# Memo

**To** Board of Education  
**From** Kyla Johnson-Trammell, Superintendent  
**Board Meeting Date** August 14, 2019  
**Subject** 2019-2020 School Plan for Student Achievement (SPSA)

**Action** Approval of the 2019-2020 School Plan for Student Achievement (SPSA) for Sojourner Truth Independent Study.

**Background** In accordance with Education Code 64001, the School Plan for Student Achievement (SPSA) shall be reviewed annually and updated, including proposed expenditure of funds allocated to the school through the Consolidated Application and the Local Control and Accountability Plan (LCAP) by the School Site Council (SSC). The plans shall also be reviewed and approved by the governing board of the local education agency at a regularly scheduled meeting. The purpose of the SPSA is to coordinate all educational services at the school. The plan shall address how funds provided to the school will be used to improve academic performance of all pupils to the level of the proficiency goals, as established by the California Department of Education.

**Discussion** The SPSA builds on a premise that students are capable of learning with effective instruction and includes school goals aligned with activities, provides analysis of student performance data, focuses on student achievement and academic intervention, implements high leverage school quality improvement actions, directs resources where they will most impact student achievement, ensures that all resources are aligned to serve identified student needs, and identifies parent involvement activities associated with student success.

**Fiscal Impact** The programs listed below are reported in the Consolidated Application and allocated to school sites through the School Plan for Student Achievement (SPSA):

- Title I, Part A
- After School Education and Safety (ASES)

## 2019-20 SCHOOL PLAN FOR STUDENT ACHIEVEMENT (SPSA)

### 1A: ABOUT THE SCHOOL

**School:** Sojourner Truth Independent Study

**School ID:** 330

#### School Description

This school community is located on the King Estates campus sharing the facility with Rudsdale Continuation High School and the BayTech charter school program. This school campus is located in a safe city neighborhood of middle class homes. While Oakland is considered a major urban city, this school's particular location is away from the high crime that prevails in many areas of the city of Oakland. However, most students who attend come from other poorer and majorly urban neighborhoods of this city. Thus, students may have to take several city buses or find transit across the greater Oakland area to get to this school's campus.

The students who attend Sojourner Truth are generally socially-economically disadvantaged and face challenges to their overall welfare that result from living in high crime-related neighborhoods of poverty. Unemployment within the adult population is pandemic, with sixty percent or more of the households receiving some economic subsidy. Sojourner Truth students are adversely impacted by substantial environment risks and poor health conditions. Students' daily interactions include exposure to gang activities, crime and substance dependency. A significant percentage of students either come from single-parent homes or are being raised by another adult than a parent. All these descriptors are contributing factors that substantially impact student learning. The independent study program, however, seems to enroll students and their families who more readily support and sustain a stable environment and for several, these students come to the independent study program due to cultural and religious safety issues.

Sojourner Truth Independent Study Program follows the guidelines of the California Department of Education and has developed a comprehensive school program. This program offers classes from Kindergarten to twelfth grade. This high school program has weekly curriculum assignments that have been developed and written by the School Pathways Company. This company worked with Sojourner Truth and the Oakland Unified School District to develop independent study modules that are aligned with the Common Core Curriculum Standards, and meet state department of education guideline for independent study regulations. This computer-assisted program allows all students to have access to the core curriculum and matriculate through the high school program within the semester sequence.

The Sojourner Truth Electronic Learning Program (ELP) is an adjunct program that integrates the core curriculum with technology (Blended Learning) or a method that shift teacher instruction and attend to differentiation by incorporating technology in the useful, meaningful ways to enhance student learning. This program has two sections: a morning and an afternoon program that allows up to 45 students at one time to access online computer courses. Students work at their own pace and receive credits following completion of specific course modules and performance assessments.

#### School Mission and Vision

**VISION:** Our students will graduate from high school with the tools to further their academic or career goals. They will possess a willingness to continually challenge themselves and become socially responsible. Students will be empathetic citizens with an appreciation for diversity.

**MISSION:** The mission of Sojourner Truth School Community is to awaken the minds of our students by creating a nurturing environment that empowers students to achieve excellence through individualized instruction.

### 1B: 19-20 STRENGTHS & CHALLENGES

| State Dashboard Indicators | Strengths   | Challenges/Barriers   |
|----------------------------|---|---|
| <b>Graduation Rate</b>     | Students coming with some or much of their A-G requirements met largely graduate with a 230 credit high school diploma from Sojourner Truth. We have maintained a graduation rate of above 30% and have decreased our drop out rate by approximately 12%. | On the other hand, when students are far behind, they are less likely to graduate with a 230 credit high diploma and opt for a 190 credit high diploma, without all their A-G requirements met. |

|   |   |  |
|---|---|--|
| <b>On Track to Graduate (11th Grade)</b>      | We have increased the percentage of 11th grade students who are on track by approximately 7%. | Our number of off-track students continues to be above 80%.  |
| <b>A-G Completion</b>                         | Approximately a 5% increase in students graduating with A-G requirements met.                 | Over 85% of our students continue to graduate without their A-G requirements met.  |
| <b>SBAC ELA</b>                               | Approximately 60% of students have met or nearly met the standard.                            | A 10% decrease in students meeting the standard.   |
| <b>SBAC Math</b>                              | Approximately 25% of students continue to exceeded or met the standard.                       | Roughly a 3% increase in students not meeting the standard.  |
| <b>AP Pass Rate/Dual Enrollment Pass Rate</b> | We do not have any dual enrollment or AP classes.   | Scheduling for AP and dual enrollment classes continues to be challenging as students have individualized schedules.                         |
| <b>Pathway Participation/CTE Enrollment*</b>  | All students are enrolled in the pathway.   | Increasing students to pathway experiences (e.g. WBL and CTE). No Aeries field available for SJT to tag students as enrolled in our pathway. |
| <b>English Learner Progress</b>               | Roughly 64% of students met ELPAC requirement for reclassification.                           | Roughly 36% of students did not meet ELPAC requirement for reclassification.   |
| <b>Suspension Rate</b>                        | We have had a 0% suspension rate for approximately the last seven years.                      | We continue to struggle with student attendance.   |

**1D: IDENTIFIED NEED**

*Describe the basis for establishing the goals above. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard and data from the School Accountability Report Card.*

To develop the school goals and targets outlined above, school leadership worked with staff, the School Site Council, and District support teams to review student performance data and complete a root cause analysis for each area of challenge and strength. The school also reviewed Districtwide LCAP targets. Based on this analysis, the school crafted goals and set annual growth targets.

**1E: SCHOOL PLAN FOR MEETING ESSA REQUIREMENTS**

*Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.*

To ensure that this school's SPSA effectively meets ESSA requirements, the school has reviewed student performance data for all students, with special attention to historically underserved student groups, including low-income students, students with disabilities, English learners, African-American students, and Latino/a students. The school has developed practices to address the unique needs of each student group, and will measure effectiveness of these practices by monitoring practice implementation and tracking progress towards the school's annual student performance targets. Goals, targets, practices, and budget expenditures align to Oakland Unified's LCAP goals and to the specific purposes of each funding program.
