# Safety Plan Update

## Designing a New District Wide Safety Plan

#### **George Floyd Resolution**

RESOLUTION NO. 1920-0260 (As Amended) Flowd Resolution to Eliminate the Oakland Schools Police Departmen WHEREAS, the Oakland Unified School District ("District") has an obligation to promote the healthy ment of each one of its students, which includes protecting them from the impact of systemic racism and violence to the greatest extent possible while they are at school; WHEREAS, it has become clear that the District can no longer employ its own police force amid countles acts of violence, particularly against black men and boys; WHEREAS, in wake of the brutal murder of George Floyd in the city of Minneapolis by Minneapolis Police Department officers on May 25, 2020 and in response to the local, national and international demands for justice to end anti-black racism and policing practices; to ensuring school safety that the District has already began employing such as Restorative Practices and WHEREAS, as a result of the persistent deaths of innocent Black citizens in the United States at the hands of police officers, the Minneapolis, Denver, Portland, and Coachella school districts, along with others across the country, are terminating contracts with police departments for the policing of schools and, WHEREAS, it is no longer fiscally possible or financially sustainable to invest in the current structure of safety practices with a police department within the District: WHEREAS, the District has a long record of disproportionately suspending, expelling, involuntarily transferring and arresting Black male and female students, thereby involving them in the criminal justice system while students lose important time from classroom; WHEREAS, since the 2015; 16 School Year, Black students made up 26% of the encollment and upt made up 73% of arrests, accounting for 3 out 4 of the arrests in our schools, and in the last four years there were over 9,000 calls for service to the police on students; WHEREAS, such a deeply embedded and institutionalized form of preemptive policing has extremely significant consequences, foreclosing opportunities toward graduation, college, and employment for Oakland's Black youth, school policing is fundamentally undermining the economic and public health of the Black community by restricting access and opportunity; WHEREAS, from 2013-14 through 2018-19, Oakland Unified School District spent over \$9.3 million dollars on the Oakland Unified School District Police Department, excluding the unarmed school site security officers while, in the past three years, laving off 33 Restorative Justice Coordinators and only 3 School

Eliminate OUSD school police department and partner with community in reimagining a transformative vision for school safety to create safe, healthy and welcoming school environments and develop a new district-wide safety plan aligned with that vision.

#### Mission

Oakland Unified School District (OUSD) will build a Full-Service Community District focused on high academic achievement while serving the whole child, eliminating inequity, and providing each child with excellent teachers, every day.

#### Vision

All OUSD students will find joy in their academic experience while graduating with the skills to ensure they are caring, competent, fully-informed, critical thinkers who are prepared for college, career, and community success.

#### **Enrollment & Attendance Updates**

## **Enrollment update**

Grade	Oct 6 2020	Projection	Diff from Projection
K	2,697	3,047	-350
6	2,236	2,132	+104
9	2,150	2,362	-212
All Grades*	35,315	35,731	-416

<sup>\*</sup>The "All Grades" numbers above include general education and special education students but exclude students in non-public schools, home/hospital settings, and special ed young adult programs because the District does not project for those groups. The enrollment and projections numbers for K, 6, and 9 exclude special education students classified as Special Day Class (SDC) because the District does not project SDC students by grade.

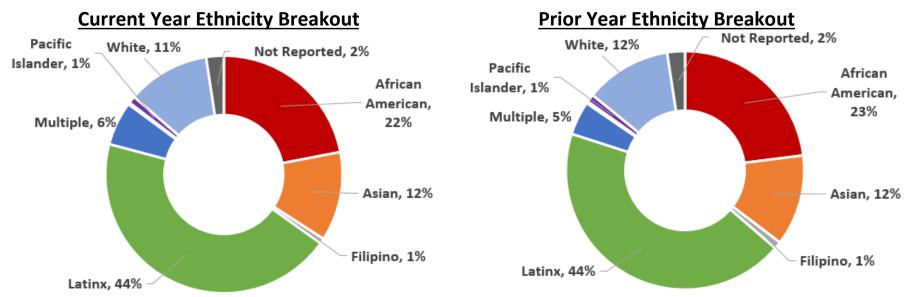

## **Demographic Comparison**

- The disaggregation by ethnicity this year is nearly identical to last year (see below).
- Special Education: 14%\* this year, compared to 15% last year.

<sup>\*</sup>The 14% for this year does not include students who have not yet had their initial IEP evaluation for services. The rate in both cases only includes students enrolled in district-run schools, not SELPA-wide.
