I will maintain my summer program records for 5 years for auditing purposes, as required by the California Department of Education, and will submit any summer programmatic or fiscal records to the OUSD Expanded Learning Office, as requested, for school district reporting and auditing purposes.

*MM* I understand that if I am running an A+B summer program model, these are requirements regarding my program hours of operation: Morning summer school will operate from approximately 8:15 – 12:15 daily. My afternoon summer program will operate from approximately 12:15 – 3:15 daily. All students

must be off-site by 3:30pm and staff must be off site by 3:40 as the building will be promptly locked at 4pm daily.

*MR* If I am a stand-alone 6 hour program, I understand that OUSD will only cover custodial costs for four to six weeks of my summer program until 3:15 pm. My agency will be responsible for covering any extra custodial costs if my program runs beyond four to six weeks, and beyond the hours of 3:15 pm daily.

*MR* I understand OUSD Summer Programs are intended to be free programs. If program fees are charged, a sliding scale must be offered and students qualified for program participation cannot be turned away due to inability to pay.

### Our Mission

Aim High creates life-changing opportunities in the summer and beyond. Our community:

- **NURTURES** the promise and potential of middle school students from low-income neighborhoods.
- **PREPARES** students for high school, setting them on the path to college and future success.
- **INSPIRES** the next generation of teachers and educational leaders.

### Our Vision

Our vision is to close the opportunity and achievement gaps in Northern California through our transformational summer learning program. We envision every middle school student having access to joyful summer learning, inspired and innovative teachers, and the support they need to succeed in school and life.

### History

Since 1986, Aim High has worked to reduce the achievement and opportunity gaps prevalent among low-income middle school students. We serve students throughout their middle school years during the critical summer months, helping to prevent learning loss and prepare students for the upcoming school year and the transition to high school. Aim High is not a summer school of remediation. In our rigorous classes, youth begin to see their potential, work to prepare for the year ahead, look beyond to high school, and learn about the path to college.

Through this middle school program, Aim High makes a profound impact on emerging teachers. Our team-teaching model pairs veteran educators with high school and college interns, more than half of whom are Aim High graduates and other low-income students of color. This unique model serves two purposes: it inspires young people to pursue teaching careers, and it provides our middle school students with extra classroom attention from positive and diverse role models and mentors.

Aim High has a measurable record of accomplishment. We have grown from one campus to 18, trained 2,000 teachers and prepared nearly 10,000 low-income middle school students for high school, college and career success. We serve high-need neighborhoods in San Francisco, Oakland, East Palo Alto, Redwood City, San Rafael, Napa and the Tahoe-Truckee basin.

Once admitted to Aim High, students are welcomed back for the next three summers until they enter the ninth grade. And they are excited to return. Three-fourths of our students attend for multiple summers. This high retention results in positive outcomes: 91% of students report feeling more confident about doing their schoolwork in the upcoming year and 85% of students show improvement in their reading, writing, math and science.

As a result of their participation in our program, Aim High alumni graduate high school and enroll in college at twice the rate of their low-income peers. **98% of our alumni graduate from high school on time and enroll in college compared to 52% of low-income students nationally.**

### Our Model

Aim High's tuition-free, award-winning program begins in June annually and runs for five weeks. We guarantee admission for four summers, during grades six through nine. This allows us to support our students throughout the challenging transitions to middle school and to high school and provide them with a nurturing community. Our program includes the following:

- **Low Student-to-Teacher Ratio**— All classes are team-taught by a veteran teacher and teaching assistants (local high school or college students). This model ensures that students receive the one-on-one support they need to strengthen fundamental skills, while providing Aim High alumni and other low-income students of color with meaningful job opportunities and inspiring them to pursue careers in education. Our 8:1 student- teacher ratio is significantly lower than the California average of 24:1 (the highest in the country).
- **Rigorous Academics**— Aim High is not a summer school of remediation. Our curriculum is designed to reinforce what students learned the previous year and prepare them for the year ahead. Our math, science, and humanities classes offer students hands-on, project-based learning experiences.
- **Social/Emotional Development**—SEL learning is embedded into all Aim High classes and activities, and is focused on in our hallmark Issues and Choices class, which is offered daily alongside academic classes. In this adolescent development course, students explore difficult but important topics, including bullying, peer pressure, identity, community, and racism. Aim High believes social and emotional development is foundational to academic growth.
- **Enrichment Electives**—Aim High's enrichment classes weave together arts exploration, studies in culture and diversity, community service, and leadership skill development. Aim High youth learn how to choose positive activities that further their personal dreams and stretch their capacities.
- **College/Career Awareness**—Students participate in structured college and career awareness activities, such as college tours, career panels with local leaders, and career visits to local companies.
- **Parent Engagement** —Aim High takes a holistic, community-based approach to learning. Each year, we engage the parents of our students with three events during our summer program. Families explore high school and college options; learn about how to pay for college; and are connected to community resources and partner programs. Parents are also able to see first hand what students are learning through group activities, demonstrations and student-led tours of Aim High classrooms.
- **Outdoor Education**—All ninth graders spend a week at a regional park, participating in hands-on environmental stewardship, land restoration and art activities. Students also camp overnight, a first for many.
- **Health and Wellness**— Aim High students receive two healthy meals per day and, if needed, counseling/support from trained social workers.
