- A. District proposes to undertake the construction of an improvement project which requires the services of a duly qualified and licensed materials testing and special inspection consultant.
- B. Consultant represents that Consultant is licensed to provide materials testing and special inspection services in the State of California and is specially qualified to provide the services required by the District in this Agreement.
- C. The parties have negotiated the terms pursuant to which Consultant will provide such services and reduce such terms to writing by this Agreement.

In consideration of the covenants and conditions contained in this Agreement, the parties agree as follows:

1. **Retention of Consultant.** District retains Consultant to perform, and Consultant agrees to provide to District, for the consideration and upon the terms and conditions set forth below, the materials testing and special inspection services specified in this Agreement. Consultant agrees to perform such services as expeditiously as is consistent with professional skill and care and the orderly progress of the Project. All services performed by the Consultant under this Agreement shall be conducted in a manner consistent with the level of care and skill ordinarily exercised by materials testing and special inspection consultants specially qualified to provide the services required by the District.

2. **Description of Project.** The project concerning which such materials testing and special inspection services shall be provided (“the Project”) is described as the following:
Melrose Leadership Academy at Maxwell Park, New Middle School Building and Modernization Project.

3. **Term; Basic Services.** The term for performance of the Basic and Additional Services (“Services”) shall be the duration of the Project (“Term”), and Consultant shall complete the Services within the Term. Time is of the essence for performance of the Services under this Agreement. The Project is expected to be complete as of **August 30, 2028**, but may not be completed until later if delays in design or construction arise. If delays in completion of the Project occur that are not caused by wrongful conduct by Consultant, including but not limited to Consultant's breaches of contract or deficient performance of Basic or Additional Services, then Consultant shall be entitled to an amendment to the Agreement that increases the not-to-exceed amounts for Basic Services during the additional time of the Project.

In addition, as a part of its Basic Services, the Consultant shall assist the District in evaluating claims, disputes and other matters in question between the contractor and the District relating to Consultant's work, including but not limited to claims made against the District as a result of Consultant's alleged or claimed errors or omissions, and shall in all instances provide such truthful testimonial assistance as may be required by the District at no cost to the District.

BUDGET ESTIMATE TO PROVIDE SPECIAL INSPECTION AND MATERIAL TESTING SERVICES

II. PROPOSAL CLARIFICATIONS

Estimated Quantities:

Our estimated quantities and scope of services are based upon review of the bidding documents available at the time of our estimate, which includes the following:

- Project plans and specifications for increments 1 & 2, dated 5-21-25 and 6-25-25 respectively; DSA-103 forms.
- RFQ dated 8-20-25.

Once a detailed schedule is available, we can review our proposal to incorporate any necessary changes. If contractor's work is performed more quickly than scheduled, Client will receive a cost savings for testing & inspections. If, however, contractor's schedule is extended or delayed, Client may receive a resulting increase in the costs for testing & inspections.

Reinspections:

Reinspections and weather-related setbacks are not included in our estimated hours. These conditions may result in additional costs. Client hereby acknowledges that even with diligent special inspections and/or testing by ISI, construction defects, deficiencies, and/or omissions in the contractor's work may arise. Client understands and hereby agrees that the contractor is solely responsible for its means and methods, the quality and completeness of the construction work and for adhering to the applicable construction plans and specifications.

Time and Materials Charges:

This bid proposal is an estimate to perform services. Prices quoted are valid through June 30, 2026. Actual charges are based solely upon time spent on the job site and the required and/or requested testing and laboratory services. Invoices will be submitted on a monthly basis in accordance with this proposal. All invoices include a summary of work performed to date, budget balance remaining, and a 10% administrative fee.

ISI will only provide special inspection and material testing services if client acknowledges that this fee proposal is merely an estimate of future code-required services. If client or client's representative (including contractor) keeps requesting ISI's services even beyond our approved budget, client accepts financial responsibility to pay for any and all services provided by ISI. In addition, Client recognizes that on occasion, due to the schedule of the contractor or relevant subcontractors, occasional overtime may be required. ISI will typically have no notice of this until the day the overtime occurs. Client agrees to compensate ISI for such overtime.

Rates are subject to an annual COLA increase of 6% adjustment on July 1st of each year to cover any increase in ISI's cost due to changes in wages, benefits, working conditions and other provisions of the Union Labor Agreement and Prevailing Wage requirements. Inspection services are charged portal to portal from dispatch location and are subject to mileage and travel. For assignments that require equipment such as nuclear gauges, hydraulic systems for proof-load testing, high-strength torque wrench etc., billing time will include picking up and dropping off the equipment at ISI's laboratory as well as round trip travel.

* It shall be Client's sole responsibility to notify ISI of any prevailing wage requirements before any services are performed for the Project. Should it be revealed subsequent to the execution of an agreement for services that this project is indeed a prevailing wage project and if ISI is thereafter mandated to comply with those requirements, there will be a 10% surcharge to the hourly rates quoted in our Proposal. Additionally, in the event notification is not given to ISI, Client shall be fully responsible for payment of all fines, penalties, and/or damages imposed upon ISI for any failure to comply with the prevailing wage laws.

ISI warrants that its services will be in accordance with that degree of care and skill ordinarily exercised under similar circumstances by members of its profession in the vicinity as of the date the services are performed. This warranty is exclusive and is in lieu of any other warranty or representation, expressed or implied. ISI, its officers, directors, employees, agents, affiliates and independent contractors liability pursuant to this Contract and/or for alleged negligent acts or omissions shall be limited to the sum paid by the Client to the Consultant. No action, claim or proceeding shall be maintained against ISI unless such is filed or brought within two years from the date of Substantial Completion or final payment to ISI, whichever occurs first.

Oakland Unified School District
Preston Thomas, Chief Systems and Services Officer
Department of Facilities Planning and Management
955 High Street
Oakland, CA 94601

Subject: RFQ/P Material Testing and Special Inspection Services for Melrose Leadership Academy
Project #22126

Dear Preston,

Thank you for providing Inspection Services, Inc. (ISI) with the opportunity to submit our proposal for the RFQ/P Material Testing and Special Inspection Services for Melrose Leadership Academy Project #22126.

The Oakland Unified School District is looking for the best value in special inspection and materials testing services to ensure that the District's projects are built on schedule, under budget and in accordance with building codes, plans, and specifications. ISI has a significant amount of valuable, prior experience with many similar contracts for testing and inspection services with clients such as **Oakland**, San Rafael, Novato, Castro Valley, and San Francisco Unified School Districts, among others.

For over 30 years ISI has specialized in quality assurance, quality control and comprehensive special inspection and materials testing services. ISI was originally established at Pier 26 in San Francisco and in 2009 moved its headquarters and laboratory to the City of Berkeley and opened an additional office in Torrance, California shortly thereafter. ISI is a certified SBE/MWBE/DBE that consistently ranks as one of the largest woman-owned businesses in the San Francisco Bay Area.

With 25 years of hands-on experience managing public school and community college projects as ISI's Project and Engineering Manager, I am intimately familiar with the testing and inspection requirements stipulated by DSA. This includes the DSABox file-sharing system that I have known and used since its inception.

(Education Code Section 45125.1)

Other than business entities performing construction, reconstruction, rehabilitation, or repair who have complied with Education Code section 45125.2, business entities entering into contracts with the District must comply with Education Code sections 45125.1. Such entities are responsible for ensuring full compliance with the law and should therefore review all applicable statutes and regulations. The following information is provided simply to assist such entities with compliance with the law:

1. You (as a business entity) shall ensure that each of your employees who interacts with pupils outside of the immediate supervision and control of the pupil's parent or guardian or a school employee has a valid criminal records summary as described in Education Code section 44237. (Education Code §45125.1(a).) You shall do the same for any other employees as directed by the District. (Education Code §45125.1(c).) When you perform the criminal background check, you shall immediately provide any subsequent arrest and conviction information it receives to the District pursuant to the subsequent arrest service. (Education Code §45125.1(a).)
2. You shall not permit an employee to interact with pupils until the Department of Justice has ascertained that the employee has not been convicted of a felony as defined in Education Code section 45122.1. (Education Code §45125.1(e).) See the lists of violent and serious felonies in ***Attachment A*** to this Notice.
3. Prior to performing any work or services under your contract with the District, and prior to being present on District property or being within the vicinity of District pupils, you shall certify in writing to the District under the penalty of perjury that neither the employer nor any of its employees who are required to submit fingerprints, and who may interact with pupils, have been convicted of a felony as defined in Education Code section 45122.1, and that you are in full compliance with Education Code section 45125.1. (Education Code §45125.1(f).) For this certification, you shall use the form in ***Attachment B*** to this Notice.
4. If you are providing the above services in an emergency or exceptional situation, you are not required to comply with Education Code section 45125.1, above. An "emergency or exceptional" situation is one in which pupil health or safety is endangered or when repairs are needed to make a facility safe and habitable. The District shall determine whether an emergency or exceptional situation exists. (Education Code §45125.1(b).)
5. If you are an individual operating as a sole proprietor of a business entity, you are considered an employee of that entity for purposes of Education Code section 45125.1, and the District shall prepare and submit your fingerprints to the Department of Justice as described in Education Code section 45125.1(a).

(Education Code §45125.1(h).)

I, as Sr. Engineer [insert "owner" or officer title] of ISI Inspection Services, Inc. [insert name of business entity], have read the foregoing and agree that ISI Inspection Services, Inc. [insert name of business entity] will comply with the requirements of Education Code §45125.1 as applicable, including submission of the certificate mentioned above.

Memorandum:

Date: Nov 26, 2024

To: Kenya Chatman, Colland Jang

CC: David Colbert, Juanita Hunter, Mark Newton, Ty Taylor, Shonda Scott, Shonnell Frost-Gibbs, Blake Brown

From: Local Business Compliance Team, OUSD

Subject: LBU Modification - Scope Specific - Materials Testing and Special Inspection

Greetings Ms. Chatman and Mr. Jang,

As per the Oakland Unified School District's Local Business Policy Program Requirements Section of AR 7115: There is a fifty (50) % minimum participation requirement for all formally bid public works construction contracts over \$45,000 and formally solicited construction related professional services contracts, including, but not limited to, architects, construction managers, inspectors, testing labs and geotechnical engineers, over \$84,100. All informal construction contracts below \$45,000 and all informal construction related professional services contracts below \$84,100.00 will include outreach to certified local firms such that a minimum of three local certified firms are included in the solicitation.

Prior to the issuance of a formal invitation for bid, the District shall ensure that there are at least three certified businesses listed in the industry, trade or profession that constitutes a major category of work. If at least three L/SL/SLRBEs are not certified, then the requirement may, subject to the discretion of the District, be waived, or the 50% requirement may be reset from 50% all the way to 0%, depending on the particular circumstances at time of bid.

Scope: Materials Testing and Special Inspection

Analysis:

An availability analysis has been conducted for Materials Testing and Special Inspection - Scope - Testing Laboratories (NAICS: 541380), to determine the availability of certified firms to meet local business utilization on projects. Based on this analysis, it is our recommendation that due to the lack of availability of small and local firms, the full 50% Local Business Enterprise (L/SLBE) requirement for the above referenced scope be waived.

LBU Recommendation:

Full LBU Waiver -

An additional review may be conducted within one (1) year of this notice to reassess the availability of eligible firms. If you have any questions, please feel free to contact our team at any time.

Sincerely,
Tiffany Knuckles
