Memo

To Board of Education

From Dr. Anthony Smith, Superintendent
Maria Santos, Deputy Superintendent

Board Meeting Date April 24, 2013

Subject **Adoption of Resolution 1213-0143, Requesting State Superintendent Of Public Instruction For Renewal of Alternative School of Choice Waiver of Education Codes Pertaining to Attendance**

Action Requested Adoption of Resolution 1213-0143 – Request to the State Superintendent of Public Instruction for Renewal of Alternative School of Choice Waiver of Education Codes pertaining to Attendance, for the period from July 1, 2013 to June 30, 2015 to fully implement the Gateway to College Alternative High School at Laney College.

Background
A one paragraph explanation of why the consultant's services are needed.

Gateway to College is a nationally recognized education model serving youth who have dropped out of high school. In June 2008, the District authorized the establishment of Gateway as an Alternative education high school to be operated on the Laney Campus. Students attending Gateway are concurrently enrolled in Laney and Oakland Unified School and from their first day earn credits toward a high school diploma and an Associate's Degree. Gateway's student body is largely comprised of foster youth, adjudicated youth, teen parents, and students recovering from homelessness or drug and alcohol abuse.

Discussion
One paragraph summary of the scope of work.

Gateway to College at Laney Alternative High School is a school of high expectations and equally high levels of community support with the goal that vulnerable youth receive a second chance to re-engage in education in a meaningful way and create better lives for themselves.

The District will seek and obtain all necessary renewal waivers from the California Department of Education in order to fully continue to support Gateway. Under the Waiver Authority of the Education Code Section 58509, the particular Education Code or the California Code of Regulations Section(s) or portion thereof to be waived is: Attendance.

This is a request to again seek waiver of the following sections of the California Education Code related to school attendance and minimum school

day, minimum school week and minimums school-year.

- Education Code §37201 – School month
- Education Code §46141 – Minimum school day
- Education Code §46146 – Day of attendance; 180-minute school day; part-time college
- Education Code §46160 – Minimum school week
- Education Code §46161 – Compliance with attendance requirements
- Education Code §46200 – Base revenue limits per unit of average daily attendance; additions and reductions; (180 day school-year);

The aforementioned sections prescribe the minimum school day, week, month, and year in which a student is required to attend school. The apparent purpose of these provisions are to specify the time in which students are under the guidance and direction of school teachers and staff and to provide a unit measurement for student accounting procedures used in apportioning and distributing state ADA funds for education.

Under the California Department of Education regulation and the Alternative School of Choice Waiver Request for (CDE form AEW-1 (Rev 3/10)), no public hearing is required if the renewal waiver is not controversial. In addition, meet and confer with bargaining units and review by the SSC are not required if the renewal waiver is not controversial. OEA and the SSC have been advised that the District is seeking renewal of the waivers. There is no controversy related to the Gateway program.

Recommendation

Adoption of Resolution 1213-0143 – Request to the State Superintendent of Public Instruction for Renewal of Alternative School of Choice Waiver of Education Codes pertaining to Attendance, for the period from July 1, 2013 to June 30, 2015 to fully implement the Gateway to College Alternative High School at Laney College.

Part II. Purpose and Desired Outcomes

1. ***Summary of the Education Code or California Code of Regulations Section(s) or portion(s) to be waived.*** Please summarize the meaning, in plain language, of the Education Code or California Code of Regulations Sections(s) or portions(s) to be waived. If a portion of a section is requested to be waived, include that portion verbatim.

This is a renewal request to waive the following sections of the California Education Code related to school attendance and minimum school day, minimum school week and minimum school-year.

- *Education Code § 37201 - School month*
- *Education Code § 46141 – Minimum school day*
- *Education Code § 46146 – Day of attendance; 180-minute school day; part time college*
- *Education Code § 46160 – Minimum school week*
- *Education Code § 46161 – Compliance with attendance requirements*
- *Education Code § 46200 – Base revenue limits per unit of average daily attendance; additions and reductions; (180 day school-year):*

The aforementioned sections prescribe the minimum school day, week, month, and year in which a student is required to attend school. The apparent purposes of these provisions are to specify the time in which students are under the guidance and direction of school teachers and staff and to provide a unit of measurement for student accounting procedures used in apportioning and distributing state ADA funds for education.

2. ***Desired outcome/rationale.*** State what you hope to accomplish with the waiver. Describe briefly the circumstances that brought about the request and why the waiver is necessary to achieve improved student performance and/or streamline or facilitate local agency operations.

The legislation authorizing the establishment of alternative schools of choice provides, in part, that school districts may establish alternative schools based on the premise that the best learning takes place when the student learns because of his or her desire to learn. Alternative schools and programs of choice are often characterized by responsiveness to instructional style differences, the positive consequences of being a school of choice, and small unit size. The Gateway to College alternative high school fits this profile.

Gateway to College at Laney College ("Gateway") serves 350 students, 16 to 20 years old, who have dropped out of school and provides a second chance for students to get back on a path leading to economic and educational opportunity. In keeping with the

statutory purpose, the program achieves success by maintaining a learning situation that maximizes student self-motivation and encourages a student in his own time to follow his interests.

The program combines high academic expectations with one-on-one advising and support. All classes are college classes, which provide dual credit, and the program is fully integrated into college setting. Students focus their studies in a "pathway" or major that is aligned with high school completion requirements and college degree or certificate requirements. This allows students to maximize college credit acquisition towards their post secondary goal.

Because the program is offered on a college campus, students feel that they are treated as adults, and respond well to the academic and behavior expectations of the college environment, particularly as it relates to attendance and class participation. Data from other Gateway to College replication sites show that the college environment and flexible scheduling enhances attendance and improves academic performance. Hence, the renewal of the waiver of the aforementioned K-12 provisions is necessary to fully implement the Gateway to College model in the college setting. The District is requesting a renewal of the waiver for two years.

However, waiver for K-12 provisions will not waive similar regulations governing instructional time applicable to community colleges. Adequate instruction time will be provided to students enrolled in Gateway program. Sections 55700 and 55701 of Title 5, California Code of Regulations provide that the community college academic calendar year consists of at least 35 weeks of instruction and evaluation and not less than 175 days of instruction.

Similarly, section 58003.1, Title 5, California Code of Regulations provides an approved attendance reporting procedure in the community college context. Since Gateway to College is a college-base program, the procedures identified in section 58003.1 should be the basis for apportioning and distributing ADA funds for students in the program.

Evaluation Procedure

An annual evaluation, pursuant to Education Code Section 58510, will be performed in accordance with guidelines established by the California Department of Education and the State Superintendent of Public Instruction. The evaluation will be conducted by the OUSD Office of Alternative Education and will include input from key stakeholders such as teachers, students, and parents and guardians.

The methodology used will be consistent with evaluations of other OUSD Alternative Schools and Programs. The evaluation will include student performance data on K-12 mandatory testing and will examine features such as the following to determine their impact on student learning outcomes:

- Sustainable Partnership (e.g., advisory committee, referrals, information sharing systems, etc.)

- Integration of the program into college (e.g., attendance on college calendar, college orientation, flexible class schedule)
- Dual credit (e.g., diploma and testing requirements are aligned with college courses, counselors trained in high school and advising systems)
- Adequate teaching and administrative staff
- Collaboration between faculty members and between students (e.g., team based approach to student success)
- Teaching and Learning (e.g., rigor and relevance in the curriculum)
- Student Support systems (e.g., focus on academic and non-academic barriers)
- Professional Development for faculty and staff (e.g., mission and core values communicated, roles and responsibilities are clearly communicated)

School is Legally Compliant

Gateway to College at Laney College is part of the Early College High School Network which is listed as a type of school that can be established under the statutory framework of section 58500 et seq. of the Education Code. The school was established in accordance with statutory procedures and approved by the governing board of the Oakland Unified School District and the California Department of Education.
