**OAKLAND UNIFIED

Community Schools, Thriving Students

ASPIRE'S MISSION

To open and operate small, high-quality charter schools in low-income neighborhoods, in order to:

- ▶ Increase the academic performance of underserved students,
- ▶ Develop effective educators,
- ▶ Share successful practices with other forward-thinking educators, and
- ▶ Catalyze change in public schools.

ABOUT ASPIRE PUBLIC SCHOOLS

Aspire is one of the highest-performing low-income school districts in the nation.

OUR MOTTO: *College for Certain*

We have national scale and top-tier results.

- ▶ Over 15,000 students in 40 schools in 2 states
- ▶ As we've grown, our results have increased
- ▶ California's **highest-performing**, high-poverty TK-12 school system

Our kids go on to college.

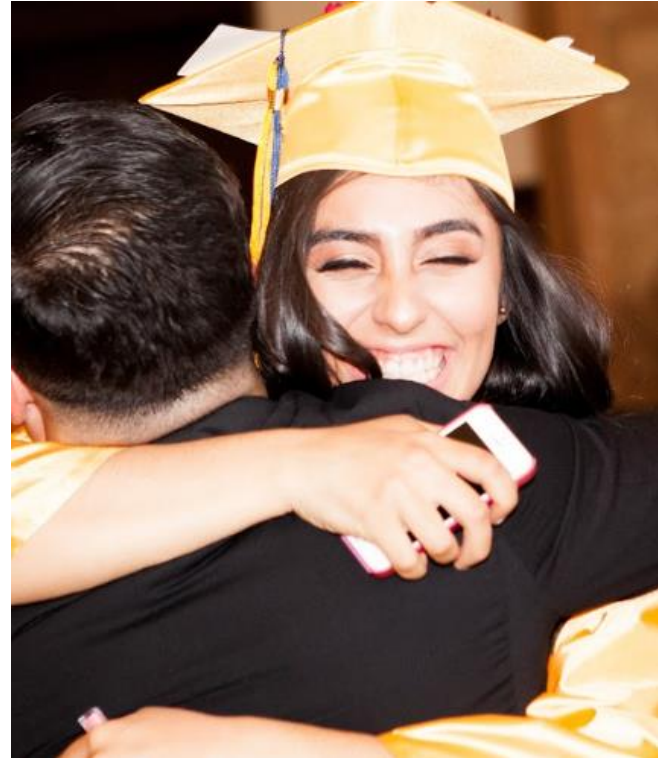

- ▶ Our Oakland graduates are persisting in college; 87% of alumni have graduated or currently enrolled in higher ed
- ▶ 100% of our graduating seniors* were accepted to at least one four-year college
- ▶ High quality teachers lead to student achievement

We have an efficient, scalable financial model.

- ▶ Minimal private funds leveraged for public funds

3,434 GRADUATES

Aspire has graduated nearly 3,000 alumni. Our graduates go to college at a much higher rate.

We ground all of our work in the Aspire Equity Belief Statements

WE PROMISE TO:

- ✓ **Understand the significant difference between equity and equality.** Every student deserves to receive what he/she needs to succeed (equity), not that every student receives the same amount of resources, instruction, attention, etc. (equality).
- ✓ **Develop school environments** where all students are actively and meaningfully engaged in rigorous instruction.
- ✓ **Interrupt the “school to prison pipeline”** – policies and practices that are directly and indirectly pushing the most at risk students out of school and on a pathway to the juvenile and criminal justice systems.
- ✓ **Engage families as partners** in meaningful ways in our work.
- ✓ **Build the capacity of diverse teams** that are more reflective of our students.
- ✓ **Nurture an open, collaborative, and trusting environment** because the work is enormous, deeply personal, emotional and often difficult.

We commit to our students, to our families, to our fellow teammates, and to ourselves that we will work to uphold these promises. We must continually put these promises into action, working to live by them consistently.

Every Aspire teammate is accountable for applying the spirit of these commitments in moments of decision-making, resource allocation, and management of others, teaching, and engaging the community.

The power of our individual and collective commitment is reason enough to be hopeful as we pursue College for Certain, doing our important part to create a more just and equitable world.

In '18-'19, we will focus on three organization-wide strategic priorities:

HIGH-QUALITY INSTRUCTION

As an organization, deepen our focus on the Math and SEL to support the well-being, academic growth, and proficiency of our scholars grounded in equity based pedagogy.

EQUITY & CULTURE

Increase the diversity of our teams, build a more inclusive culture for our scholars, families, and teammates, and engage in practices in service of equitable outcomes.

MISSION & VALUES

Redefine our core values to clarify and commit to what Aspire stands for as an organization.
