#### Narrative: Please provide the reasoning as to why the full Measure G1 allocation was not spent.

In the previous year, some of the Measure G1 allocations were made while we were in Distance Learning and were not feasible in person given our scheduling, particularly the electives teachers. Additionally, the music department ended up funding the full music position, so we did not need the G1 funds. The person we had contracted for the African American Family Coordinator backed out at the start of the school year. We did spend much of our reallocated funds last year on our MS Library for Dual Language, furniture for art, Art Supplies and extended contract for clubs.

REQUIRED: Please provide all meeting <u>agendas</u>, <u>minutes</u>, <u>and sign-in sheets</u> of the engagement meetings which addressed carryover funds with this application. The application will NOT be considered without this documentation of engagements.

#### **Budget Justification and Narrative**

In the following sections, please review the self-assessment and discuss your team's plan to address the following:

#### The Goals of the Measure

- Increase access to courses in arts, music, and world languages in grades 6-8
- Improve student retention during the transition from elementary to middle school
- Create a more positive and safe middle school learning environment

You <u>MUST</u> describe the current programmatic narrative for <u>EACH</u> section of the budget narrative based on the Measure G1 Initial Self-assessment and data analysis. Please highlight what G1 specifically supported in the 2020-21 school year.

- 1. Please explain how you plan to use the Measure G1 carry-over funds to develop strategic changes that meet the goals of the measure and that will lead to improved student outcomes.
- 2. Add additional lines if you would like to add additional budget items.
- 3. All budget items should total up to the total carry-over amount.

#### 1. Music Program

#### **Programmatic Narrative Based on Rubric**

This is the first year we are offering Middle School music as an official opt in elective, reaching 40 students who have opted in. As part of the program, our Music teacher is offering digital music on Midi Keyboards, which we purchased with G1 funds, but students need Chromebooks in the music space to be able to record their music on a digital software program. The Spring Music festival will expose and share more Music opportunities outside of the school setting. They will get to experience being a part of a larger community of OUSD.

#### 2. Art Program

#### **Programmatic Narrative Based on Rubric**

We have added more Art opportunities and experiences than anticipated through lunch access, club time and elective advisory for students this year. These added components were not considered in prior Art supply budget allocation. The elective class is offered as Advanced Art and entails more extensive needs of materials and supplies. Additionally, further exposure to providing more Art opportunities and experiences outside of the classroom.

#### 3. World Language Program

#### **Programmatic Narrative Based on Rubric**

In the 23/24 school year we will be expanding our Dual Language program to 6th grade. This means we will be offering world languages for the first time as part of our core school program. In order to prepare for the program, we need to build our classroom libraries in Spanish for 6th grade. As this is entirely new, we currently do not have any books in our 6th - 8th grade classroom libraries. We also want to continue to build

#### 4. 5th to 6th Grade Enrollment Retention

#### **Programmatic Narrative Based on Data Analysis**

We would like to have a Middle School Kick Off event for incoming 6th graders. In the 23/24 school year we will be launching the Dual Language program in Middle School and would like to have a kick off event in June to build culture and unity amongst incoming 6th graders. We would have a team of four teachers and 3 TSAs plan out and execute the event.

#### 5. Safe and Positive School Culture

#### **Programmatic Narrative Based on Data Analysis**

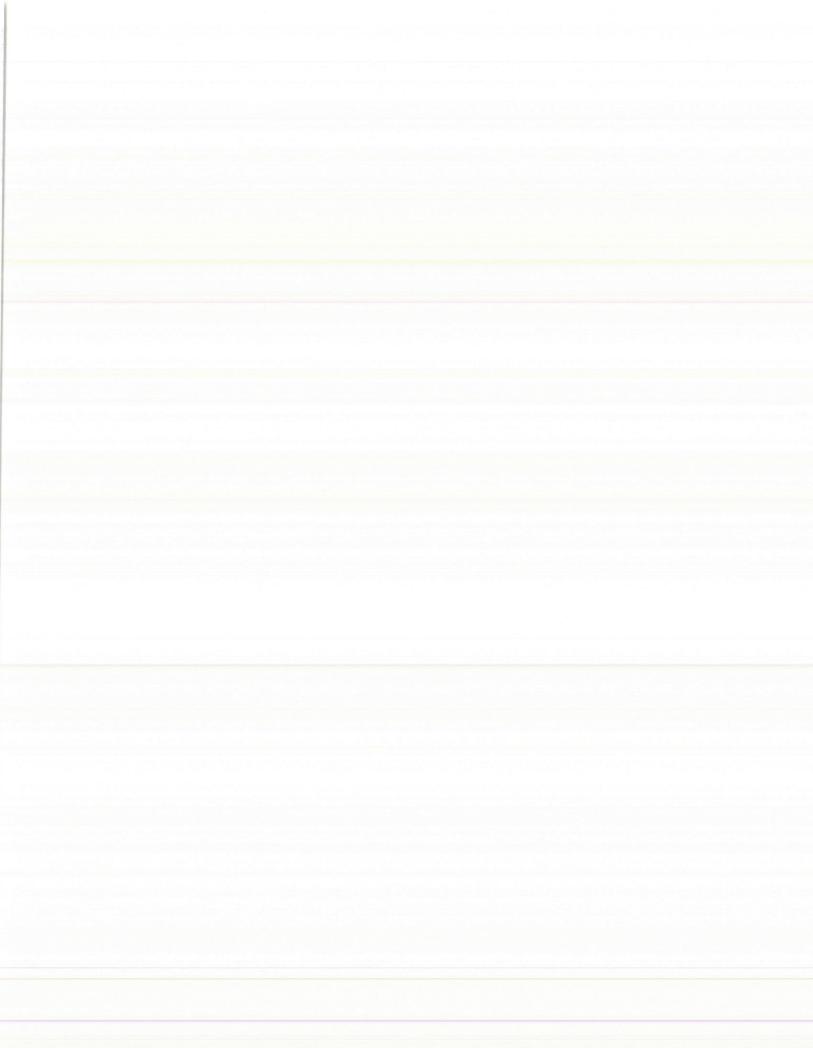

We want to build a positive college going culture at Greenleaf and opportunities for kids to explore possible careers and future. As part of an incentive for students who meet community service requirements and have excellent attendance, we want to have college visits in the Spring, a different college for each grade level, so that students have the opportunity to have a range of opportunities and experiences. Additionally, working with community program partnerships to support social-emotional learning development for students. This includes support in building beyond students through parent workshops as well to continue fostering positive and safe school culture.

# Teacher Survey - Measure G1 - 2022/2023

Measure G 1 is a grant for our Middle School that supports:

- Enrichment (Art, Music, Theater)
- World Language
- Middle School Retention
- Creating a Safe and Positive School Environment

What areas/ideas do you think we should focus spending on? Do you have any specific ideas on how/what this could look like?
