SCOPE OF WORK: DANCE AT GRASS VALLEY 2014-15 – CORE ARTS

Luna Dance Institute (LDI) seeks to partner with Grass Valley to build a dance integration program for students with and without disabilities. Using the district's guide: *Dance Learning in the 21st Century: a Blueprint for Teaching & Learning Dance Grades K-12©2010*, revised to integrate Common Core arts standards, LDI will create progressive, standards-based curriculum and work with partner teachers in a side-by-side collaborative model to bring dance learning to life at Grass Valley. The goals of the dance program align with the school goals of high expectations, student engagement, improved attendance and academic success. We see this as a multiple year partnership that embeds formative evaluation strategies so that the program grows organically with the optimum chance for success. The long range goal is access to scope and sequence core arts curriculum in dance for every child at Grass Valley.

Progression of standards-based dance curriculum

Model classes w/ side-by-side PD: In 2014-15, we expect to continue our work with last year's teachers: Slater, Mitchell, Rocket and Culmer; and add first grade teacher Tammy Coleman's first grade class. A total of 5 classrooms shall receive weekly 50-60 minute classes for the entire 30-week academic year, with ongoing grade-level collaborative professional development. Should Grass Valley procure sufficient funds to add one class, we will work with Ms. Martinez, too.

Measurable Objectives: Increased school attendance by participating students; increased engagement as measured by participation and progress in standards-based dance curriculum; increased teacher understanding of arts integration (dance) and increased ability to use dance and movement, integrated into other core content, to achieve school-wide goals.

Essential services: As evidenced by other successful standards-based dance programs in the district, the Model classes must be augmented by the following activities: a) twice per year full-school professional development; b) regular peer-to-peer check-ins between dance teaching artists and participating classroom teachers; c) participation in at least one LDI workshop or lesson study by each new participating classroom teacher (it is assumed that Grass Valley will pay a stipend to the classroom teachers for their professional learning time separate from this contract); d) LDI will broker at least one school assembly, professional performance or field trip for participating classrooms and/or full school; e) LDI will facilitate at least one family dance event to be coordinated with other Grass Valley scheduled family activities; f) participating teachers and administrators will engage in formative evaluation: two annual in-person focus group evaluations and completion 2-3 written surveys; g) LDI will provide extensive documentation to make the work visible for multiple audiences, including parents.

Measurable Objectives: Increased teacher understanding of arts integration (dance) and increased ability to use dance and movement, integrated into other core content, to achieve school-wide goals; increased community-building through the art of dance (parents, teachers students and community artists).

Research finds that integrated strategies such as those described above are an effective means to increase student literacy and language development.^{1 2 3 4} Research also finds that such strategies have especially high impact for English language learners, students from low-income backgrounds, and students performing below targets on standardized achievement tests—findings that have important implications for improving educational equity.^{5 6 7 8} Arts integration helps students to tap multiple modalities for learning.

Cost: \$26,000 for 5 teachers for Academic Year 2014-15. Foundation grants procured by LDI = \$16,000; Grass Valley portion = \$12,000. Additional costs for adding sixth teacher = \$6,000 for a total of \$32,000/Grass Valley Share \$18,000. Payment schedule: 15% at project start 9/2/14; 25% billed quarterly (Fall, Winter, Spring), remaining 10% at project completion.

programs and services

Professional Learning is a teaching and learning resource for dance artists, teacher and social workers. This is the only dance resource in California which solely focuses on dance pedagogy and instruction for those artists and teachers working with children and youth ages 0-17; and also provides model programs for artists, teachers and policymakers to view, so they can learn from best practices in dance teaching. Professional Learning resources and services include: entry level through continuing education workshops; arts education forums and roundtables; Summer Institutes; Professional Learning Communities-lesson studies and issues of practice inquiry; coaching; an extensive resource library; curriculum book; internship opportunities, consultation and coaching, and certification.

School & Community Alliances uses a unique side-by-side professional development model to work with schools and districts to build sustainable, high quality, standards-based dance programs for children pre-K through 12th grade. Through model dance classes, coaching, onsite in-services, in-depth PD through and family dance events, Luna artists work with teachers, site administrators and parent councils to make dance education part of every child's core educational experience. Our work is currently focused in Oakland Unified School District where we are piloting the district's *Dance Learning in the 21st Century: Blueprint for Teaching and Learning Dance K-12*.

MPACT (Moving Parents & Children Together) brings relationship-based curriculum and embodied parent education to families with young children ages 0-8 in the child welfare system. We partner with social service agencies to bring parent-child dance classes to families in the process of reunification; including incarcerated women, women living in domestic violence or homeless shelters, women in residential treatment facilities, and immigrant families. MPACT also houses an internship program that develops dance artists as they bring parent-child dance into their communities. MPACT classes, taught in English and Spanish, are offered free to the community at Oakland public libraries, the Luna studio, and at partner residential treatment locations--the Solid Foundation and East Bay Community Recovery Project.

Studio Lab is the only dance studio program on the west coast that focuses solely on building the dance-making skills of young choreographers, ages 5-17. Using the elements of dance, the body (whole and part) moving in space, energy and time students create their own dances, revise and edit their work and perform their choreography for peers. As students progress through the program they learn more advanced choreographic devices and forms, and move from creating solos to choreographing duets and group work. Advanced students share their dances at Luna's annual Celebration of Dance Learning event. Tuition assistance for the academic year program and summer dance camps is provided to low income students.
