OUSD CSI Redesign

Why This Report Matters: “Begin With The End In Mind” —Stephen Covey

- **Graduation**

OUSD had the lowest overall graduation among the comparison districts with only $\frac{3}{4}$ of the students graduating in four years of high school.

- **College-Going Rate**

OUSD had the lowest college going rate of the comparison districts with just under half of the students enrolling in post-secondary education.

- **Attendance and Suspensions**

OUSD has the highest proportion of chronically absent students among the comparison districts with nearly 48% missing more than 10% of the school year.

Bottom Line: Improved CSI & Central Office services are needed to better support OUSD schools and students.

All OUSD resources, processes, procedures, operations, initiatives, staff, and Board actions need to provide stronger support to the academic, social, and emotional needs of OUSD students.

Recommended Themes

6- COMMONALITIES/THEMES OF REPORT

Theme #1: CSI Restructuring.

There exists a strong need for restructuring CSI to be more efficient and effective.

There are **over 25 positions that our team recommend to realign within CSI to be more productive, 29 positions to be eliminated, and 6 positions created**

Theme #2: Strong need to consolidate small schools to improve CSI services.

The current CSI team could deliver improved services if there were fewer schools to serve.

The OUSD Board of Education must act to consolidate schools for the 2024-25 school year. Under AB 1840, OUSD is required to take “affirmative board action to continue planning for, and timely implementation of, a school and facility closure and consolidation plan that supports the sale or lease of surplus property.” The Fiscal Crisis and Management Assistance Team (FCMAT) has recommended school closures in Oakland for several years.

6- COMMONALITIES/THEMES OF REPORT

Theme #3: Lack of Accountability.

Many CSI departments do not use key performance indicators (KPIs) to measure and understand the performance and health of their units and to make data-driven decisions in order to achieve strategic goals.

Formal and informal evaluations are not consistently occurring to assist central office staff in self-improvement and professional development.

Theme # 4: There is a lack of collaboration among CSI departments and with Network Superintendents.

Interviews with OUSD staff, in addition to overwhelming responses in the survey show several attempts of collaboration by CSI; however, overall there is a lack of coordination and alignment of CSI services.

6- COMMONALITIES/THEMES OF REPORT

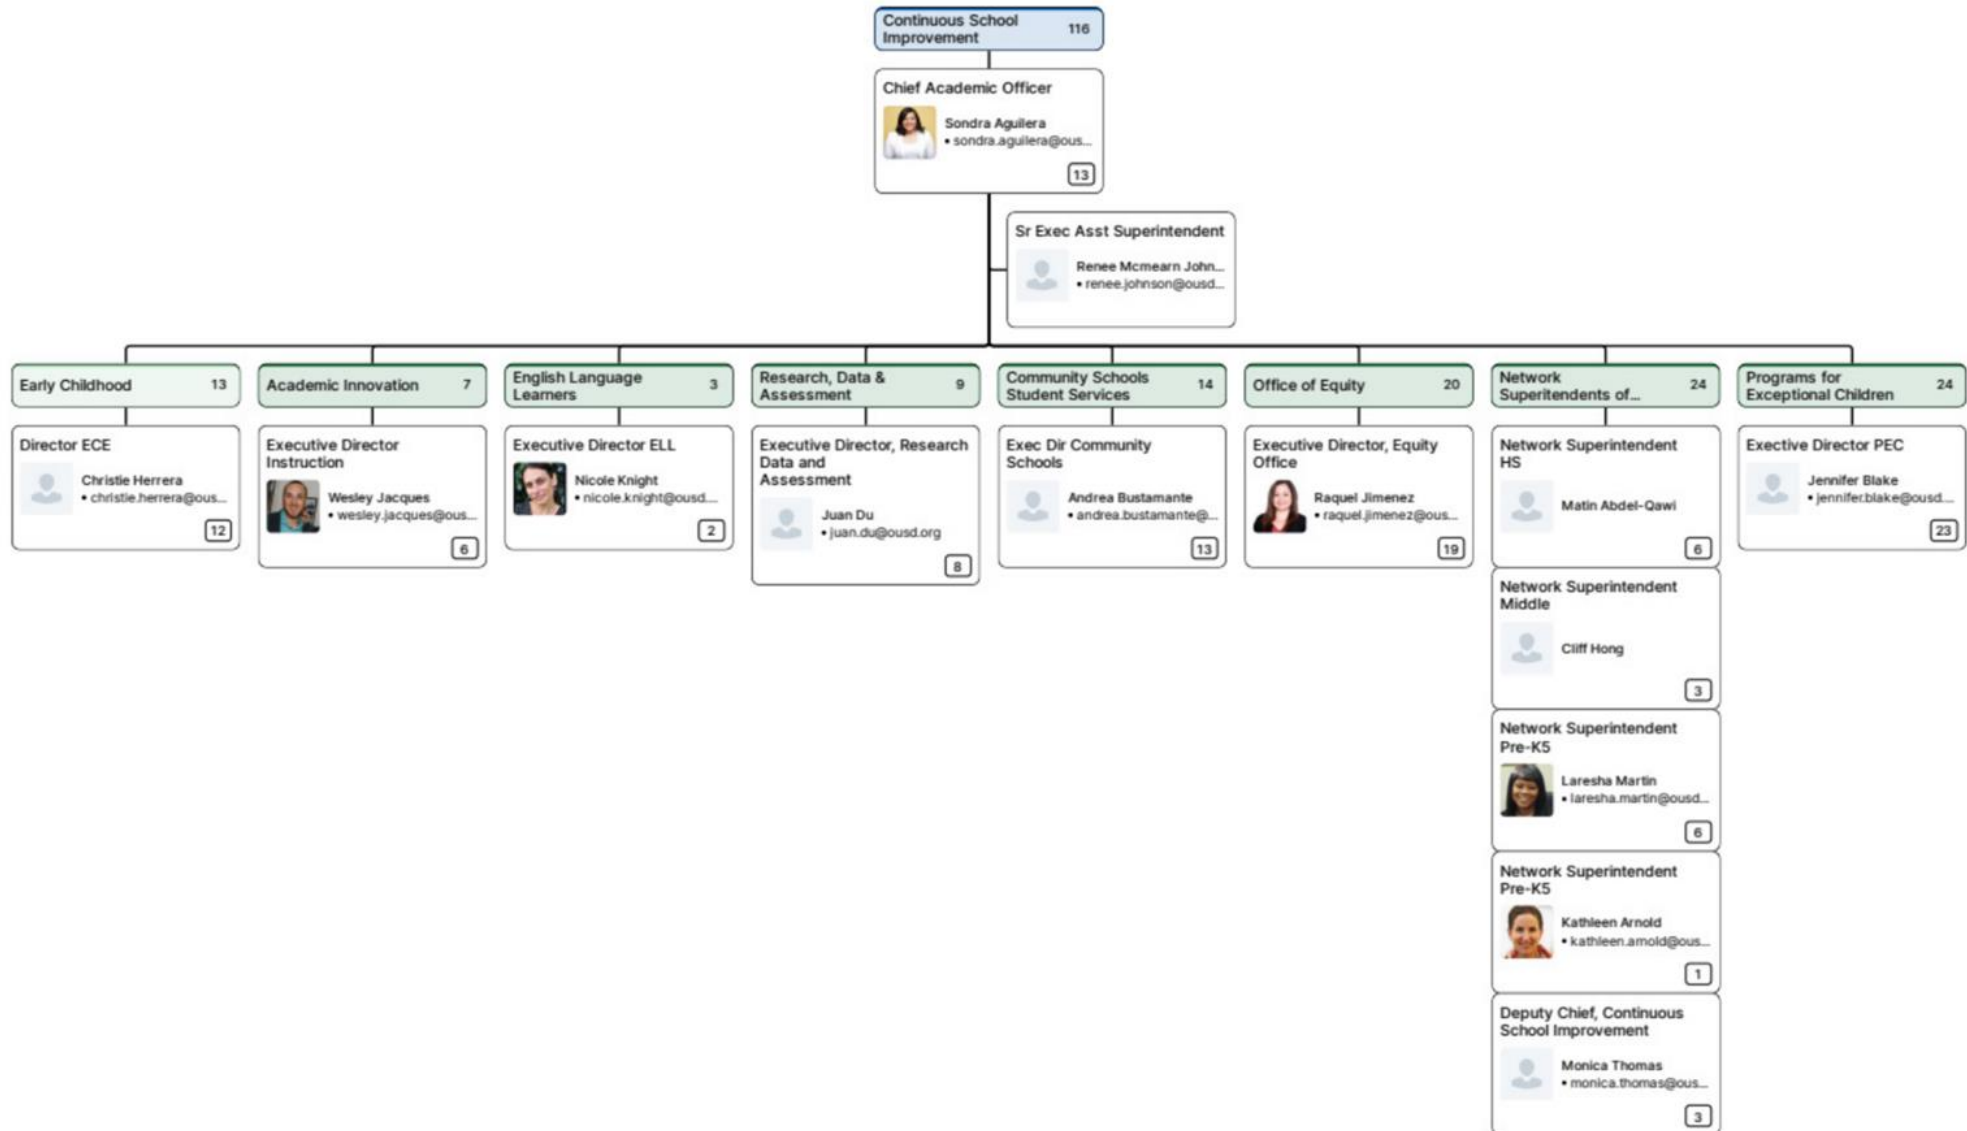

Theme # 5: Lack of Clear Communication.

There is a pervasive theme throughout the schools that clear and timely communication is lacking in not just CSI, but Central Office in general.

Theme #6: Better balance is needed between site-based management/autonomy and Central Office non-negotiables that impact all schools.

NEXT STEPS

- The OUSD Superintendent and CAO should create a recommendation implementation plan including which recommendations will be implemented as is, which recommendations to modify and implement, and/or which recommendations should not be implemented with a sound rationale for not doing so.
- The OUSD Board should direct the Superintendent to develop an implementation plan and present that plan to the Board within 90 days.
- On a monthly basis, a point person should collect the information from each of the appointed staff and assemble it into a report for the superintendent and /or board's review.
- At the end of 6 months or a year, the district should determine the overall rate of implementation and the associated fiscal impacts (costs and savings).
- The Board should review the implementation progress quarterly.

TIMELINE

Ask of the Board
