**Budget Justification and Narrative**

In the following sections, please review the self-assessment and discuss your team’s plan to address the following:

**The Goals of the Measure**

- Increase access to courses in arts, music, and world languages in grades 6-8
- Improve student retention during the transition from elementary to middle school
- Create a more positive and safe middle school learning environment

1. You **MUST** describe the current programmatic narrative for **EACH** section of the budget narrative based on the Measure G1 Initial Self-assessment and data analysis. Please highlight what G1 specifically supported in the 2017-18 school year.
2. Please explain how you plan to use the Measure G1 funds to develop strategic changes that meet the goals of the measure and that will lead to improved student outcomes.
3. Add additional lines if you would like to add additional budget items.
4. All budget items should total up to the recommended grant amount based on actual 2017-18 LCFF 20 day enrollment.

**1. Music Program**

Programmatic Narrative Based on Rubric
NOT IN G1 PLAN.

<b>Budget</b>	<b>Description of 2018-19 Proposed Expenditures</b>	<b>Anticipated Student Outcome</b> <i>(Include measurable student outcomes for each proposed activity. For example, number of students served, or percent increase in math achievement for specific student group.)</i>

## 2. Art Program

### Programmatic Narrative Based on Rubric

We have moved from entry level to basic as measured by the Visual Arts Rubric. Students are becoming more proficient in using technology. They have also moved on to recording sound, conducting interviews, and putting together presentations based on student interests. We plan to make the topics more relevant to our school site in the coming year. We will also be planning a mini-expo of middle school student work. This program is continuing to grow.

<b>Budget</b>	<b>Description of 2018-19 Proposed Expenditures</b>	<b>Anticipated Student Outcome</b> <i>(Include measurable student outcomes for each proposed activity. For example, number of students served, or percent increase in math achievement for specific student group.)</i>
5,000	Photography 1 / KDOL	Increase student engagement. Connect art and literacy. Serves all middle school students in ten week cycles. Each student in grades 6-8th receive over 20 hours of coursework or more, with classes running two times per week. End of cycle showcase allows student to show their work completed within their class.

## 3. World Language Program

### Programmatic Narrative Based on Rubric

We are moved forward in building this program into a more robust language program. 100% of our middle school students will have had access to this program by the end of this 17/18 school year. As a team we are working on ways to connect academic core subjects to our language program. This will increase the capacity of EL students to access curriculum that they may have missed in their general education coursework. We have moved from emerging to developing / sustaining in some areas of the rubric. We are continually refining our language program for middle school.

10,858	La Marinda Spanish	Higher student engagement. Increase High School readiness. 100% of middle schools students receive level appropriate language instruction twice a week, in 10 week cycles. They will have received over 20 hours of instruction throughout the course of one cycle.

### Measure G1 Engagement Meeting Agenda/Minutes

- Amount of the recommended allocation for 2018-19
- Review Self- Assessment and Rubric (you can send rubric ahead of time and do review)
- Proposal Presentation
- Community Feedback

#### Minutes:

Good morning and welcome by Principal Franey.

Review the purpose of G1 funding for Middle School. La Escuelita has used this funding for electives classes for middle school. The total amount of funding from last year was \$20,858

- 1.) KDOL - Photography and Video Production - this course is a partnership with KDOL Studios. Students work on documenting certain topics that are related to school activities / culture. For example students were to create a short story with the main question being "What is the importance of coming to school?". Student took photos, recorded interviews, and put together a presentation for a final project.
- 2.) La Morinda Spanish course - as middle school is a place to get ready for high school language courses have allowed students to experience a college readiness requirement for high school, expand on their thinking in learning a new language, and celebrate a predominant language that is spoken in our student's homes.

In reviewing the rubric we have moved from the entry level to basic for our Arts / Photography course. We have moved from Emerging to Developing in our Spanish Language classes.

Parents have expressed their satisfaction with the offerings La Escuelita has provided and are even asking for more. Students are really enjoying the changes that have been made with the addition of these elective offerings.

#### **Minutes:**

Good afternoon and welcome. Quick check-in, moving around the room each teacher, ILT lead shares.

Review of both the Visual Art and World Language rubrics. Discussion. Placed our current program on each rubric. Visual Arts - Basic overall. World Language Developing overall.

- 1.) KDOL - Photography and Video Production - this course is a partnership with KDOL Studios. Students work on documenting certain topics that are related to school activities / culture. ## Team Feedback / Goals:

Team discussed ways to make our program more robust. Points that were brought up.

- Creating a through-line of instruction so that students are learning core concepts for Math and ELA in another language.
- Making Expo. or Presentations the culminating activity for each class. Expo would then be in front of the whole school to showcase student learning, while motivating younger grade levels.
- Planning with our elective teachers and Middle School teachers so that programming can be more aligned and build off of core content for each grade level.
- Holding a culminating expo for our Photo / Design class to highlight student work to the community
