WHEREAS, the CONTRACTOR’s services or program described in this MOU will be provided at no cost to OUSD, the students, or the parents; and

BOTH PARTIES HEREBY enter into this MOU to enable CONTRACTOR to provide said services/program on school(s), site(s) (“Schools”) selected in Section II of the MOU.

II. Program Sites

Unless otherwise agreed to in writing by the parties, the School(s) governed by this agreement are the following:

1. PLACE @ Prescott: 920 Campbell St. Oakland, CA
2. _____
3. _____
4. _____
5. _____

III. CONTRACTOR Responsibilities/Scope of Services

A. Provide a description of the services that your program will be providing OUSD. Please be specific by answering all of the following questions

1. A brief description of the type of services your program generally provides.

The Prescott Circus Theatre (PCT) is a nationally recognized after-school performing arts education program for Oakland youth, now in our 30th year! We provide the opportunity for over 200 Oakland public elementary school students each year to work with caring professional adults to learn circus and theatre arts in after school programs at six school sites. Through our program, students develop a knowledge and appreciation for circus and theater arts, participate in healthy physical activities, and engage their creative selves to offer new performances for their communities each year. In addition to building creativity, knowledge, and community connections, students learn essential life skills that support school and work success. Circus arts

learning teaches teamwork, builds self confidence, and demonstrates the rewards of perseverance to overcome challenges.

Our summer program has been going strong for 17 years, offering the same high quality programming as during the school year. During our 5-week summer program, June 16-July 18, students receive training and prepare for the summer performance series at Prescott Elementary School. During this time, students receive direct instruction and learning with professional teaching artists in a culturally conscious curriculum. Students train in juggling, acrobatics, hambone body percussion, unicycle, stilt dancing, and clowning/acting. On July 16, we move our program into the Oakland Technical High School Auditorium for set up and rehearsals.

Show times on July 16 and 17 will be 11:30am and 1:30pm both days and each show will be approximately 1 hour long. We will present our summer show again outside at DeFremery Park on Saturday, July 19 at 2:00pm in partnership with the DeFremery Recreation Center.

The relevant experience of the CONTRACTOR personnel that will be providing the services:

We work with a superb group of professional artists and youth workers, most of whom have been with us a minimum of 5 years or have actually grown up in the program. Our current teaching artists were selected based on personal knowledge and/or recommendations through the local circus and arts community. They have demonstrated outstanding artistic talent and exemplify the caring and commitment to teaching that our program demands. Additional staff members include two core team members who grew up in the program, who, now adults, help preserve the integrity and traditions of our 30 years of work with Oakland youth. We also enlist current and retired OUSD teachers to serve as site staff, to develop and deliver academic curriculum in our summer program, and to liaison with school administration.

Community members are also gracious with their time and skills. Carla Service, of Dance- A-Vision, teaches hip-hop to our students. Latanya Tigna from Dimensions Dance, is an apprentice of Shaka Zulu, master stilt dancer, has taught our students African stilt dancing traditions. Frank Olivier, nationally recognized variety performer, volunteers his time teaching specialty tricks on the unicycle. When considering new artists for our programs, we assess technical and teaching skills, and, if appropriate, the candidate's experience working outside their own culture based on resume and personal interview. We follow all due diligence requirements that all staff undergo background checks, TB screening, and have the proper educational credentials as required by Oakland Unified School District and our partnering after school lead agencies.

III. MISSION STATEMENT

Through circus and theatre arts education, the Prescott Circus Theatre's mission is to empower and engage youth as they develop confidence, teamwork, perseverance, artistic talent, and a dedication to working for success. By providing professional training, unique curriculum, and a safe environment for under-served youth, our Oakland-based non-profit youth development organization promotes skill mastery, physical activity, positive relationships with peers and adults, and opportunities to shine for the community.

IV. ORGANIZATION HISTORY & OVERVIEW

The Prescott Circus Theatre (PCT) is a nationally recognized after-school performing arts education program for Oakland youth, now in our 30th year! The program was founded in 1984 by classroom teacher Aileen Moffitt at Prescott Elementary in West Oakland to provide circus arts enrichment and educational opportunities for children of color in a safe, supportive after school setting. Each year, over 25 3rd-5th grade students from Prescott Elementary School in West Oakland receive intensive after-school training three times a week with professional artists to become a performance troupe. The students go on to gain performing experience at over 50 community events annually. Through hands-on experience, students learn circus and theater skills and techniques, develop their own performance pieces, learn the historical and cultural context of their work, and learn to critique their own performances as well as others'. Our youth perform juggling, acrobatics, unicycling, stilting, Hambone body percussion, hip hop dance, balancing, and clown acts throughout the Bay Area.

In 2002, PCT expanded its programming to include several Oakland public schools including Manzanita SEED/Community, Piedmont Avenue, Lafayette, Parker, and Laurel Elementary Schools. These "satellite" site programs are modeled after the successful program at Prescott Elementary, utilizing professional artists to provide a culturally conscious, circus and performing arts curriculum for 25 – 30 students at each site. Each site's circus program creates an original production that is performed for their respective school community, families, and friends. Along the way, students who have acquired significant skills are invited to perform at special events in the community. Each year, our students' performances reach well over 25,000 fans and are well known for representing their community in a proud and positive manner. In addition to developing the creative life of our students, our programs impart life-long skills including teamwork, perseverance, pushing boundaries and welcoming challenges.

V. SUMMER PROGRAM HISTORY & OVERVIEW

Since 1998 Prescott Circus Theatre has been offering its summer program at Prescott Elementary which provides the same quality circus arts education of our school-year programming with special emphasis on lessons in math, vocabulary, writing, and reading. Up to 30 students from all of our school sites participate each year, taking advantage of the opportunity to experience hands-on project-based learning while practicing their skills in circus and performing arts.

Each summer session culminates in our annual summer performances, a series of 5 free public performances in mid-July. Through these captivating performances, students demonstrate their talents in juggling, acrobatics, unicycling, stilt walking, hambone body percussion, hip hop dance, balancing, and clown acts. Our summer performances draw a diverse set of audience members from the Oakland community: families, groups of children in summer programs, groups of seniors, and our following of fans. We typically see crowds of 250 audience members for each show. These performances are an excellent way for our students to practice working as a team to create an original performance from beginning to end. Our outreach efforts also allow participants to feel more connected with their larger community.

VI. DEMOGRAPHICS

The children we serve through our programming reflect the diversity in our Oakland School District community. According to data collected after the 2012-2013 school year, our participants are:

- 58% Female, 42% Male
- 49% African American, 31% Latino, 12% Asian/Pacific Islander, 6% Caucasian, 2% Multiethnic
- 92% Qualify for free/reduced Lunch
- 25% English language learners

IX. PARTNERS

As part of the comprehensive after-school providers network in Oakland, we have a continuing collaboration with Bay Area Community Resources (BACR) at Prescott, and Lafayette, UMOJA Foundation at Parker; Learning for Life / Boy Scouts of America at Laurel and Manzanita SEED; and the East Bay Asian Youth Center at Manzanita Community School. At Prescott School, we work with caseworkers from Lincoln Child Center who serve some of our students. We work closely with our school partners to learn about individual school site plans and strive to find ways to use the partnership to enforce, support, and enhance students' experience, growth, and learning.

We collaborate with many community organizations in arranging for community appearances. We also work closely with various circus community organizations to recruit teaching artists and volunteers, obtain complementary performance tickets, and seek cash support. These include: the City of Oakland Parks and Recreation, Circus Bella, The American Youth Circus Organization, Camp Winnarainbow, the San Francisco Circus Center, the Clown Conservatory, Buddy Club, and Cal Performances. Event producers provide tremendous in-kind support in association with our students' hired performances. This support includes media marketing as well as food for our performers at various events.

X. PROGRAM OUTCOMES

Our programs repeatedly score well by internal and outside evaluations. Parent, student, and staff surveys from our programs in spring 2013 showed that 90% of students experienced growth in confidence from their participation in the circus program. 95% of students reported that their ability to work with a team was better; 82% reported being better at learning new things, and 95% reported being "happier at school" because of their participation.

Our summer program, evaluated by outside evaluators, received a program quality rating of "Performing." 93% of participants reported that the program helped them to be more confident in their skills and abilities; 95% reported that the program helped them to expect good things from themselves, and 94% reported being better listeners.
