Background

(Why do we need these services? Why have you selected this vendor?)

Seventeen OUSD district schools, ten charter schools, and the Measure H Administrative 10% have unspent Measure H funds from the 2024-25 fiscal year. This attached EIP carryover plan articulates the context that contributed to the carryover, the amount and percentage of Measure H funds being carried over, and a clear budget for the carryover funds.

Why were you unable to expand all your Measure H funds in the 2024-2025 school year?		While our school made significant progress toward all of our goals, not all of the allocated funds were spent within the designated period due to the fact that during the grant period, we engaged in a broader review of the pathways to align them more closely with student needs and adjustments in updating or obtaining additional equipment and project priorities, causing some originally budgeted expenses to be postponed, we are getting back on track. Our plan for this carryover expenditure is to use it for our internship program which had more student applicants than expected.
