Dear OUSD Board and Superintendent Saddle,

My name is Tobin Kiva Williamson I'm 10 years old in 4th grade at Sequoia Elementary. All schools in OUSD need Air conditioning. During scorching day I get so hot now you might think "well just bring a spray bottle and fan it will solve all of your problems" Well no it does not I know this because last week I brought a spray bottle and fan EVERY DAY on St. Patrick's day I had silk scarf for St. Patrick's day & put water on it I was still so hot! If you say you care about the kids then why do you not give kids Air conditioning my teacher Sarah said "Some schools do not have air conditioning and it is so hot out that kids are passing out because you will not give them what they need. on hot days I get really hot on blazing days so much that I get dizzy I got sick because you will not give us Air conditioning. We want air conditioning for ALL! from a not so happy 4th grader

Dear OUSD board and Superintendent Saddle

Hi, I am Anissa Jo, student at Sequoia elm.

My teacher is Sarah Donoghue, I am a 10 yr old in 4th grade. Being in a classroom almost 80 degrees is fairly hard to work in, how would

you feel if almost half the schools in Oakland aren't working their best in school?

I don't think that would be so good for your reputation now would it. Yesterday

3-24-26 I was doing my math in class, it was 79 degrees the whole time I could not

concentrate AT ALL! I don't know if you know

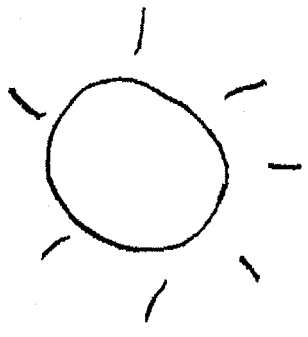

but its been so hot kids in other schools have FAINTED and your not doing a single thing

about it! uh 'uh NOTHING. So here are some things I need you to do: upgrade schools air conditioning, fix up older schools (which get really hot), or just do something about it!

I think its not just me

Anissa Jo
