**Subject:** Thornhill & Melrose 4/09 Phone Con Notes

Eric,

A brief summary of our phone conversation from a few minutes ago (*my responses in italics*):

**1. Thornhill:**

- a) M&O would like to swap out the rooftop units over the kitchen that serve the building with newer efficient combo units. OUSD can send information for our engineer to use to specify a replacement unit. *If the swap impacts structure in terms of changing out framing then the project will need to go to DSA and will not be a summer job.* Leave existing units as-is.
- b) Include swap out of existing ductwork in the scope. *Will do and revise fees if necessary.*

**2. Melrose:**

- a) How many hours allocated per CA visit? *Roughly 4 hours each visit, includes meeting and review of work in place etc.* Your fees identify 6 CA visits, if the CA takes 7 visits will I get an Add Service? *No.*
- b) What are your hours effort for doing the projects? *Mainly drafting time ensuring that we are putting together details that reflect actual site conditions and then having our roofing consultant review.*

**3. All 3 School Sites:**

- c) Please provide a rough estimate for construction costs for each school. Does not have to be detailed but should have general breakouts. *We'll look at what it would take in terms of effort and revise fees if necessary to provide estimates.*

Thanks
