Grant Amendment 2 for OUSD schools for the FY 2023-24 was submitted for funding as indicated in the chart below. The grant face sheet and grant amendment packets are attached.

Information Needed	School or Department Response
How will this grant contribute to sustained student achievement or academic standards?	The grant's primary focus is to assist newcomer students (including Unaccompanied Immigrant Youth) in accessing resources to meet basic needs. The grant will allow OUSD to provide case management and program navigation, outreach, communication support, mental health and wellness support, and direct financial assistance to newcomer students and their families. These align with OUSD priorities as full-service community schools focused on providing equitable access to college and careers.
How will this grant be evaluated for impact upon student achievement?  (Customized data design and technical support are provided at 1% of the grant award or at a negotiated fee for a community-based fiscal agent who is not including OUSD's indirect rate of 3.10% in the budget. The 1% or negotiated data fee will be charged according to an Agreement for Grant Administration Related Services payment schedule. This fee should be included in the grant's budget for evaluation.)	Student impacts will be measured according to the rate of cohort graduation of HS newcomer students, as well as the rate of attrition of non-graduating newcomer students year over year. Measurement tools already exist to support this measurement.
Does the grant require any resources from the school(s) or district? If so, describe.	No

Are services being supported by an OUSD funded grant or by a contractor paid through an OUSD contract or MOU?  (If yes, include the district's indirect rate of 3.10% for all OUSD site services in the grant's budget for administrative support, evaluation data, or indirect services.)	Funds from this grant will be used to contract with Soccer Without Border, Refugee & Immigrant Transitions, The New Anchor Foundation, and The Immigrant Family Defense Fund
Will the proposed program take students out of the classroom for any portion of the school day? (OUSD reserves the right to limit service access to students during the school day to ensure academic attendance continuity.)	No
Who is the contact managing and assuring grant compliance? (Include contact's name, address, phone number, email address.)	Name/Title: Julie Kessler, Director of Newcomer Programs Site: 954 Address: 900 High St., Oakland CA Phone: (415) 269-2027 Email: julie.kessler@ousd.org

**1. OVERVIEW**

- A. Describe your organization's experience providing case management and/or education and outreach to Unaccompanied Undocumented Minors (UUM) and immigrant communities. Please describe any unique strategies or best practices you employed and include years of experience.**

Oakland Unified School District (OUSD) has well-established, tailored services to meet the academic and holistic needs of our diverse and significant population of newcomer students. The Newcomer Program of OUSD's English Language Learner and Multilingual Achievement (ELLMA) department, develops outreach programs for newcomer students based on research, staff expertise, and existing best practices, and provides professional development for newcomer teachers and leaders to assist their students both inside and outside the classroom. The Newcomer Program provides recently arrived students with access to culturally sensitive mental health, health, legal and other social services. Despite such efforts, significant needs and challenges remain for Oakland's Unaccompanied Minors (UUM). One indicator of this need is the over 600 UUM who have left school without a high school diploma and who are unable to access existing school-based programs.

**B. Describe the target population(s) to whom the services will be provided, including low-income, pregnant and/or parenting, unhoused, hard-to-reach, and underserved populations.**

UUM students have been a target population for OUSD since 2014 and there are existing structures in place to foster collaboration amongst providers. We have enrolled well over 3,000 UUM in OUSD since 2013. Outreach to out of school youth will be a priority task for the Case Manager, as we have hundreds of UUM students who need to be regularly contacted. In addition, the Case Manager and Social Worker will target UUM at elementary school sites which do not currently have social workers or supports in place for the non-academic needs of UUM.

The Case Manager and Social Worker will build upon institutional knowledge and best practices, including in intake, screening, assessments, case notes, and coordination of care with existing partners.

**C. Provide a summary of the needs your organization intends to address with this funding (Example: hiring additional staff to provide case management and/or outreach services).**

The Opportunities for Youth project (OFY) would allow OUSD to expand existing programming and maintain supports to meet the needs of Unaccompanied Minors in the following ways:

Case Management: OUSD will employ 2 full-time Newcomer Specialists in the central ELLMA office and 2 full-time school-based Case Managers who will provide case management and wraparound supports to youth who have dropped out, or are at risk of dropping out, of school. The case managers will have a particular focus on UUM students at schools without newcomer social workers, as well as youth who have left school or were never enrolled. OUSD will also subcontract with Soccer Without Borders to provide 2 part-time Case Managers to provide case management to UUM participants in their programs.

Program Navigation: OUSD will employ 1 full-time Program Navigator to support more than 50 pregnant and parenting newcomers. The program navigator will assist UUM to access any available educational opportunities, medical services, and enroll their children in childcare and preschool. OUSD will also subcontract with Immigrant Family Defense Fund to provide 2 full-time Program Navigators who provide outreach at OUSD school sites to inform and connect families to OFY and other services. IFDF will also accompany families to assist with submission of applications for social services, basic needs such as food banks and relief funds. OUSD will also sub-contract with Refugee & Immigrant Transitions to provide interpretation, and assistance with the completion and submission of applications for health insurance.

Mental Health and Wellness Supports: OUSD will employ 1 full time Newcomer Social Worker to conduct screenings and assessments of UUM youth, with a focus on

elementary school-aged UUM. The Social Worker will help refer and accompany families to navigate existing mental health services in the community.

Direct Financial Assistance: New Anchor Foundation has partnered with OUSD to provide financial assistance to students and families. New Anchor Foundation will be contracted to support the provision of financial assistance to UUM, particularly those who are identified as at risk of leaving school, have already left school to work, as well as pregnant /parenting teens. As a school district we are unable to provide direct financial assistance to families so we rely on New Anchor Foundation to provide that service.

**D. Describe how your organization will serve the linguistic and cultural needs of UUM. Include the primary languages of staff and any other language services or tools utilized for translation or interpretation.**

OUSD has over 1,300 students whose native language is Mam. Mam and Spanish are the languages spoken by nearly 100% of UUM in OUSD. All OFY project staff speak Spanish. OUSD will sub-contract with Refugee & Immigrant Transitions to provide interpretation and navigation for Mam speakers.

**2. WORK PLAN**

**Case Management Services:**

**F. Describe the methods and strategies including the types of services provided to UUM and the immigrant population and any other special populations the organization services and how long the organization has provided services to the immigrant community and years in business.**

Thanks to CDSS funding since 2006, the OUSD Newcomer Program provides recently arrived students with access to culturally sensitive mental health, health, legal and other social services. OUSD's Newcomer Program is specifically devoted to the identification, support and tracking of newly arrived refugee students. RASAP provides crucial services to Oakland's extremely diverse refugee student population in support of their school integration and academic success. We aim to positively impact the attendance rates of newcomer students by clearing obstacles to attendance. We aim to improve retention rates of non-graduating newcomers within our programs by enabling continued school attendance and promoting connectedness. We aim to demonstrate improved newcomer student connections to adults at school and knowledge of how to access health and other supportive services as measured by student surveys.

We also seek to connect more students to critical services such as employment, therapy, legal support, child care and housing. We know from Maslow's Hierarchy of Needs that until basic needs are addressed, people cannot access learning. It is our goal to address those needs to the degree possible to stabilize these young people and their families so that they may be successful in our schools and in the US.

**G. Describe how your organization will provide case management for UUM and how the organization collaborates or plans to collaborate with other service providers.**

The OUSD Newcomer Program focuses on the individual needs of students by providing or referring them to individual mental health services, intensive clinical case management and targeted attendance interventions, which may include home visits and family support.

Team members work closely with the school site leadership and newcomer teachers to advocate for the needs of newcomers and to collaborate around service delivery and support. They also collaborate with district level partners including the Unaccompanied Immigrant Youth Specialist, Refugee and Asylee Specialist, translators, alternative education, linked learning specialists and the Central Family Resource Center to further advocate for the needs of newcomers across the district.

Additionally, partnerships and referral systems to programs for out of school youth need to be strengthened, in particular with OUSD Adult Education, Unity Council, Civicorps and Street Level Health Project.

**H. Describe how your organization will serve the linguistic and cultural needs of UUM and the immigrant population it intends to serve.**

OUSD has over 1,300 students whose native language is Mam. Mam and Spanish are the languages spoken by nearly 100% of UUM in OUSD. All OFY project staff speak Spanish. There are 2 interpreters/ community navigators available to OFY project staff to assist with interpretation and navigation for Mam speakers.

**I. List the case management staff (case managers, navigators, coordinators, etc.) the organization has on staff, or expects to hire, that will be working on this project. Describe the scope of work for each staff.**

### **3. CAPACITY**

**If you do not have a case management system in place, describe how you will**

**track performance and outcomes.**

The OUSD newcomer program uses Apricot 360 to track services for OFY participants as well as other newcomers. All intake notes, screening assessments, case notes, coordination of care with partners are documented in Apricot. We are able to run reports, queries and download case note summaries from Apricot as needed.

**EXHIBIT B**  
**(Grant Agreement)**

9. Purchases of equipment, supplies, and other items in excess of \$500 must be accompanied with supporting documentation and must be included with the invoice for reimbursement. The CDSS may not reimburse invoices that do not meet these requirements.

**B. State Budget Contingency Clause**

1. It is mutually agreed that if the Budget Act of the current year and/or any subsequent years covered under this Agreement does not appropriate sufficient funds for the program, this Agreement shall be of no further force and effect. In this event, CDSS shall have no liability to pay any funds whatsoever to Grantee or to furnish any other considerations under this Agreement and Grantee shall not be obligated to perform any provisions of this Agreement.
2. If funding for any fiscal year is reduced or deleted by the Budget Act for purposes of this program, CDSS shall have the option to either cancel this Agreement with no liability occurring to the State or offer an agreement amendment to Grantee to reflect the reduced amount.

**C. For Grant with Federal Funds**

1. It is mutually understood between the parties that this Agreement may have been written before ascertaining the availability of Congressional appropriation of funds, for the mutual benefit of both parties, in order to avoid program and fiscal delays which would occur if the Agreement were executed after that determination was made.
2. This Agreement is valid and enforceable only if sufficient funds are made available to the State by the United States Government for the term of this Agreement for the purposes of this program. In addition, this Agreement is subject to any additional restrictions, limitations, or conditions enacted by the Congress or any statute enacted by the Congress which may affect the provisions, terms, or funding of this Agreement in any manner.
3. It is mutually agreed that if the Congress does not appropriate sufficient funds for the program, this Agreement shall be amended to reflect any reduction in funds.
4. CDSS has the option to invalidate the Agreement under the 30-day cancellation clause or to amend the Agreement to reflect any reduction of funds.

**D. Budget Modification Without Written Agreement Amendment**

Line item shifts of up to ten percent (10%) of the annual grant total are allowable, subject to the prior review and approval of the CDSS Director of the Office of Equity. Line item shifts that meet this criteria do not require a formal grant amendment. Any line item shift exceeding this amount must be executed through a formal grant amendment. All requests for line item shifts must be submitted in writing and include a substantial business justification for the shift. Fund shifts which increase indirect costs are prohibited. If the Agreement is formally amended for any other purpose, all line item shifts agreed to by the parties and not previously included in an amendment must be included in the amendment.

**EXHIBIT B**  
**(Grant Agreement)**

**E. Prompt Payment Clause**

Payment will be made in accordance with, and within the time specified in, Government Code Chapter 4.5, commencing with Section 927.

**F. Review**

CDSS reserves the right to review service levels and billing procedures as they impact charges against this Agreement.

**G. Final Billing**

Invoices for services must be received by CDSS within 90 days following each state fiscal year, or 90 days following the end of the grant term, whichever comes first. The final invoice must include the statement "Final Billing."

**H. Nonresident Tax Withholdings**

Payments to all nonresidents may be subject to withholding. Nonresident payees performing services in California or receiving rent, lease, or royalty payments from property (real or personal) located in California will have seven percent of their total payments withheld for state income taxes. However, no withholding is required if total payments to the payee are \$1,500 or less for the calendar year.

**Oakland Unified School District Proposal: Opportunities for Youth Project,  
California Department of Social Services, Immigrant Integration Branch**

**Executive Summary**

Oakland Unified School District (OUSD) has well-established, tailored services to meet the academic and holistic needs of our diverse and significant population of newcomer students. The Newcomer Program of OUSD's English Language Learner and Multilingual Achievement (ELLMA) department, in collaboration with the Oakland International High School Learning Lab (OIHS LAB), develops outreach programs for newcomer students based on research, staff expertise, and existing best practices, and provides professional development for newcomer teachers and leaders to assist their students both inside and outside the classroom. The Newcomer Program provides recently arrived students with access to culturally sensitive mental health, health, legal and other social services. Despite such efforts, significant needs and challenges remain for Oakland's Unaccompanied Minors (UUM). One indicator of this need is the over 600 UUM who have left school without a high school diploma and who are unable to access existing school-based programs.

The Opportunities for Youth project (OFY) would allow OUSD to expand existing programming and develop new supports to meet the needs of Unaccompanied Minors in the following ways:

Case management: OUSD will hire 1 full time Unaccompanied Minor Support Specialist who will provide case management and wraparound support, with a particular focus on UUM students at schools without newcomer social workers, as well as youth who have dropped out, or are at risk of dropping out, of school.

Program Navigation: OUSD will continue to partner with Immigrant Family Defense Fund (IFDF) who will connect UUM students to community service providers, especially immigration services, and also support students at schools without newcomer social workers (all elementary school sites in OUSD are included in this category). Since 2017, IFDF has funded a part time immigration attorney who provides free consultations to OUSD families. In 2020, with funding from the OFY project, IFDF was able to hire 1 full time and 1 part time program navigator. IFDF will maintain these positions using their own resources and will continue to work closely with the OUSD OFY team in 2022-2023.

Coaching/mentoring: OUSD will contract with partner agency Soccer Without Borders (SWB) to hire 2 full time mentor coaches. SWB's mission is to use soccer as a vehicle for positive change, providing newcomer youth with a toolkit to overcome obstacles to growth, inclusion, and personal success. SWB has

been the OUSD partner most effective at engaging UUM students beyond the classroom, encouraging at-risk youth to stay in school, and providing long-term support for their socio-emotional growth and integration into their new community.

**Financial Wellness:** Community Development Finance has partnered with OUSD to provide financial coaching and stipends to students and families. CDF will be contracted to offer financial literacy classes to UUM, particularly those who are identified as at risk of leaving school, have already left school to work, as well as pregnant /parenting teens.

**Mental Health Specialist:** OUSD will hire a Mental Health Specialist, a Licensed Clinical Social Worker who will oversee a team of 5 interns to provide clinical case management and psychotherapy services to UMM students.

## **Overall Capacity**

A. The OFY service providers must have the capacity to sustain the project throughout the entire project period, provide culturally and linguistically responsive services, develop a trauma informed program, and engage and coordinate care in partnership with local service organizations. Articulate the organization's capacity to implement the OFY project. Describe the following (Items 1-11):

- 1. The organization's collaborative partnerships with service organizations, governmental agencies, and school districts that provide social safety net support services for youth and families;**
  - a. OUSD's Community School Model encourages partnerships at both the school and district level, and Oakland International High School has been recognized both locally and nationally for their Community School efforts, which we would continue to expand and replicate through this program in partnership with the OIHS LAB. . The OUSD Newcomer Program has extensive, intentional partnerships and established referral mechanisms that benefit UUM youth in the areas of health (Children's Hospital, La Clinica de la Raza), mental health (La Familia, Partnerships for Trauma Recovery), accompaniment and bond assistance (Immigrant Family Defense Fund) and legal providers (Immigrant Legal Defense, Centro Legal de la Raza, East Bay Sanctuary Covenant, Catholic Charities, East Bay Community Law Center, Pangea Legal Services, International Institute of the Bay Area). OUSD also directly contracts with a number of key service providers that provide mentorship, case management and other supports for

newcomers (Soccer Without Borders, Refugee Transitions, Burma Refugee Family Network).

- 2. The organization's plan to recruit and retain culturally and linguistically responsive navigators, case managers, mentors and life coaches, and family support workshops;**
  - a. The OUSD Newcomer Program is deeply committed to hiring linguistically and culturally diverse staff that reflect the students we serve. The Newcomer Program, as well as many school sites serving newcomers, hired many former students as teachers, teacher assistants, after school tutors, coaches, mentors, and technology assistants; and regularly receives candidate referrals from community-based organizations. The OIHS LAB has created a training program for newcomer teachers, mental health workers and social services workers who train and/or earn subsidized certification at OIHS, and who are assisted with future job placement at other newcomer sites; the program focuses on recruiting from immigrant communities.
- 3. The capacity to ensure those working with youth, whether paid or volunteers, pass a Live Scan fingerprint background check prior to serving youth;**
  - a. OUSD has strict processes in place to screen staff and volunteers including background checks. The same standards are required for all partner organizations and their staff who come into contact with OUSD students. All new staff hired through the OFY project will undergo these background checks.
- 4. The organization's plan to leverage existing professional development plans that include training and resources regarding adolescent development, trauma, the impact of toxic stress, independent living strategies, human and labor trafficking and exploitation;**
  - a. OUSD's English Language Learner and Multilingual Achievement (ELLMA) department develops research-based program for newcomer students based on research and provides professional development for newcomer teachers and leaders. All new staff hired through the OFY project will participate in professional development.
  - b. The OIHS Learning Lab is a local and national leader in training educators on the backgrounds, challenges, and assets of newcomer students and families. The OIHS LAB has created a robust training program for new and existing teachers on the way trauma impacts learning and behavior, trauma-informed instructional practices, and how wraparound services can support positive student experiences and student retention. The LAB has

extended similar trainings to more than 1,000 educators, social service workers and policy makers outside our school walls. In addition, OIHS works with student leaders to organize an annual “Community Walk” learning opportunity for staff and community partners; organized by parents, students and community leaders, OIHS teachers and staff visit student communities where they are shown important landmarks and cultural centers; meet with community leaders, advocates and/or support people; and meet with families (either in homes or community centers) to discuss families’ questions, concerns and hopes for their students and the school. These professional development sessions educate teachers about students’ backgrounds, challenges, community and cultural assets, and the educational concerns of OIHS’s diverse newcomer students and families. They also serve to immerse teachers in the home environments of their students, and give students and family members the opportunity to serve as leaders, inverting roles such that our teachers become the students, and our students and families become the teachers.

- 5. The capacity to provide coordinated care and create a legal and social safety net of services for youth and sponsors;**
  - a. OUSD has existing relationships and partnerships that provide needed services to UUM and their families. The OFY project would fill significant gaps by strengthening partnerships and also by allowing services to reach more youth at a greater number of school sites.
- 6. A plan to incentivize client participation by meeting youth’s and sponsors’ practical needs such as transportation.**
  - a. Transportation assistance (in the form of a bus pass) is available from the OUSD Newcomer Program, and from OUSD school sites (through partnerships with AC transit). SWB provides transportation for many participants to/from practices and games.
- 7. The capacity to foster collaboration among navigators, case managers, family support workshop providers, evaluators and technical assistance providers.**
  - a. UUM students have been a target population for OUSD since 2014 and there are existing structures in place to foster collaboration amongst providers. OUSD’s Newcomer Program and OIHS Learning Lab are already tasked with building community partnerships and coordinating newcomer-specific services across OUSD. If funded, our team would launch a district-wide newcomer Coordination of Services Team, or COST (the only such body at the district level) for the various program staff to triage referrals,

coordinate resources, track progress, and consult on particularly high-need cases. Our team is also in the early stages of developing a district-wide, HIPPA compliant social services database to track students needs, resources and services provided, which will ensure both deeper and smoother collaboration of services among the various staff and stakeholders.

**8. Capacity to provide co-located services (i.e. collaborating with community schools and providing mentoring and coaching in school campuses).**

- a. Thanks to the OUSD Community School model, most of our 84 school sites have Community School Managers who are responsible for coordinating the co-location of services on site. Services such as health and mental health care and food banks are brought into schools where they are made more readily available. Immigration legal services are also offered at a limited number of school sites by community partner non-profit legal service providers. However, unlike a health provider who would be able to refer a sick student out to a specialist elsewhere in the community, a legal service provider is unlikely to know which other attorneys would have capacity for a specific type of immigration case at any given time. Coordinating those referrals centrally within OUSD is therefore more efficient and productive, and the OFY project offers a potential opportunity to expand these services across OUSD.

**9. Capacity to collaborate with evaluators and technical assistance providers to plan technical assistance activities.**

- a. OUSD's Newcomer Program and OIHS Learning Lab are ready and able to collaborate with evaluators and technical assistance providers and this fits well into existing job descriptions.

**10. Organization's capacity to complete semi-annual progress reports, interim, and final project reports in coordination with the technical assistance provider.**

- a. OUSD's Newcomer Program staff are able to complete regular reports and this fits well into existing job descriptions.

**11. Capacity to modify the delivery of service components and provide virtual and telephonic services to meet the needs of youth and families.**

- a. While coordination of services is all the more challenging in the distance-learning/shelter in place context, it is also all the more urgent, and the OUSD Newcomer Program, along with the OIHS LAB, spent the spring developing robust best practices for wraparound services and student engagement in the distance learning context. Our program staff's strong relationships with students and families, and the institutional trust built over time,

have allowed us to respond to urgent needs in the remote context, including via weekly food pantries and food deliveries; remote assistance applying for unemployment benefits; direct cash assistance through community cash funds; healthcare access; technology and internet access; and regular updates regarding public health announcements and guidance. Meanwhile, SWB shifted their mentorship and coaching services online, regularly engaging the vast majority of their students through zoom, home visits and small group distanced/no-contact practices.

## **Project Components**

**B. Case Management: Case Managers provide coordinated case management services that harness resources to meet youth's needs. This includes strengths and needs assessments, completion of tools to identify the network of support, completion of Individual Success Plans that reflect SMART goals, referrals to community agencies and completion of the Youth Thrive™ Survey. Draft one paragraph describing how the organization will meet case management requirements (Items 1-9).**

- 1. Intake, screenings and assessments:**
  - Administering youth strengths and needs assessments.
  - Identifying formal and informal networks of support.
  - Administering youth trauma screenings.
  - Compiling youth intake information.
  - Developing goals collaboratively with youth.
- 2. Child and Adolescent Needs and Strengths assessment and trafficking screening:**
  - The Child and Adolescent Needs and Strengths Comprehensive – Trauma Version (CANS Trauma assessment) or the California Integrated Practice (CA IP – CANS) assessment.
  - International Institute of Los Angeles Human Trafficking Screening.
- 3. Completing Individual Success Plans.**
- 4. Coordination of care in collaboration with navigators, mentors and life coaches, and the family workshop provider.**
  - Referrals and coordination of services to link youth and their families to available services and resources (Education, immigration legal services, workforce development, social services, mental health, housing, other independent living resources, etc).

- **Identification of strategies to support Out of School Youth and older adolescents who may have transitioned away from the home of their sponsor. Strategies to reach and connect Out of School Youth and older adolescents to resources and services to address youth's short- and long-term goals.**
- 5. Survey administration, including the Youth Thrive™ Survey.**
- 6. Exploring/identifying and updating formal and informal networks of supports.**
- 7. Concurrent planning.**
- 8. Case file documentation and maintenance.**

The Case Manager will be hired in the existing job category of Unaccompanied Immigrant Youth Specialist and will build upon institutional knowledge and best practices developed by the 2 previous (and 1 current) Specialist in that position, including in intake, screening, assessments, case notes, and coordination of care with existing partners. The ISPs, CANS, Survey Administration and additional documentation requirements will be used as recommended by CDSS and overseen by the Program Manager for OUSD Newcomer programs. Outreach to out of school youth will be a priority task for the Case Manager, as we have a list of around 700 UUM students who would ideally be contacted. Additionally, partnerships and referral systems to programs for out of school youth need to be strengthened, in particular with OUSD Adult Education, Unity Council, Civicorps and Street Level Health Project.

**C. Program Navigation: Program Navigators assist youth and sponsors in accessing service systems and provide interpretation and advocacy. Warm hand-offs must be included. Draft a minimum of one paragraph describing how the organization will meet program navigation requirements (Items 1-5).**

- 1. Program navigation to help youth and their sponsors navigate service systems (Education, workforce development, social services, immigration support services, disaster relief services, etc.).**
- 2. Home visitation when feasible.**
- 3. Telephonic and virtual contact.**
- 4. Immigration hearing support.**
- 5. Interpretation and advocacy on behalf of the youth and their sponsors.**

OUSD will continue to partner with Immigrant Family Defense Fund, whose mission is to help parents and children in California schools facing the threat of deportation access qualified legal representation. For the past 2 years, IFDF has funded a part time immigration attorney who provides free consultations to OUSD families.

One of the IFDF Program Navigators is trilingual in English, Spanish and Mam. Program Navigators will screen families for need and make referrals directly to non-profit legal service provider partners, IFDF's immigration attorney or other services in collaboration with OUSD Newcomer Program manager and OFY project Case Manager.

**D. Youth Mentoring and Coaching: Youth centered activities that support socio-emotional development and help youth acclimate to their communities. Draft a minimum of two paragraphs describing how the organization will deliver mentoring and coaching services (Items 1-7).**

**1. Does the organization have an existing mentoring/coaching program to be leveraged for this project?**

OUSD will expand an existing contract with Soccer Without Borders (SWB). SWB's mission is to use soccer as a vehicle for positive change, providing newcomer youth with a toolkit to overcome obstacles to growth, inclusion, and personal success.

Since 2006, SWB has served refugee and immigrant youth in Oakland, and currently operates in five U.S states. SWB participants are often amongst the hardest to reach youth in their communities. Soccer is a uniquely well-suited platform for a mentoring program serving these youth, as it uses an activity that provides consistency, familiarity, and a sense of belonging for young people who are sorely lacking it. The program, which combines engaging group and one-on-one mentoring, is designed to meet the unique needs of unaccompanied immigrant youth.

**2. Describe the organization's capacity to develop mentoring and coaching opportunities for youth, administer background checks, and ensure mentors and coaches provide at least three mentoring or coaching activities per month.**

SWB's holistic, evidence-based mentoring program combines soccer practices and games with academic and language support, civic engagement, and cultural exchange activities, while proactively reducing barriers to entry that typically leave newcomers excluded. Together in a welcoming team environment led by a caring mentor-coach, newcomer youth advance academically, develop personally, make healthy lifestyle choices, build social capital, and develop English language skills. The balance and dosage of these activities creates a powerfully influential environment.

Given the history of transition and trauma many participants have faced, SWB invests in full-time Program Coordinators to serve as mentor-coaches in the program and lead all activities. SWB Program Coordinators speak both English and Spanish and understand the unique challenges our participants face. The quality and preparedness of SWB' staff and leadership team is the most critical input to ensuring that program participants succeed.

SWB's staff recruitment processes align with the elements of effective mentoring programs. They recruit mentors whose skills, motivations, and backgrounds best match the goals. The screening and training processes also meet best-practices for mentor programs. Program Coordinators are interviewed to assess their fit with the program and are background-checked through national and state databases. Coordinators also get training in SWB child protection, confidentiality, and employee policies. They commit to cultural humility and upholding the welcoming culture of SWB. All mentees sign a participant agreement, and parents complete an application that includes informed permission for their child to participate, available in the home languages of our participating families. In addition to the safeguarding training previously discussed, mentors receive additional training related to their role and the associated expectations, sports-based youth development, trauma-informed coaching, and English language development upon joining the program. Additional trainings occur throughout the year, including topics such as restorative practices, community conferencing, and other themes related to our program model.

SWB's program model is designed to maximize the length and depth of the relationship, with youth participating at least 5 hours per week, and at least 35 weeks per year. In addition, youth stay in the program for many years, allowing veteran participants to step into leadership roles within their group and strengthening the bonds developed between mentor coaches, mentees, and families in the program. In 2019 SWB celebrated an 80% year over year retention rate among participants. Research tells us that mentoring relationship of 12 months or more can have a significant impact on academic outcomes and psychosocial development. In 2020, the average SWB Program Coordinator tenure is 36 months.

**3. Describe how mentors and coaches will assist youth as they learn about their communities while celebrating their cultural heritage.**

For many youth from Central America, soccer is a crucial part of their cultural heritage. Families and communities come together to watch local soccer matches or professional games throughout Central America, and knowledge of soccer immediately gives an adult a point of connection with youth. While it is a uniting force, SWB also recognizes the importance of

creating safe spaces, where youth can express their unique cultures and be their authentic selves.

Every SWB session begins with an opening circle, introducing the theme for the day, providing an opportunity for youth input, and checking in with each mentee. Each session ends with a closing circle, where the group reflects on the theme of the day and any learnings, celebrating the accomplishments of the group and recognizing the positive contributions of individuals. Throughout the sessions, program leaders use grouping strategies which intentionally pair students with youth from different countries, and discuss the importance of valuing differences and finding common ground. SWB staff have found that it is especially important to celebrate indigenous cultures within teams comprised of youth from different Central American countries.

SWB Coordinators provide individualized support to mentees on their teams throughout the year, checking in with youth and their families to make sure their needs are being met. Mentor coaches also work with each individual mentee to complete a goal-setting activity at the beginning of their match, and check in on those goals during the year in one-on-one meetings.

In addition to the socio-emotional and relationship skills developed through the SWB model, Coordinators support participants academically, providing English language tutoring and homework help to provide the support our youth need to get on track academically, positively engage in school, and graduate from high school. Not only do the mentor coaches support youth to stay on track academically throughout their participation in the program, they provide guidance as youth approach the end of high school, supporting post-secondary exploration and preparation. Upper classmen in the program (juniors and seniors) work with their mentor coaches to explore college and career options, prepare for tests and applications, and develop fundamental employment skills like resume writing, interview skills, and job application support.

**4. How will the organization ensure mentors and coaches provide the socio-emotional support according to the youth's needs and encourage youth's participation in enrichment activities.**

SWB employs motivational, inclusive, restorative, and trauma-informed coaching strategies. SWB coaches are trained the FAMILY Coaching Framework (**F**acilitation, **A**ctivity, **M**anagement, **I**ntity, **L**earning, and **Y**outh-centered). This framework, developed by SWB, gives coaches specific guidance on how to create an optimal, safe learning space for newcomer youth. The Framework includes an ongoing assessment and learning cycle that ensures fidelity and consistency in program delivery.

The Framework has been showcased as a promising innovation by the Robert Wood Johnson Foundation and the US Soccer Foundation, as well as WeCoach, a leading organization in trauma-informed sport coaching design.

All mentees participate in a team-based group mentoring model integrated into a soccer program, which maintains a 10-to-1 youth to trained mentor coach ratio. This evidence-based model leverages participants' passion for soccer and love of their mentor, team and teammates to create a positive culture that uses a skill-building framework to help youth develop social capital, motivate school engagement and English language learning, and promotes healthy choices.

Alongside the group mentoring happening through soccer programming, the highest need students participate in Socio-Emotional Learning (SEL) Circles in smaller groups. These circles consist of a check-in, followed by the introduction of a specific skill (e.g. breathing skills, listening skills, emotional expression skills), and an application of that skill to a scenario read together as a group, providing peer support, as well as English language practice. These circles take place during the school day as pull-out sessions, and have been implemented at several high schools in Oakland to date. This model also contributes to the safe and nurturing space youth need to develop.

**5. Describe the organization's plan to support mentors and coaches as they encourage youth to identify goals and foster opportunities to celebrate success.**

SWB's mentoring program features a consistent routine, providing for stability and predictability, creates a safe space for youth to be themselves, helps youth understand and manage their feelings, and provides opportunities for mastery and success. Indeed, for many participants, the opportunity to demonstrate mastery and success is elusive in the school setting, as they work to catch up to their U.S.-born peers while learning English. The SWB program offers an alternative context for youth to build confidence, finding success through the platform that many identify as familiar and comfortable: the soccer field. The program is based on strong mentoring relationships that facilitate developmental experiences through a culture of reflection, helping youth develop key socio-emotional skills like self-regulation, social awareness and relationship skills, self-awareness, and responsible decision-making. The relationships developed between mentor coaches and mentees represent a strong link between group mentoring interventions and positive youth outcomes.

**6. Identify the unique mentoring and coaching needs of Out of School Youth and older adolescents who have transitioned away from the sponsor's home.**

The greatest need for Out of School Youth and older adolescents is around balancing school and community obligations with the pressure to work. Out of School youth need to be shown the various options they have to continue their education while they work, such as Adult School or Continuation High School, and support to visit these locations and enroll in classes. Out of School Youth need support applying to jobs, and knowing their rights at their respective work places. Often, older workers at the workplace can encourage negative behaviors, particularly around drinking and substance use. These youth need to be connected to adults and a peer group that are making healthy choices and encouraging them to do so, as well. In addition, Out of School Youth are targeted for gang involvement. As a result, these youth in particular need a sense of belonging and a positive outlet to socialize and have fun, and need opportunities to develop a future facing mindset, with goals and objectives they are working towards.

**7. Describe how the organization will support mentors and coaches who are engaging youth in need of independent living skills and supports. Address how the organization will support mentors and coaches as they connect youth to resources and programs that support employability, education, career technical education, and independent living skills.**

One of the central features of a successful mentoring relationship is trust. In a 2019 survey, 93% of youth in SWB reported that they had or would feel comfortable asking their coach for help with something in their lives outside of the program. Trust enables youth to go to their mentor for support with different facets of their lives. SWB mentors often support young people in areas big and small. From preparing a resume, to working on a social services application to registering for classes, to getting dropped off and checked-in to a shelter, youth know they can come to their coach for support, and that the mentor will support them directly if they can or connect them to additional resources if the matter is beyond the skill set of the Coordinator.

SWB Coordinators receive training around the different services available to participants. SWB has a school day presence at the high schools where many Unaccompanied Immigrant Youth attend, and regularly makes referrals to the Coordination of Services Teams (COST). Through partnerships with the Oakland Unified School District and Alameda County Behavioral Health Services, we are aware of different mental health service providers, legal service providers and community navigators that

can offer critical supports to participants. Similarly, SWB Coordinators are aware of different career pathway programs such as Civicorps and the numerous programs offered through the Peralta colleges.

**E. Mental Health and Wellness: Activities that support the mental health and wellness needs of youth, their sponsors, and service providers. Draft a response to each of the following (Items 1 – 7).**

1. Allowable activities shall include elements of the original OFY model, such as Case Management, Program Navigation, and Mentoring. Describe how proposed mental health and wellness services/activities support at least one of the dimensions in the Substance Abuse and Mental Health Services Administration's Eight Dimensions of Wellness framework. Describe how mental health and wellness services will be implemented parallel with current OFY components.

The Mental Health Specialist will be a Licensed Clinical Social Worker who will oversee a team of 5 interns. The interns will provide clinical case management and psychotherapy services to UMM students. Each person will hold a caseload of up to 6 individual students and have the ability to host up to 4 support groups per year school year. Each support group can have up to 8 students. The Mental Health Specialist and Interns will be able to serve at least 30 youth. Youth referred for individual support can receive up to 6 months of weekly therapeutic services. Youth referred for groups can receive up to 8 weeks in a support group. Youth who are receiving clinical case management can be offered "wellness check-ins" while a connection to therapeutic services is made; that can vary from twice a month or as needed. The OFY Case Manager, Mentors or Program Navigators will refer UUM to the Mental Health Specialist who will then assign the youth to an intern and supervise their care.

2. Allowable activities include mental health assessments and evaluations. If applicable, describe the approach to providing mental health assessments and evaluations.

Mental Health Specialists will work with interns to review appropriate curriculum for groups. Support groups will include both a pre- and post-assessment to assess the delivery of psychoeducation. As individual services start, interns will do a brief intake assessment to review presenting problem and other mental health needs (e.g. substance usage, historical or present child abuse/neglect exposure, suicide ideation, medical conditions). After a few sessions, a treatment plan will be created with the youth to help set mental health goals and review progress periodically. The Mental Health Specialist will also support interns in

helping create safety plans after an assessment with students displaying self-harming behavior or ideation.

3. Allowable activities include supporting the wellness of staff working with youth and families. Describe activities that support the wellness of staff and share new and/or current procedures that will enhance and support staff wellness by mitigating staff burn-out and/or secondary trauma.

Mental health specialists will also help enhance a clinical training calendar to help the interns and other wellness staff with professional development. Trainings that promote the strengthening of clinical practices will be limited to interns, but trainings on vicarious trauma, compassion fatigue and self-care, will be extended to Case Managers, Mentors or Program Navigators. The Mental Health Specialist will also help to organize a wellness retreat at the end of the first semester and the end of the school year.

4. The youth and families served through the OFY project come from various cultures and may speak indigenous languages. Provide information on indigenous populations your organization serves or plans to serve. Describe how language access services will be and/or are being implemented.

OUSD has over 1,300 students whose native language is Mam. Mam and Spanish are the languages spoken by nearly 100% of UUM in OUSD. All OFY project staff speak Spanish. There are 3 interpreters/ community navigators available to OFY project staff to assist with interpretation and navigation for Mam speakers.

5. Discuss what capacity and resources are already present at your organization to support the implementation. Consider internal resources you can leverage, established or potential partnerships, and current programming you are implementing.

Financial Wellness classes:

Community Development Finance has partnered with OUSD to provide financial coaching and stipends to students and families. CDF will be contracted to offer financial literacy classes to UUM, particularly those who are identified as at risk of leaving school, have already left school to work, as well as pregnant /parenting teens. The Case Manager, Mentors or Program Navigators will refer UUM to the classes. The Case Manager will co-instruct the classes, which will be provided at various OUSD school sites and will include: Budgeting (overview as well as creating individual budgets and financial goal setting), Credit (records, scores), Managing Cash Flow, Debt (getting out of debt), Banks and Credit Unions, Personal Loans, Taxes, Savings. All students will be assisted with opening a

checking and or savings account, navigating basic functions of the account (using a checkbook, online banking, using ATMs and bank cards).

**Immigrant Family Defense Fund:**

IFDF was sub-contracted to provide Program Navigation services for the initial OFY project period (ending June 30, 2022). This funding allowed IFDF to expand their operations and develop staff capacity. From July 2022 onwards, IFDF will continue to fund Program Navigators that will support and collaborate with OUSD and OFY project staff in support of UUM and their families.

6. Describe supports/capacity building you would like the TA and Evaluation team to be aware of to support your implementation of this component.

The financial literacy/ financial wellness classes are a new program for OUSD and the first classes began in March 2022 at Rudsdale Newcomer Continuation School. With support from the OFY project we hope to expand the scope of these classes making them available to UUM across Oakland. Any and all support is welcome in development of this new initiative. We have already run into several barriers in attempting to open bank accounts for students who do not have a social security number or ITIN number and have dealt with this on a case-by-case situation with individual bank and credit union staff. We hope to establish a more systematic process that can be scaled up to allow access to financial services for more students (including eventually undocumented students in OUSD who are not UUM and not part of the OFY project).

7. Provision of services shall not extend beyond June 30, 2023. Describe activities, timeframe, and staffing to support the transition and/or closeout of the OFY project. In your description of activities, keep in mind the messaging and needs of clients, staff, and community partners.

This timeline fits neatly into OUSD's schedule given that the 2022-2023 school year ends on May 25, 2023 and will be followed by a 4 week summer school session which ends June 30, 2023. OFY- funded staff will end services by June 30, 2023 just in time for our regularly scheduled summer break.

8. Describe your organization's plan to carry out administrative activities such as final reporting and final reimbursement requests between July 1, 2023 and December 31, 2023. Consider internal resources you can leverage.

The OFY project coordinator, Nate Dunstan, is a year-round OUSD employee and will be carrying out final reporting and invoicing duties for OFY. OUSD central office staff including accountants will also be available to support administrative tasks during this period.

## Proposed Work Plan

Timeline for the delivery of services.

1. Identify the phases for planning, implementation, and post-implementation.
2. Describe each phase, proposed activities, and timeline.
3. Include a table of the project timeline, which includes a breakdown of activities throughout each phase by quarter.

**EXHIBIT B**  
**(Grant Agreement)**

**B. State Budget Contingency Clause**

1. It is mutually agreed that if the Budget Act of the current year and/or any subsequent years covered under this Agreement does not appropriate sufficient funds for the program, this Agreement shall be of no further force and effect. In this event, CDSS shall have no liability to pay any funds whatsoever to Grantee or to furnish any other considerations under this Agreement and Grantee shall not be obligated to perform any provisions of this Agreement.
2. If funding for any fiscal year is reduced or deleted by the Budget Act for purposes of this program, CDSS shall have the option to either cancel this Agreement with no liability occurring to the State or offer an agreement amendment to Grantee to reflect the reduced amount.

**C. For Grant with Federal Funds**

1. It is mutually understood between the parties that this Agreement may have been written before ascertaining the availability of Congressional appropriation of funds, for the mutual benefit of both parties, in order to avoid program and fiscal delays which would occur if the Agreement were executed after that determination was made.
2. This Agreement is valid and enforceable only if sufficient funds are made available to the State by the United States Government for the term of this Agreement for the purposes of this program. In addition, this Agreement is subject to any additional restrictions, limitations, or conditions enacted by the Congress or any statute enacted by the Congress which may affect the provisions, terms, or funding of this Agreement in any manner.
3. It is mutually agreed that if the Congress does not appropriate sufficient funds for the program, this Agreement shall be amended to reflect any reduction in funds.

Line item shifts that meet this criteria do not require a formal grant amendment. Any line item shift exceeding this amount must be executed through a formal grant amendment. All requests for line item shifts must be submitted in writing and include a substantial business justification for the shift. Fund shifts which increase indirect costs are prohibited. If the Agreement is formally amended for any other purpose, all line item shifts agreed to by the parties and not previously included in an amendment must be included in the amendment.

Payments to all nonresidents may be subject to withholding. Nonresident payees performing services in California or receiving rent, lease, or royalty payments from property (real or personal) located in California will have seven percent of their total payments withheld for state income taxes. **EXHIBIT C**  
**GENERAL TERMS AND CONDITIONS**

1. APPROVAL: This Agreement is of no force or effect until signed by both parties. Grantee may not commence performance until such approval has been obtained.
2. AMENDMENT: No amendment or variation of the terms of this Agreement shall be valid unless made in writing, signed by the parties and approved as required. No oral understanding or Agreement not incorporated in the Agreement is binding on any of the parties.
3. ASSIGNMENT: This Agreement is not assignable by the Grantee, either in whole or in part, without the consent of the State in the form of a formal written amendment.
4. AUDIT: Grantee agrees that the awarding Department, the State, the California State Auditor, or their designated representative shall have the right to review and to copy any records and supporting documentation pertaining to the performance of this Agreement. Grantee agrees to maintain such records for possible audit for a minimum of three (3) years after final payment or end of the grant term, whichever is later, unless a longer period of records retention is stipulated. Grantee agrees to allow the auditor(s) access to such records during normal business hours and to allow interviews of any employees who might reasonably have information related to such records. Further, Grantee agrees to include a similar right of the State to audit records and interview staff in any subgrant related to performance of this Agreement. (Gov. Code § 8546.7, Pub. Contract Code § 10115 et seq., Cal. Code Regs., tit. 2, § 1896.)
5. INDEMNIFICATION: Grantee agrees to indemnify, defend and save harmless the State, its officers, agents and employees from any and all claims and losses accruing or resulting to any and all grantees, subgrantees, suppliers, laborers, and any other person, firm or corporation furnishing or supplying work services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims and losses accruing or resulting to any person, firm or corporation who may be injured or damaged by Grantee in the performance of this Agreement.
6. DISPUTES: Grantee shall continue with the responsibilities under this Agreement during any dispute.
7. TERMINATION FOR CAUSE: The State may terminate this Agreement and be relieved of any payments should the Grantee fail to perform the requirements of this Agreement at the time and in the manner herein provided. In the event of such

termination the State may proceed with the work in any manner deemed proper by the State. All costs to the State shall be deducted from any sum due the Grantee under this Agreement and the balance, if any, shall be paid to the Grantee upon demand.

8. INDEPENDENT CONTRACTOR: Grantee, and the agents and employees of Grantee, in the performance of this Agreement, shall act in an independent capacity and not as officers or employees or agents of the State.
9. RECYCLING CERTIFICATION: The Grantee shall certify in writing, under penalty of perjury, the minimum, if not exact, percentage of post-consumer material as defined in the Public Contract Code section 12200, in products, materials, goods, or supplies offered or sold to the State regardless of whether the product meets the requirements of Public Contract Code section 12209. With respect to printer or duplication cartridges that comply with the requirements of section 12156(e), the certification required by this subdivision shall specify that the cartridges so comply. (Pub. Contract Code § 12205.)
10. NON-DISCRIMINATION CLAUSE: During the performance of this Agreement, Grantee and its subgrantees shall not deny the grant's benefits to any person on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status, nor shall they discriminate unlawfully against any employee or applicant for employment because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status. Grantee shall ensure that the evaluation and treatment of employees and applicants for employment are free of such discrimination. Grantee and subgrantees shall comply with the provisions of the Fair Employment and Housing Act (Gov. Code § 12900 et seq.), the regulations promulgated thereunder (Cal. Code Regs., tit. 2, § 11000 et seq.), the provisions of Article 9.5, Chapter 1, Part 1, Division 3, Title 2 of the Government Code (Gov. Code §§ 11135-11139.5), and the regulations or standards adopted by the awarding state agency to implement such article. Grantee shall permit access by representatives of the Department of Fair Employment and Housing and the awarding state agency upon reasonable notice at any time during the normal business hours, but in no case less than 24 hours' notice, to such of its books, records, accounts, and all other sources of information and its facilities as said Department or Agency shall require to ascertain compliance with this clause. Grantee and its subgrantees shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement. (See Cal. Code Regs., tit. 2, § 11105.)

Grantee shall include the nondiscrimination and compliance provisions of this clause in all subgrants to perform work under the Agreement.

14. GOVERNING LAW: This grant is governed by and shall be interpreted in accordance with the laws of the State of California.
15. ANTITRUST CLAIMS: The Grantee by signing this Agreement hereby certifies that if these services or goods are obtained by means of a competitive bid, the Grantee shall comply with the requirements of the Government Code sections set out below.
  - a. The Government Code chapter on antitrust claims contains the following definitions:
    - 1) "Public purchase" means a purchase by means of competitive bids of goods, services, or materials by the State or any of its political subdivisions or public agencies on whose behalf the Attorney General may bring an action pursuant to subdivision (c) of section 16750 of the Business and Professions Code.
    - 2) "Public purchasing body" means the State or the subdivision or agency making a public purchase. (Gov. Code § 4550.)
  - b. In submitting a bid to a public purchasing body, the bidder offers and agrees that if the bid is accepted, it will assign to the purchasing body all rights, title, and interest in and to all causes of action it may have under section 4 of the Clayton Act (15 U.S.C. § 15) or under the Cartwright Act (Chapter 2 (commencing with section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, materials, or services by the bidder for sale to the purchasing body pursuant to the bid. Such assignment shall be made and become effective at the time the purchasing body tenders final payment to the bidder. (Gov. Code § 4552.)
  - c. If an awarding body or public purchasing body receives, either through judgment or settlement, a monetary recovery for a cause of action assigned under this

chapter, the assignor shall be entitled to receive reimbursement for actual legal costs incurred and may, upon demand, recover from the public body any portion of the recovery, including treble damages, attributable to overcharges that were paid by the assignor but were not paid by the public body as part of the bid price, less the expenses incurred in obtaining that portion of the recovery. (Gov. Code § 4553.)

- d. Upon demand in writing by the assignor, the assignee shall, within one year from such demand, reassign the cause of action assigned under this part if the assignor has been or may have been injured by the violation of law for which the cause of action arose and (a) the assignee has not been injured thereby, or (b) the assignee declines to file a court action for the cause of action. (Gov. Code § 4554.)

16. CHILD SUPPORT COMPLIANCE ACT: For any Agreement in excess of \$100,000, the Grantee acknowledges in accordance with Public Contract Code section 7110, that:

(Gov. Code § 14841.)

20. LOSS LEADER: If this Agreement involves the furnishing of equipment, materials, or supplies then the following statement is incorporated: It is unlawful for any person engaged in business within this state to sell or use any article or product as a "loss leader" as defined in section 17030 of the Business and Professions Code. (Pub. Contract Code § 10344(e).)

### **DOING BUSINESS WITH THE STATE OF CALIFORNIA**

The following laws apply to persons or entities doing business with the State of California.

1. CONFLICT OF INTEREST: Grantee needs to be aware of the following provisions regarding current or former state employees. If Grantee has any questions on the status of any person rendering services or involved with the Agreement, the awarding agency must be contacted immediately for clarification.

Current State Employees (Pub. Contract Code § 10410):

- 1) No officer or employee shall engage in any employment, activity or enterprise from which the officer or employee receives compensation or has a financial interest and which is sponsored or funded by any state agency, unless the employment, activity or enterprise is required as a condition of regular state employment.
- 2) No officer or employee shall contract on his or her own behalf as an independent contractor with any state agency to provide goods or services.

Former State Employees (Pub. Contract Code § 10411):

- 1) For the two-year period from the date he or she left state employment, no former state officer or employee may enter into a contract in which he or she engaged in any of the negotiations, transactions, planning, arrangements or any part of the decision-making process relevant to the contract while employed in any capacity by any state agency.
- 2) For the twelve-month period from the date he or she left state employment, no former state officer or employee may enter into a contract with any state agency if he or she was employed by that state agency in a policy-making position in the same general subject area as the proposed contract within the 12-month period prior to his or her leaving state service.

If Grantee violates any provisions of above paragraphs, such action by Grantee shall render this Agreement void. (Pub. Contract Code § 10420.)

Members of boards and commissions are exempt from this section if they do not receive payment other than payment of each meeting of the board or commission, payment for preparatory time and payment for per diem. (Pub. Contract Code § 10430(e).)

2. LABOR CODE/WORKERS' COMPENSATION: Grantee needs to be aware of the provisions which require every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the provisions, and Grantee affirms to comply with such provisions before commencing the performance of the work of this Agreement. (Labor Code § 3700.)
3. AMERICANS WITH DISABILITIES ACT: Grantee assures the State that it complies with the Americans with Disabilities Act (ADA) of 1990, which prohibits discrimination on the basis of disability, as well as all applicable regulations and guidelines issued pursuant to the ADA. (42 U.S.C. § 12101 et seq.)
4. GRANTEE NAME CHANGE: An amendment is required to change the Grantee's name as listed on this Agreement. Upon receipt of legal documentation of the name change, the State will process the amendment. Payment of invoices presented with a new name cannot be paid prior to approval of said amendment.

5. CORPORATE QUALIFICATIONS TO DO BUSINESS IN CALIFORNIA:

- a. When agreements are to be performed in the State by corporations, the Department will be verifying that the Grantee is currently qualified to do business in California in order to ensure that all obligations due to the State are fulfilled.
- b. "Doing business" is defined in Revenue and Taxation Code section 23101 as actively engaging in any transaction for the purpose of financial or pecuniary gain or profit. Although there are some statutory exceptions to taxation, rarely will a corporate contractor performing within the State not be subject to the franchise tax.
- c. Both domestic and foreign corporations (those incorporated outside of California) must be in good standing in order to be qualified to do business in California. The Department will determine whether a corporation is in good standing by calling the Office of the Secretary of State.

6. RESOLUTION: A county, city, district, or other local public body must provide the State with a copy of a resolution, order, motion, or ordinance of the local governing body which by law has authority to enter into an agreement, authorizing execution of the Agreement.

7. AIR OR WATER POLLUTION VIOLATION: Under State law, the Grantee shall not be: (1) in violation of any order or resolution not subject to review promulgated by the State Air Resources Board or an air pollution control district; (2) subject to a cease and desist order not subject to review issued pursuant to section 13301 of the Water Code for violation of waste discharge requirements or discharge prohibitions; or (3) finally determined to be in violation of provisions of federal law relating to air or water pollution.

The written dispute notice shall contain the following information:

Grantee shall provide to CDSS a new certificate of insurance for the expiring insurance coverage at least 10 days prior to the date of expiration of the insurance. Any new insurance must still comply with the original terms required by this Agreement and must be for a period not less than one year.
2. Proof of Insurance – The Grantee will submit proof of liability insurance for the location where clients receive services. The Grantee agrees that all work and services shall immediately cease during such periods that the required insurance is not in effect, and that any costs incurred for services in violation of this provision will not be reimbursed by CDSS.
3. Certificates of Insurance – Each certificate of insurance must state that the insurer will not cancel the insured's coverage without 30 days prior written notice to CDSS.
4. Commercial General Liability – Grantee shall maintain general liability on an occurrence form with limits not less than \$1,000,000 per occurrence for bodily injury and property damage liability combined with a \$2,000,000 annual policy aggregate. This insurance shall apply separately to each insured against whom claim is made or suit is brought subject to the Grantee's limit of liability.
  - a. The policy must include California Department of Social Services, State of California, its officers, agents, employees and servants as additional insureds, but only with respect to work performed under the Agreement.
  - b. This additional insured endorsement, required in 6.a. that is attached to the insurance policy, must be supplied in a form acceptable to the Office of Risk and Insurance Management. In the case of Grantee's utilization of subgrantees to complete the Scope of Work under this Agreement, Grantee shall include all subgrantees as insured under Grantee's insurance or supply evidence of insurance to the CDSS equal to policies, coverage's and limits required of Grantee.
5. Automobile Liability – Grantee shall maintain motor vehicle liability with limits not less than \$1,000,000 combined single limit per accident. Such insurance shall cover liability arising out of a motor vehicle including owned, hired and non-owned motor vehicles.

3. Deductible – Grantee is responsible for any deductible or self-insured retention contained within their insurance program.
4. Primary Clause – Any required insurance contained in this grant shall be primary, and not excess or contributory, to any other insurance carried by the State.
  - a. Any insurance required of the Grantee pursuant to this Agreement shall be the primary source of insurance for protecting the CDSS. This primary insurance coverage shall not be limited to, nor only apply to losses or damages above a stated amount; nor shall it require the CDSS to contribute to the purchase of insurance coverage required of the Grantee.
5. Insurance Carrier Required Rating – All insurance companies must carry a rating acceptable to the Office of Risk and Insurance Management. If the Grantee is self-insured for a portion or all of its insurance, review of financial information including a letter of credit may be required.
6. Endorsements – Any required endorsements requested by the State must be physically attached to all requested certificates of insurance and not substituted by referring to such coverage on the certificate of insurance.
