.

InPlay will provide school Site Leads with the ability to download status reports to identify the students who have not responded to InPlay's invitation, filtered by school, so Site Lead can follow up directly in person with students and caregivers.

InPlay will export files of students registered for OUSD's program for uploading into SIS.

InPlay will design and build an online change management form for sites to submit program changes to Summer Coordinator for approval. District will be responsible for manually entering approved changes into the District database and InPlay will enter the program changes into OSCAR.

InPlay will delete all personally identifiable student data no later than August 30th (or a date to be agreed-upon with OUSD), consistent with the Student Data Privacy Agreement.
