SECTION 4: Program Model and Lead Agency Selection

For 2015-2016, my site will operate the following program model:

X Traditional After School: voluntary program open to all students, with enrollment priorities targeting certain students

Extended Day Program: additional class periods offered to students after the end of the regular bell schedule, for targeted grades and/or for all students of the school (Note: extended day classes must **not** appear on the school bell schedule)

Blended/Hybrid: combination of some extended day and some traditional after school programming

Description and Rationale for Selection of Lead Agency

Describe how the selected Lead Agency partner will support the school's plans for Full Service Community School development.

The East Bay Asian Youth Center is a youth development organization based in Oakland's historic Chinatown and San Antonio neighborhood districts. EBAYC's mission is to inspire young people to be life-long builders of a just and compassionate multicultural society. EBAYC serves a racially and ethnically diverse membership of 1,500 children, youth and young adults.

Our goals are to help young people be safe, smart and socially responsible. Our theory of change is that if EBAYC engages residents to lead the organization to achieve results, provides children, youth and young adults a seamless continuum of support services, and catalyzes policy and system changes that help create better schools, safer neighborhood, and greater economic opportunities for families, then young people will safe, smart and socially responsible.

EBAYC Service Strategies

Juvenile Justice

EBAYC works with juvenile probationers move toward a healthy and productive life pathway to keep them safe, get off court probation and earn their high school diploma. We provide young people intensive mentoring, case management, and transitional employment services. Recidivism among young people is reduced by over 50% when they participate in EBAYC. High Quality Schools

EBAYC partners with twelve Oakland schools to provide summer and after school education, work-based learning, attendance case management, and medical and mental health services. We help parents collaborate with their child's teachers, and to be leader in school governance. We support high school students to graduate and enter higher education. EBAYC consistently demonstrates high standards of program quality and performance as indicated by city, county, and school district evaluation.

Community Development

EBAYC works with residents and merchants to increase public safety, reduce street level prostitution, improve physical environment, and expand job opportunities for residents.

SECTION 5: Attendance, Program Dates, Minimum Days, and Program Schedule

In order to remain in compliance and meet minimum funding requirements, the after school program must commence immediately upon the conclusion of the regular day and operate at least until 6pm *on every regular school day* for elementary and middle schools. (EC 8483)

High school programs are required to operate a minimum of 15 hours per week.

* CDE allows programs to close for a maximum of 3 of these days during the school year for professional development. Families must be notified of these program closure dates in advance, and the lead agency must maintain documentation of professional development activities offered on these dates, including training agenda and staff sign in sheets.

Required # of Program Days your program will operate during School Year 2015-2016 (programs are required to operate between 177 – 180 days of the school year)	180
Projected Daily Attendance during School Year 2015-2016	300
Programs are allowed up to three days of program closure during the school year to offer staff professional development. Please list the three days (if any) your program plans to close this year for PD.	TBD
Elementary and middle school after school programs are required to operate from the end of th school holds minimum days, the after school program must begin early and run a long day until significant impact on the after school staffing and budget. Thus, during the program planning p lead agency partner must discuss the anticipated number of minimum days for the program year fund minimum day programming when the number of minimum days exceeds the typical OUSE week for the school year.	6pm. Program Schedule

- 1. Submit program schedule as an attachment, using the standard program schedule template. The after school schedule must indicate the school name and the program year.
- 2. Submit a copy of the school bell schedule for the 2015-16 school year.

Important Notes: The after school schedule must commence immediately the minute the school day bell schedule ends on all program days. Before submitting, compare the school bell schedule with the after school schedule to ensure that the times are aligned. (i.e. If the school bell schedule ends at 2:55 pm, then the after school schedule must begin at 2:55 pm. The same is true on minimum days.)

Additionally, programs must operate at least until 6pm daily AND must operate at least 3 hours per day. (i.e. If the school bell schedule ends at 3:10 pm, then the after school program must begin at 3:10 pm and run until 6:10 pm)

SECTION 6: Academics

Your site should plan to offer a range of academic supports including:

1) Targeted Interventions 2) Skill-Building 3) Homework Support 4) Tutoring

Other possible supports may include computer lab, library exploration, project-based learning, coordination with SES tutoring. Academic activities should be aligned with school goals and support specific student achievement needs defined by the school. Activities should be based on sound instructional strategies aligned with the regular school day program.

Required Elementary Academic Programming: Elementary programs are required to provide at least 1 hour of literacy instruction per week for all students. (Curriculum and PD will be provided by OUSD After School Literacy Learning Community.) Programs are highly encouraged to provide after school math and science instruction. There will be learning communities to provide math and science curriculum and PD.

SECTION 7: ENRICHMENT & PHYSICAL ACTIVITY / RECREATION

Enrichment activities and physical activity/recreation are required components of the ASES and 21st Century grants. Enrichment activities should provide students with the opportunity to apply their classroom learning in a real, hands-on way. Enrichment activities should intentionally and creatively build skills that support students' success in school and in life. Enrichment activities often support school goals for health and wellness, positive school climate, arts learning, and student engagement.

Recommended Middle School Program Components: Middle schools are highly encouraged to provide after school STEM instruction and youth leadership programming for students. (These program components are required for 21st Century middle school programs.) STEM and **Building Intentional Communities youth leadership curriculum and PD will be provided by OUSD** after school learning communities.

SECTION 8: FAMILY ENGAGEMENT / FAMILY LITERACY

After school provides an excellent context to foster parent involvement, connect families to the larger school community, and share important information related to the after school and regular school day programs. After school family engagement efforts should be aligned with school day efforts, and support school goals for family involvement. A variety of activities may be offered, including: parent workshops, family celebrations, parent-and-child-together activities, parent leadership and volunteer opportunities.

Family literacy is a required component of all 21st Century after school programs. Family literacy services support the educational goals of adult family members, connect them to resources and services in the community, and increase their ability to support their student's learning and development. For 21st Century grantees who receive Family Literacy funding: *The activities listed below must align to your 21st Century Family Literacy budget plan.*

SECTION 9: Chronic Absence Action Plan

Improving school day attendance for all students and reducing chronic absenteeism is one of the key OUSD strategic goals. The district goal is that all students will attend school at least 95% of the required school days or more, thereby achieving satisfactory attendance. Students who attend school 90% or less of required days are considered chronically absent. Students whose attendance falls in the "grey zone" between 90% - 95% are considered at risk of chronic absenteeism.

In partnership with the school day, after school programs can play an important role in supporting student attendance by doing things like celebrating good attendance, informing parents about the importance of attendance, uncovering what challenges students/families are facing that cause them to miss school, regularly monitoring student attendance data, contacting families to let them know their child was missed at school, etc., in addition to providing meaningful after school learning experiences that help keep students engaged and coming.

Below are several key strategies that after school programs can implement in partnership with the school day, in order to promote positive attendance, and support students and families who are struggling with attendance. Select **at least two** of the following strategies below, and identify specific action steps that your program will implement for each strategy.

2015-16 After School Enrollment Policy for Roosevelt Middle School

OUSD has established district-wide guidelines for Target Population and Enrollment in ASES and 21st Century After School Programs. Within these guidelines, each school will create a site-specific After School Enrollment Policy that will be made public to the school community through the following methods:

- Enrollment policy will be included in After School Enrollment Packet and program materials.
- Enrollment policy will be discussed at after school parent orientation/meetings.
- Enrollment policy will be shared with school faculty.

Target Population: (Describe targeted student populations in order of priority. Specify data that will inform student selection.)

Target Population(s)	Specific Data to Inform Selection of Program Participants	(High School Only) Indicate if participation is <i>Optional</i> or <i>Mandatory</i> for each target population
Students in need of academic support and intervention to improve or sustain academic performance.	Benchmark, progress report, grades	
English language learners	CELDT	
Students from socio-economically disadvantaged families/backgrounds.	FRL data	
Students with siblings already enrolled in after school program based on above priorities.	Program intakes	

Which grade levels will you serve in this program? 6th - 8th

Note: The ASES and 21st CCLC grants require that programs are open to all students of the school, if space remains after outreach is done to targeted students. (For example, if program slots remain open after you have reached out to fill slots with target populations identified above, then by law, you must accept a kindergarten family that desires program services, even if your program prioritizes students in grades 1-5.)

Additional Notes:

- Successful after school programs are heterogeneous and include several target populations.
- Sites cannot simply utilize a first come-first serve process for enrolling students; sites should establish priorities for participation.
- Programs are intended to help close the achievement gap by serving a variety of students with academic and other needs.

- In alignment with OUSD's strategic goal to reduce chronic absenteeism, programs should consider targeting students at risk
 of chronic absenteeism, as determined by individual attendance rates between 90 95% during the current school year.
 (Programs should collaborate with school site leadership to obtain student attendance data.)
- Program must enroll adequate numbers of students to meet CDE attendance targets.

Enrollment Process and Timeline: (Summarize your enrollment timeline below. Describe how your school will identify and recruit students beginning in Spring 2015. Indicate how families will be notified of 2015-16 enrollment before the last day of school, June 11, 2015.)

Timeline	After School Enrollment Steps/Process	Individual(s) responsible
March 2015	Program enrollment announcement	EBAYC ASP Director
April 2015	Release of application	EBAYC ASP Director
May 2015	Recruitment and intake	EBAYC ASP Director
June 2015	Parent Orientation	EBAYC ASP Director

Important dates to include in your timeline:

- April June: Spring enrollment for 2015-16 programs.
- Families will be notified of 2015-16 after school enrollment before the last day of school, June 11, 2015.
- After school programs begin on 1st Day of school, with enrollment at a minimum 75% capacity.
- August September: New school year enrollment of families for remaining program slots.
- Remaining program slots will be filled by September 30, 2015.
- All programs must maintain waitlists after program slots are filled.

School Support for Program Recruitment

Describe how the school will support after school program recruitment efforts. Specify how school staff will help promote the after school program, refer students, and communicate with families about program opportunities:

All school staff will learn about the timeline for enrollment to ASP. The program director will facilitate a meeting that allows all adults on campus to learn about the enrollment process and timeline.

2025 East 12th Street * Oakland * California * 94606 T - 510.533.1092 * F - 510.533.6825 * W - www.ebayc.org

The East Bay Asian Youth Center (EBAYC) is a youth development organization based in Oakland's historic Chinatown and San Antonio neighborhoods. EBAYC envisions all young people growing to be life-long builders of a just and compassionate multicultural society. Our mission supports young people to be safe, smart, and socially responsible. EBAYC serves a diverse membership of over 1,500 children, youth and young adults.

EBAYC was created in Berkeley in 1976 by Asian American Youth who wanted a place to help each other and their community. EBAYC expanded to Oakland in 1988 to help reduce and prevent gang violence among Southeast Asian immigrant youth. In 1996, EBAYC co-creates the 1996 Kids First Initiative, the successful ballot initiative that requires the City of Oakland to protect and expand funding for children and youth services. EBAYC opens the Roosevelt Village Center at Roosevelt Middle School in 1988 and became a place based organization.

Our theory of change is that If EBAYC partners with public and private institutions to provide young people a continuum of high-quality supports and opportunities; and if EBAYC engages families to actively participate in the public arena to improve the quality of neighborhood life; then EBAYC will support young people to be safe, smart, and socially responsible.

EBAYC Service Strategies

Juvenile Justice

EBAYC works with juvenile probationers move toward a healthy and productive life pathway to keep them safe, get off court probation and earn their high school diploma. We provide young people intensive mentoring, case management, and transitional employment services. Recidivism among young people is reduced by over 50% when they participate in EBAYC.

High Quality Schools

EBAYC partners with thirteen Oakland schools to provide summer and after school education, work-based learning, attendance case management, and medical and mental health services. We help parents collaborate with their child's teachers, and to be leader in school governance. We support high school students to graduate and enter higher education. EBAYC consistently demonstrates high standards of program quality and performance as indicated by city, county, and school district evaluation.

Community Development

EBAYC works with residents and merchants to increase public safety, reduce street level prostitution, improve physical environment, and expand job opportunities along the International Boulevard corridor.

OAKLAND UNIFIED SCHOOL DISTRICT Community Schools, Thriving Students

Memo	
То	Board of Education
From	Antwan Wilson, Superintendent
Board Meeting Date (To be completed by Procurement)	June 24, 2015
Subject	Master Memorandum of Understanding between Oakland Unified School District and East Bay Asian Youth Center
Action Requested	Authorize the President and Secretary of the Board to enter into and execute a Memorandum of Understanding with East Bay Asian Youth Center, on behalf of the District to provide services to students. This establishes a one year relationship with East Bay Asian Youth Center, and a not-to-exceed amount of \$3,003,240.00. This amount is projected using historical cost data, known changes to the number of sites served and expected available grant funding allowable.
Background A one paragraph explanation of why the consultant's services are needed.	The Oakland Unified School District enters into contracts each year to provide professional services that support the District's academic mission. The Master MOU establishes all terms and conditions, a defined menu of services with negotiated rates, and allows for the gathering of necessary supporting documentation to further streamline the process of receiving necessary services, while keeping the integrity of checks and balances, as well as maintaining oversight by the Governing Board.
	A Menu of Services was established that would allow a principal to "Order" from the Menu using the Individual Service Agreement (ISA). This is essential to promoting transparency of services, and the costs of those services, between like schools. Each Individual Service Agreement is submitted to the board for approval. In the event that this vendor receives more orders for service than anticipated, an amendment to this MOU will request a new not-to-exceed amount.
Discussion	Vendor: East Bay Asian Youth Center
One paragraph summary of the scope of work.	Overview of Services: East Bay Asian Youth Center contracts with schools to be a lead agency to provide high quality after school programming consisting of academic enrichment and recreational physical activities, family literacy and targeted Equitable Access services to students that are high risk.
	Not-To-Exceed Amount: \$3,003,240.00
	Determination of the Not-to-Exceed Amount is based on historical data and projections for the coming school year, it is anticipated that East Bay Asian Youth Center will provide services to 28 school sites.

The District contracts with agencies to provide various activities and after school programs. Chosen by the number of sites served with District and the long standing relationship with the agencies, the Master Memorandum of Understanding establishes a relationship with East Bay Asian Youth Center, defining terms and conditions as well as setting a maximum not-to-exceed ceiling amount. This ceiling is derived from historical cost data, and known changes in sites to be served, as well as expected grant funding. In addition, the District has been working with agencies to provide a Menu of Service, which delivers a clear and measurable scope of work. Analogous to ordering from a common table menu, each product is described and the price is clearly quoted, establishing and promoting a more perfect competition where the consumer, here the principal, is informed of the services offered, and the price for those services. This allows the principal to easily compare services and prices, and plan for programmatic needs.

Fiscal Impact There is no funding associated with the Master Memorandum of Understanding or the Amendment to the Master Memorandum of Understanding herewith. The Master Memorandum of Understanding establishes a relationship, as well as setting the terms and conditions with East Bay Asian Youth Center. The funding source for each Individual Service Agreement will be determined separately and individually. Funding for the Individual Service Agreement is verified through a review of the BDT budget process, and a review of State and Federal compliance funding when applicable.

Recommendation Approval of the Master MOU between East Bay Asian Youth Center and the Oakland Unified School District authorizing the President and Secretary of the Board to enter into and execute the Master Memorandum of Understanding and Individual Service Agreement(s) with East Bay Asian Youth Center in an amount not-to-exceed \$3,003,240.00.

The East Bay Asian Youth Center (EBAYC) is a youth development organization based in Oakland's historic Chinatown and San Antonio neighborhoods. EBAYC envisions all young people growing to be life-long builders of a just and compassionate multicultural society. Our mission supports young people to be safe, smart, and socially responsible. EBAYC serves a diverse membership of over 1,500 children, youth and young adults.

EBAYC was created in Berkeley in 1976 by Asian American Youth who wanted a place to help each other and their community. EBAYC expanded to Oakland in 1988 to help reduce and prevent gang violence among Southeast Asian immigrant youth. In 1996, EBAYC co-creates the 1996 Kids First Initiative, the successful ballot initiative that requires the City of Oakland to protect and expand funding for children and youth services. EBAYC opens the Roosevelt Village Center at Roosevelt Middle School in 1988 and became a place based organization.

Our theory of change is that If EBAYC partners with public and private institutions to provide young people a continuum of high-quality supports and opportunities; and if EBAYC engages families to actively participate in the public arena to improve the quality of neighborhood life; then EBAYC will support young people to be safe, smart, and socially responsible.

EBAYC Service Strategies

Juvenile Justice

EBAYC works with juvenile probationers move toward a healthy and productive life pathway to keep them safe, get off court probation and earn their high school diploma. We provide young people intensive mentoring, case management, and transitional employment services. Recidivism among young people is reduced by over 50% when they participate in EBAYC.

High Quality Schools

EBAYC partners with thirteen Oakland schools to provide summer and after school education, work-based learning, attendance case management, and medical and mental health services. We help parents collaborate with their child's teachers, and to be leader in school governance. We support high school students to graduate and enter higher education. EBAYC consistently demonstrates high standards of program quality and performance as indicated by city, county, and school district evaluation.

Community Development

EBAYC works with residents and merchants to increase public safety, reduce street level prostitution, improve physical environment, and expand job opportunities along the International Boulevard corridor.
