<b>High School Graduation:</b> How many more Oakland children are graduating from high school?	We will work closely with our new cost team. We will also work with our on site community partners on campus. We will target our failing students by having a family outreach night.	We will see more student enrollment in our after school programs. In our family outreach nights will have students set up with an educational plan. In these plans we will outline to follow for graduation.	We will use grades and attendance to monitor progress of students referred by our cost team. Individual educational plans will be produced and follow by students and parents.

<b>Job Skills/Career readiness:</b> How many more students have meaningful internships and/or paying jobs?	We will have over 60 students in internships and job readiness programs after school.	We will see more student participation in after school for internships and employment. We will have our job readiness program provide specific support in career exploration, resume building, interviewing techniques and attend local job fairs.	We will work with our job readiness coordinator and program to create individual career plans and resumes for students participating in programs.
<b>Health and Well-being:</b> How many more Oakland children have access to, and use, the health services they need?	The entire student body has access to our Tech Clinic on campus.	After school program students will take advantage of the health services provided here at Oakland Tech. Oakland Tech students will have access to participate in more enrichment programs such as yoga, hula dance, and nutritional supper meal program.	We will receive data from Clinica De La Raza who runs the Tech Clinic. We will also develop Health Goal sheet for students in our programs. Students will be able to identify and target goals such as healthy meals, self care, weight-loss and healthy living techniques.

**SECTION 4: Program Model and Lead Agency Selection**

For 2014-2015, my site will operate the following program model:

- Traditional After School:** *voluntary program open to all students, with enrollment priorities targeting certain students*
- Extended School Day:** *additional class periods added to the bell schedule during after school hours for students of a particular grade and/or all students of the school*
- Blended/Hybrid:** *combination of some extended day and some traditional after school programming*

### Description and Rationale for Selection of Lead Agency

Describe how the selected Lead Agency partner will support the school's plans for Full Service Community School development.

BACR will act as our Lead Agency for Oakland Technical High School.

The BACR philosophy about after school programs extends far beyond keeping children safe. We believe in providing a nurturing and enjoyable environment where students can improve their academic and life skills. We believe in integrating the principles and practices of youth development into all activities. Just as important, we see the schools, students, and parents as our customers. We believe it is our responsibility to understand and meet their needs.

This approach to after school programs is consistent with the BACR mission of serving youth and families, fostering volunteerism, and building community. As a large diverse community agency, BACR has the organizational capacity and infrastructure to maintain high quality while expanding our services.

### SECTION 5: ATTENDANCE, PROGRAM DATES, AND PROGRAM SCHEDULE

In order to remain in compliance and meet minimum funding requirements, the after school program must commence immediately upon the conclusion of the regular day and operate at least until 6pm *on every regular school day* for elementary and middle schools. (EC 8483)

High school programs are required to operate a minimum of 15 hours per week.

Required # of Program Days your program will operate during School Year 2014-2015:	<b>180 days required*</b>
--	---------------------------

Monday – Friday 15 (15 hours of program a week) 3:30pm to 6:00pm	
---	--

Projected Daily Attendance during School Year 2014-2015:	180 Students
--	--------------

### Program Schedule

Submit program schedule as an attachment, using the standard program schedule template.

- 
- *CDE allows programs to close for a maximum of 3 of these days during the school year for professional development. Families must be notified of these program closure dates in advance, and the lead agency must maintain documentation of professional development activities offered on these dates.*
  - **Oakland Tech will close programs on:**
    1. **Monday November 3<sup>rd</sup>, 2014**
    2. **Monday February 2<sup>nd</sup>, 2015**
    3. **Monday April 6<sup>th</sup>, 2015**

Enrichment activities should provide students with the opportunity to develop 21<sup>st</sup> Century Skills, explore career-related fields, and apply learning in a real, hands-on way. Enrichment activities should intentionally and creatively build skills that support students' success in school and in life. Enrichment activities often support Career Pathways, school goals for health and wellness, positive school climate, arts learning, and student engagement.

### SECTION 8: FAMILY ENGAGEMENT / FAMILY LITERACY

After school provides an excellent context to foster parent involvement, connect families to the larger school community, and share important information related to the after school and regular school day programs. After school family engagement efforts should be aligned with school day efforts, and support school goals for family involvement. A variety of activities may be offered, including: parent workshops, family celebrations, parent-and-child-together activities, parent leadership and volunteer opportunities.

Family literacy is a required component of all 21<sup>st</sup> Century after school programs. Family literacy services support the educational goals of adult family members, connect them to resources and services in the community, and increase their ability to support their student's learning and development. All high school programs will fund a Parent Liaison position to support family literacy programming. ***The activities listed below must align to your 21<sup>st</sup> Century Family Literacy budget plan.***

Type of Activity	CSSSP goal(s) or school need supported by activity	Brief Description	Measurable Outcome	Alignment with school day family engagement / family literacy efforts or resources

Oakland Tech's Community School recognizes that in a diverse community like Tech, we are stronger when we focus				

on social and cultural engagement, encouraging cross-cultural sharing, and participation in social interactions and events. Tech Parent University is a new program at Oakland Tech that offers powerful parent and family support. Our Parent Liaison, Debra Carter-Kelly, is a professional Life Coach Consultant. Working in conjunction with both the administration and the PTSA, TPU provides opportunities for parents to sharpen their skills as they engage in one of life's most important and demanding roles with:

### SECTION 9: Chronic Absence Action Plan

Improving school day attendance for all students and reducing chronic absenteeism is one of the key OUSD strategic goals. The district goal is that all students will attend school at least 95% of the required school days or more, thereby achieving satisfactory attendance. Students who attend school 90% or less of required days are considered chronically absent. Students whose attendance falls in the "grey zone" between 90% - 95% are considered at risk of chronic absenteeism.

*In partnership with the school day, after school programs can play an important role in supporting student attendance by doing things like celebrating good attendance, informing parents about the importance of attendance, uncovering what challenges students/families are facing that cause them to miss school, regularly monitoring student attendance data, contacting families to let them know their child was missed at school, etc., in addition to providing meaningful after school learning experiences that help keep students engaged and coming.*

Below are several key strategies that after school programs can implement in partnership with the school day, in order to promote positive attendance, and support students and families who are struggling with attendance. Select **at least two** of the following strategies below, and identify specific action steps that your program will implement for each strategy.

Strategies to Support Attendance	Action Steps
a) Recruit and address the needs of students who are at risk of chronic absenteeism.	Oakland Technical will work with our Cost Team, Service Providers and Truancy Officer. We will target out truant students by having a Family Engagement / Intervention night at Oakland Tech. We will ask families and students to attend this mandatory event, so we can develop and individual success plan for our failing students.
b) Inform parents about the importance of attendance and encourage parents to help each other get their students to class.	We will make calls home and use school websites and our Cost Team.
c) Track students with poor program attendance and reach out to find out why and how attendance could be improved.	Our Cost team will meet weekly to track attendance.

d) Celebrate good attendance and/or offer meaningful incentives to attract and reward students for attending our program.

We will hold lunch rallies and positive events on campus during the lunch hour and after school to promote positive school climate and after school programs.

### SECTION 10: Transforming School Culture and Climate

After school programs can play a critical role in support the school's efforts to transform school culture and climate, helping to make schools positive, supportive places for all students to stay engaged, be successful, and thrive.

a) The following are paths that OUSD schools are taking to change discipline and transform school culture and climate. What strategy/strategies is your school utilizing to transform school culture and climate?

PBIS (Positive Behavioral Interventions and Support)

Restorative Justice

Social and Emotional Learning

Bullying Prevention

Other: (please specify) \_\_\_\_\_

b) How will the school and lead agency partner work together to ensure that the after school program is aligned and supporting these efforts, and helping to transform school culture and climate? (ie. shared professional development, curriculum, coaching, planning meetings, COST meetings, etc.)

ASP staff and lead agency reps will attend all OUSD August institute trainings; monthly PLC's and Bi-Weekly lead agency cohort meeting/trainings. These meetings trainings will serve at the platform for alignment with OUSD initiatives and support industry best practices. We will use student, parent and teacher survey data to inform the needs and implement strategies for promoting school culture and climate.

c) Reducing the disproportionate suspension rates of African American students is a key priority for OUSD. Please describe any special efforts your after school program is taking to support the school engagement, social-emotional well-being, and/or academic success of African American students at your school (ie. Manhood Development circles, Ethnic Studies curriculum, recognition ceremonies for student accomplishments, Black professionals as role models or mentors, etc.):

Oakland Tech has developed a culture keeper program of leadership students. Each after school program will have a peer representative in this cohort. The goal is to address any social issues on campus and promote positive school climate. One example is saturating the hallways with positive quotes around the campus. The group will also go thru a summer leadership training during the summer. The goal is to pair up culture keepers with incoming freshman next year.

**SECTION 11: Coordination with Other Service Providers**

In the Full Service Community School model, the school becomes a hub of services where various types of service providers come together, work together, and coordinate their efforts to meet the holistic needs of students and families.

The after school Site Coordinator or Director will actively participate in which of the following school group(s), in order to increase alignment between after school and school day efforts?

- COST team (Coordination of Services Team)
- SST (Student Study Team)
- SSC (School Site Council)
- ELT (Educational Leadership Team)
- PTA
- Attendance Team/Workgroup
- CSSSP (Community School Strategic Site Planning) team
- School Culture/Climate Committee
- Other (specify)

List key community partners whom you will actively collaborate with to accomplish the goals of your program.

Cost Team

List all subcontractors who will be paid to deliver after school services.

- 1- Lamar Hancock from African American Male Achievement Program
- 2- Debra Carter from TPU (Techs Parent University)
- 3- We Make ASP
- 4- Tech Bridge
- 5- Tech Techies
- 6- Fashion Design
- 7- Hula Dance

Identify other service providers and support personnel at your school (ie. school psychologist, School Based Health Center staff, counselor, mental health therapist, school nurse, parent liaison, etc.) whom you will actively collaborate with to accomplish the goals of your program.	Admin, Cost Team, Service Providers, Coordinator, School Police, Counseling Staff, Alumni Association, PTSA, Job Readiness Coordinator, Truancy Officer, Tech Clinic Staff, & Social Clubs on Campus.

### Section 12: Equitable Access:

The intent of Equitable Access funding is to provide targeted supports for special populations of students who may face challenges and barriers to program participation. Examples of allowable use of Equitable Access funds include:

- additional academic interventions/supports to struggling students (ie. English Language Learners, students with special needs, etc.)
- mental health support services that enable students to fully participate in the after school program
- translation services, bus tickets, and other supports that make it possible for students to participate in program

How will your 21<sup>st</sup> Century program support equitable access in your program? Which population(s) of students in your program will receive extra support through the Equitable Access supplemental grant? Please describe your planned use of Equitable Access funds. ***Your plans must align with your Equitable Access budget.***

This will be accomplished with Collaboration with our Oakland Tech Support Staff. We will work with COST Team, Real Hard, S3 Grant providers in providing outreach. We will also hold events such as school climate lunch rally's and fish bowls on positive community collaborations on campus. With our budget we will purchase supplies, take field trips and hire guest motivational speakers for events.

Equitable Access will allow us to provide Bart passes for students who may not have the means to stay After School unless they can get home after the regular school day. These funds will also assist us with traveling to cultural centers, museums, local college's and business in support of our pathway initiative.

The ASP will provide stipends to students who participate in job readiness training and career development classes that prepare them for life after high school. This will allow students to develop skills while engaging meaningfully in their school communities when they would otherwise opt out of after school participation to obtain work.

**2014-15 After School Enrollment Policy for Oakland Tech High School School**

OUSD has established district-wide guidelines for Target Population and Enrollment in ASES and 21<sup>st</sup> Century After School Programs. Within these guidelines, each school will create a site-specific After School Enrollment Policy that will be made public to the school community through the following methods:

- Enrollment policy will be included in After School Enrollment Packet and program materials.
- Enrollment policy will be discussed at after school parent orientation/meetings.
- Enrollment policy will be shared with school faculty.

**Target Population:** (Describe targeted student populations in order of priority. Specify data that will inform student selection.)

Target Population(s)	Specific Data to Inform Selection of Program Participants	(High School Only) Indicate if participation is <i>Optional</i> or <i>Mandatory</i> for each target population
<b>Entire Student Body</b>	<b>Open Enrollment and Recruitment</b>	<b>Optional</b>
Athletes	GPA	Mandatory
African American Males	GPA and Suspension Rates	Mandatory
English Language Learners	Level of English by CLDT	Mandatory
Students falling below 2.0 GPA	GPA and Report Cards	Mandatory

**Grade levels prioritized for programming:** 9-12

*Note: The ASES and 21<sup>st</sup> CCLC grants require that programs are open to all students of the school, if space remains after outreach is done to targeted students.*

**Additional Notes:**

- Successful after school programs are heterogeneous and include several target populations.
- Sites cannot simply utilize a first come-first serve process for enrolling students; sites should establish priorities for participation.
- Programs are intended to help close the achievement gap by serving a variety of students with academic and other needs.
- In alignment with OUSD's strategic goal to reduce chronic absenteeism, programs should consider targeting students at risk of chronic absenteeism, as determined by individual attendance rates between 90 – 95% during the current school year. (Programs should collaborate with school site leadership to obtain student attendance data.)
- Program must enroll adequate numbers of students to meet CDE attendance targets.

**Enrollment Process and Timeline:** Summarize your enrollment timeline below. Describe ongoing program outreach and recruitment efforts, beginning in Spring 2013.

Timeline	After School Enrollment Steps/Process	Individual(s) responsible
June thru August 2014	We will table and enroll students at registration and throughout the year. Flyers, course catalog, sign up sheets will be mailed out to students and families.	All After School Program Staff

**Important dates to include in your timeline:**

- May – June: Early outreach and recruitment for 2014-15 school year programs.
- August – September: New school year enrollment of students for remaining program slots.
- After school programs begin on 1<sup>st</sup> Day of school.
- Parents are notified about their student’s participation in program at beginning of school year (specify date).
- All programs must maintain waitlists after program slots are filled.

**School Support for Program Recruitment**

Describe how the school will support after school program recruitment efforts. Specify how school staff will help promote the after school program, refer students, and communicate with families about program opportunities:

Oakland Technical High School will continue to make after school programming a priority on our campus. We will be promoting and showcase our programs during registration and beyond. After school programs are a huge component of Tech. We work daily with our entire staff to encourage our students to be involved in after school. Students will be referred to site coordinator Carlos Carmona and he will register students into the desired program. Our site coordinator will attend all back to school meetings to market and promote our after school programs. Site coordinator will also work closely with our site staff & service providers for referrals to after school programming.

To Whom It May Concern:

It is the Bay Area Community Resources policy to ensure to the best of our abilities that everyone we bring into our BACR programs to work with our clients are properly screened so as to minimize any risk, either physical or emotional, to the children and other clients we serve. We achieve this through FBI and DOJ fingerprint background checks on all our employees, independent contractors, subcontractors and volunteers. We are set up to receive subsequent arrest records. In addition, all staff must turn in a negative TB clearance before they begin working with our students.

We certify that all staff meet our staff qualifications including TB clearance, and FBI/DOJ clearance before they begin working with the students. We can provide verification upon demand from OUSD.

Sincerely,

OAKLAND UNIFIED  
SCHOOL DISTRICT

Community Schools, Thriving Students

OAKLAND UNIFIED SCHOOL DISTRICT  
Office of the Board of Education

June 25, 2014

TO: Board of Education

FROM: Gary Yee, Ed.D., Superintendent 

SUBJECT: Master Memorandum of Understanding between OUSD and Bay Area Community Resources 

**ACTION REQUESTED**

Authorize the President and Secretary of the Board to enter into and execute a Memorandum of Understanding with Bay Area Community Resources, on behalf of the District to provide services to students. This establishes a one year relationship with Bay Area Community Resources, and a Not-To-Exceed amount of \$4,672,728.30. This amount is projected using historical cost data, known changes to the number of sites served and expected available grant funding allowable.

**BACKGROUND**

The Oakland Unified School District enters into contracts each year to provide professional services that support the District's academic mission. The Master MOU establishes all terms and conditions, a defined menu of services with negotiated rates, and allows for the gathering of necessary supporting documentation to further streamline the process of receiving necessary services, while keeping the integrity of checks and balances, as well as maintaining oversight by the Governing Board.

A Menu of Services was established that would allow a principal to "Order" from the Menu using the Individual Service Agreement (ISA). This is essential to promoting transparency of services, and the costs of those services, between like schools. Each Individual Service Agreement is submitted to the board for approval. In the event that this vendor receives more orders for service than anticipated, an amendment to this MOU will request a new not-to-exceed amount.

## DISCUSSION

Vendor: Bay Area Community Resources

Overview of Services: Bay Area Community Resources contracts with schools to be a lead agency to provide high quality after school programming consisting of academic enrichment and recreational physical activities, family literacy and targeted Equitable Access services to students that are high risk.

Not-To-Exceed Amount: \$4,672,728.30

Determination of the Not-to-Exceed Amount is based on historical data and projections for the coming school year, it is anticipated that Bay Area Community Resources will provide services to 28 school sites.

The District contracts with agencies to provide various activities and after school programs. Chosen by the number of sites served with District and the long standing relationship with the agencies, the Master Memorandum of Understanding establishes a relationship with Bay Area Community Resources, defining terms and conditions as well as setting a maximum not-to-exceed ceiling amount. This ceiling is derived from historical cost data, and known changes in sites to be served, as well as expected grant funding.

In addition, the District has been working with agencies to provide a Menu of Service, which delivers a clear and measurable scope of work. Analogous to ordering from a common table menu, each product is described and the price is clearly quoted, establishing and promoting a more perfect competition where the consumer, here the principal, is informed of the services offered, and the price for those services. This allows the principal to easily compare services and prices, and plan for programmatic needs.

## FISCAL IMPACT

There is no funding associated with the Master Memorandum of Understanding or the Amendment to the Master Memorandum of Understanding herewith. The Master Memorandum of Understanding establishes a relationship, as well as setting the terms and conditions with Bay Area Community Resources. The funding source for each Individual Service Agreement will be determined separately and individually. Funding for the Individual Service Agreement is verified through a review of the BDT budget process, and a review of State and Federal compliance funding when applicable.

**RECOMMENDATION**

Approval of the Master MOU between Bay Area Community Resources and the Oakland Unified School District authorizing the President and Secretary of the Board to enter into and execute the Master Memorandum of Understanding and Individual Service Agreement(s) with Bay Area Community Resources in an amount Not-To-Exceed \$4,672,728.30.

The Secretary of the Governing Board shall place said Individual Service Agreements on the Consent Calendar for Approval.
