Meeting Date May 25, 2022

Subject Special Education Local Plan Area (SELPA) 2022-2023 Annual Service and Budget Plan

Ask of the Board

Public Hearing and adoption by the Board of Education of the Annual Service Plan and Budget Plan of the Special Education Local Plan Area (SELPA) 2022-2023 School Year.

Background

Oakland Unified School District is of sufficient size and scope to be its own Special Education Local Plan Area, or SELPA. Pursuant to the California Education Code, the SELPA's Local Plan lays out the functioning and governance of the SELPA. Each year, the SELPA must complete an Annual Service Plan and Annual Budget Plan to detail the revenues and expenses specific to Special Education services for students being served by the SELPA and to describe what those services are.

Discussion

Oakland Unified School District SELPA provides a broad continuum of Special Education and related services for the almost 6,600 eligible students we serve. These services include Specialized Academic Instruction (SAI) and many related services, such as speech-language therapy, occupational therapy, and mental health services. Some services are reserved for specific populations of students, such as transition services (college awareness, career awareness) and low incidence services (e.g. specialized vision services, orientation and mobility). Our services are implemented by specialized staff, which are funded by a combination of federal, state, and local resources. The Annual Budget Plan provides a summary of the Special Education-specific monies that flow into the SELPA and a projection of our expenses by object class, as well as a description of the method the SELPA uses to distribute the funds.

Fiscal Impact

The Annual Service and Budget Plan ensures that the SELPA complies with the state Education Code to continue to receive our Special Education-Specific funds.

Local Plan Section D: Annual Budget Plan

Projected special education budget funding, revenues, and expenditures by LEAs are specified in **Attachments II–V.** This includes supplemental aids and services provided to meet the needs of students with disabilities as defined by the Individuals with Disabilities Education Act (IDEA) who are placed in regular education classrooms and environments, and those who have been identified with low incidence disabilities who also receive special education services.

IMPORTANT: Adjustments to any year's apportionment must be received by the California Department of Education (CDE) from the SELPA prior to the end of the first fiscal year (FY) following the FY to be adjusted. The CDE will consider and adjust only the information and computational factors originally established during an eligible FY, if the CDE's review determines that they are correct. California *Education Code* (*EC*) Section 56048

Pursuant to EC Section 56195.1(2)(b)(3), each Local Plan must include the designation of an administrative entity to perform functions such as the receipt and distribution of funds. Any participating local educational agency (LEA) may perform these services. The administrative entity for a multiple LEA SELPA or an LEA that joined with a county office of education (COE) to form a SELPA, is typically identified as a responsible local agency or administrative unit. Whereas, the administrative entity for single LEA SELPA is identified as a responsible individual. Information related to the administrative entity must be included in Local Plan Section A: Contacts and Certifications.

D-9. Special Education Local Plan Area Allocation Plan

a. Describe the SELPA's allocation plan, including the process or procedure for allocating special education apportionments, including funds allocated to the RLA/AU/responsible person pursuant to EC Section 56205(b)(1)(A).

As a single-district SELPA, OUSD is the AU for OUSD SELPA. We distribute funds in accordance with the purpose of each resource. Special Education positions are funded centrally and assigned to school sites to ensure a full continuum of Special Education and related services based on student enrollment and residence data. Funds are further allocated in collaboration with the SELPA Director and district Chief Academic Officer to ensure sufficient support and materials for home-hospital instruction, privately-placed students, nonpublic schools, and independent study programming. Finally, the SELPA manages to distribution and maintenance of materials and equipment purchased with low incidence funds on behalf of students with such disabilities.

b. YES NO

If the allocation plan specifies that funds will be apportioned to the RLA/AU/AE, or to the SELPA administrator (for single LEA SELPAs), the administrator of the SELPA, upon receipt, distributes the funds in accordance with the method adopted pursuant to *EC* Section

This allocation plan was approved according to the SELPA's local policymaking process and is consistent with SELPA's summarized policy statement identified in Local Plan Section B: Governance and Administration item B-4. If the response is "NO," then either Section D should be edited, or Section B must be amended according to the SELPA's adopted policy making process, and resubmitted to the COE and CDE for approval.

Notice of this hearing shall be posted in each school in the SELPA at least 15 days before the hearing. Local Plan Section E: Annual Service Plan may be revised during any fiscal year according to the SELPA's process as established and specified in Section B: Governance and Administration portion of the Local Plan consistent with *EC* sections 56001(f) and 56195.9. Local Plan Section E: Annual Service Plan must include a description of services to be provided by each local educational agency (LEA), including the nature of the services and the physical location where the services are provided (Attachment VI), regardless of whether the LEA is participating in the Local Plan

Services Included in the Local Plan Section E: Annual Service Plan

All entities and individuals providing related services shall meet the qualifications found in Title 34 of the *Code of Federal Regulations* (34 *CFR*) Section 300.156(b), Title 5 of the *California Code of Regulations* (5 *CCR*) 3001(r) and the applicable portions 3051 et. seq.; and shall be either employees of an LEA or county office of education (COE), employed under contract pursuant to *EC* sections 56365-56366, or employees, vendors or contractors of the State Departments of Health Care Services or State Hospitals, or any designated local public health or mental health agency. Services provided by individual LEAs and school sites are to be included in **Attachment VI**.

Include a description each service provided. If a service is not currently provided, please explain why it is not provided and how the SELPA will ensure students with disabilities will have access to the service should a need arise.

Adapting, as appropriate to the needs of the child with a disability, the content, methodology, or delivery of instruction to ensure access of the child to the general curriculum, so that they can meet the educational standards within the jurisdiction of the public agency that apply to all children.

Within Oakland Unified School District SELPA (hereafter referred to as OUSD), Specialized Academic Instruction is provided across a full continuum of programming to support the varied needs of our student population. OUSD SELPA provides Specialized Academic Instruction in the following settings and ways, described from least to most restrictive:

Consultative SAI: A credentialed special education teacher engages with general education

SELPA: Oakland Unified School District Fiscal Year: 2022–23

staff, related service providers, and/or families to support Individual Education Program (IEP) IEP goal implementation and progress. The special education teacher may recommend adaptations and accommodations to curricula, provide recommendations for behavioral supports, or provide tools and materials to facilitate student access.

Regular Setting SAI Only: Students receive direct support and accommodations from a special education teacher or support staff under the direction of a teacher within their general education classroom. This may include working with a student individually or in a small group to break down and adapt classroom content, provide direct support with implementation of accommodations and modifications specified in the IEP, or supporting students' behavioral and attention-related needs.

Resource Specialist Services: Students may receive a combination of regular setting SAI as described above and separate setting, small group instruction specific to IEP goals and assessed areas of need. Resource Specialists may work with individuals or small groups in accordance with IEPs to provide intervention related to literacy, mathematics, writing, executive functioning and organizational skills, and self-help and self-determination skills. In OUSD SELPA, a Resource Specialist may have a caseload of up to 27 students and will provide SAI as indicated in individual IEPs.

Separate Setting SAI, Mild-Moderate: Students receive instruction for some or all of their academic instructional minutes in a separate, small-group setting with a special education teacher and one or more support staff. The smaller classroom size and student:staff ratio allow for more differentiation of classroom content and a more intensive focus on each students' assessed needs and goals. In this setting, the teacher implements general, CCSS-aligned curriculum in an adapted manner in addition to intervention materials aligned to students' remedial instruction needs. Typically, students participating in mild-moderate programming access the general education environment for physical education, electives/ specials, and nonacademic times. Within OUSD SELPA, the average mild-moderate class size is thirteen students.

Separate Setting SAI, Moderate-Intensive: Students receive instruction for most of their academic instructional minutes in a separate, small-group setting with a special education teacher and two or more support staff. There may be specialty staff present, as well, such as behavioral aides and nurses, depending upon students' IEPs. The special education teacher utilizes modified, separate curriculum aligned to CCSS connectors, in addition to providing direct programming related to self help, independent living and prevocational skills. Typically, students engage with typically-developing peers for physical education and mealtimes, and some students may participate in other regular setting-courses based on their unique skills, interests and needs. In Oakland, the average classroom for moderate-intensive SAI is ten students.

SAI in a Nonpublic School Under Contract: When all less restrictive options have been considered and rejected based on the profundity of a students' disability, the IEP team may determine that a nonpublic program is required for a FAPE. For these students, SAI is

Section E: Annual Service Plan

SELPA: Oakland Unified School District Fiscal Year: 2022–23

provided by a teacher and support staff employed by a nonpublic school working under contract with OUSD. Students attend a small, specialized setting with no access to typically-developing peers. Typically, classrooms are small (8-12 students) and staffing ratios are high to address students' behavioral and physical care needs. In OUSD SELPA, there are students receiving SAI in NPS setting participating leading toward diplomas and certificates of completion.

SAI in a Home or Hospital Setting: When required based on a students' unique medical needs, OUSD SELPA provides specialized academic instruction in students' homes or within local hospitals. This service is provided individually with a special education teacher working with the student for short periods of time based on their disability impact and stamina. Materials are selected based on the students' present levels and needs, with mild-moderate students engaging in adapted general curricula and moderate-intensive students participating in alternative curricula.

All SAI services are provided by either a credentialed Education Specialist with authorization in the area appropriate for the population served (e.g. Mild-Moderate or Moderate-Severe) or by a paraprofessional working under the direction of a credentialed teacher.

210–Family Training, Counseling, Home
Visits (Ages 0-2 only)

Service is Not Currently Provided

Provide a detailed description of the services to be provided under this code.

This service is designed to assist the family in understanding the special needs of the child and enhancing the child's development.

Home Visits are one hour in length and held in the natural environment, usually the child's home. As per Early Start regulations, they are offered one time per week or as agreed upon within the IFSP in collaboration with the family. Home visits are conducted by the special education certificated staff with a specialty in the child's area of need.

DHH infants and their family are provided home visits with our Infant/Toddler teacher for the Deaf and Hard of Hearing. During the home visits the teacher provides parents with support to learn about the child's hearing level, how to read an audiogram and how to use this understanding to support their child's language development. The teacher also supports the family in learning how to implement proper and consistent use of the hearing devices (hearing aids, bone conduction hearing aids and cochlear implants) so the child can receive the full benefit of the device. The teacher implements the IFSP outcomes as agreed upon in the IFSP and supports the child in making progress on those outcomes. This is done through parent coaching and direct teaching to the child, as appropriate, using research based interventions. The DHH teacher also provides strong language models in both spoken language and ASL as needed or requested by the family. The teacher also tracks all developmental areas to ensure that any areas of need are supported and addressed.

For visually impaired students (VI), home visits are offered with a Teacher of the Visually Impaired (TVI) for 1 hour weekly, bilweekly or monthly depending upon the child's need and parents request. TVI implements the IFSP outcomes as written in the IFSP. The TVI supports the family in understanding how to support their child's vision and to help the child learn with appropriate accommodations. The TVI supports the family in setting up any accommodations needed in the home and how to safely travel outside of the home.

For students with a severe orthopedic impairment (OI), home visits are offered with a Early Childhood Special Education Teacher for 1 hour weekly, bimonthly or monthly depending upon the child's need and parent request. The Teacher implements the IFSP outcomes as written in the IFSP. The teacher supports the family in understanding how to support their child's specific needs and overall development.

Service Coordination service is written in the IFSP as 2 times a year or as needed. The services coordinator is the case manager for the team, processes the intakes, sets up, coordinates and participates in the initial assessments. Organizes, writes, runs and processes all of the IFSPs. The service coordinator tracks all of the services provided in the IFSP to ensure that the child is receiving the services as laid out in the IFSP. The service coordinator explains and provides the parent rights to the family as well as ensuring the confidentiality of the IFSP. The service coordinator also conducts the Transition IFSP (between 2.6-2.9 years) with a representative of the Preschool Diagnostic Team to explain the transition process from Part C to Part B of the IDEA and support the family's understanding of the transition to preschool services at 3 year old.

Section E: Annual Service Plan SELPA: Oakland Unified School District Fiscal Year: 2022-23 Special Instruction for OUSD Early Start is our DHH Toddler Class held two times a week for 150 minutes each day at the Burbank Preschool Center. The Toddler Class is a language rich environment one day in Spoken English and the other day in ASL to provide an immersive language experience for the children on each day. The teacher creates a curriculum that provides a stimulating language and social environment so that the children have better access to language than in typical settings. The class also allows for children to meet peers who also have a hearing difference which helps to normalize the experience for them and their families letting them know they are not alone. The class is run by the DHH Infant and Toddler Teacher with the support of a paraprofessional. Justification for Natural Environment Exception: "Deaf and Hard of Hearing Children, like all children, need to be in a linguistically rich environment, in which the language is fully accessible to the deaf or hard of hearing child. The curriculum must focus on the development of communication skills and linguistic competence, to help ensure later academic, social and vocational success. The deaf/hard of hearing-toddler program supports students' learning in developmentally appropriate context and focuses on the unique communication needs of the deaf and hard of hearing students through a total communication approach (use of sign language, speech and auditory skills) in order to support student success." - Guidelines for Program Standards for Deaf and Hard of Hearing -Guideline Standard 28 & 29 260-Special Education Aide (Ages 0-2 only) Service is Not Currently Provided Provide a detailed description of the services to be provided under this code. offer this support to families of students with disabilities, including the Regional Center, with whom OUSD has a MOU.

■ 340-Intensive Individual Instruction

Provide a detailed description of the services to be provided under this code.

Within OUSD SELPA, students receive Intensive Individual Services when they demonstrate significant, profound needs relative to behavioral or physical health that necessitate having individual support throughout their school day. Intensive Individual Services may be provided by a district paraprofessional trained in the student's unique needs or a behavioral aide (e.g. RBT) from a nonpublic agency under contract with the SELPA. The SELPA encourages teams to rotate staff so the child maintains individual service throughout the day but avoids the prompt dependence that can develop with a single provider across all minutes.

OUSD SELPA utilizes an assessment process to help IEP teams determine if IIS may be necessary and to develop criteria for a fade plan for such services when the student demonstrates readiness to begin fading this highly restrictive service modality.

■ 350–Individual and Small Group Instruction

Provide a detailed description of the services to be provided under this code.

Instruction delivered one-to-one or in a small group as specified in an IEP enabling the individual(s) to participate effectively in the total school program.

OUSD SELPA provides services for preschool-aged students who are eligible for Special Education under Individual and Small Group Instruction. Within OUSD SELPA, preschool services are offered at a variety of school sites to allow for integration with typical peers, as well as at a separate special education center. Services are led by an early childhood special educator and include a small class size and support staff to ensure small-group, differentiated instruction is possible. Students may attend for a full or partial day depending upon their attentional baselines and IEP goals.

Within the preschool school day, students focus on preacademic skills, communication, and daily living skills to prepare them for a successful transition to kindergarten. In addition to core programming in the aforementioned areas, students have opportunities for structured play and enrichment that builds motor skills and coordination and reinforces prosocial behaviors.

Adapted PE (APE) involves adapting, as appropriate, the general education physical education curriculum to ensure access for students with disabilities. Adapted PE specialists				

Section E: Annual Service Plan SELPA: Oakland Unified School District Fiscal Year: 2022–23 may provide direct or consultative services. Consultative services may include collaboration with general physical educators to co-plan or modify existing PE lessons and units, as well as collaboration with other motor-related service providers (e.g. physical therapists or orientation and mobility specialists) to ensure consistent application of fine and gross motor supports. Direct services may include providing physical education class to one or more students, coteaching with a general PE teacher, and providing specialized equipment and materials in real time to enable greater access for students whose disabilities may impede access to the general PE curriculum. 435-Health and Nursing: Specialized Service is Not Currently Provided Physical Health Care Provide a detailed description of the services to be provided under this code. Specialized physical health care services means those health services prescribed by the child's licensed physician and surgeon, requiring medically related training of the individual who performs the services and which are necessary during the school day to enable the child to attend school (5 CCR Section 3051.12[b]). Specialized physical health care services include but are not limited to suctioning, oxygen administration, catheterization, nebulizer treatments, insulin administration, and glucose testing. The SELPA provides health and nursing services for students who have medical conditions that require medical procedures to be performed at school. Procedures are performed in accordance with doctors' orders under the supervision of a credentialed school nurse. Depending on the nature of the medical procedure, students may receive support throughout the entirety of their instructional day or for a specific part of the day during which the procedure(s) must be performed. ■ 436–Health and Nursing: Other Service is Not Currently Provided Provide a detailed description of the services to be provided under this code. This includes services that are provided to individuals with exceptional needs by a qualified individual pursuant to an IEP when a student has health problems which require nursing intervention beyond basic school health services. Services include managing the health problem, consulting with staff, group and individual counseling, making appropriate referrals, and maintaining communication with agencies and health care providers. In addition to specialized physical care, the SELPA offers other nursing services to students who require such care in accordance with doctor's orders due to established medical

conditions. Within OUSD SELPA, we utilize this service code to log supervision or monitoring of student health conditions by a credentialed school nurse (e.g. diabetes, sickle cell anemia,

Section E: Annual Service Plan SELPA: Oakland Unified School District 2022-23 Fiscal Year: In OUSD SELPA, occupational therapy services are provided in accordance with IEPs to address students' motor and sensory needs. Occupational therapists may engage in any of the following: -Working directly with students to address their educationally-related motor needs; -Providing adapted tools and equipment and training staff on their use; -Providing feeding, buttoning, zipping and other self-help and ADL equipment and materials; -Creating and implementing sensory diets or recommending specific equipment to support sensory regulation within the educational milieu; -Working within a special education classroom to provide support for a small group of students related to motor-specific IEP goals; -Providing family consultation and training. ■ 460–Physical Therapy Service is Not Currently Provided Provide a detailed description of the services to be provided under this code. These services are provided, pursuant to an IEP, by a registered physical therapist, or physical therapist assistant, when assessment shows a discrepancy between gross motor performance and other educational skills. Physical therapy includes, but is not limited to, motor control and coordination, posture and balance, self-help, functional mobility, accessibility and use of assistive devices. Services may be provided within the classroom, other educational settings or in the home, and may occur in groups or individually. These services may include adaptations to the student's environment and curriculum, selected therapeutic techniques and activities, and consultation and collaborative interventions with staff and parents. Educationally-related physical therapy services are provided for students who require such motor supports in accordance with IEPs. Physical therapists perform the following roles when providing services under this category: -Consultation with other service providers and general educators to make recommendations and ensure implementation of motor-related accommodations/modifications; -Direct support to students to build their gross motor functions for the purposes of better accessing their instructional program; -Training and support for families to address students' motor needs; -Provision of and training on the use of specialized equipment or materials for students with challenges accessing the physical learning environment due to their disability.

A systematic implementation of procedures designed to promote lasting, positive changes in the student's behavior resulting in greater access to a variety of community settings, social contacts, public events, and placement in the least restrictive environment.

In OUSD, students with behaviors that are not addressed sufficiently by an IEP team-based behavior intervention planning process may require behavior intervention services. These services are performed by a BCBA or assistant under the supervision of a BCBA and may include analysis and collection of behavioral data, preference assessment, trialing of interventions, and collaboration with service providers and family members.

■ 540–Day Treatment

Provide a detailed description of the services to be provided under this code.

OUSD SELPA offers day treatment services to students who have mental health-related disabilities that have a profound impact on their access to instruction and for whom less restrictive mental health supports are insufficient to ensure a FAPE. Within a day treatment setting, students participate in instruction within a therapeutic milieu. There is a high staff: student ratio to ensure all students have ongoing behavioral interventions and access to mental health support staff. Day treatment includes therapeutic interactions that focus on reducing the symptoms of each student's mental health needs and increasing their use of replacement behaviors and coping skills. Typically, within each day treatment classroom, a special education teacher, mental health clinician, and mental health aide work collaboratively with a small group of students (avg ten per class).

Attachment I—Local Educational Agency Listing

Participating Local Educational Agency Identification

Enter the California Department of Education (CDE) issued county/district/school code (CDS) and the full name for each local educational agency (LEA) participating in the Local Plan. The LEA names will automatically populate the remaining attachments. Pursuant to California Education Code (EC) sections 56205(a)(12)(D)(iii) and 56195.1(b) and (c). SELPAs with one or more LEAs, or those who join with the county office of education (COE) to submit a Local Plan to the CDE for consideration of approval must include copies of joint powers agreements or contractual agreements, as appropriate.

In the table below, enter the CDE issued CDS code and the official name as listed in the California School Directory https://www.cde.ca.gov/SchoolDirectory/ for each COE, District, Joint Powers Authority (JPA), and SELPA participating in the Local Plan and receiving a special education funding allocation for services and programs provided to students with disabilities.

Attachment II

SELPA: OAKLAND UNIFIED SCHOOL DISTRICT

Fiscal Year: 2022-23

Each SELPA must adhere to requirements for developing and reporting special education budget revenue and expenditures. The following excerpt is taken from California School Accounting Manual (CSAM): Procedure 755 Special Education on page 755-1 and included to assist the SELPA with completing Section D: Annual Budget Plan information for each LEA participating in the SELPA's Local Plan.

Special education budgets are complex and are of great interest to the public, both locally and statewide. EC Section 56205(b)(1) requires that a special education budget shall identify particular elements. Identification of the following elements is facilitated by the standardized account code structure (SACS):

- 1. Apportionment received by the LEA in accordance with the allocation plan adopted by the SELPA. (The apportionment is tracked in SACS in the resource field in combination with the revenue code in the object field.)
- 2. Administrative costs of the plan. (These costs are tracked in the function field.)
- 3. Costs of special education services to pupils with severe disabilities and low-incidence disabilities. (This population is identified by the goal field.)
- 4. Costs of special education services to pupils with nonsevere disabilities. (This population is identified by the goal field.)
- 5. Costs of supplemental aids and services provided to meet the individual needs of pupils placed in regular education classrooms and environments. (Costs of these aids and services are tracked in the function field.)
- 6. Costs of regionalized operations and services and direct instructional support by program specialists in accordance with Part 30, Chapter 7.2, Article 6, of the California EC, Program Specialists and Administration of Regionalized Operations and Services. (These costs are tracked in the goal field for regionalized operations and in the function field for instructional services.)
- 7. Use of property taxes allocated to the SELPA pursuant to EC Section 2572. (Property taxes allocated to the SELPA are tracked in the resource field and identified by a revenue code in the object field.)

OAKLAND UNIFIED SCHOOL DISTRICT

Fiscal Year: 2022–23

Attachment VII—Special Education Local Plan Area Membership Transfers and Mergers (to and from the SELPA)

Educational programs and services already in operation may not be transferred to another LEA unless all provisions of EC Section 56207 have been met by the SELPA as demonstrated by the completion and submission of Attachment VII. The effective date of the transfer must not be prior to the July 1 of the second fiscal year after the date the sending or receiving SELPA informed the other agency and the governing body of multiple LEA SELPAs or the responsible individual of single LEA SELPAs notified the other agency, unless both the sending and receiving SELPA unanimously agree the transfer date will take effect on the July 1 of the first fiscal year following the notification date.
