

OAKLAND UNIFIED SCHOOL DISTRICT
Office of the Superintendent

June 27, 2012

To: Board of Education

From: Tony Smith, Superintendent
Maria Santos, Deputy Superintendent
Susana Ramirez Director, State and Federal Compliance

Re: 2012/2013 CSSSP – Coliseum College Prep Academy

Action Requested:

The Board of Education is requested to approve the 2012-2013 Community Schools Strategic Site Plan for Student Achievement for Coliseum College Prep Academy.

Background:

In accordance with Education Code 64001, the Single Plan for Student Achievement shall be reviewed annually and updated, including proposed expenditure of funds allocated to the school through the Consolidated Application, by the school council. The plans shall also be annually reviewed and approved by the governing board of the local education agency at a regularly scheduled meeting. The purpose of the Single Plan for Student Achievement is to coordinate all educational services at the school. The site plan shall address how funds provided to the school will be used to improve the academic performance of all pupils to the level of the performance goals, as established by the Academic Performance Index. (API).

Discussion:

The Single Plan for Student Achievement builds on a premise that students are capable of learning with effective instruction, includes school goals aligned with activities, provides analysis of student performance data, focuses on student achievement and academic intervention, implements high leverage school improvement actions, directs resources where they will most directly improve student achievement, ensures that all resources are aligned to serve identified student needs, and identifies parent involvement activities associated to student success.

Fiscal Impact:

The Programs listed below are reported in the Consolidated Application and allocated to school sites through the Single Plan for Student Achievement.

State Programs

- Economic Impact Aid/School Compensatory Education
- Economic Impact Aid/Limited English Proficient
- Quality Education Improvement Act (QEIA)
- School Improvement Grant (SIG)

Federal Programs

- Title I, Part A

Recommendation:

The Board of Education is requested to approve the 2012-2013 Community Strategic Site Plan application for Coliseum College Prep Academy.

COMMUNITY SCHOOLS STRATEGIC SITE PLAN

Superintendent's Letter

Our efforts in the Oakland Unified School District (OUSD) are now clearly focused on serving all of our children in every neighborhood by providing high quality community schools where children, adults, and community thrive. We are committed to creating and sustaining a district of community schools capable of supporting the unique needs of each child while creating caring school communities that link every Oakland Neighborhood. We believe that each child in Oakland must be ready to succeed in college and careers that lead them to healthy and happy lives.

It is with these beliefs that we engage in creating a Full Service Community School District filled with Full Service Community Schools, in which schools act as resource and service hubs that connect with local partners to help build healthy and vibrant schools and communities.

In this spirit, we are launching a new Community Schools Strategic Site Plan. The Community School (CS) Strategic Site Plan is closely aligned with the larger organizational strategic plan, *Community Schools, Thriving Students*. In addition to satisfying compliance requirements and guiding the allocation of categorical funds, the CS Strategic Site Plan will be a multi-year road map for each school to become actualized as a Full Service Community School. This new school site plan has been developed by a team of cross-departmental leaders in OUSD under the advisement of principals and community leaders. All school communities will complete the CS Strategic Site Plan in 2011-2012 to contribute to the development of site priorities for the 2012-2015 school years.

The CS Strategic Site Plan will continue to be annually approved by School Site Councils and the OUSD Board of Directors.

To lead these efforts, each site will create a Community School Leadership Team, whose body will incorporate members of each site's School Site Council (including the principal, parents, teachers, staff), and in secondary schools, the team will also include a student member. Additionally, each school will recruit their afterschool partner, as well as another key community partner, to become members of the Community School Leadership Team. This leadership team will drive the development of the CS Strategic Site Plan for their school and will be supported through a collaborative engagement process. In addition to existing School Site Council meetings, the Community School Leadership Teams will attend district-wide retreat days and collaboratively engage the broader community.

We are excited about supporting every school community to collaborate in service of building Full Service Community Schools across Oakland. As leaders of a Full Service Community District, we are committed to providing the conditions for this critical work to happen. I thank you for your engagement, leadership, and commitment to supporting the development of community schools and thriving students across Oakland.

COMMUNITY SCHOOLS STRATEGIC SITE PLAN

Context & Vision

OUSD

VISION: All students will graduate from high school. As a result, they are caring, competent and critical thinkers, fully-informed, engaged and contributing citizens and prepare to succeed in college and career.

MISSION: Oakland Unified School District is becoming a Full Service Community District that serves the whole child, eliminates inequity, and provides each child with excellent teachers for every day.

GOAL AREAS:

Every student in the Oakland Unified School District will:

- Attend a SAFE, HEALTHY, and SUPPORTIVE SCHOOL - Oakland will become a full-service community district that will collaborate with civic and community partners to reduce violence in the community and schools thereby creating secure campuses where a culture of calm prevails.
- Learn the knowledge, skills, and abilities to be PREPARED for SUCCESS in COLLEGE and CAREERS when they graduate from high school, to ensure that they can read, write, speak, think critically and reason mathematically for post-secondary success.
- Have HIGH QUALITY and EFFECTIVE INSTRUCTION with excellent teachers for every day of the school year.

The Oakland Unified School District will:

- Become a FULL SERVICE COMMUNITY DISTRICT that is in service of and fully supporting the success of community schools and thriving students.
- Be ACCOUNTABLE for HIGH QUALITY for its schools and in its work across the organization.

SCHOOL SITE CONTEXT

VISION

Accountable for Quality: Ensuring Thriving Students and Healthy Communities

Strategic Priority: The Accountability Plan

In June 2011, the OUSD Board of Education adopted our School Quality Standards. These standards include outcome standards that define for OUSD what "good" performance is. These are the standards we use to measure the extent to which our schools are ensuring that all of our students are thriving and likely to contribute to the health of our communities.

1. A quality school sets and achieves clear and measurable program goals and student learning objectives.
2. All students demonstrate progress on academic and social goals each year and across years.
3. All students achieve at similarly high rates and any gaps in achievement are substantially narrowing.
4. All students achieve at levels that compare positively with state and national averages and with similar schools.
5. All students demonstrate critical thinking skills and apply those skills towards solving complex tasks.
6. All students demonstrate skills in and knowledge of the arts and literature.
7. All students demonstrate an ability to understand and interact with people from different backgrounds.
8. All students achieve and maintain satisfactory physical health including diet, nutrition, exercise, and rest.
9. All students demonstrate the attributes and skills of emotional health and well-being.
10. All students demonstrate the skills, knowledge, and dispositions needed in the world of work.
11. All students demonstrate the skills, knowledge, and dispositions of engaged citizens.

OUSD schools will use these outcome standards to define and assess how they are developing toward quality Full Service Community Schools. School- level goals and metrics in the following sections should explicitly refer to these outcomes standards.

The School Accountability Plan

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority A. Balanced Literacy & Literacy Across the Curriculum

School: Coliseum College Prep Academy

Principal: AMY CAROZZA

School Quality Standards relevant to this Strategic Priority

A quality school...

- provides students with curriculum that is meaningful and challenging to them
- ensures that students know what they're learning, why they're learning it and how it can be applied
- ensures that all teaching is grounded in a clear, shared set of beliefs about how students learn best.
- provides and ensures equitable access to curriculum and courses that prepare all students for college

From OUSD Strategic Plan:

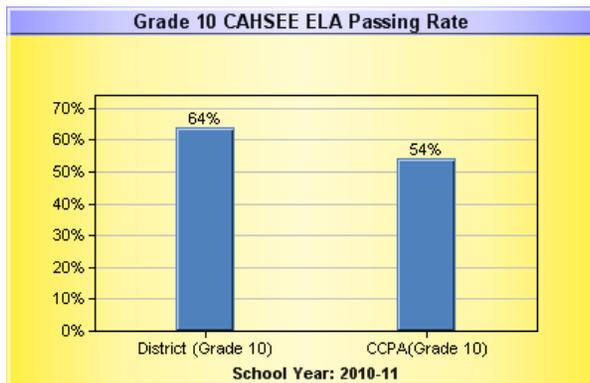

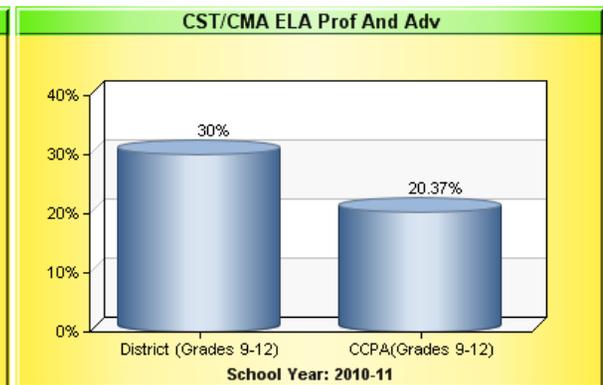

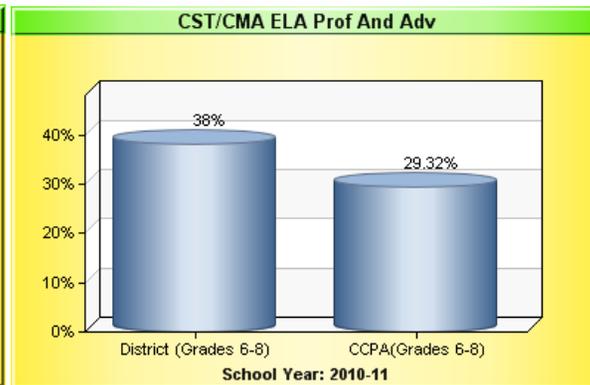

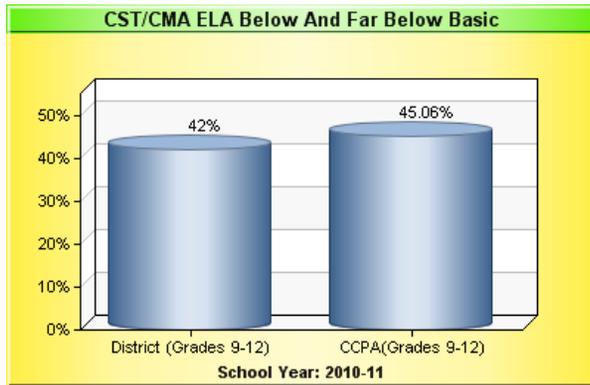

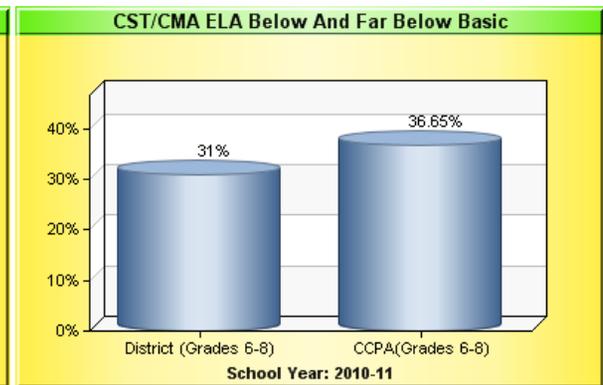

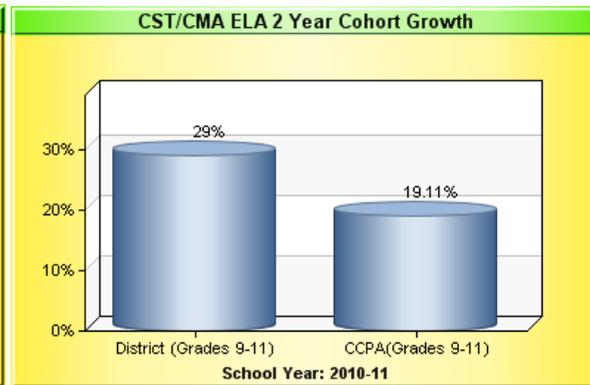

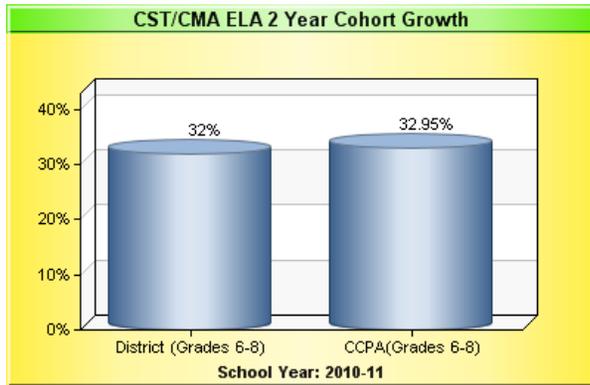

We want OUSD students to read, write, speak, and think critically for success in college and careers. We want Oakland students to relish reading, writing, and speaking and to become joyful, as well as competent, around literacy. To reach that goal, we need to develop a clear and common OUSD Literacy Framework. The beginning of our work will ensure that we assess reading levels of all students across the system. Additionally, we will approach literacy from a Response to Intervention Framework, ensuring that students have access to high-quality instruction and that higher tiers of support are provided when needed. OUSD must develop a PreK-12 core curriculum aligned to college and career ready standards and to the Common Core State Standards as they develop.

District-level Goals

1. Reach double digit growth, as measured by CST, for all students- with a focus on historically underserved students.
2. Move CST FBB students to Basic in one year (in two years for MS and HS)
3. Move/maintain CST Proficient and Advanced students
4. Accelerate reading by 1.5 additional grade levels for 3rd through 5th graders as measure by SRI to reach grade level standard (2 additional grade levels starting with 6th graders for MS, 3 additional grade levels starting with 9th graders for HS)
5. Student use of academic language and engagement with grade level content aligned to the Common Core State Standard will be increased from fall to spring as evidenced by principal observations.

School Federal and State Academic Achievement Goals:

School goal is to meet or surpass all Title I Part A Adequate Yearly Progress and California Department of Education Academic Performance Index targets.

School Data

- In 2011-12, 25-30% of CCPA's students were testing at a CELDT 3 or lower despite living in an English speaking country for six years or longer.
- In 2011-12, more than 50% of CCPAs high school students were reading below grade level.

Theory Action

- CCPA is focused on accelerating students language development (speaking, listening, reading and writing) through direct intervention. This intervention ultimately increases literacy levels and writing proficiency.
- Teaching our students to write at high levels will prepare them for success in college and work.
- Targeted assessment and responsive reading intervention for students reading below grade level will improve students reading levels at the maximum rate.

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority B. Science, Technology, Engineering, Mathematics (STEM)

School: Coliseum College Prep Academy

Principal: AMY CAROZZA

School Quality Standards relevant to this Strategic Priority

A quality school...

- provides students with curriculum that is meaningful and challenging to them
- ensures that students know what they're learning, why they're learning it and how it can be applied
- ensures that all teaching is grounded in a clear, shared set of beliefs about how students learn best.
- provides and ensures equitable access to curriculum and courses that prepare all students for college

From OUSD Strategic Plan:

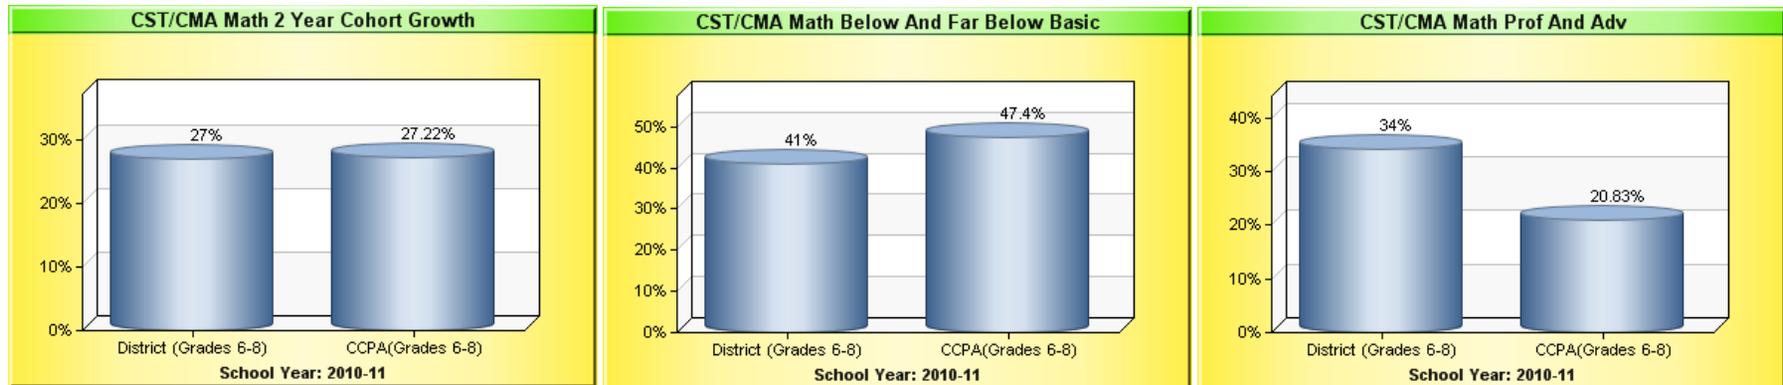

In the past three years, students exhibited steady achievement gains in science and mathematics. More elementary teachers have scheduled science and math instruction into students' school day and are using the district-adopted materials with integrity. While we celebrate the academic gains in science and mathematics, we also recognize their inadequacy and unevenness when we delve deeper into the results for various student populations (e.g., African-American, Latino, English Language Learners), grade spans (middle and high school students) and schools. We are committed to accelerating science and mathematics gains and supporting robust teaching and learning. We plan not only to dramatically improve science and mathematics learning but also to create a deep understanding of Science, Technology, Engineering and Mathematics (STEM) careers and opportunities for linked learning, both in school and the workforce.

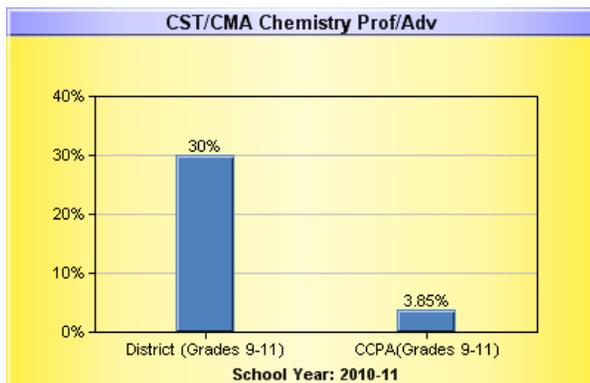

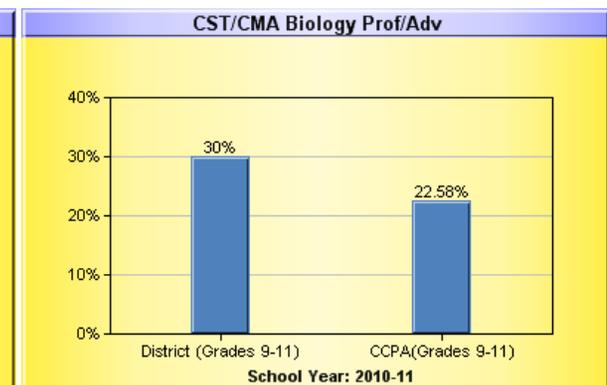

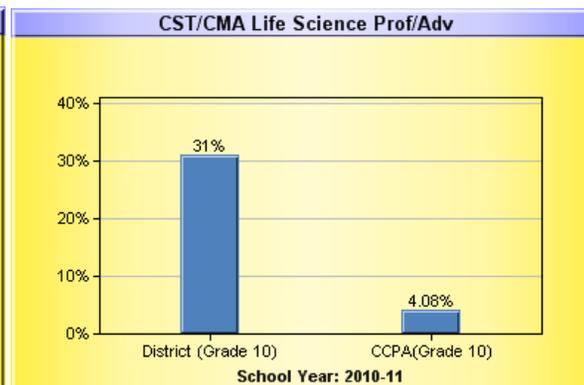

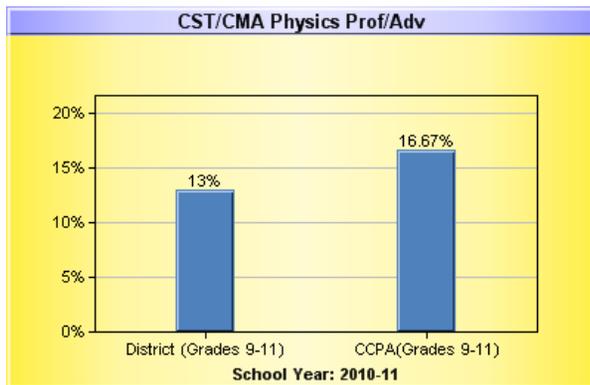

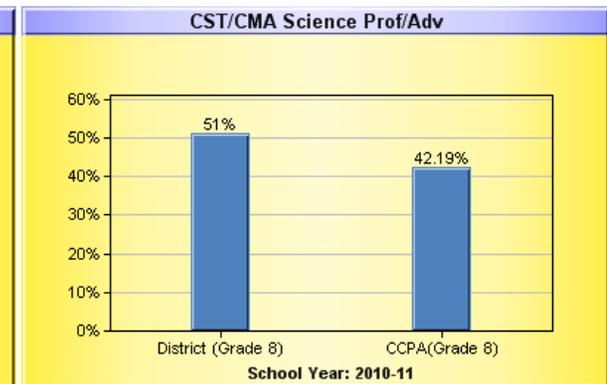

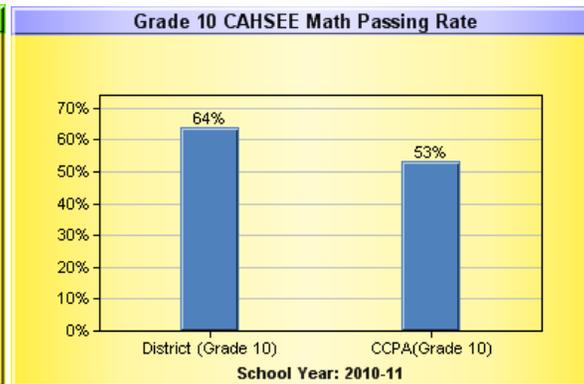

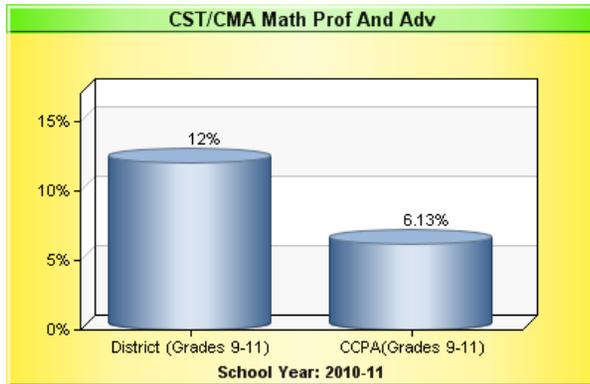

District-level Goals

1. Reach double digit growth, as measured by CST, for all students- with a focus on historically underserved students.
2. Move CST FBB students to Basic in one year.
3. Move/maintain CST Proficient and Advanced students
4. Increase by 10% the number of proficient and advanced students in CST science and by 15% English Language Learners and African American Males

School Federal and State Academic Achievement Goals:

School goal is to meet or surpass all Title I Part A Adequate Yearly Progress and California Department of Education Academic Performance Index targets.

Data Analysis

- In 2011-12, on the second Algebra benchmark 92% of 8th graders are testing in the FBB/BB.

Theory Action

- Requiring all students to take Algebra over two years will increase Algebra proficiency.
- Increased Algebra proficiency will increase student preparation for and performance in higher levels of math.
- Increased Algebra proficiency will increase student preparation for CAHSEE.
- Taking Algebra in the 9th grade will allow the course to count for math a-g credit.

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority C. Transitions & Pathways PreK-12

School: Coliseum College Prep Academy

Principal: AMY CAROZZA

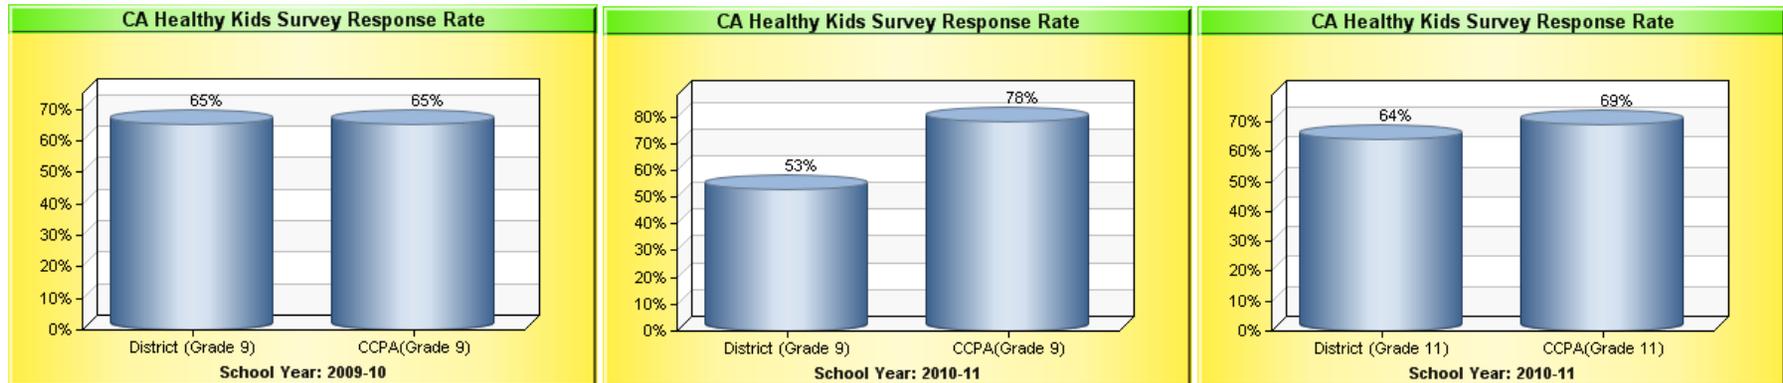

School Quality Standards relevant to this Strategic Priority

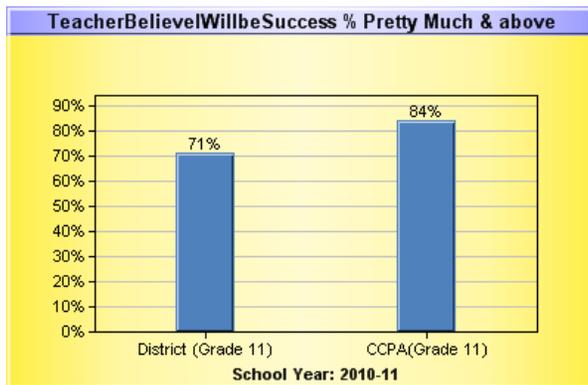

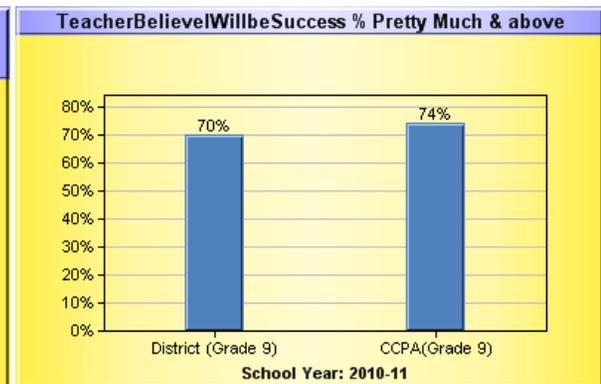

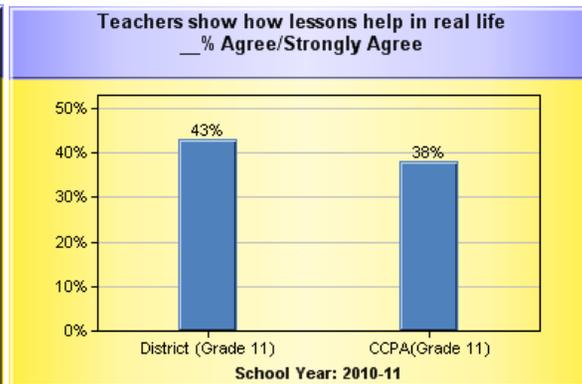

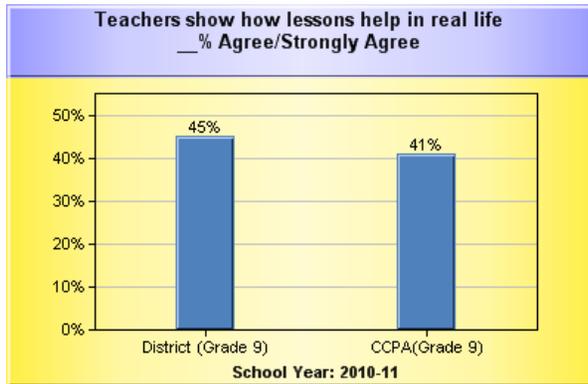

A quality school...

- provides students with curriculum that is meaningful and challenging to them
- provides and ensures equitable access to curriculum and courses that prepare all students for college
- provides opportunities for students to learn career-related skills and to develop 21st century work habits.

From OUSD Strategic Plan:

Too many of OUSD's schools work in isolation and focus little attention on where students have been and where they are going. Early childhood programs need to be aligned to the K-5 continuum and expanded to serve more students. Principals at K-5 schools with early childhood programs will supervise the programs and help to integrate them into the school culture. We must develop transitional kindergarten programming to include curriculum and professional development. College and career readiness doesn't begin in high school. In OUSD, the elementary and middle school academic core must be aligned to what students must know, understand, and be able to do to succeed in college-preparatory courses in high school. Elementary and middle school communities in regions will collaborate to share best practices and to develop robust feeder options. Building on existing programs, OUSD will also seek additional funds to develop a comprehensive "Career Pathways" approach to preparing our young people to be successful in college and careers. In order to attract and hold students and families, we will use the FSCS model to create corridors, networking Pre-K through 12 schools in targeted areas in new and innovative ways.

Theory Action

- Students in 6th and 7th grade are sheltered and supported to develop their readiness for the D2 A-G sequence.
- Eliminating the 8-9th grade transition will minimize the number of students going off track in the 9th grade.
- The increased rigor and opportunity available to D3 (11th and 12th grade students) will both make them more marketable to colleges.
- The increased rigor and opportunity available to D3 will support students in gaining experiences that will inform their post HS graduation planning.

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority D. College, Career & Workforce

School: Coliseum College Prep Academy

Principal: AMY CAROZZA

School Quality Standards relevant to this Strategic Priority

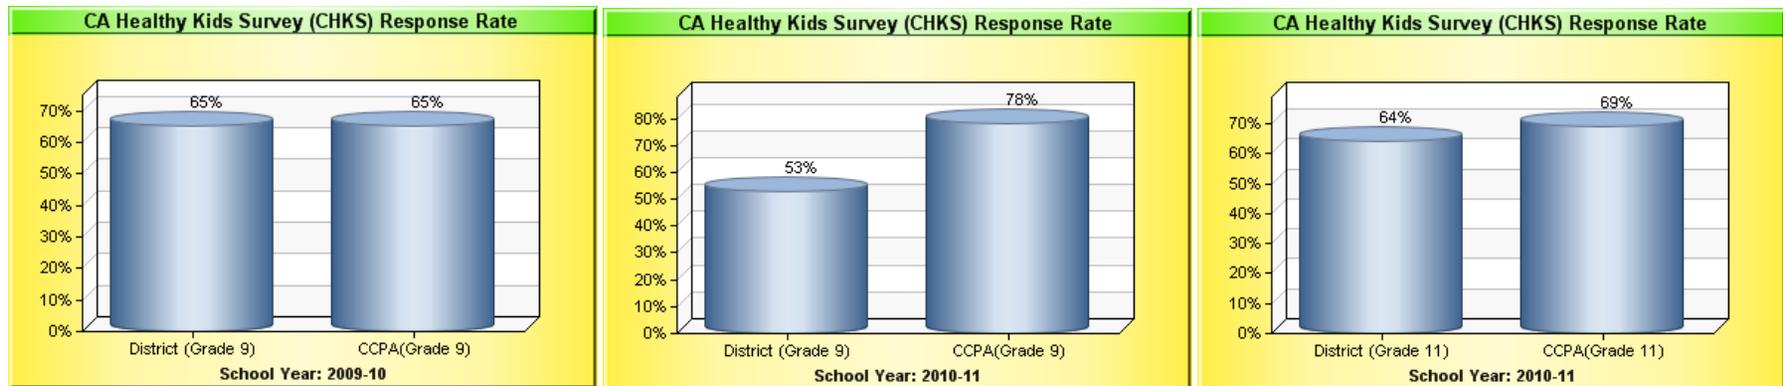

A quality school...

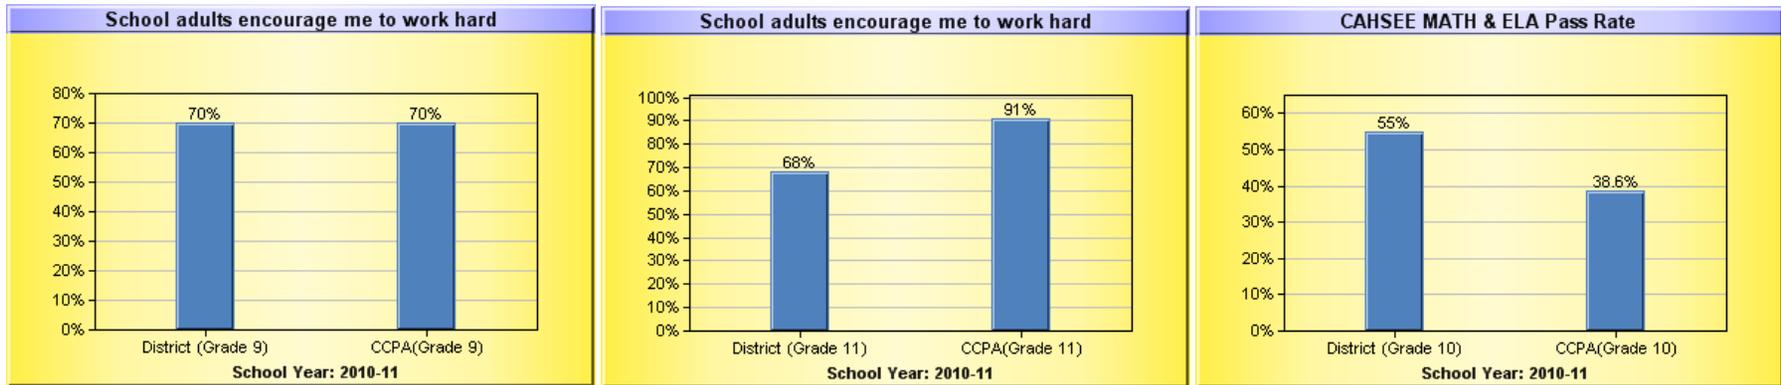

- provides students with curriculum that is meaningful and challenging to them
- ensures that students know what they're learning, why they're learning it and how it can be applied
- provides and ensures equitable access to curriculum and courses that prepare all students for college
- provides opportunities for students to learn career-related skills and to develop 21st century work habits.

From OUSD Strategic Plan:

In order to make sure that more students graduate, and our graduates are ready for college and career, OUSD will make a significant investment in strategies, structures, and resources to implement core elements of the secondary reform. Career pathways will connect strong academics, Career Technical Education (CTE), work-based learning experiences and support services so that students are prepared for college and career success within the context of a specific, high demand industry sector. Building on the number of career pathways that exist in high schools now, we will increase the number of well-developed and effectively-implemented pathways, which include certificates linked to occupations. OUSD's "Career Pathways" approach will lead to a full range of postsecondary and career opportunities and keep all options open after high school.

1. Combined 4-& 5- year graduation rate will increase by 10%- with graduation rate based on 9th grade enrollment (HS only)
2. Increase by 15% the number of African-American Males and Latino Males who pass CAHSEE on the first attempt (HS only)
3. 80% of the ninth graders will complete 60 credits (HS only)

Theory Action

- CCPA's College and Career Exploration Program (Making the Road- MTR) is built on the premise that when students know what a successful future looks like, they are more likely to achieve it.
- When students learn about the multitude of career options available to them, it helps them build the skills they need to pursue their goals.
- Students engagement in school will increase as they receive the increased opportunities offered through MTR including internship and concurrent enrollment.
- Students will become more marketable to colleges as they gain unique experiences that set them apart for other students and build their personal support networks and references.

Family Resource and College Center that develops deep partnerships between the school and families including developing parent leaders to: 1) Advise school policy 2) Support school operations 3) develop college knowledge 4) hold the expectation to develop close parent-teacher communication around student academic performance	FRC contacts and event/service calander	All Students	whole year	FRC Director, PLT	5/8/2012	232SQ1D2857		Funded by Community Partner			0	\$0.00

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority E. Accelerating Students through Targeted Approaches* (Collaborative Teacher Inquiry/African American Male Achievement/Academic Language & Literacy/Focal 15/English Learners/Students with Disabilities/GATE)

School: Coliseum College Prep Academy

Principal: AMY CAROZZA

School Quality Standards relevant to this Strategic Priority

A quality school...

- provides academic intervention and broader enrichment supports before, during, and after school

From OUSD Strategic Plan:

We need to close the achievement gap through targeted approaches, focusing on literacy development, African American Male Achievement, targeted inquiry, English Language Learners, Students with Disabilities, and Programs for Exceptional Children. The patterns of academic performance we see in our district, schools, and classrooms are evidence of a system that is horribly inadequate. We need to differentiate supports and strategies in order to accelerate achievement and address the disparities in educational and social outcomes for populations of students.

1. Increase the number of African American Male students on the honor roll by 15%

Theory Action

- Strong instruction is the means to success for all students.
- Success in school and recognition of this success will create a culture of success.
- All of our students can be successful. Personal relationships over time help students to move to new levels of success.

Strategies	Indicators	ST Group	Timeline	Owner	Date	Item#	Strategic Action	Budget Res.	Obj. Code	Position	FTE	Budget Amount
There is considerable work going on at this school to expand Adv. Placement offerings for all students. The AP Achievement Institute will be held in June to support teachers to better scaffold for all students who wish to take an AP class. Professional Development will also be held through the 12-13 school year to support the training of AP teachers to best support the success of students	GPA, AP	GATE	2012-13	Principal	5/17/2012	232SQ1E4592	GATE PROGRAM SERVICES	N/A			0	\$0.00

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority F. Extending Learning Time

School: Coliseum College Prep Academy

Principal: AMY CAROZZA

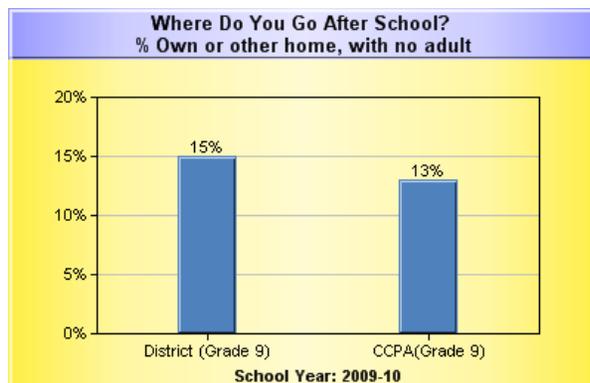

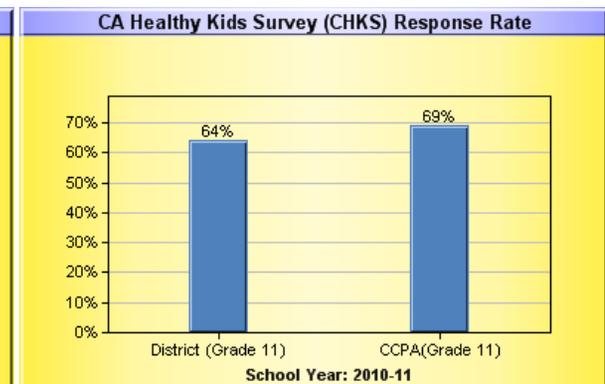

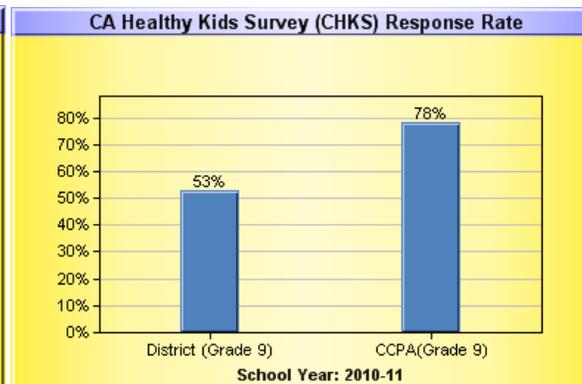

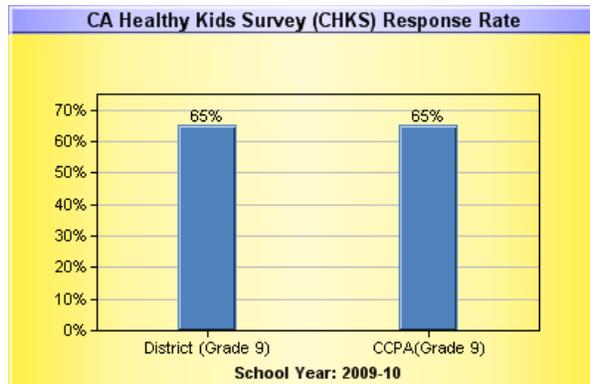

School Quality Standards relevant to this Strategic Priority

A quality school...

- provides academic intervention and broader enrichment supports before, during, and after school

From OUSD Strategic Plan:

We want each student to attend a school that offers a comprehensive and integrated approach to education in which the school acts as a hub of partnerships that organizes the resources within the community. We need to build extended learning opportunities whereby the school and community work together to break down barriers to learning and foster true, authentic collaborations in service of thriving students. We envision a system in which schools extend beyond the traditional school day ? offering students and families learning opportunities before and after school, on weekends, and during the summer.

Theory Action

- Strategic assessment, grouping and instruction of students can allow for substantial skill level development.
- Tracking of all student data in a centralized system allows for more responsiveness from school.
- Students respond to high expectations and should receive privileges and acknowledgement for academic growth and proficiency.

Strategies	Indicators	ST Group	Timeline	Owner	Date	Item#	Strategic Action	Budget Res.	Obj. Code	Position	FTE	Budget Amount

School Quality Indicator 2: Safe, Healthy & Supportive Learning Environments

Strategic Priority A. School Culture (including Meaningful Student Engagement)

School: Coliseum College Prep Academy

Principal: AMY CAROZZA

School Quality Standards relevant to this Strategic Priority

A quality school...

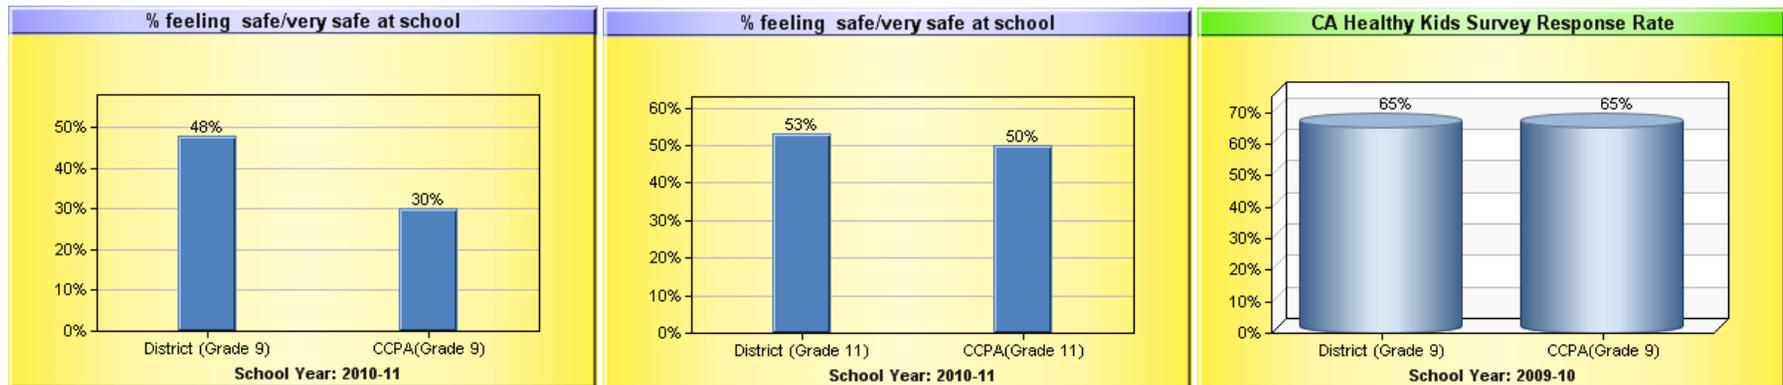

1. is a safe and healthy center of the community, open to community use before, during, and after the school day.
2. offers a coordinated and integrated system of academic and learning support services, provided by adults and youth.
3. identifies at-risk students and intervenes early, to help students and their parents develop concrete plans for the future.
4. creates an inclusive, welcoming and caring community, fostering communication that values individual/cultural differences.
5. defines learning standards for social and emotional development and implements strategies to teach those standards

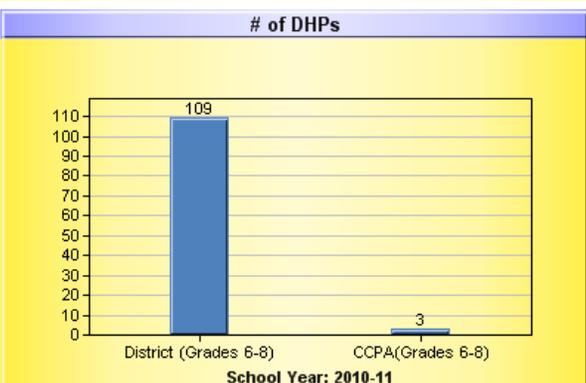

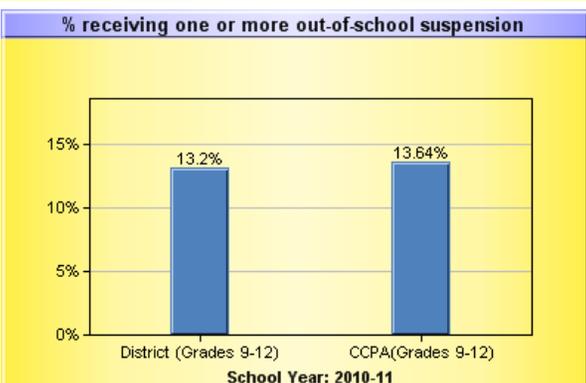

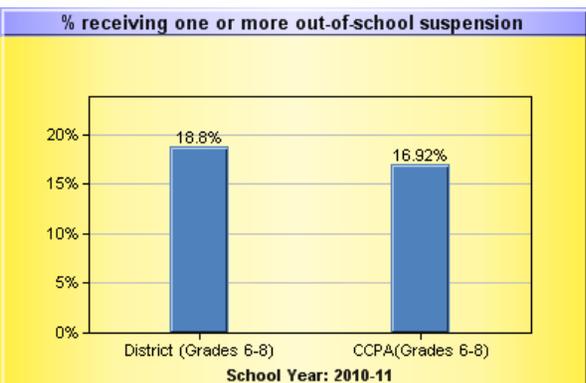

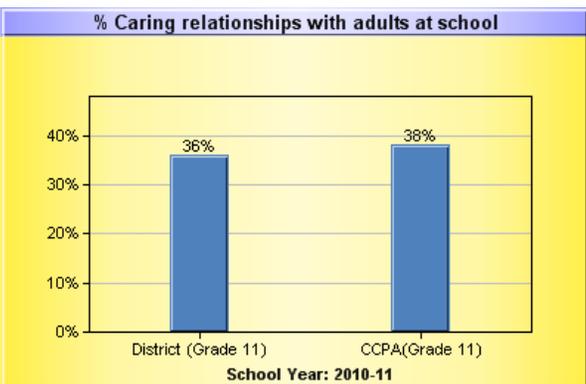

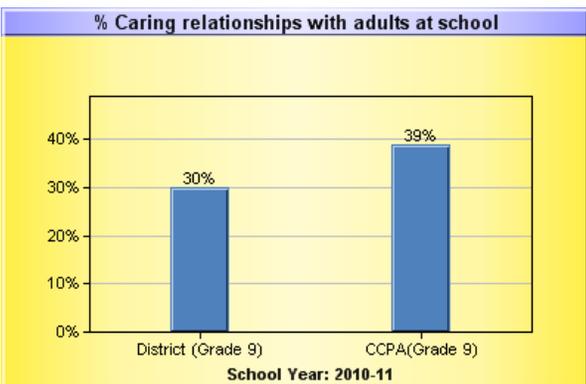

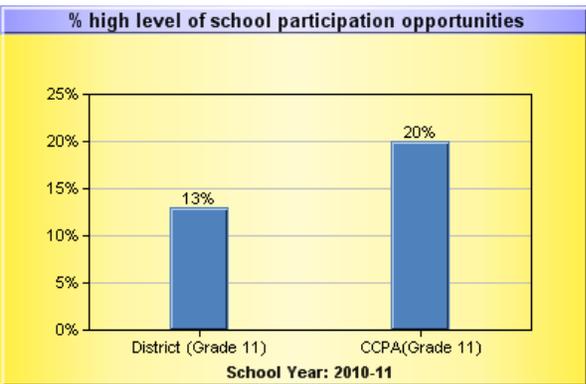

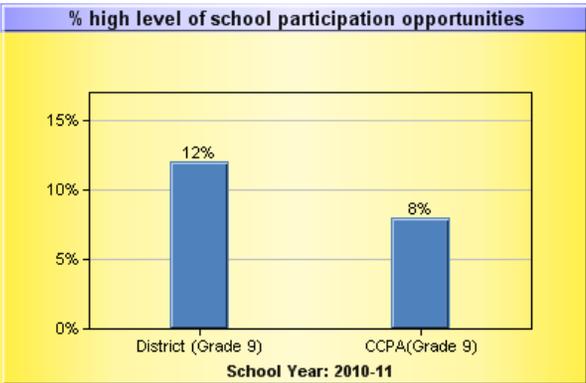

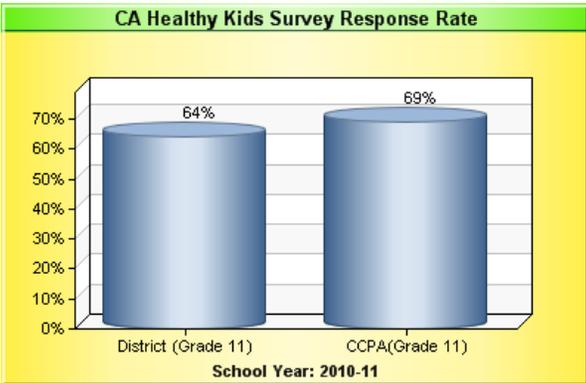

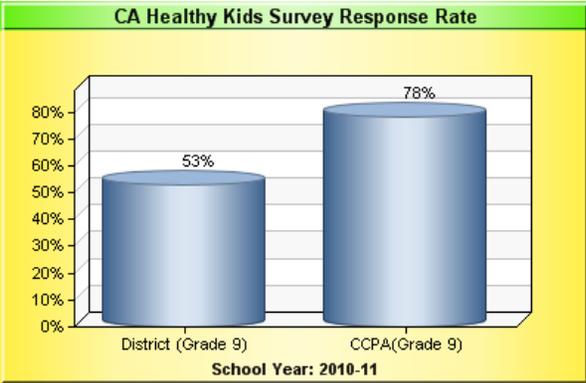

From OUSD Strategic Plan:

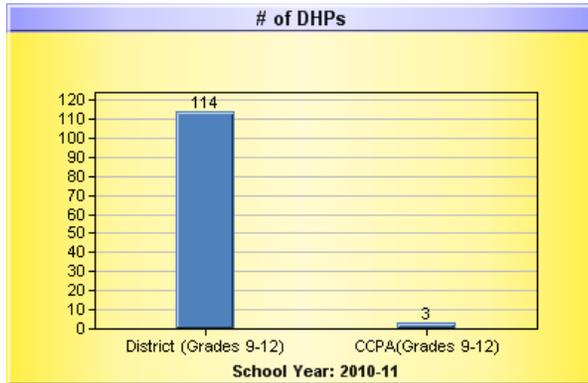

Full Service Community Schools create a safe and supportive environment where students can thrive academically, socially, and emotionally. Schools offer a comprehensive and integrated approach to education that is founded on caring relationships and high expectations. Healthy school cultures include preventative, early intervention, and intensive services and supports accessible to all students. School-wide positive behavioral and academic supports are augmented by Tier 2 targeted intervention and Tier 3 individualized supports, which are monitored and coordinated through COST and SST. Schools create professional learning structures to support adults to learn the science and practice of teaching Social Emotional Learning (SEL) skills to increase the capacities of students to manage emotions, develop empathy and concern for others, establish positive relationships, make responsible decisions, and handle challenging situations effectively. A thriving school culture also encourages student leadership and motivational programs, such as expanded celebrations of student achievements.

District-level Goals

- Reduce Disciplinary Hearing Process referrals by 20%

Theory Action

- As a 6-12th grade, CCPA forges strong relationships between students, teachers, and families over this extended period of time, which allows CCPA to support students' growth and development in a deeper way than conventionally secondary schools,
- Classrooms and teachers must be empowered to support students to success.
- Parents must be informed about their child's performance and connected to the school as an empowered leader and partner.
- The D3 (11th and 12th grade) students are the role model for success for our D1 and D2 (6-10th grade) students.
- Our school must clarify its belief system and define it across all spaces and groups in the school.

School Quality Indicator 2: Safe, Healthy & Supportive Learning Environments

Strategic Priority B. Health & Wellness

School: Coliseum College Prep Academy

Principal: AMY CAROZZA

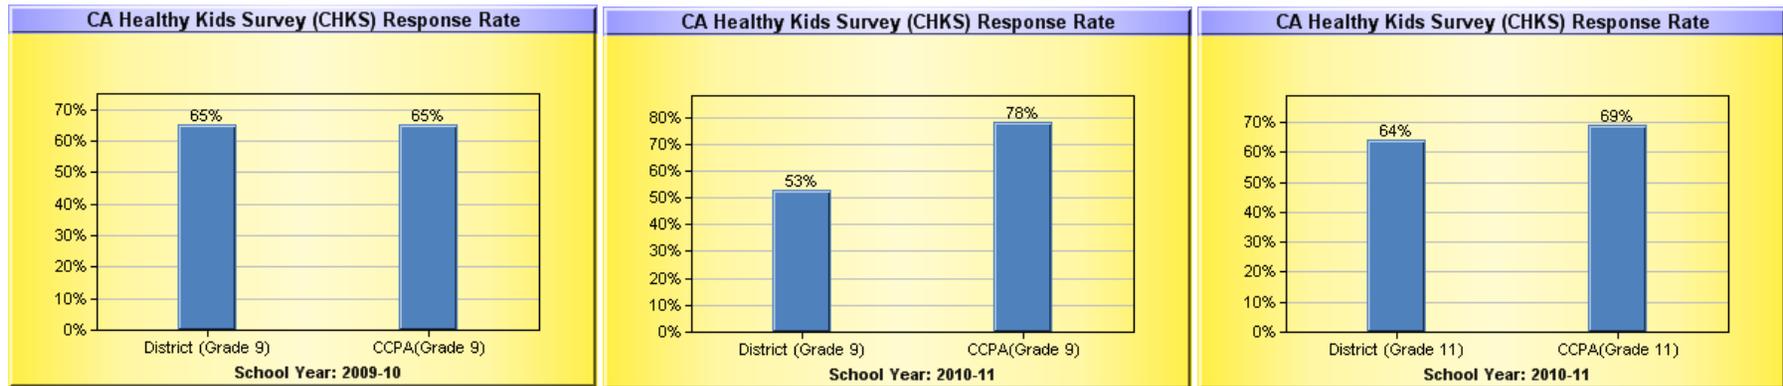

School Quality Standards relevant to this Strategic Priority

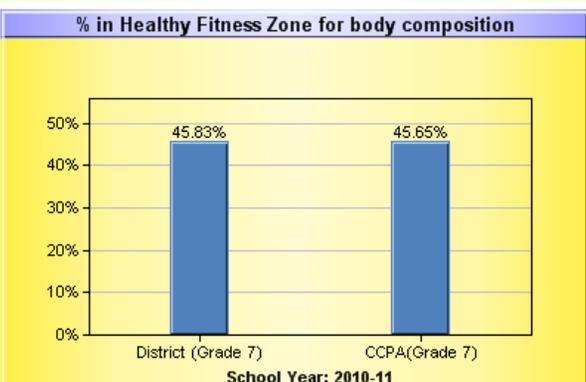

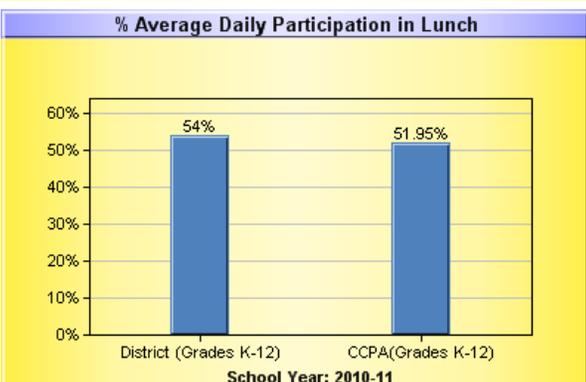

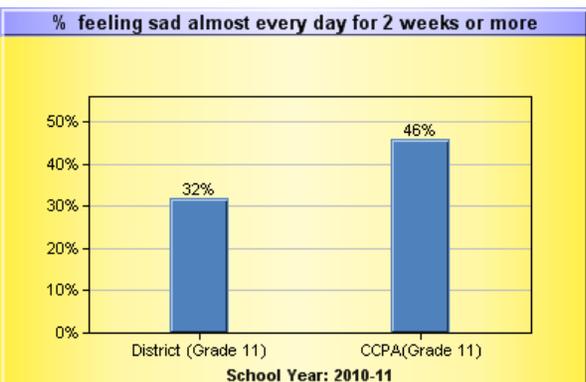

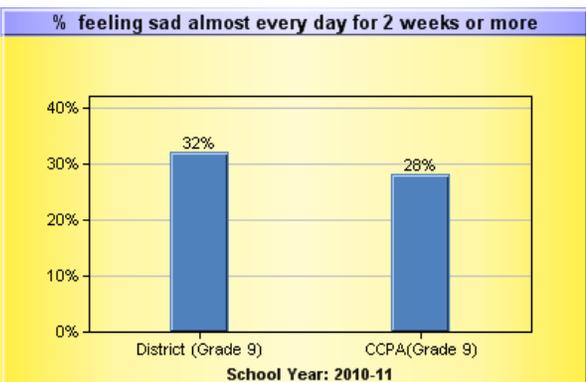

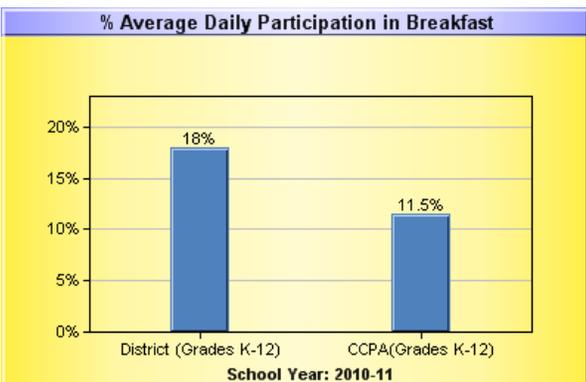

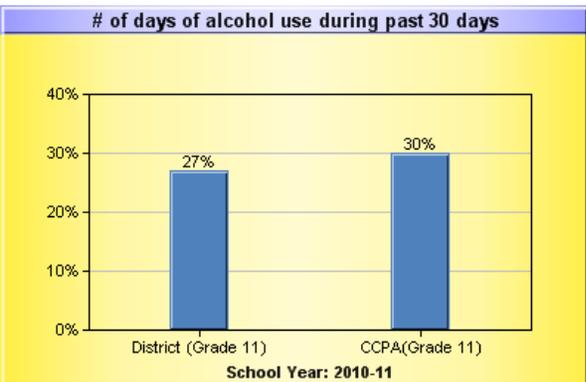

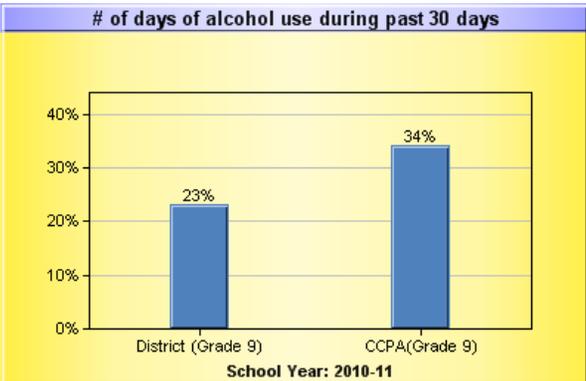

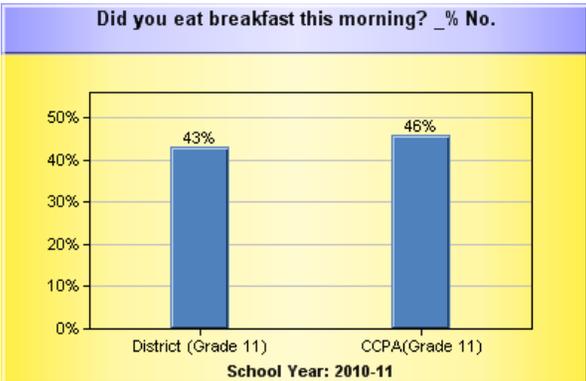

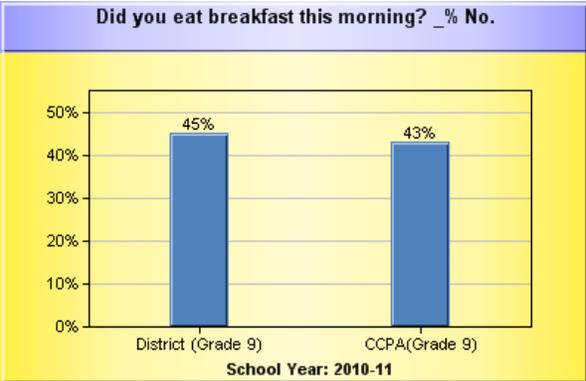

A quality school...

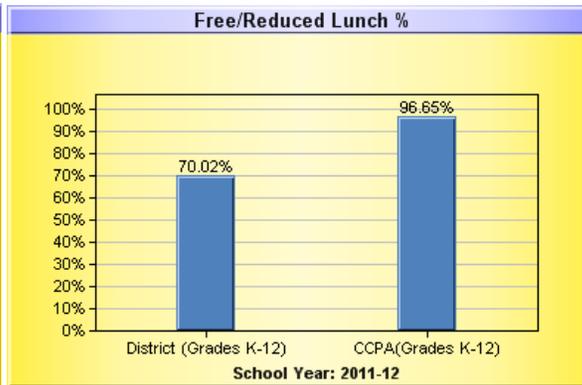

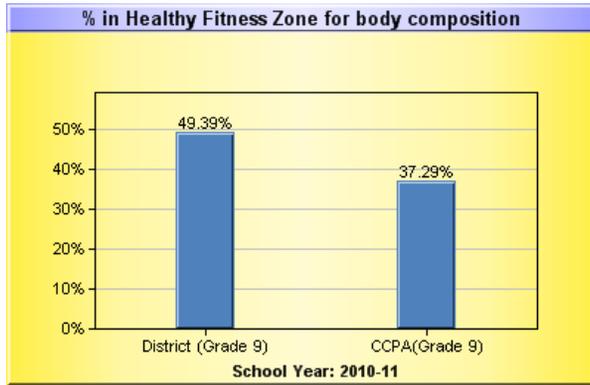

1. offers a coordinated and integrated system of academic and learning support services, provided by adults and youth.
2. ensures that the physical environment of classrooms and the broader school campus supports teaching and learning.

From OUSD Strategic Plan:

A Full Service Community School serves the needs of the whole child, providing a range of Health & Wellness programs and services along a continuum from prevention to intervention. OUSD's Wellness Policy provides a framework for creating a physically healthy school environment where students have access to nutritious food, free drinking water, opportunities to be physically active and good indoor air quality. Quality physical education is provided for the required amount of time to all students. In addition, students' health and mental health needs are met on-site or through a robust referral system that connects students and families to community providers. A FSCS also provides health education (e.g., nutrition, gardening, reproductive health) and social-emotional learning (SEL) that is aligned with and supports the core curriculum. Families are engaged around supporting their children's health as well as their own. Staff wellness is seen as integral and is actively fostered.

Theory Action

- CCPA believes in developing a community to support each other in doing our best to highly educate our children.
- CCPA believes that regular and preventative supports will keep students in school and engaged in learning.
- CCPA believes in the full service community school model. Our partners provide support services to students for medical and mental health needs in addition to supporting other basic needs.

Strategies	Indicators	ST Group	Timeline	Owner	Date	Item#	Strategic Action	Budget Res.	Obj. Code	Position	FTE	Budget Amount

School Quality Indicator 2: Safe, Healthy & Supportive Learning Environments

Strategic Priority C. Interrupting Chronic Absence (Attendance)

School: Coliseum College Prep Academy

Principal: AMY CAROZZA

School Quality Standards relevant to this Strategic Priority

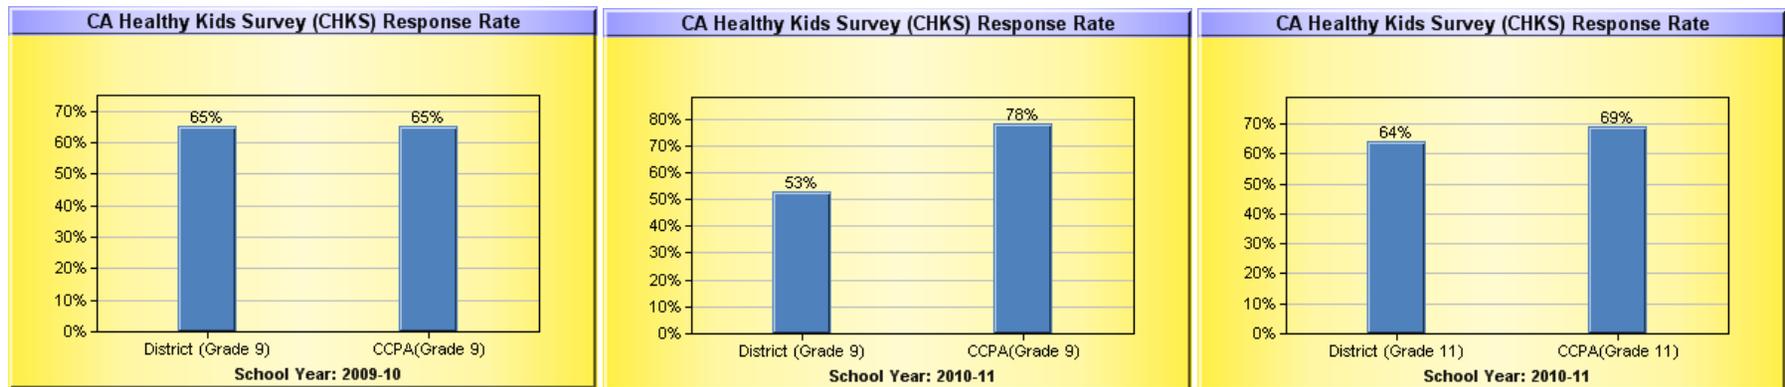

A quality school...

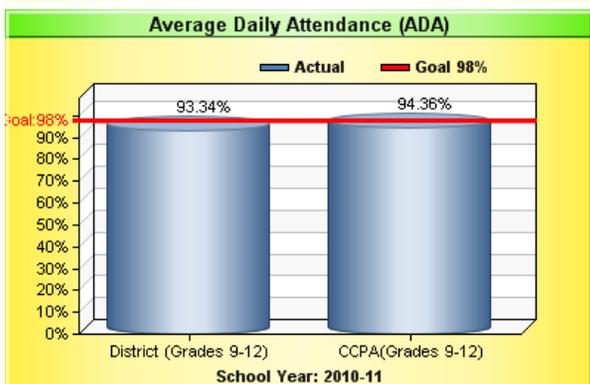

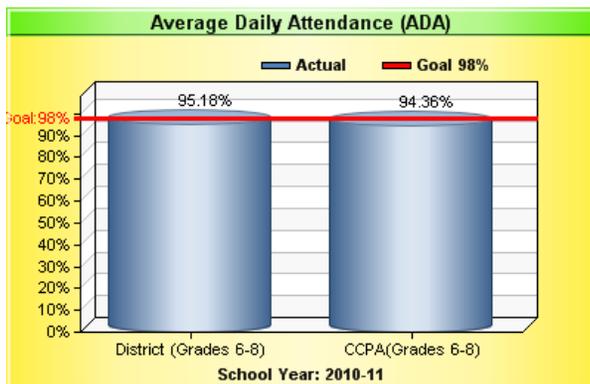

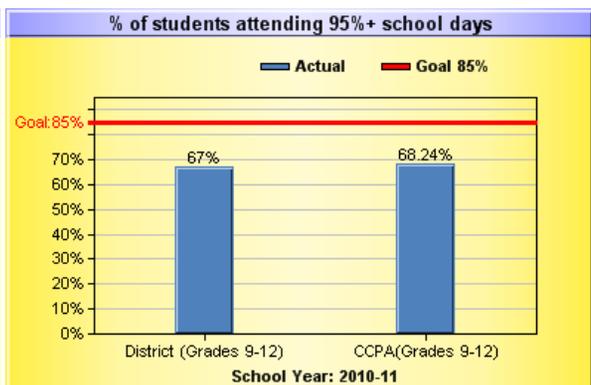

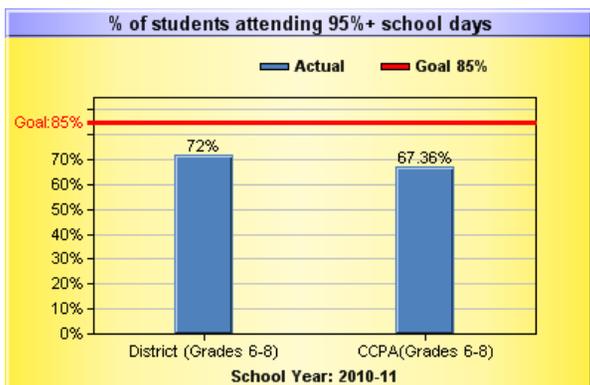

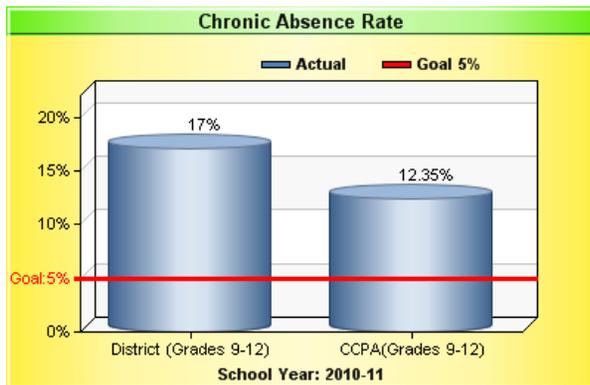

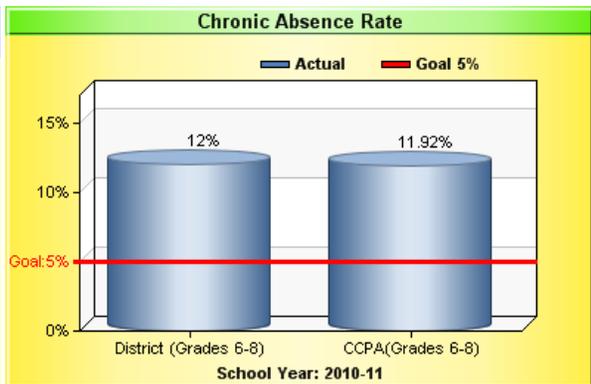

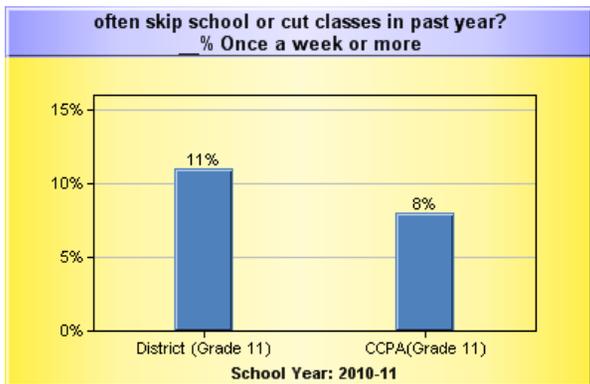

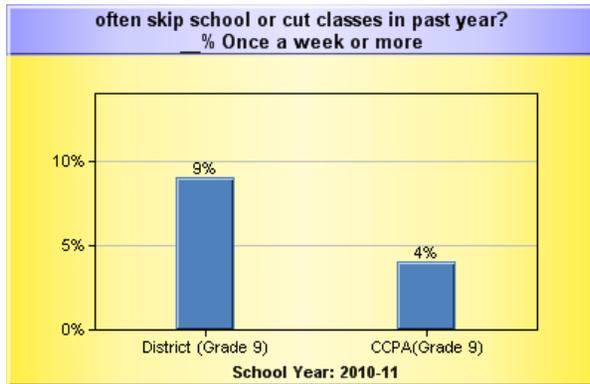

- offers a coordinated and integrated system of academic and learning support services, provided by adults and youth
- identifies at-risk students and intervenes early, to help students and their parents develop concrete plans for the future

From OUSD Strategic Plan:

Full Service Community Schools support attendance improvements as part of transforming educational outcomes for students. Chronic absence, defined as missing 10% or more school days for any reason, is a key indicator and area of focus in Full Service Community Schools. Chronic absence, which impacts one in seven Oakland students, is correlated with lowered reading outcomes and graduation rates. If our system begins addressing chronic absence at the Pre-K and K levels, we would see marked differences in student learning by 3rd grade.

1. Reduce Chronic Absence (students missing 10% or more of the school year) to 5% or less
2. Increase Satisfactory Attendance (percentage of students attending 95% or more of school days) to 85%
3. Interrupt patterns of chronic absences and suspensions to reach a 98% attendance rate (ADA)

School Data

- Chronic Absence By Student

Data Analysis

- Inflated chronic absenteeism for AA males (26% compared to 10% overall)
- Speculation around reasoning for absence- out for suspension, one long term absence, multiple missed days
- Possible over representation of special education student and new student.
- 15 students are severely chronically absent (missing >20%)

Theory Action

- Building awareness around the importance of attendance- both educational and financial
- Building relationships
- Building critical mass and culture

Strategies	Indicators	ST Group	Timeline	Owner	Date	Item#	Strategic Action	Budget Res.	Obj. Code	Position	FTE	Budget Amount

School Quality Indicator 3: Learning Communities Focused on Continuous Improvement

Strategic Priority A. Building Capacity & Leadership (Professional Development/Learning Communities/Coaching/Staff Induction)

School: Coliseum College Prep Academy

Principal: AMY CAROZZA

School Quality Standards relevant to this Strategic Priority

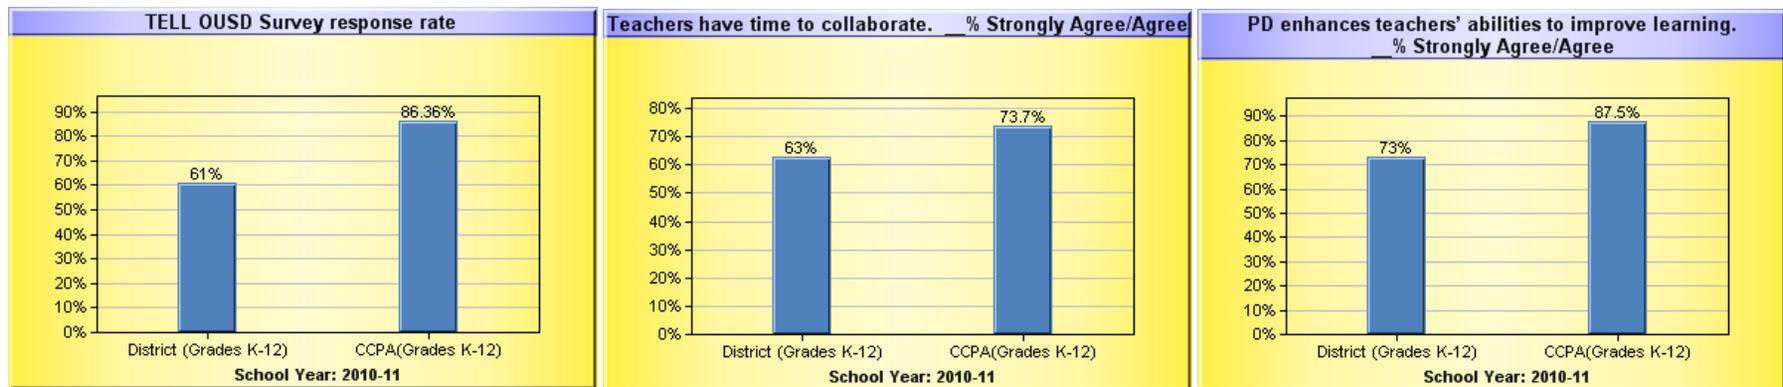

A quality school...

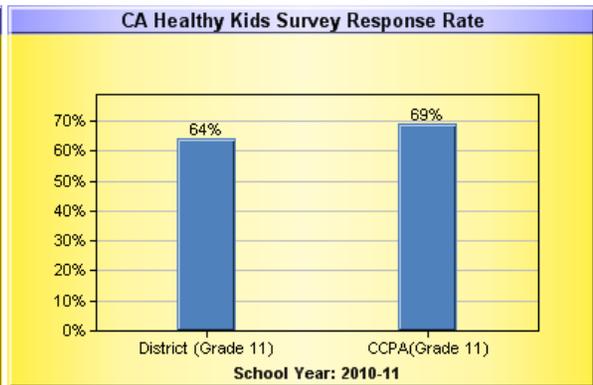

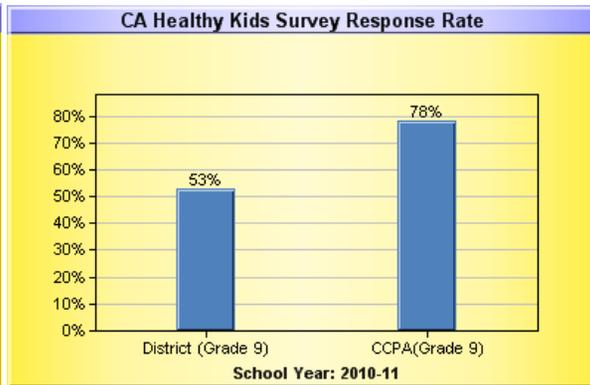

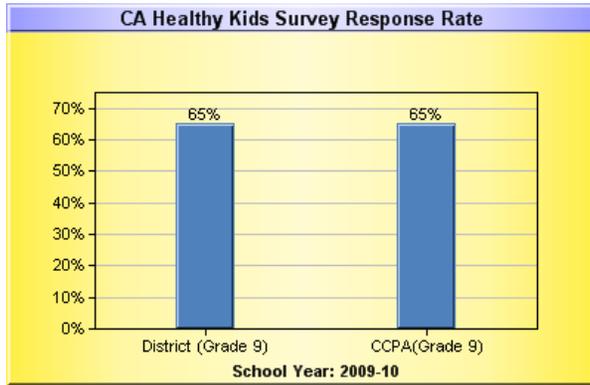

- makes sure that teachers work together in professional learning communities focused on student progress.
- ensures that staff regularly analyze multiple kinds of data about student performance and their experience of learning.
- provides professional development that models effective practices, promotes teacher leadership, and supports teachers to continuously improve their classroom practice.
- provides learning opportunities that build capacity of all stakeholders to give input, participate in, or lead key decisions.

From OUSD Strategic Plan:

We want to recruit, retain, and reward high-quality teachers, principals, and other leaders to ensure that all students learn to the best of their abilities. OUSD must become a highly-sought-after place of employment where educational leaders know they will be challenged and supported by colleagues, supervisors, and community members with high expectations. We need to develop aggressive strategies to recruit and retain the best and brightest talent in OUSD. Building on our developing frameworks for effective teaching and school leadership, and furthering the development and capacity of our teachers and principals through various forms of professional development will allow us to sustain effective teachers and leaders committed to Oakland's children.

1. Improve the conditions in schools to retain 80% of effective teachers

Theory Action

- Empowerment is the means to investment and deep work.

School Quality Indicator 4: Meaningful Student, Family, and Community Engagement/Partnerships

Strategic Priority A. Family & Community Engagement

School: Coliseum College Prep Academy

Principal: AMY CAROZZA

School Quality Standards relevant to this Strategic Priority

A quality school...

- shares decision-making with its students, their families, and the community, as part of working together in partnership
- provides opportunities for families to understand what their child is learning; why they're learning it; what it looks like to perform well
- builds effective partnerships by using principles of student and family/community engagement

From OUSD Strategic Plan:

A quality Full Service Community School (FSCS) involves students, families, and the community in the decision-making process as a way to develop collaborative partnerships. A FSCS works with families as partners to understand how the student is progressing and participating in school. Additionally, a Full Service Community School establishes and aligns partnerships with community-based organizations, civic and business partners to strengthen the academic, social-emotional and health outcomes for students and families.

1. 75% or more of parents and guardians are regularly offered trainings and opportunities to actively participate in the academic and social development of their student(s).

Theory Action

- Parents are the keepers of the vision at CCPA. They are advisors to policy and leaders in the work.
- Parent engagement and education about college and our school is important and must be regular to present a unified front to students.
- Parents can be developed to support their students to college and for success in CCPA.
- Parents are a resource to our school community.

School Quality Indicator 5: Effective School Leadership & Resource Management

Strategic Priority A. Strategic Operational Practices

School: Coliseum College Prep Academy

Principal: AMY CAROZZA

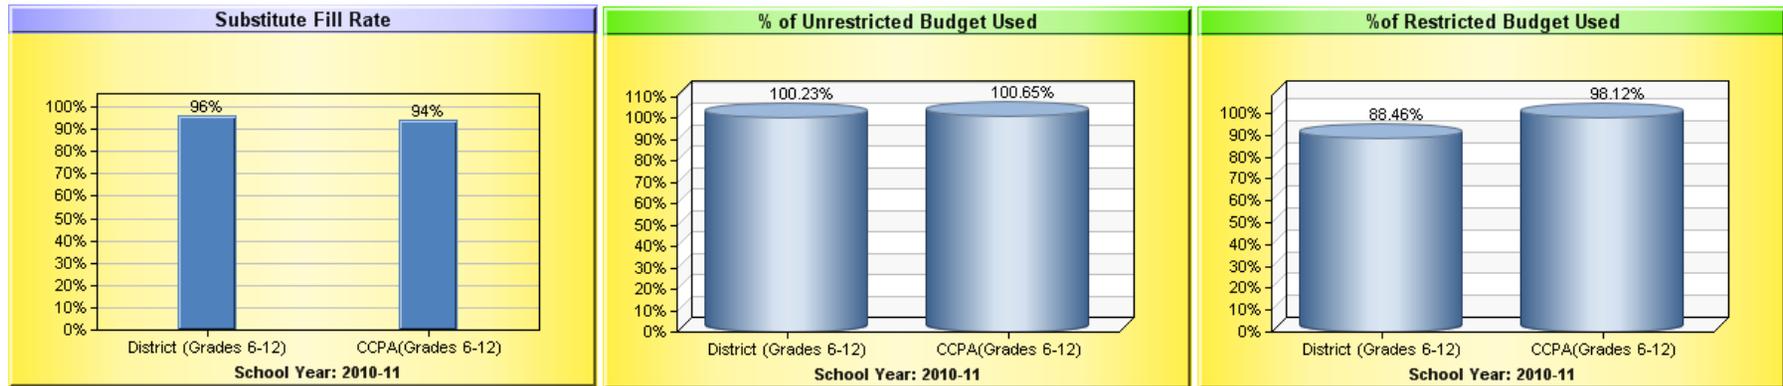

School Quality Standards relevant to this Strategic Priority

A quality school...

- creates and sustains equitable conditions for learning and advocates for interrupting patterns of inequities.
- guides and supports the development of quality instruction across the school.
- collaboratively develops outcomes, monitors progress, and fosters a culture of accountability.
- develops systems and allocates resources in support of the school's vision.
- is distributed, through professional learning communities, collaborative planning teams, and select individuals.

From OUSD Strategic Plan:

We need Full Service Community Leaders for OUSD classrooms, schools, regions and the central office. These leaders have to juggle many tasks: they need to manage operations effectively, they need to become highly effective instructional leaders, and they need to build relationships and strategic collaborations with parents and community members. Leaders will need to assess their own levels of expertise with leadership practices, operations, instruction and community engagement and work together to share tools, knowledge and strategies in these areas to accelerate everyone's capacity to deliver on the promise of high quality effective instruction and Full Service Community Schools.

Theory Action

- Empowerment is the means to investment and deep work.

Title I School Parental Involvement Policy 2012 - 2013

Coliseum College Prep Academy

All Title I schools will develop a written Title I parental involvement policy with input from and distribution to all Title I parents to include a description of the means for carrying out the following Title I parental involvement requirements.

Involvement of Parents in the Title I Program

Coliseum College Prep Academy agrees to implement the following statutory requirements:

- Will convene an annual Title I meeting to perform the following:
 1. Inform parents of their schools participation in the Title I Program.
 2. Explain the requirements of the Title 1 Program.
 3. Explain the parents' right to be involved in an organized, ongoing, and timely way, in the planning review, and improvement of its Title I Program.
 4. The parents' right to participate in the development of the District's Title 1 Plan.
 - SSC meeting make decisions about the use of title one funds to carry out the site plan.
 - Parent Advisory Board helps to shape policy and implementation of structures at the school. They also heavily impact the site plan in the identification of improvements that need to be made.
 - CSSSP development takes place in several forums that include parents including the PAB and SSC.
- Offer a flexible number of meetings for parents.
 - Parent Leadership Team- Parent set initiatives and discussion
 - Coffee With the Principal- Chance for parents to connect with school leadership and bring concerns and information. Chance for leadership to hear from families and present success and struggles.
 - Parent Advisory Board- Opportunity for school leadership to bring initiatives to parents for feedback. A place to start planning by gauging parent and community opinion and diversifying feedback.
 - School Site Council- Title one business meeting about use of Title 1 funds to carry out site plan and the site plan development (move to PAB for 2012-13?)
 - African American Parent Meeting- Meeting to focus on outcomes for African American Students.
 - Division Level Parent Meetings- Meeting to focus on outcomes for division level groups
 - Open School Day- Meeting to gauge conditions in the school around a question or focus- instructional, facilities, relationships, urgency.
- Involve parents of Title I students in an organized, ongoing, and timely way in the planning, review, and improvement of its Title I programs and the Title I parent Involvement Policy.
 - SSC and PAB meeting primarily
- Provides parents of Title I students with timely information about Title I programs.
 - SSC and PAB schedules set at the beginning of the year and posted to all CCPA calendars
 - Data shared in all parent meetings.
- Provides parents of Title I students with an explanation of the curriculum, assessments, and proficiency levels students are expected to meet.

- Open School day and PAB are two spaces where data around specific curriculum or initiatives are discussed. SSC also discusses with regard to funding intervention.
- Provides parents of Title I students, if requested, with opportunities for regular meetings to participate in decisions relating to the education of their children.
 - Parent Advisory Board
 - School Site Council

School-Parent Compact

Coliseum College Prep Academy has jointly developed with and distributed to parents of Title I students a School-Parent Compact that outlines how parents, the school staff, and students will share the responsibility for improved student academic achievement. It also describes how the school and parents will develop a partnership to help children reach proficiency on the California content standards.

Building Parent Capacity for Involvement

Coliseum College Prep Academy engages parents in meaningful interactions with the school. It supports a partnership among staff, parents, and the community to improve student academic achievement. To help reach these goals, and build capacity for parent involvement, it does the following:

- Assists Title I parents in understanding academic content standards, assessments, and how to monitor and improve the achievement of their children.
 - 1) The State of California's academic content standards
 - 2) The State of California's student academic achievement standards
 - 3) The State of California's and Oakland Unified School District's academic assessments, including alternate assessments
 - 4) Academic proficiency levels students are expected to achieve
 - 5) How to monitor their child's progress
 - Jupiter grades
 - Home Visits
 - Student Led Conferences
 - Progress Reports
 - Parent Teacher Conferences
- Provides materials and training to help Title I Program Parents work with their children to improve their children's academic achievement.
 - Beginning of school trainings (Back to school night)
 - FRC supported workshops with specific academic pieces
 - Advisory dinners
 - Parent teacher conferences
 - PACT time through Adult Literacy class
- Educates staff, with the assistance of Title I parents, on the value of parent contributions and how to work with parents as equal partners.
 - Parent Advisory Board meeting
 - Professional Development times
 - FRC supported interactions

- Coordinates and integrates the Title I Program Parental Involvement activities with other activities that encourage and support parents to more fully participate in the education of their children.
 - Family Resource Center contains our college center to engage families and support them in parenting college successful children.
 - All meetings structured to establish partnership and communication between families and school.
 - SLC and home visit structures.
 - PACT and Open School Day observations
 - Coffee with the Principal and PAB communication structures.

- Distributes to Title I Program parents, in a timely way, program information related to school and parent programs, meetings, and other activities in a form and language that the parents understand.
 - Monthly FRC Calendar
 - All Calls
 - Parent and family bulletin boards
 - Family Resource Center and parent liaisons

- Provides support, during regularly scheduled meetings, for parental activities requested by Title I Program parents.
 - School bring information for parent feedback to PAB and SSC
 - School brings question for parent observational feedback to Open School Day
 - Parents bring questions to school leadership in Coffee with the Principal
 - Parents organize themselves and carry out their initiatives in Parent Leadership Team.
 - Specific analysis (Age, race, language, intervention) can happen in the above meetings or in African American Parents Meeting or Division level meetings.

Accessibility

- Provide opportunities for all Title I parents to participate, including parents with limited English proficiency, parents with disabilities, and parents of migratory students. This includes providing information and school reports in a form and language parents understand.
 - All meetings are inclusive and translation is provided

Adoption

This School Parental Involvement Policy has been developed jointly with, and agreed upon with, parents of children participating in Title 1, Part A Programs, as evidenced by

This policy was adopted by the (name of school) School Site Council on (mm/dd/yy) and will be in effect for the 2012-13 School Year. The school will distribute this policy to all parents of participating Title 1, Part A, children. It will be made available to the local community. The Coliseum College Prep Academy 's notification to parents of this policy will be in an understandable uniform format and, to the extent practicable, provided in a language the parents can understand.

7. Student Achievement Monitoring System	7.1 The school/district uses an ongoing assessment and monitoring system that provides timely data from common assessments based on the current district-adopted, grade nine and ten ERLA standards-aligned materials and the SBE-adopted intensive reading intervention programs. Student achievement results from assessments (i.e., entry-level placement and-diagnostic; progress monitoring, including frequent formative and curriculum-embedded; and summative assessments) are used to inform teachers and principals on student placement, diagnoses, progress, and effectiveness of instruction.	<p>Full implementation means that the district provides and supports an easily accessible electronic data management system, and the school is uniformly administering, scoring, analyzing, and using student achievement data from entry-level and/or diagnostic assessments, progress monitoring assessments (including frequent formative and curriculum-embedded assessments), and summative assessments on a timely basis in grade nine and ten ERLA.</p> <ul style="list-style-type: none"> ▪ The data from these assessments are disaggregated and used to determine student placement and/or diagnosis of readiness for grade-level, standards-based instruction, monitor ongoing student progress, identify individual student needs, inform decisions regarding classroom and school-wide instructional practices, and determine effectiveness of instructional practices and implementation of the adopted programs. • District/site placement criteria, including articulation with feeder schools/districts, determine student placement in intensive intervention, which replaces the core ninth or tenth grade English instructional programs. Students are appropriately assessed and placed in an SBE-adopted, intensive reading intervention instructional program following the district criteria. • For the ongoing monitoring system, data collection (including electronic) is used, and teachers are trained to disaggregate and analyze student data to assist with identifying patterns of performance and modifying instruction to meet the needs of all students, including ELs and SWDs. Coliseum College Prep Academy School Compact

Our school philosophy is that families, students, and school staff should work in partnership to help each student reach his/her potential. As partners we agree to the following:

As a student I will:

- Believe that I can learn and will learn.
- Read for at least 30 minutes, five days a week.
- Come to class on time, ready to learn and with assignments completed.
- Set aside time every day to complete my homework.
- Know and follow the school and class rules.
- Follow the school's uniform dress code.
- Regularly talk to my parents and my teachers about my progress in school.
- Respect my school, classmates, staff, and family.
- Ask for help when I need it.

Student signature

As a parent/guardian or family member I will:

- Talk to my child regularly about the value of education.
- Communicate with the school when I have a concern.
- Monitor TV viewing and make sure that my child reads every day.
- Make sure that my child attends school every day, on time, and with homework completed.
- Support the school's discipline and uniform dress code.
- Monitor my child's progress in school.
- Make every effort to attend school events, such as parent-teacher conferences, Open House and Back-to-School Night.
- Ensure that my child gets adequate sleep, regular medical attention, and proper nutrition.
- Participate in school, home, and community-sponsored activities to meet my agreed-upon responsibility of 40 hours a year.
- Participate in shared decision making with school staff and other families for the benefit of students.
- Respect the school, staff, students, and families.

Family member signature

As a teacher I will:

- Provide high-quality curriculum and instruction.
- Communicate high expectations for every student.
- Endeavor to motivate my students to learn.
- Teach and involve students in classes that are interesting and challenging.
- Participate in professional development opportunities that improve teaching and learning and support the formation of partnerships with families and the community.
- Enforce rules equitably and involve students in creating a warm and caring learning environment in the class.
- Communicate regularly with families about their child's progress in school through conferences, parent-teacher meetings, progress reports, and other available means.

- Provide reasonable opportunities for parents to volunteer and participate in their child's class, and to observe classroom activities.
- Provide assistance to families on what they can do to support their child's learning.
- Participate in shared decision making with other staff and families for the benefit of students.
- Respect the school, staff, students, and families.

Teacher signature

We make a commitment to work together to carry out this agreement.

Signed on this _____ day of _____, 20__.

Appendix E: Program Improvement Restructuring & Achievement Acceleration Plan

Each PI Year 4 school will identify 3 Critical Practices, from their SPSA, that represent a “major restructuring” of the school’s instructional approach, organizational design, and/or governance. These 3 practices must make “fundamental reforms and lead to improved academic student achievement.”

VISION of Restructuring:

What 3 Critical Practices did you select and why? What is your vision for the acceleration of student achievement, and how will these 3 practices bring this about?

The three practices that will most greatly impact the student achievement at CCPA during the 2012-13 school year are improved instructional development and rigorous college alignment, College and Career pathway development and the clarifying of our school culture through the tier one implementation of our Positive Behavior Intervention and Support plan.

Instructionally, CCPA will continue the focus on language instruction with an increasing focus on writing. We will continue using our Professional Learning Community Cycles to process whole school language and writing expectations. We will synthesize our thinking into a writing rubric to be used across subjects and grade levels. We will also maximize our instructional capability through a deliberate process of generalizing the instructional and planning strategies put forward in the Springboard curriculum created by the college board and vertically articulated 6-10th grade at our school. Through this process, we will be supported by the districts Leadership, Curriculum and Instruction Springboard collaborative. This collaborative also includes members of the college board and partners us with coaches and other schools with similar PD plans.

CCPA is developing pathways for students in grades 9-12. Pathways offer students the opportunity to deepen their knowledge in an area of interest while working within a sheltered cohort collaboratively. Our pathways classes will teach facilitative leadership and “soft” skills. They also offer students a chance to positively identify within a group. Finally, it deepens students’ schema in their area of interest giving them an advantage in college and potentially setting them up for success in deeper ways than they would be without their pathway expertise.

Finally, CCPA is solidifying its school culture by visioning it through the lens of Positive Behavior Intervention and Support (PBIS). CCPA has spent the 2011-12 school year discerning the school culture we want and planning how we will teach it. In 2012-13, we will begin implementation of our tier 1 plan. We expect that this work will support us in increasing attendance and class time, and reducing suspensions for all subgroups.

Critical Practice #1

Instructionally, CCPA will continue the focus on language instruction with an increasing focus on writing. We will continue using our Professional Learning Community Cycles to process whole school language and writing expectations. We will synthesize our thinking into a writing rubric to be used across subjects and grade levels. We will also maximize our instructional capability through a deliberate process of generalizing the instructional and planning strategies put forward in the Springboard curriculum created by the college board and vertically articulated 6-10th grade at our school. Through this process, we will be supported by the districts Leadership, Curriculum and Instruction Springboard collaborative. This collaborative also includes members of the college board and partners us with coaches and other schools with similar PD plans.

Key School Targets:

1. Create and use a vertically and horizontally articulated writing rubric across the school.
2. Generalize three springboard practices (planning or instructional) across the school.

What Adult Behaviors do you want to be true by the end of Year 1?	What Adult Behaviors do you want to be true by the end of Year 2?	What Adult Behaviors do you want to be true by the end of Year 3?
<p>100% of teachers submit unit plans and 80% meet expectations in the majority of categories on the CCPA unit planning rubric.</p> <p>80% of unit plans reference the CCPA writing rubric.</p>	<p>100% of teachers submit unit plans and 90% meet expectations in the majority of categories on the CCPA unit planning rubric.</p> <p>90% of unit plans reference the CCPA writing rubric.</p>	<p>100% of teachers submit unit plans and 100% meet expectations in the majority of categories on the CCPA unit planning rubric.</p> <p>100% of unit plans reference the CCPA writing rubric.</p>

<p>80% of unit plans contain some of the 3 focus practices.</p> <p>80% of target observations provide evidence of writing rubric or focus practices.</p> <p>[Inquiry examining effectiveness of this critical practice in/through ...]</p>	<p>90% of unit plans contain focus practices.</p> <p>90% of target observations provide evidence of writing rubric or focus practices.</p>	<p>100% of unit plans contain focus practices.</p> <p>100% of target observations provide evidence of writing rubric or focus practices.</p>
