**Strategic Alignment** Among the key purposes of the District's Facilities Master Plan is to provide an academic environment for the Oakland community that will give every student, educator, and community member using our facilities the best possible opportunity for learning.

Through implementation of the Facilities Master Plan, the District intends to improve the District's facilities in terms of structural integrity, safety, reliability of operating (mechanical) systems, access to modern resources, number and type of appropriate laboratories and specialized instruction rooms, opportunities for physical education, and attractiveness, such that the Oakland Public Schools are second to none. Operation of the District schools under the planned approach is intended to ensure safety, cleanliness, and orderliness for all individuals participating in the learning process.

The basic facility needs of students such as proper lighting, functional roofs, noise control and well maintained buildings, not only convey the message that we value our students and teachers but may foster a sense of school pride and community ownership which may improve attitudes towards learning. The implementation of the Facilities Master Plan is our first step in that direction.

Re: Intrusion Alarm Design Services  
McClymonds High School Intrusion Alarm Replacement  
Oakland, California  
Aon FPE Proposal No. 12-0746

Dear Ms. Ledezma:

Aon Fire Protection Engineering Corporation (Aon FPE) is pleased to submit this proposal to provide intrusion alarm design services to Oakland Unified School District (Client) for the referenced project.

Aon FPE's understanding is that the intrusion alarm system will be replaced for the entire campus of McClymonds High School under one scope of design work with a single submittal. The design will include the main building, and the gymnasium. Our proposal includes labor and estimated fees for the Division of the State Architect (DSA) submittal. Aon FPE will reuse architectural background drawings from the recent McClymonds fire alarm replacement project as the backgrounds for this project.

## Basic Services

The Basic Services to be provided by Aon FPE for the referenced project are as follows:

### Phase I: Design Services

- Review Oakland Unified School District (OUSD) intrusion alarm records to develop design criteria for the intrusion alarm system.
- Conduct site surveys to determine the condition of the existing intrusion alarm system. Locate and identify existing devices for demolition, and identify locations for new intrusion alarm controls and sensors. Three site visits are budgeted.
- Prepare intrusion alarm construction drawings and technical specifications in accordance with OUSD Standards. Drawings shall include demolition drawings indicating unused devices for removal. Intrusion alarm construction drawings will be prepared in AutoCAD format.
- Submit two sets of Aon FPE's preliminary construction drawings, and technical specifications to the Client for review and comment.
- Attend a maximum of two project meetings with the Client and OUSD to review preliminary construction drawings and the design intent.

- Revise the construction drawings to incorporate appropriate comments received from the Client and OUSD. One revision is budgeted.
- Review of documents by Aon FPE's electrical engineer of record for the project. Provide professional engineer stamp and signature on submittal documents.
- Prepare DSA required forms and submit three sets of Aon FPE's final construction drawings, datasheets, and technical specifications to DSA. Aon FPE's fee includes an estimated \$2,500.00 for DSA application fees.

The Client agrees to indemnify Aon FPE for any expenses which Aon FPE may incur as a result of the Client's negligence or of negligence of any contractor hired by the Client.

In recognition of the relative risks and benefits of the project to both Aon FPE and the Client, the risks have been allocated such that the Client agrees, to the fullest extent permitted by law, to limit the liability of Aon FPE and Aon FPE's parent, affiliated and subsidiary companies (Aon's companies) for any and all claims, losses, costs, damages of any nature whatsoever or claims expenses from any cause or causes, including attorneys' fees and costs and expert witness fees and costs, so that the aggregate liability of Aon FPE and Aon's companies shall be limited to a total aggregate amount that is the **greater** of the annual compensation Aon FPE earns on your account, or U.S. \$1,000,000. It is intended that this limitation apply to any and all liability or cause of action however alleged or arising, unless otherwise prohibited by law.

The design will include the main building, and the gymnasium. Our proposal includes labor and estimated fees for the Division of the State Architect (DSA) submittal.
