

Certificate of Achievement

Presented to the

Oakland Tech Bulldogs

For winning the 2024 CIF Division 2 Boys Basketball Championship, and for carrying on a tradition of excellence. This was the team's first ever state championship. With Coach Karega Hart leading the way, the #2 seeded team beat the #7 seeded team from Bakersfield in a hard fought game, dominating the second half, winning by a score of 79-55. And they showed no fear as they won under the bright lights of Golden 1 Center in Sacramento on March 9. With appreciation and congratulations to the players & coaches for their commitment and success, from Oakland Unified School District on this day, April 10, 2024.
