The District shall promptly investigate the conditions, and if it finds that the conditions do materially so differ, or do involve hazardous waste, and cause a decrease or increase in the Contractor's cost of, or the time required for, performance of any part of the Work shall issue a change order under the procedures described in the Contract. In the event that a dispute arises between the District and the Contractor regarding whether the conditions materially differ, or involve hazardous waste, or cause a decrease or increase in the Contractor's cost of, or time required for, performance of any part of the work, the Contractor shall not be excused from any scheduled completion date provided for by the Contract, but shall proceed with all Work. Contractor shall retain any and all rights provided either by Contract or by law which pertain to the resolution of disputes and protests between the contracting parties.

In an emergency affecting life and safety of life or of Work or of adjoining property, Contractor, without special instruction or authorization from District, is permitted to act at his discretion to prevent such threatened loss or injury.

19. **TIME IS OF THE ESSENCE:** Time is of the essence in the performance of and compliance with each of the provisions and conditions of this Contract.
20. **OCCUPANCY:** District reserves the right to occupy buildings at any time before formal Contract completion and such occupancy shall not constitute final acceptance or approval of any part of the Work covered by this Contract, nor shall such occupancy extend the date specified for completion of the Work.
21. **FORCE MAJEURE CLAUSE:** Contractor shall be excused from performance hereunder during the time and to the extent that it is prevented from obtaining delivery, or performing by act of God, fire, strike, loss, or shortage of transportation facilities, lock-out, commandeering of materials, product, plant, or facilities by the government, when satisfactory evidence thereof is presented to the District, provided that it is satisfactorily established that the non-performance is not due to the fault or neglect of Contractor.
22. **INDEMNIFICATION AND HOLD HARMLESS CLAUSE:** To the furthest extent permitted by California law, Contractor shall defend, indemnify, and hold harmless the District and its agents, representatives, officers, consultants, employees, and volunteers (the “indemnified parties”) from any and all demands, losses, liabilities, claims, suits, and actions (the “claims”) of any kind, nature, and description, including, but not limited to, attorneys’ fees and costs, directly or indirectly arising from personal or bodily injuries, death, property damage, or otherwise arising out of, connected with, or resulting from the performance of this Contract, except to the extent that the claims are caused by the negligence or willful misconduct of the indemnified parties. The District shall have the right to accept or reject any legal representation that Contractor proposes to defend the District.
23. **PAYMENT:** For any Required Work (see *Exhibit A*), Contractor will be paid the specific price stated in its bid for the Required Work. For any authorized Potential Work (see *Exhibit A*), Contractor shall be paid based on the specific price in *Exhibit B* for that type of Potential Work or, in the absence of a specific price in *Exhibit B*, based on the hourly rates in *Exhibit B* that would apply to that type of Potential Work. However, to the extent that payment for the authorized Potential Work would exceed

the amount of the contract price allocated to Potential Work during the contract term, the authorized Potential Work may not be performed until a change order or amendment to increase the contract price is signed by the Contractor and approved by the District's governing board. By the 7th day of each month, Contractor shall submit an application for payment for the Required and Potential Work performed during the previous calendar month, and the amount requested to be paid shall be calculated as described above. The Application for Payment must include evidence of Contractor's performance of Work and compliance with the Contract Documents, including labor and apprenticeship requirements. The District may deduct from any payment an amount necessary to protect the District from loss because of: (1) any sums expended by the District in performing any of Contractor's obligations under the Contract which Contractor has failed to perform or has performed inadequately; (2) defective Work not remedied; (3) stop payment notices as allowed by state law; (4) reasonable doubt that the Work can be completed for the unpaid balance of the Total Contract price or by the scheduled completion date; (5) unsatisfactory prosecution of the Work by Contractor; (6) unauthorized deviations from the Contract; (7) failure of the Contractor to maintain or submit on a timely basis proper and sufficient documentation as required by the Contract or by District during the prosecution of the Work; (8) erroneous or false estimates by the Contractor of the value of the Work performed; (9) any sums representing expenses, losses, or damages, as determined by the District, incurred by the District for which Contractor is liable under the Contract; and (10) any other sums which the District is entitled to recover from Contractor under the terms of the Contract or pursuant to state law, including section 1727 of the California Labor Code. The failure by the District to deduct any of these sums from a progress payment shall not constitute a waiver of the District's right to such sums.

24. **PERMITS AND LICENSES:** Contractor and all of its employees, agents, and subcontractors shall secure and maintain in force, at Contractor's sole cost and expense, all licenses and permits as are required by law, in connection with the furnishing of materials, supplies, or Services herein listed.
25. **INDEPENDENT CONTRACTOR STATUS:** While engaged in carrying out the Services of this Contract, the Contractor is an independent contractor, and not an officer, employee, agent, partner, or joint venture of the District. Contractor shall be solely responsible for its own Worker's Compensation insurance, taxes, and other similar charges or obligations. Contractor shall be liable for its own actions, including its negligence or gross negligence, and shall be liable for the acts, omissions, or errors of its agents or employees.
26. **ANTI-DISCRIMINATION:** It is the policy of the District that in connection with all work performed under contracts there be no discrimination against any employee engaged in the work because of race, color, ancestry, national origin, or religious creed, and therefore the Contractor agrees to comply with applicable Federal and California laws including, but not limited to the California Fair Employment and Housing Act beginning with Government Code Section 12900, and Labor Code Section 1735. In addition, the Contractor agrees to require like compliance by all its subcontractor(s).

All workmanship and merchandise must be warranted to be in compliance with applicable California energy, conservation, environmental, and educational standards.

29. **COMPLIANCE WITH LAWS:** Contractor shall give all notices and comply with all laws, ordinance, rules and regulations bearing on conduct of the Work as indicated or specified. If Contractor observes that any of the Work required by this Contract is at variance with any such laws, ordinance, rules or regulations, Contractor shall notify the District, in writing, and, at the sole option of the District, any necessary changes to the scope of the Work shall be made and this Contract shall be appropriately amended in writing, or this Contract shall be terminated effective upon Contractor's receipt of a written termination notice from the District. If Contractor performs any work that is in violation of any laws, ordinances, rules, or regulations, without first notifying the District of the violation, Contractor shall bear all costs arising therefrom.
30. **DISPUTES:** Pending resolution of a dispute, Contractor agrees it will neither rescind the Contract nor stop the progress of the Work, but will allow determination by the court of the State of California, in the county in which the District's administration office is located, having competent jurisdiction of the dispute. However, as a condition precedent to litigation, any dispute shall be mediated with the Parties paying the mediator's fee in equal shares. A mediator shall be selected, and a mediation shall be scheduled, within twenty (20) days of a Party's demand for mediation.

Copies of the general prevailing rates of per diem wages for each craft, classification, or type of worker needed to execute the Contract, as determined by the DIR are available from the District or on the internet (<http://www.dir.ca.gov>).
32. **CONTRACTOR REGISTRATION:** Contractor shall ensure that Contractor and its Subcontractors comply with the registration and compliance monitoring provisions of Labor Code section 1771.4, including furnishing its Certified Payroll Records to the Labor Commissioner, and are registered pursuant to Labor Code section 1725.5. Labor Code section 1771.1(a) states the following:
- “A contractor or subcontractor shall not be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any contract for public work, as defined in this chapter, unless currently registered and qualified to perform public work pursuant to Section 1725.5. It is not a violation of this section for an unregistered contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the contractor is registered to perform public work pursuant to Section 1725.5 at the time the contract is awarded.”

U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services, or materials pursuant to the Contract or a subcontract. 37. **DISTRICT WAIVER:** District's waiver of any term, condition, or covenant shall not constitute a waiver of any other term, condition, or covenant; and District's waiver of a breach of any term, condition, or covenant shall not constitute a waiver of any subsequent breach of that term, condition, or covenant.
38. **INVALID TERM:** If any provision of this Contract is declared or determined by any court of competent jurisdiction to be illegal, invalid or unenforceable, the legality, validity or enforceability of the remaining parts, terms and provisions shall not be affected thereby, and said illegal, unenforceable or invalid part, term or provision will be deemed not to be a part of this Contract.
39. **ENTIRE CONTRACT:** This Contract sets forth the entire Contract between the Parties hereto and fully supersedes any and all prior agreements or understandings, written or oral, between the Parties hereto pertaining to the subject matter thereof. EXHIBIT “A”
SCOPE OF SERVICES
Sewer Line Camera Assessment Maintenance

Generally, maintenance may not include repair work involving any facility, but may include repairs on some fixtures. Specifically, maintenance services shall include, without limitation, all routine, recurring, and usual work for the preservation, protection, and keeping of any facility for its intended purposes in a safe and continually usable condition for which it was designed, improved, constructed, altered, or repaired. Maintenance work includes resurfacing of streets and highways at less than one inch, and landscape maintenance such as mowing, watering, trimming, pruning, planting, replacement of plants, and servicing of irrigation and sprinkler systems. Maintenance services may not include janitorial or custodial services, and may not include security protection services (such as guards or other security forces). Maintenance services may not include painting, repainting, or decorating other than touchup or minor repainting. Maintenance services may include trades, to the extent consistent with the above definitions of maintenance services, in order to preserve the facility in a safe, efficient, and continually usable condition for which it was intended, including repairs, cleaning, and other operations on machinery and other equipment permanently attached to the building or realty as fixtures. (Public Contract Code §§20111(a), 20115, and 22002(c) and (d).)

The scope of this agreement may consist of “Required Work” and “Potential Work.” “Required Work” is maintenance service that must be performed by Contractor during the term of the Contract, such as periodic preventive maintenance. “Potential Work” is maintenance service that may or may not arise, or be necessary, during the term of the Contract, such as minor repairs to fixtures in order to preserve the facility in a usable condition that were not known at the time of award of the Contract. Contractor shall not perform any Potential Work unless authorized in writing by an authorized District representative.

The scope of this Contract includes all labor, materials, equipment, overhead, and other costs necessary to satisfactorily perform the Required Work and Potential Work pursuant to this Contract.

The maintenance services under the Contract include the following Required Work:

- Record video of all conditions of existing sewer laterals and mainline throughout the Skyline High School Campus. 3,752.2 feet of pipe on plans; and estimated 1,500-2,000 additional feet for portables and additions. Includes excavation to access the piping.

The maintenance services under the Contract include the following Potential Work:

- Install clean-outs for access where none are available.
- If necessary, use hydro jetting machines to clear obstacles and debris to allow good results of video recording.
- Any other Maintenance services related to sewer line camera assessment and within the description in the first paragraph above.

FINGERPRINTING NOTICE AND ACKNOWLEDGEMENT

FOR SERVICE CONTRACTS (Education Code Section 45125.1)

Business entities entering into contracts with the Owner for school and classroom janitorial services, schoolsite administrative services, schoolsite grounds and landscape maintenance services, pupil transportation services, or schoolsite food-related services must comply with Education Code sections 45125.1. Such entities are responsible for ensuring full compliance with the law and should therefore review all applicable statutes and regulations. The following information is provided to you, the bidding contractor, simply to assist such entities with compliance with the law.

1. The Owner has determined that your employee(s), or you as a sole proprietorship, will have more than limited contact with students, therefore the Owner requires that you must submit your, and your employees', fingerprints pursuant to Education Code §45125.1(a).
2. You shall not permit an employee to come in contact with pupils until the Department of Justice has ascertained that the employee has not been convicted of a felony as defined in Education Code §§45122.1 and 45125.1(f).
3. You shall certify in writing to the Owner that neither the employer or any of its employees who are required to submit fingerprints have been convicted of a felony as defined in Education Code §§ 45122.1 and 45125.1(f).

[NOTE TO OWNER: Virtually all services create more than "limited contact" with students; however, if the owner has determined that the provider of services under this contract will only have limited contact (or will have no contact) with students, then please consult with legal counsel about whether to require this form.]

4. If you are providing the above services in an emergency or exceptional situation, you are not required to comply with Education Code section 45125.1, above. An "emergency or exceptional" situation is one in which pupil health or safety is endangered or when repairs are needed to make a facility safe and habitable. Owner shall determine whether an emergency or exceptional situation exists. (Education Code §45125.1(b).)

I have read the foregoing and agree to comply with the requirements of Education Code §45125.1 as applicable.
