School Site: Bridges at Melrose	Lead Agency: Bay Area Community Resources (BACR)
Principal Signature: 	Lead Agency Signature: 
After School Site Coordinator Name (if known at this time): N/A	Date: 4/15/2015

SECTION 2: Alignment with Site Plan (SPSA), Major Improvement Priorities

In collaboration with school leadership, identify the school's Major Improvement Priorities where this after school program is identified for its high leverage practices.

- Balanced Literacy and Literacy Across the Curriculum
- Science, Technology, Engineering, Arts and Mathematics (STEAM)
- Extended Learning Time
- School Culture (including Meaningful Student Engagement)
- Health and Wellness
- Interrupting Chronic Absence (Attendance)
- Building Capacity and Leadership
- Family and Student Engagement

LCAP Strategic Priorities

In collaboration with school leadership, identify the specific LCAP goal(s) that this afterschool program will intentionally support.

- College & Career Readiness (LCAP Goal 1)
- Literacy (Proficiency on Standards, Grade Level Reading, English Learners Reading Fluency-LCAP Goals 2, 3, 4)

- X Mathematics/STEM Proficiency (Proficiency on State Standards—LCAP Goal 2)
- X Student Engagement (LCAP Goal 5)
- X Parent/Family Engagement (LCAP Goal 6)
- X Safe, Healthy & Supportive Schools (LCAP Goal 7)

State 3 – 4 primary goals of the After School Program and intended impacts for participating students. Describe how these after school goals align with the school’s Major Improvement Goals and Strategies identified in its SPSA plan.

1. Literacy/Math academic focus: Select an Academic Liaison as early as possible and utilize them for professional development. Seek out curriculum that will support the overall school goal of aligning to the new math content standards. Join the new Math learning community to strengthen this goal.
2. Continue our focus on health and wellness through intentional structured activities.
3. Continue to strengthen our Science and Wellness activities. Attend trainings and dedicate a significant portion of our program to wellness and science. We will seek out additional support through learning communities and identify curriculum to help strengthen these areas.

SECTION 3: OUSD Strategic Questions

Complete the matrix for *at least two* of the following four OUSD Strategic questions.

Strategic Questions/Desired Outcomes <i>As a result of our ASP efforts...</i>	Strategic Activities <i>What after school strategic activities will support the desired outcomes?</i>	Outcomes of Strategic Activities <i>What short-term outcomes will you expect from your efforts by the end of the school year?</i>	Data used to assess the strategic activities <i>What data will be collected to measure these outcomes?</i>
High School Graduation: How many more Oakland children are graduating from high school?	Our program supports High School Graduation by supporting the development of a positive school climate. We help monitor academic success and help students reflect on their behavior and plan for the future through enrichment activities.	All students will participate in structured guided practice in both homework and academic skill building activities on a weekly basis. Coordinator regularly attends SST meetings for specific students who need to work on daily goal setting and overall behavior change.	School day will share data on both academic and behavior progress.

<p>Satisfactory School Day Attendance: How many more Oakland children are attending school 95% or more?</p>	<p>The Panthers AS program provides recognition and awards for good attendance and helps to promote good attendance behavior by communicating with parents regularly. We intervene when a student is showing poor attendance taking corrective action. Also, our staff supports school day efforts by communicating with ASP families whose children are at risk of becoming chronically absent.</p>	<p>Satisfactory attendance will be supported through our reinforcement of good attendance behaviors. All participants' families are required to attend our information night which informs families about attendance policies and reinforces the importance of good attendance in both ASP and school day. Intervention will be provided for students who show patterns of chronic absenteeism through direct communication with our staff.</p>	<p>School day will share attendance data with after school and this data will be compared to note any possible patterns of attendance behavior.</p>
<p>Job Skills/Career readiness: How many more students have meaningful internships and/or paying jobs?</p>	<p>Our program supports students to develop their ability to work within a diverse environment, appreciate differences and collaborate successfully with others. These skills are specifically reinforced in our boys/girls circles and our BIC curriculum. These are skills we believe are necessary to be successful in any job/career. We will explore the possibility of a career fair or bring guest speakers to discuss different types of jobs/careers as well to help students think about their futures. Community mapping activities will also help students explore their surroundings to prepare for</p>	<p>Students will focus on general goal setting, visioning and working collaboratively to solve problems and conflicts.</p>	<p>Data will come as feedback from our daily "debriefs/ reflections" with in our classrooms</p>

	their future and think about what resources already surround them.		
Health and Well-being: How many more Oakland children have access to, and use, the health services they need?	Our health and wellness activities are very strong. Our gardening and sports/recreation classes' focus on student's health and wellness, but other enrichment activities also incorporate a wellness theme.	We will continue to run health and wellness activities that have been successful in the past. This is one of the strongest components of our program.	Focus groups are typically done at the end of the school year for data in this area.

SECTION 4: Program Model and Lead Agency Selection

For 2015-2016, my site will operate the following program model:

- Traditional After School:** *voluntary program open to all students, with enrollment priorities targeting certain students*
- Extended Day Program:** *additional class periods offered to students after the end of the regular bell schedule, for targeted grades and/or for all students of the school (Note: extended day classes must **not** appear on the school bell schedule)*
- Blended/Hybrid:** *combination of some extended day and some traditional after school programming*

Description and Rationale for Selection of Lead Agency

Describe how the selected Lead Agency partner will support the school's plans for Full Service Community School development.

The BACR philosophy about after school programs extends far beyond keeping children safe. We believe in providing a nurturing and enjoyable environment where students can improve their academic and life skills. We believe in integrating the principles and practices of youth development into all activities. Just as important, we see the schools, students, and parents as our customers, and we believe it is our responsibility to understand and meet their needs.

This approach to after school programs is consistent with the BACR mission of serving youth and families, fostering volunteerism, and building community. As a large diverse community agency, BACR has the organizational capacity and infrastructure to maintain high quality while expanding our services.

SECTION 5: Attendance, Program Dates, Minimum Days, and Program Schedule

In order to remain in compliance and meet minimum funding requirements, the after school program must commence immediately upon the conclusion of the regular day and operate at least until 6pm *on every regular school day* for elementary and middle schools. (EC 8483)

High school programs are required to operate a minimum of 15 hours per week.

** CDE allows programs to close for a maximum of 3 of these days during the school year for professional development. Families must be notified of these program closure dates in advance, and the lead agency must maintain documentation of professional development activities offered on these dates, including training agenda and staff sign in sheets.*

Required # of Program Days your program will operate during School Year 2015-2016 (programs are required to operate between 177 – 180 days of the school year)	180
Projected Daily Attendance during School Year 2015-2016	83
Programs are allowed up to three days of program closure during the school year to offer staff professional development. Please list the three days (if any) your program plans to close this year for PD.	October PD day, last two days of school

Minimum Days
 Elementary and middle school after school programs are required to operate from the end of the school day to 6pm. When a school holds minimum days, the after school program must begin early and run a long day until 6pm. Minimum days have significant impact on the after school staffing and budget. Thus, during the program planning process, school leadership and the lead agency partner must discuss the anticipated number of minimum days for the program year, and discuss shared resources to fund minimum day programming when the number of minimum days exceeds the typical OUSD schedule of one minimum day per week for the school year.

Projected Number of Minimum Days for School Year 2015-2016	48
--	-----------

Describe funding plan to operate program on minimum days, including additional school resources (if any), to support full program implementation on all minimum days:

The Panthers ASP team has allocated additional hours to fully operate during minimum day schedules.

Program Schedule

1. Submit program schedule as an attachment, using the standard program schedule template. The after school schedule must indicate the school name and the program year.
2. Submit a copy of the school bell schedule for the 2015-16 school year.

Important Notes: The after school schedule must commence immediately the minute the school day bell schedule ends on all program days. Before submitting, compare the school bell schedule with the after school schedule to

ensure that the times are aligned. (i.e. If the school bell schedule ends at 2:55 pm, then the after school schedule must begin at 2:55 pm. The same is true on minimum days.)

Additionally, programs must operate at least until 6pm daily AND must operate at least 3 hours per day. (i.e. If the school bell schedule ends at 3:10 pm, then the after school program must begin at 3:10 pm and run until 6:10 pm)

SECTION 6: Academics

Your site should plan to offer a range of academic supports including:

1) Targeted Interventions 2) Skill-Building 3) Homework Support 4) Tutoring

Other possible supports may include computer lab, library exploration, project-based learning, coordination with SES tutoring.

Academic activities should be aligned with school goals and support specific student achievement needs defined by the school.

Activities should be based on sound instructional strategies aligned with the regular school day program.

Required Elementary Academic Programming: Elementary programs are required to provide at least 1 hour of literacy instruction per week for all students. (Curriculum and PD will be provided by OUSD After School Literacy Learning Community.) Programs are highly encouraged to provide after school math and science instruction. There will be learning communities to provide math and science curriculum and PD.

SECTION 7: ENRICHMENT & PHYSICAL ACTIVITY / RECREATION

Enrichment activities and physical activity/recreation are required components of the ASES and 21st Century grants. Enrichment activities should provide students with the opportunity to apply their classroom learning in a real, hands-on way. Enrichment activities should intentionally and creatively build skills that support students' success in school and in life. Enrichment activities often support school goals for health and wellness, positive school climate, arts learning, and student engagement.

Recommended Middle School Program Components: Middle schools are highly encouraged to provide after school STEM instruction and youth leadership programming for students. (These program components are required for 21st Century middle school programs.) STEM and Building Intentional Communities youth leadership curriculum and PD will be provided by OUSD after school learning communities.

SECTION 8: FAMILY ENGAGEMENT / FAMILY LITERACY

After school provides an excellent context to foster parent involvement, connect families to the larger school community, and share important information related to the after school and regular school day programs. After school family engagement efforts should be aligned with school day efforts, and support school goals for family involvement. A variety of activities may be offered, including: parent workshops, family celebrations, parent-and-child-together activities, parent leadership and volunteer opportunities.

Family literacy is a required component of all 21st Century after school programs. Family literacy services support the educational goals of adult family members, connect them to resources and services in the community, and increase their ability to support their student's learning and development. For 21st Century grantees who receive Family Literacy funding: ***The activities listed below must align to your 21st Century Family Literacy budget plan.***

Type of Activity and Frequency	SPSA goal(s) or school need supported by activity	Describe how this activity is connected to student achievement	Measurable Outcome	Alignment with school day family engagement / family literacy efforts or resources
Small Events/Open Houses	Parent engagement and positive school climate will be supported through these efforts. SECTION 9: Chronic Absence Action Plan

Improving school day attendance for all students and reducing chronic absenteeism is one of the key OUSD strategic goals. The district goal is that all students will attend school at least 95% of the required school days or more, thereby achieving satisfactory attendance. Students who attend school 90% or less of required days are considered chronically absent. Students whose attendance falls in the "grey zone" between 90% - 95% are considered at risk of chronic absenteeism.

In partnership with the school day, after school programs can play an important role in supporting student attendance by doing things like celebrating good attendance, informing parents about the importance of attendance, uncovering what challenges students/families are facing that cause them to miss school, regularly monitoring student attendance data, contacting families to let them know their child was missed at school, etc., in addition to providing meaningful after school learning experiences that help keep students engaged and coming.

Below are several key strategies that after school programs can implement in partnership with the school day, in order to promote positive attendance, and support students and families who are struggling with attendance. Select **at least two** of the following strategies below, and identify specific action steps that your program will implement for each strategy.

Strategies to Support Attendance	Action Steps
a) Recruit and address the needs of students who are at risk of chronic absenteeism.	ASP staff will hold a mid-year meeting to remind parents about the importance of good attendance, review attendance policies and help parents understand why attendance is so important.
b) Inform parents about the importance of attendance and encourage parents to help each other get their students to class.	ASP will help communicate with families of students who have been identified as at risk of being chronically absent.
c) Track students with poor program attendance and reach out to find out why and how attendance could be improved.	ASP staff will continue to publically acknowledge good attendance with certificates and recognition during special events.
d) Celebrate good attendance and/or offer meaningful incentives to attract and reward students for attending our program.	ASP staff will hold a mid-year meeting to remind parents about the importance of good consistent attendance, review attendance policies and help parents understand why attendance is so important.

SECTION 10: Transforming School Culture and Climate

After school programs can play a critical role in support the school's efforts to transform school culture and climate, helping to make schools positive, supportive places for all students to stay engaged, be successful, and thrive.

a) The following are paths that OUSD schools are taking to change discipline and transform school culture and climate. What strategy/strategies is your school utilizing to transform school culture and climate?

- PBIS (Positive Behavioral Interventions and Support)
- Restorative Justice
- Social and Emotional Learning
- Bullying Prevention
- Other: (please specify) _____

b) How will the school and lead agency partner work together to ensure that the after school program is aligned and supporting these efforts, and helping to transform school culture and climate? (i.e. shared professional development, curriculum, coaching, planning meetings, COST meetings, etc.)

With the support of BACR, the new Program Coordinator will support the efforts of transforming school culture through coaching and planning meetings with the Principal, Ms. Tarango and Academic Liaison, Ms. Camp.

c) Reducing the disproportionate suspension rates of African American students is a key priority for OUSD. Please describe any special efforts your after school program is taking to support the school engagement, social-emotional well-being, and/or academic success of African American students at your school (i.e. Manhood Development circles, Ethnic Studies curriculum, recognition ceremonies for student accomplishments, Black professionals as role models or mentors, etc.):

The Panthers after school program will provide leadership opportunities for students of color that will empower them to work hard and take ownership in the work they do. Leadership opportunities include a leadership club where students can develop newsletters, mentorship programs, and co-facilitate activities around topics of race and gender. In addition, students will be recognized for their efforts through awards and ceremonies.

SECTION 11: Coordination with Other Service Providers

In the Full Service Community School model, the school becomes a hub of services where various types of service providers come together, work together, and coordinate their efforts to meet the holistic needs of students and families.

The after school Site Coordinator or Director will actively participate in which of the following school group(s), in order to increase alignment

- COST team (Coordination of Services Team)
- SST (Student Study Team)
- SSC (School Site Council)

2015-16 After School Enrollment Policy for Bridges at Melrose School

OUSD has established district-wide guidelines for Target Population and Enrollment in ASES and 21st Century After School Programs. Within these guidelines, each school will create a site-specific After School Enrollment Policy that will be made public to the school community through the following methods:

- Enrollment policy will be included in After School Enrollment Packet and program materials.
- Enrollment policy will be discussed at after school parent orientation/meetings.
- Enrollment policy will be shared with school faculty.

Target Population: (Describe targeted student populations in order of priority. Specify data that will inform student selection.)

Target Population(s)	Specific Data to Inform Selection of Program Participants	(High School Only) Indicate if participation is <i>Optional</i> or <i>Mandatory</i> for each target population
Students in need of academic support and intervention to improve or sustain academic performance.	CST scores and end of year benchmarks. Referrals and recommendations made by teachers, counselors and other school staff.	N/A
Students in need of being engaged in learning (including students who have already learned regular school day content and need additional academic enrichment).	CST scores and end of year benchmarks. Referrals and recommendations made by teachers, counselors and other school staff.	N/A
Students with siblings already enrolled in after school program based on above priorities.	Referrals and recommendations made by teachers and other school staff. Parents will also provide this information.	N/A
Students from socio-economically disadvantaged families/backgrounds.	Referrals and recommendations made by teachers, outreach coordinator and other school staff.	N/A

Which grade levels will you serve in this program? 1st-5th

Note: The ASES and 21st CCLC grants require that programs are open to all students of the school, if space remains after outreach is done to targeted students. (For example, if program slots remain open after you have reached out to fill slots with target populations identified above, then by law, you must accept a kindergarten family that desires program services, even if your program prioritizes students in grades 1-5.)

Additional Notes:

- Successful after school programs are heterogeneous and include several target populations.
- Sites cannot simply utilize a first come-first serve process for enrolling students; sites should establish priorities for participation.
- Programs are intended to help close the achievement gap by serving a variety of students with academic and other needs.
- In alignment with OUSD's strategic goal to reduce chronic absenteeism, programs should consider targeting students at risk of chronic absenteeism, as determined by individual attendance rates between 90 – 95% during the current school year. (Programs should collaborate with school site leadership to obtain student attendance data.)
- Program must enroll adequate numbers of students to meet CDE attendance targets.

Enrollment Process and Timeline: (Summarize your enrollment timeline below. Describe how your school will identify and recruit students beginning in Spring 2015. Indicate how families will be notified of 2015-16 enrollment before the last day of school, June 11, 2015.)

- Provide classroom observations, coaching support, and trainings to improve staff practices and program quality.
- Support the after school program’s *Assess – Plan – Improve* program quality improvement cycle by helping after school programs gather and review data on program quality, make plans for improvement, and receive training and coaching supports aligned to improvement plans.
- Bridge the after school program with school day goals, priorities, curriculum, pedagogy, and data.
- Provide lesson planning support and lesson modeling to strengthen after school instruction.
- Help develop/design after school academic offerings and curriculum, and support alignment of after school activities with the Common Core standards

The Quality Support Coach can be a credentialed teacher from the school faculty or other qualified professional working with the school (for example, a Literacy Specialist, Math Coach from LCI, BTSA Coach, etc.). This individual will receive training and specific direction on the Quality Support Coach role from the OUSD After School Programs Office. The After School Programs Office will provide specific deliverables aligned with the key job duties listed above. Teachers on Extended Contract for Direct Service

In addition to a Quality Support Coach, some schools choose to have teachers on extended contract to provide direct service to students after school, such as after school intervention, support with programs like Achieve 3000 or Fast Forward, and academic enrichment.

Please list specific after school classes/activities that will be facilitated by teachers paid on extended contract.

Important note: Teachers on extended contract who are providing direct services to students after school must be paid at the negotiated rate of \$23.16/hr (per OEA contract). To Whom It May Concern:

It is the Bay Area Community Resources policy to ensure to the best of our abilities that everyone we bring into our BACR programs to work with our clients are properly screened so as to minimize any risk, either physical or emotional, to the children and other clients we serve. We achieve this through FBI and DOJ fingerprint background checks on all our employees, independent contractors, subcontractors and volunteers. We are set up to receive subsequent arrest records. In addition, all staff must turn in a negative TB clearance before they begin working with our students.

We certify that all staff meet our staff qualifications including TB clearance, and FBI/DOJ clearance before they begin working with the students. We can provide verification upon demand from OUSD.

Sincerely,

Marisa Ramirez

Memo

To Board of Education
From Antwan Wilson, Superintendent

Board Meeting Date June 24, 2015

*(To be completed by
Procurement)*

Subject Master Memorandum of Understanding between Oakland Unified School District and Bay Area Community Resources

Action Requested Authorize the President and Secretary of the Board to enter into and execute a Memorandum of Understanding with Bay Area Community Resources, on behalf of the District to provide services to students. This establishes a one year relationship with Bay Area Community Resources, and a not-to-exceed amount of \$4,045,188.25. This amount is projected using historical cost data, known changes to the number of sites served and expected available grant funding allowable.

Background
*A one paragraph
explanation of why
the consultant's
services are needed.*

The Oakland Unified School District enters into contracts each year to provide professional services that support the District's academic mission. The Master MOU establishes all terms and conditions, a defined menu of services with negotiated rates, and allows for the gathering of necessary supporting documentation to further streamline the process of receiving necessary services, while keeping the integrity of checks and balances, as well as maintaining oversight by the Governing Board.

A Menu of Services was established that would allow a principal to "Order" from the Menu using the Individual Service Agreement (ISA). This is essential to promoting transparency of services, and the costs of those services, between like schools. Each Individual Service Agreement is submitted to the board for approval. In the event that this vendor receives more orders for service than anticipated, an amendment to this MOU will request a new not-to-exceed amount.

Discussion
*One paragraph
summary of the
scope of work.*

Vendor: Bay Area Community Resources

Overview of Services: Bay Area Community Resources contracts with schools to be a lead agency to provide high quality after school programming consisting of academic enrichment and recreational physical activities, family literacy and targeted Equitable Access services to students that are high risk.

Not-To-Exceed Amount: \$4,045,188.25

Determination of the Not-to-Exceed Amount is based on historical data and projections for the coming school year, it is anticipated that Bay Area Community Resources will provide services to 28 school sites.

The District contracts with agencies to provide various activities and after school programs. Chosen by the number of sites served with District and the long standing relationship with the agencies, the Master Memorandum of Understanding establishes a relationship with Bay Area Community Resources, defining terms and conditions as well as setting a maximum not-to-exceed ceiling amount. This ceiling is derived from historical cost data, and known changes in sites to be served, as well as expected grant funding. In addition, the District has been working with agencies to provide a Menu of Service, which delivers a clear and measurable scope of work. Analogous to ordering from a common table menu, each product is described and the price is clearly quoted, establishing and promoting a more perfect competition where the consumer, here the principal, is informed of the services offered, and the price for those services. This allows the principal to easily compare services and prices, and plan for programmatic needs.

Fiscal Impact

There is no funding associated with the Master Memorandum of Understanding or the Amendment to the Master Memorandum of Understanding herewith. The Master Memorandum of Understanding establishes a relationship, as well as setting the terms and conditions with Bay Area Community Resources. The funding source for each Individual Service Agreement will be determined separately and individually. Funding for the Individual Service Agreement is verified through a review of the BDT budget process, and a review of State and Federal compliance funding when applicable.

Recommendation

Bay Area Community Resources After School Programs

Bay Area Community Resources (BACR) is a non-profit community agency that has served youth and families since 1976. We have delivered after school programs for over 20 years. Our programs promote successful youth development by providing opportunities for young people to acquire new skills, learn, share their talents, and make a mark in their community.

We have two management roles at elementary, middle or high schools:

1. BACR is the lead community agency— managing the entire program, providing staff, and delivering services—24 schools in Oakland, 13 in San Francisco, 5 in Alameda, 5 in San Rafael, 2 in San Leandro Unified, 15 in West Contra Costa County, and 12 in Mt. Diablo Unified in Contra Costa County..
2. BACR is the fiscal sponsor— managing human resources, payroll and fringe benefits
