Memo

To Board of Education

From Antwan Wilson, Superintendent and Secretary, Board of Education
 By: Mia Settles-Tidwell, Chief Operations Officer
 Timothy White, Deputy Chief, Facilities Planning and Management

Board Meeting Date January 14, 2015

Subject Amendment No. 1, Independent Consultant Agreement - Ninyo and Moore - Elmhurst Middle School Paving Project

Action Requested Approval by the Board of Education of Amendment No. 1, Independent Consultant Agreement with Ninyo and Moore for Geotech Services on behalf of the District at Elmhurst Middle School Paving Project, in an amount not-to exceed \$4,620.00 increasing previous contract amount from \$20,822.00 to a not to exceed amount of \$25,442.00 and revising the end date from May 29, 2014 through December 31, 2014 to December 31, 2016. All remaining portions of the agreement shall remain in full force and effect as originally stated.

Background Added fees due to additional work on the project, extended contractor's work schedule, non-conformance and re-inspection time and the need to work over-time.

Local Business Participation Percentage 100.00%

Strategic Alignment Among the key purposes of the District's Facilities Master Plan is to provide an academic environment for the Oakland community that will give every student, educator, and community member using our facilities the best possible opportunity for learning.

Through implementation of the Facilities Master Plan, the District intends to improve the District's facilities in terms of structural integrity, safety, reliability of operating (mechanical) systems, access to modern resources, number and type of appropriate laboratories and specialized instruction rooms, opportunities for physical education, and attractiveness, such that the Oakland Public Schools are second to none. Operation of the District schools under the planned approach is intended to ensure safety, cleanliness, and orderliness for all individuals participating in the learning process.

The basic facility needs of students such as proper lighting, functional roofs, noise control and well maintained buildings, not only convey the message that

we value our students and teachers but may foster a sense of school pride and community ownership which may improve attitudes towards learning. The implementation of the Facilities Master Plan is our first step in that direction.

Recommendation

Geotechnical Observation and Materials Testing

File No.: 1-29; Application No.: 01-113995
OUSD Project No.: 13130

Dear Ms. Ledezma:

As you know, construction activities for Elmhurst Middle School are ongoing and we have been providing geotechnical observation and materials testing services in accordance with our proposal dated April 14, 2014, jurisdictional requirements, plans and specifications and as requested by the Project Superintendent. The fee for the requested services provided during construction of the subject project and associated improvements will exceed the estimated amount presented in our proposal. In preparing this change order request, we reviewed our accounting records, discussed the anticipated remaining on-site work with project inspector, and revisited the project plans and specifications. This need for additional funds can be attributed to the additional work on the project, contractor's extended work schedule, non conformance and re-inspection time and the need to work overtime.

SERVICES REMAINING

An estimate of additional time and associated fees for geotechnical observation and materials testing has been developed based on time already accrued for the project. It is our understanding that Ninyo & Moore will not be required to provide any continued observation, testing, or special inspection services, and will not provide any written documentation at the completion of this project. Per the district's request, a contingency fee is included in case of any additional requests.

CONTRACT SUMMARY

We estimate our fees to be approximately \$4,620 more than the initially approved budget. Therefore, this change order request is for \$4,620 (Four Thousand Six Hundred and Twenty Dollars), as shown in the attached Table 1 - Change Order No. 1 (Breakdown of Hours). The contract history for this project is as follows:

Initial Budget from Proposal	\$	20,822
Amount of Requested Change Order No. 1	\$	4,620
New Contract Amount	\$	<u>25,442</u>

The estimate provided for this change order request is based upon a review of the original contract, our services provided to date, and our understanding of the remaining work. We appreciate this opportunity to be of continuing service.

Respectfully submitted,
NINYO & MOORE

BLANKET ADDITIONAL INSURED – WRITTEN CONTRACTS (ARCHITECTS, ENGINEERS AND SURVEYORS)

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

1. The following is added to SECTION II – WHO IS AN INSURED:

Any person or organization that you agree in a "written contract requiring insurance" to include as an additional insured on this Coverage Part, but:

- a. Only with respect to liability for "bodily injury", "property damage" or "personal injury"; and
- b. If, and only to the extent that, the injury or damage is caused by acts or omissions of you or your subcontractor in the performance of "your work" to which the "written contract requiring insurance" applies. The person or organization does not qualify as an additional insured with respect to the independent acts or omissions of such person or organization.

The insurance provided to such additional insured is limited as follows:

- c. In the event that the Limits of Insurance of this Coverage Part shown in the Declarations exceed the limits of liability required by the "written contract requiring insurance", the insurance provided to the additional insured shall be limited to the limits of liability required by that "written contract requiring insurance". This endorsement shall not increase the limits of insurance described in Section III – Limits Of Insurance.
- d. This insurance does not apply to the rendering of or failure to render any "professional services" or construction management errors or omissions.
- e. This insurance does not apply to "bodily injury" or "property damage" caused by "your work" and included in the "products-completed operations hazard" unless the "written contract requiring insurance" specifically requires you to provide such coverage for that additional insured, and then the insurance provided to the additional insured ap-

plies only to such "bodily injury" or "property damage" that occurs before the end of the period of time for which the "written contract requiring insurance" requires you to provide such coverage or the end of the policy period, whichever is earlier.

2. The following is added to Paragraph 4.a. of SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS:

The insurance provided to the additional insured is excess over any valid and collectible "other insurance", whether primary, excess, contingent or on any other basis, that is available to the additional insured for a loss we cover. However, if you specifically agree in the "written contract requiring insurance" that this insurance provided to the additional insured under this Coverage Part must apply on a primary basis or a primary and non-contributory basis, this insurance is primary to "other insurance" available to the additional insured which covers that person or organization as a named insured for such loss, and we will not share with that "other insurance". But this insurance provided to the additional insured still is excess over any valid and collectible "other insurance", whether primary, excess, contingent or on any other basis, that is available to the additional insured when that person or organization is an additional insured under any "other insurance".

3. The following is added to SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS:

Duties Of An Additional Insured

As a condition of coverage provided to the additional insured:

- a. The additional insured must give us written notice as soon as practicable of an "occurrence" or an offense which may result in a claim. To the extent possible, such notice should include:

COMMERCIAL GENERAL LIABILITY

- i. How, when and where the "occurrence" or offense took place;
 - ii. The names and addresses of any injured persons and witnesses; and
 - iii. The nature and location of any injury or damage arising out of the "occurrence" or offense.
- b. If a claim is made or "suit" is brought against the additional insured, the additional insured must:
- i. Immediately record the specifics of the claim or "suit" and the date received; and
 - ii. Notify us as soon as practicable.
- The additional insured must see to it that we receive written notice of the claim or "suit" as soon as practicable.
- c. The additional insured must immediately send us copies of all legal papers received in connection with the claim or "suit", cooperate with us in the investigation or settlement of the claim or defense against the "suit", and otherwise comply with all policy conditions.
- d. The additional insured must tender the defense and indemnity of any claim or "suit" to

any provider of other insurance which would cover the additional insured for a loss we cover. However, this condition does not affect whether this insurance provided to the additional insured is primary to that other insurance available to the additional insured which covers that person or organization as a named insured.

4. The following is added to the **DEFINITIONS** Section:

"Written contract requiring insurance" means that part of any written contract or agreement under which you are required to include a person or organization as an additional insured on this Coverage Part, provided that the "bodily injury" and "property damage" occurs and the "personal injury" is caused by an offense committed:

- a. After the signing and execution of the contract or agreement by you;
- b. While that part of the contract or agreement is in effect; and
- c. Before the end of the policy period.
