EXHIBIT A SCOPE OF WORK

Description of Services to be Provided and Specific Expected Outcomes: Highlight each program that you provide to OUSD. Attach a separate document if more space is needed.

Coach's Corner After School Care is designed to help students reach their highest potential they can inside and outside of the classroom. There are 3 key components to Coach's Corner. First the children will be given 30-45 minutes of guided choice play time outside unless weather doesn't allow for outdoor play and in which case we will be in the auditorium doing a modified version of the outdoor activity like four square wall ball and a variety of other safe indoor activities. The expected outcome for this period of time is to get the students to increase their heart rate to a moderate to high fitness level. Studies show that daily exercise in moderate to high level creates new brain cells, allowing for choice play supports brain growth. It will also allow students a chance to socialize with friends, be creative and competitive and ready them for study time. Phase two will be a healthy snack provided by the program and guided homework. The snack portion will be 15-20 minutes with discussion based around why the snack is healthy, portion sizes, and comparing our snack to a less healthy snack. I believe far too often we tell our students what to eat without explaining the why. Food will be deliberately planned on with mini lessons focused on the health benefits we are getting from the snack vs. what we might want to choose as a snack. Teaching students what a gram of sugar or salt looks like and what effects it has on the body will empower them to want to make better/healthier choices when picking snacks while not in Coach's Corner. After snack time students will have 45 minutes to an hour of guided homework. What separates Coach's Corner from other programs is the homework will be guided by a credentialed teacher from their school. This feature allows me to meet with their classroom teachers and plan how Coach's Corner can better support the student during homework time. The third phase is sports enrichment programs. Being that my field of expertise is physical education students will get sports enrichments by someone who went to college to teach the games being played. Learning new skills can be daunting when around your peers, but Coach's Corner is more than your peers. Students will form bonds, these bonds will be further supported by the small group setting and will give the students a safe place to make mistakes. Enrichment will be in both team and individual sports because some people need a teammate to pick them up, and some people operate better alone. Young people gain confidence from being a part of a team or simply testing their own physical limits. Seeing improvement gives kids a sense that they have earned the right to that confidence. Coach's Corner will spark the physical emotional and educational confidence growth that the students can take into their daily lives

- c. Persons or organizations making claims or bringing "suits".
