**Re: Cost proposal**

This proposal describes costs associated with licensing Cityspan's software for California after school programs. Cityspan will provide site licenses, project management and user support services to after school programs administered by the Oakland Unified School District. The software will collect student level attendance data and generate summary reports that meet requirements set by the California and US Department of Education.

### **1. Licensing and User Support**

A fee will be charged for licensing the software, hosting it at Cityspan's data center and providing user support. The fee covers costs related to server hardware and software maintenance, internet connectivity, security monitoring and help desk operations. Cityspan's help desk provides toll-free phone and email-based support to end users during business hours (M-F, 8AM-5PM PST). Support requests will be met within one business day. The cost for licensing and user support is \$350 per schools annually. OUSD will be billed in full for schools that are not already paid for by OFCY. OUSD will be billed \$150 for schools that are paid for in combination with OFCY.

Total: \$19,375/annually

### **2. Project Management**

A project management fee will be charged to cover costs associated with meetings, email and phone communications between OUSD staff, Cityspan and Public/Profit. Project management time is billed at \$125 per hour. Cityspan estimates 20 hours of project management time in 2014-15.

Total: \$12,500/annually

### **3. Data Exchange**

Cityspan will manage a data exchange that updates student registration data from a daily file export from Aeries.

Cost: (5 hrs @ \$125/hour) = \$625/annually
