School Site: Rudsdale High School	Lead Agency: Bay Area Community Resources
Principal Signature: 	Lead Agency Signature: 
After School Site Coordinator Name (if known at this time): Geral H. Lowe	Date: 4/7/14

SECTION 2: After School Alignment with Community School Strategic Site Plan (CSSSP)

Mark the following Strategic Priority areas of the school's CSSSP where this after school program is identified as a high leverage strategy.

- Balanced Literacy and Literacy Across the Curriculum
- Science, Technology, Engineering, and Mathematics (STEM)
- Transitions and Pathways Pre-K to 12
- College, Career and Workforce
- Accelerating Students through Targeted Approaches
- Extended Learning Time
- School Culture (including Meaningful Student Engagement)
- Health and Wellness
- Interrupting Chronic Absence (Attendance)
- Building Capacity and Leadership
- Family and Student Engagement
- Strategic Operational Practices

State 3 – 4 primary goals of the After School Program and intended impacts for participating students.

1. Students develop a love for learning.

Impact: Students have opportunities to acquire new skills, engage in creative learning, share their talents, and leave a positive mark in their school-communities. There is an increase in student attendance during the school day as a result of students feeling more motivated. There is an increase in the number of students accessing higher learning opportunities (career or vocational pathways) beyond high school.

2. Students are guided and supported in their efforts of realizing their goals, hopes and aspirations.

Impact: Student engagement in the AS is at 100%; every student participant, regardless of their academic, behavioral or environmental risk factors has a place in AS. Parents are valued for their knowledge and life experiences and there is parent participation every day in the AS environment.

3. Students participating in AS have access to individualized academic support and academic mentoring.

Impact: Students have ownership of their education, and are successful in their academic development and academic achievement. School faculty supports AS academic alignment, credit recovery/ credit accumulation opportunities, career exploration and college.

4. Students make healthy choices, understand their cultural history and honor and respect each other's diverse backgrounds and identities.

Impact: The AS program is a positive environment where students can safely engage in their emotional and socio-cultural development. Students gain cross-cultural understanding and are equipped with skills to successfully navigate our diverse society.

SECTION 4: Program Model and Lead Agency Selection

For 2014-2015, my site will operate the following program model:

- Traditional After School:** *voluntary program open to all students, with enrollment priorities targeting certain students*
- Extended School Day:** *additional class periods added to the bell schedule during after school hours for students of a particular grade and/or all students of the school*
- Blended/Hybrid:** *combination of some extended day and some traditional after school programming*

Description and Rationale for Selection of Lead Agency

Describe how the selected Lead Agency partner will support the school's plans for Full Service Community School development.

As a lead agency, BACR brings a track record of experience in designing and providing youth development programs, including after school programs. BACR after-school programs promote the successful, holistic development of Oakland youth by providing opportunities for young people to acquire new skills, engage in creative learning, share their talents, and leave a positive mark in their communities. We collaborate with fellow community-based organizations and schools to prove high-quality after-school experiences for youth throughout Oakland.

BACR's after-school programs are customized to individual school communities, managed by well-qualified and well-supported staff, leverage a variety of community assets, and continually strive to improve our service. We:

- Work with principals and teachers to craft programs that support each school's goals for student development and achievement.
- Provide a full-time, on-site coordinator at each school who is primarily responsible for the day-to-day operation of the program.
- Experienced coordinators support our site-based staff and BACR administrative staff manages most paperwork. These agency-level supports assure that site-based staff are supervised and mentored by seasoned professionals and are required to spend less time on administrative tasks.
- BACR partners with tutors, academic intervention entities, community colleges, arts organizations, and other experts to provide a variety of activities for students, and leverage existing school-based academic support resources to provide a continuum of learning opportunities for students.

SECTION 5: ATTENDANCE, PROGRAM DATES, AND PROGRAM SCHEDULE In order to remain in compliance and meet minimum funding requirements, the after school program must commence immediately upon the conclusion of the regular day and operate at least until 6pm <i>on every regular school day</i> for elementary and middle schools. (EC 8483) High school programs are required to operate a minimum of 15 hours per week.	
Required # of Program Days your program will operate during School Year 2014-2015:	180 days required*
Projected Daily Attendance during School Year 2014-2015:	80
Program Schedule Submit program schedule as an attachment, using the standard program schedule template.	

** CDE allows programs to close for a maximum of 3 of these days during the school year for professional development. Families must be notified of these program closure dates in advance, and the lead agency must maintain documentation of professional development activities offered on these dates.*

SECTION 6: Academics

Your site should plan to offer a range of academic supports and **MUST** include:

1) CAHSEE Prep 2) Credit Recovery 3) Tutoring

Other possible supports may include computer lab, STEM Programs, Academic Intervention, and project-based learning.

Academic activities should be aligned with school goals and support specific student achievement needs defined by the school.

Activities should be based on sound instructional strategies aligned with the regular school day program.

SECTION 7: CAREER-RELATED ACADEMIC ENRICHMENT & PHYSICAL ACTIVITY / RECREATION

Career-related enrichment activities and physical activity/recreation are required components of the ASES and 21st Century grants. Enrichment activities should provide students with the opportunity to develop 21st Century Skills, explore career-related fields, and apply learning in a real, hands-on way. Enrichment activities should intentionally and creatively build skills that support students' success in school and in life. Enrichment activities often support Career Pathways, school goals for health and wellness, positive school climate, arts learning, and student engagement.

SECTION 8: FAMILY ENGAGEMENT / FAMILY LITERACY

After school provides an excellent context to foster parent involvement, connect families to the larger school community, and share important information related to the after school and regular school day programs. After school family engagement efforts should be aligned with school day efforts, and support school goals for family involvement. A variety of activities may be offered, including: parent workshops, family celebrations, parent-and-child-together activities, parent leadership and volunteer opportunities.

Family literacy is a required component of all 21st Century after school programs. Family literacy services support the educational goals of adult family members, connect them to resources and services in the community, and increase their ability to support their student's learning and development. All high school programs will fund a Parent Liaison position to support family literacy programming. ***The activities listed below must align to your 21st Century Family Literacy budget plan.***

Type of Activity	CSSSP goal(s) or school need supported by activity	Brief Description	Measurable Outcome	Alignment with school day family engagement / family literacy efforts or resources
Back to school night, and Quarterly Student and Guardian Orientations	Reach out to parents and begin recruiting for Internship program. Welcome and bring-in students and their families to the Rudsdale community; explain rules of the schools and benefits to the school.	Parents and students are invited to an evening of meet and greet with teachers, site coordinator, and principal.	Have more parent or caregiver involvement in our student's lives. Goal is to partner with 15 parents on a consistent basis. Run and facilitate the parents group on 3rd Sundays of the month. Organize and distribute the Panther Pride Newsletter while contacting families in regards to school announcements and upcoming events. Parent Liaison will be the on site provider for parents in regards to information and educational needs.

SECTION 9: Chronic Absence Action Plan

Improving school day attendance for all students and reducing chronic absenteeism is one of the key OUSD strategic goals. The district goal is that all students will attend school at least 95% of the required school days or more, thereby achieving satisfactory attendance. Students who attend school 90% or less of required days are considered chronically absent. Students whose attendance falls in the "grey zone" between 90% - 95% are considered at risk of chronic absenteeism.

In partnership with the school day, after school programs can play an important role in supporting student attendance by doing things like celebrating good attendance, informing parents about the importance of attendance, uncovering what challenges students/families are facing that cause them to miss school, regularly monitoring student attendance data, contacting families to let them know their child was missed at school, etc., in addition to providing meaningful after school learning experiences that help keep students engaged and coming.

Below are several key strategies that after school programs can implement in partnership with the school day, in order to promote positive attendance, and support students and families who are struggling with attendance. **Select at least two** of the following strategies below, and identify specific action steps that your program will implement for each strategy.

Strategies to Support Attendance	Action Steps
a) Recruit and address the needs of students who are at risk of chronic absenteeism.	We will hold students and parent's accountability by utilizing student and parent attendance contracts for students who are below 80% attendance.
b) Inform parents about the importance of attendance and encourage parents to help each other get their students to class.	Parent liaison/ Case Managers will outreach and contact guardians to discuss learning loss due to absenteeism.
c) Track students with poor program attendance and reach out to find out why and how attendance could be improved.	Case Managers will identify students' barriers to participation and attendance. Case Managers will connect with families and will work to improve or remove barriers to participation.
d) Celebrate good attendance and/or offer meaningful	There will be 3 student assemblies at the conclusion of each trimester

incentives to attract and reward students for attending our program.

to recognize students with consistent attendance.

SECTION 10: Transforming School Culture and Climate

After school programs can play a critical role in support the school's efforts to transform school culture and climate, helping to make schools positive, supportive places for all students to stay engaged, be successful, and thrive.

a) The following are paths that OUSD schools are taking to change discipline and transform school culture and climate. What strategy/strategies is your school utilizing to transform school culture and climate?

PBIS (Positive Behavioral Interventions and Support)

Restorative Justice

Social and Emotional Learning

Bullying Prevention

Other: (please specify) _____ Case Managers/Gleaning project intervention and model created at Rudsdale High. California Youth Outreach _____

b) How will the school and lead agency partner work together to ensure that the after school program is aligned and supporting these efforts, and helping to transform school culture and climate? (ie. shared professional development, curriculum, coaching, planning meetings, COST meetings, etc.)

- Site Coordinator, BACR program manager and Rudsdale administration will pair afterschool educators with school day teachers to support, share, and empower facilitators across the board, while providing a seamless program between school day and after school.
- ASP staff and lead agency reps will attend all OUSD August institute trainings; monthly PLC's and Bi-Weekly lead agency cohort meeting/trainings. These meetings trainings will serve at the platform for alignment with OUSD initiatives and support industry best practices. We will use student, parent and teacher survey data to inform the needs and implement strategies for promoting school culture and climate.

c) Reducing the disproportionate suspension rates of African American students is a key priority for OUSD. Please describe any special efforts your after school program is taking to support the school engagement, social-emotional

well-being, and/or academic success of African American students at your school (ie. Manhood Development circles, Ethnic Studies curriculum, recognition ceremonies for student accomplishments, Black professionals as role models or mentors, etc.):

We have created our Intervention/life skills group targeting the male population. The program is built based on the social emotional learning model. The focus of this program is to prepare students, help them communicate, and teach students how to be citizens. These are the target goals in which 100% of participants will accomplish. Students are paired with a case manager to develop a relationship, mentor, and walk with through their duration till graduation.

SECTION 11: Coordination with Other Service Providers

In the Full Service Community School model, the school becomes a hub of services where various types of service providers come together, work together, and coordinate their efforts to meet the holistic needs of students and families.

The after school Site Coordinator or Director will actively participate in which of the following school group(s), in order to increase alignment between after school and school day efforts?

- COST team (Coordination of Services Team)
- SST (Student Study Team)
- SSC (School Site Council)
- ELT (Educational Leadership Team)
- PTA
- Attendance Team/Workgroup
- CSSSP (Community School Strategic Site Planning) team

Section 12: Equitable Access:

The intent of Equitable Access funding is to provide targeted supports for special populations of students who may face challenges and barriers to program participation. Examples of allowable use of Equitable Access funds include:

- additional academic interventions/supports to struggling students (ie. English Language Learners, students with special needs, etc.)
- mental health support services that enable students to fully participate in the after school program
- translation services, bus tickets, and other supports that make it possible for students to participate in program

How will your 21st Century program support equitable access in your program? Which population(s) of students in your program will receive extra support through the Equitable Access supplemental grant? Please describe your planned use of Equitable Access funds. ***Your plans must align with your Equitable Access budget.***

21st Century funds will support equitable Access for students with special needs that include youth at-risk of not graduating, suffering mental health problems, and drug use.

21st Century will provide academic support including tutors, CAHSEE prep providers, and Cyber High access.

21st Century will provide access to Drug counselors and Mental Health clinicians. Students will have an opportunity to participate in ASP classes such as A.R.T. group that provides anger management strategies.

2014-15 After School Enrollment Policy for Rudsdale Continuation School

OUSD has established district-wide guidelines for Target Population and Enrollment in ASES and 21st Century After School Programs. Within these guidelines, each school will create a site-specific After School Enrollment Policy that will be made public to the school community through the following methods:

- Enrollment policy will be included in After School Enrollment Packet and program materials.
- Enrollment policy will be discussed at after school parent orientation/meetings.
- Enrollment policy will be shared with school faculty.

Target Population: (Describe targeted student populations in order of priority. Specify data that will inform student selection.)

Target Population(s)	Specific Data to Inform Selection of Program Participants	(High School Only) Indicate if participation is <i>Optional</i> or <i>Mandatory</i> for each target population
Students in danger of dropping out	Students who are transferred from Betty McGee : these students will automatically enroll in ASP	Mandatory
Support students who are on track for graduation	Through transcript literacy ASP staff in coordination with school day staff will be able to identify students who are not on track to graduate and will identify need for referrals in: Credit recovery , CAHSEE Prep and academic acceleration	Mandatory
At Risk Youth	Work Readiness/Internship coordinator will work with these students one-on-one to support their social-emotional and academic development	Optional

Grade levels prioritized for programming: 10th-12th

Note: The ASES and 21st CCLC grants require that programs are open to all students of the school, if space remains after outreach is done to targeted students.

Additional Notes:

- Successful after school programs are heterogeneous and include several target populations.

- Sites cannot simply utilize a first come-first serve process for enrolling students; sites should establish priorities for participation.
- Programs are intended to help close the achievement gap by serving a variety of students with academic and other needs.
- In alignment with OUSD's strategic goal to reduce chronic absenteeism, programs should consider targeting students at risk of chronic absenteeism, as determined by individual attendance rates between 90 – 95% during the current school year. (Programs should collaborate with school site leadership to obtain student attendance data.)
- Program must enroll adequate numbers of students to meet CDE attendance targets.

Enrollment Process and Timeline: Summarize your enrollment timeline below. Describe ongoing program outreach and recruitment efforts, beginning in Spring 2013.

Timeline	After School Enrollment Steps/Process	Individual(s) responsible
June thru August 2014	We will table and enroll students at registration and throughout the year. Flyers, course catalog, sign up sheets will be mailed out to students and families.	All After School Program Staff

School Support for Program Recruitment

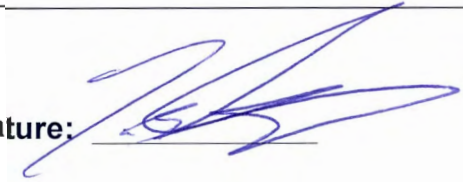

Describe how the school will support after school program recruitment efforts. Specify how school staff will help promote the after school program, refer students, and communicate with families about program opportunities:

1. Site Coordinator, the site team (ASP and Certificated staff) and the school counselor will create plan to recruit and match students with Afternoon classes or ASP opportunities. This may include doing joint school and ASP registration.
2. Student ASP registration packet with ASP schedule will be included in school enrollment packet. Students will enroll in school and ASP at the same time.

Quality Support Coach (formerly called “Academic Liaison”)

After school research clearly shows that high quality programs result in increased youth outcomes. The higher the program quality, the more youth outcomes are achieved. The Quality Support Coach is a required position and plays a critical role in supporting after school program quality through the following high leverage staff capacity-building activities:

- Provide classroom observations, coaching support, and trainings to improve staff practices and program quality.
- Support the after school program’s *Assess – Plan – Improve* program quality improvement cycle by helping after school programs gather and review data on program quality, make plans for improvement, and receive training and coaching supports aligned to improvement plans.
- Bridge the after school program with school day goals, priorities, curriculum, pedagogy, and data.
- Provide lesson planning support and lesson modeling to strengthen after school instruction.
- Help develop/design after school academic offerings and curriculum, and support alignment of after school activities with the Common Core standards

The Quality Support Coach can be a credentialed teacher from the school faculty or other qualified professional working with the school (for example, a Literacy Specialist, Math Coach from LCI, BTSA Coach, etc.). This individual will receive training and specific direction on the Quality Support Coach role from the OUSD After School Programs Office. The After School Programs Office will provide specific deliverables aligned with the key job duties listed above. Teachers on Extended Contract for Direct Service

In addition to a Quality Support Coach, some schools choose to have teachers on extended contract to provide direct service to students after school, such as after school intervention, support with programs like Achieve 3000 or Fast Forward, and academic enrichment.

Please list specific after school classes/activities that will be facilitated by teachers paid on extended contract.

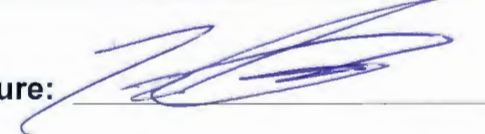

Important note: Teachers on extended contract who are providing direct services to students after school must be paid at the negotiated rate of \$23.16/hr (per OEA contract). After school grant funds can be utilized for this direct service work. The Quality Support Coach cannot provide direct service to students. The Quality Support Coach is primarily responsible for providing coaching and training, and is paid at the negotiated Paid-In-Service rate of \$30.12 for their staff capacity-building services. To Whom It May Concern:

It is the Bay Area Community Resources policy to ensure to the best of our abilities that everyone we bring into our BACR programs to work with our clients are properly screened so as to minimize any risk, either physical or emotional, to the children and other clients we serve. We achieve this through FBI and DOJ fingerprint background checks on all our employees, independent contractors, subcontractors and volunteers. We are set up to receive subsequent arrest records. In addition, all staff must turn in a negative TB clearance before they begin working with our students.

We certify that all staff meet our staff qualifications including TB clearance, and FBI/DOJ clearance before they begin working with the students. We can provide verification upon demand from OUSD.

Sincerely,

OAKLAND UNIFIED

Community Schools, Thriving Students

OAKLAND UNIFIED SCHOOL DISTRICT
Office of the Board of Education

June 25, 2014

TO: Board of Education

FROM: Gary Yee, Ed.D., Superintendent *Yee*

SUBJECT: Master Memorandum of Understanding between OUSD and Bay Area Community Resources *Marie Sentes*

ACTION REQUESTED

Authorize the President and Secretary of the Board to enter into and execute a Memorandum of Understanding with Bay Area Community Resources, on behalf of the District to provide services to students. This establishes a one year relationship with Bay Area Community Resources, and a Not-To-Exceed amount of \$4,672,728.30. This amount is projected using historical cost data, known changes to the number of sites served and expected available grant funding allowable.

BACKGROUND

The Oakland Unified School District enters into contracts each year to provide professional services that support the District's academic mission. The Master MOU establishes all terms and conditions, a defined menu of services with negotiated rates, and allows for the gathering of necessary supporting documentation to further streamline the process of receiving necessary services, while keeping the integrity of checks and balances, as well as maintaining oversight by the Governing Board.

A Menu of Services was established that would allow a principal to "Order" from the Menu using the Individual Service Agreement (ISA). This is essential to promoting transparency of services, and the costs of those services, between like schools. Each Individual Service Agreement is submitted to the board for approval. In the event that this vendor receives more orders for service than anticipated, an amendment to this MOU will request a new not-to-exceed amount.

DISCUSSION

Vendor: Bay Area Community Resources

Overview of Services: Bay Area Community Resources contracts with schools to be a lead agency to provide high quality after school programming consisting of academic enrichment and recreational physical activities, family literacy and targeted Equitable Access services to students that are high risk.

Not-To-Exceed Amount: \$4,672,728.30

Determination of the Not-to-Exceed Amount is based on historical data and projections for the coming school year, it is anticipated that Bay Area Community Resources will provide services to 28 school sites.

The District contracts with agencies to provide various activities and after school programs. Chosen by the number of sites served with District and the long standing relationship with the agencies, the Master Memorandum of Understanding establishes a relationship with Bay Area Community Resources, defining terms and conditions as well as setting a maximum not-to-exceed ceiling amount. This ceiling is derived from historical cost data, and known changes in sites to be served, as well as expected grant funding.

In addition, the District has been working with agencies to provide a Menu of Service, which delivers a clear and measurable scope of work. Analogous to ordering from a common table menu, each product is described and the price is clearly quoted, establishing and promoting a more perfect competition where the consumer, here the principal, is informed of the services offered, and the price for those services. This allows the principal to easily compare services and prices, and plan for programmatic needs.

FISCAL IMPACT

There is no funding associated with the Master Memorandum of Understanding or the Amendment to the Master Memorandum of Understanding herewith. The Master Memorandum of Understanding establishes a relationship, as well as setting the terms and conditions with Bay Area Community Resources. The funding source for each Individual Service Agreement will be determined separately and individually. Funding for the Individual Service Agreement is verified through a review of the BDT budget process, and a review of State and Federal compliance funding when applicable.

RECOMMENDATION

Approval of the Master MOU between Bay Area Community Resources and the Oakland Unified School District authorizing the President and Secretary of the Board to enter into and execute the Master Memorandum of Understanding and Individual Service Agreement(s) with Bay Area Community Resources in an amount Not-To-Exceed \$4,672,728.30.

The Secretary of the Governing Board shall place said Individual Service Agreements on the Consent Calendar for Approval.
