To Whom It May Concern:

Experience Corps Bay Area, a program of Aspiranet, submits this Statement of Qualifications to the Oakland Unified School District (OUSD) to support our work in Oakland in a unique intervention program which addresses two of the community's major challenges: improving academic achievement among at-risk elementary school students and increasing healthy aging behaviors among older adults. Experience Corps Bay Area¹ (ECBA), operating successfully since 1998, is a unique civic engagement program – based on a national model (currently in 19 cities) – which recruits, trains and engages teams of local older adults (50+) to work as tutors and mentors before, during and after school in low-performing schools with students who have poor grades and/or test scores, learning disabilities or are limited English-proficient. Launched in three elementary schools in Oakland in 2005, EC Oakland is now in eight of Oakland's most vulnerable elementary schools, where significant proportions of children are students of color, economically disadvantaged and/or English language learners. Our mission is to increase the academic performance and self-confidence of these students by providing focused, individualized attention, as well as create an intergenerational bridge between children and older adults, thereby enhancing the school and the overall community. It is a unique multi-level approach to health improvement that has tremendous benefits, and coupled with its youth education focus, serves a dual-benefit to society.

All members of the ECBA staff have either extensive professional experience and/or educational backgrounds in education, youth development, gerontology, training, and/or program evaluation. For example, our Training Coordinator, a credentialed teacher with deep expertise in training and curriculum design, is responsible for new tutoring trainings and on-site coaching. The Director of Special Projects is responsible for recruitment and program evaluations. She has six years of on-the-ground recruitment experience and has managed the implementation of complex evaluations, including federal grant reporting requirements. Full staff resumes available upon request.

All EC tutors/mentors have completed written applications, been interviewed in person, received fingerprint/background/reference checks (DOJ and FBI), TB tests, completed pre-service and in-service training in youth development, tutoring techniques, mentoring skills, conflict resolution, behavioral management topics, and continue to receive on-site support and on-the-job training through our Site Coordinators and monthly team meetings.

In terms of intended outcomes and evaluating our success, the program tracks educational outcomes for students (based on teacher assessments) – for example: EC Members impact on students' concentration in class, students' attainment of grade level benchmarks, and students' motivation to learn (as well as the mental and physical health outcomes for older adults). In addition, EC members receive regular performance reviews to ensure they are providing high quality services. This results in increased academic benchmarks for a greater number of Oakland students as well as improved health benchmarks for local older adults and this intensive focus on results can make OUSD confident that its support in Experience Corps will be well invested.

If you have any questions or wish to discuss this further, please do not hesitate to reach me at 510-495-4966 or dmoren@aspiranet.org.

David Moren
