I. Introduction & Purpose of Report

The Measure G Independent Citizens Oversight Committee (Committee), pursuant to a requirement of the 2008 Education Parcel Tax, commonly known as Measure "G", enacted by the voters of the District on February 5, 2008, presents to the Board of Education and to the public annual Measure G Report, adopted [ENTER ADOPTED DATE __March 15, 2017, for the fiscal year ending June 30, 20187.

This report is aimed not only to fulfill our Measure G reporting requirements, but also to enhance our overall transparency on Measure G expenditures. The Committee Report covers the same fiscal year as the independent Audit Report, which was recently completed by Vavrinek, Trine, Day & Co (VTD).

The positive impact of Measure G is known and recognized throughout the District by staff and schools. We hope the same recognition will be realized following a review and discussion of this report with the Board and greater public.

II. Committee History, Purpose & Oversight

Legislative History & Authorized Purpose

The voters of the city of Oakland passed the Measure G Parcel Tax on February 5, 2008. The Registrar of Voters for the County of Alameda, State of California certified the results of the election on f February 29, 2008. The purpose and proceeds of the Measure G Parcel Tax are stipulated in the election Ballot language which is as follows:

Measure G: To attract and retain highly qualified teachers, maintain courses that help students qualify for college, maintain up-to-date textbooks and instructional materials, keep class sizes small, continue after-school academic programs, maintain school libraries, and provide programs, including arts and music, that enhance student achievement, shall Oakland Unified School District, without increasing the current rate, continue to levy its education special tax of \$195 per parcel, commencing July 1, 2009, exempting low-income taxpayers, and with all money benefiting Oakland schools.

Oversight Committee

The Measure G Oversight Committee ("Committee") was created on August 27, 2008 with Resolution No. 0809-0043.

The purpose of the Committee is to inform the public concerning the expenditure of parcel tax revenues and to review and report on the proper expenditure of taxpayers' money generated by the Measure G parcel tax.

Specifically, the Committee shall:

(1) Receive and review a report from the Superintendent no later than December 31st of each year that details: (1) the amount of Education Parcel Tax revenues received and expended in the prior year, including District reports and independent annual audit reports pertaining hereto; and (2) the status of any projects of descriptions of any program funded from proceeds of the tax.

(2) Produce an annual report on the preceding fiscal year expenditures for public distribution and distribution to the Board of Education not later than February 28th annually that communicates the Committee's finding as to whether tax proceeds are being spent for the purposes permitted by the Measure and recommendations, if any.

The Committee shall have the option to tour sites where Parcel Tax revenues are being expended.

The Committee shall consist of seven (7) members, and shall possess expertise in or represent the following:

- o One member shall be the parent or guardian of a child enrolled in the District;
- One member shall be both a parent or guardian of a child enrolled in the District and active in a parent-teacher organization, such as the School Site Council or Parent Teacher Association;
- One member shall be a community member who does not currently have a child enrolled in the District;
- o One member shall be a representative of the business community;
- o At least two members shall have demonstrated financial expertise; and
- o At least four members of the Committee shall be property owners in the City of Oakland.

A single individual may be appointed as a representative of more than one of the above categories, if applicable. The District shall seek to ensure the Committee is representative of the diversity of the District.

The Committee must decide who represents these criteria.

III. Active Committee Members

The Board of Education, pursuant to a requirement of Measure G, adopted Resolution No. 0809-0043, on August 27, 2008, establishing the seven (7) members Measure G Independent Citizens Oversight Committee. The Committee operates pursuant to said Resolution and adopted Board Bylaw 9131.

The Measure G Committee had one-two vacanciesy forat the time period of this report. Please note that this report was approved after Ms. Walker's term ended. The Committee members are were:

- John Baldo: A community member who does not currently have a child enrolled in the District. February 1, 2015 – January 31, 2017 (1stterm)
- Daniel Bellino: (*Vice Chairperson*): A community member who does not currently have a child enrolled in the District. February 1, 2015 – January 31, 2017(1st term).
- **3.** Sandy Carpenter-Stevenson: A community member who does not currently have a child enrolled in the District; a property owner in the District. February 1, 2014 January 31, 2018 (2nd term).
- 4. Bradley Mart (*Chairperson*): Both a parent or guardian of child enrolled in the District and active in a parent teacher organization; a representative of the business community; a property owner in Oakland; demonstrated financial expertise. February 1, 2014 January 31, 2018 (2nd term)
- 5. Sonji Walker (Secretary): A community member who does not currently have a child enrolled in the District; A property owner in Oakland. February 1, 2014 – January 31, 2017 (2nd term).
- **5.5.Amber Childress:** A community member who does not have a child enrolled in the District; and a representative of the business community. February 1, 2016 January 31, 2018. (1st term).

IV. Chairman's Notes & Meeting Summaries for the Report Time Period

The Committee

The 2016-17 school year was a frustrating one for the Measure G Committee. Since its inception in its current form in 2014, the Committee persevered throughout the 2014-15 and 2015-16 school years to create sound processes and attain a "rhythm" for understanding, communicating, and achieving its goals and statutory responsibilities. Unfortunately, much of that unwound over the course of 2016-17 and into 2017-18.

As a result, the 2016-17 report has been significantly delayed in its completion and hindered in its depth and value due to two severely limiting factors: 1) The Committee has not been filled with all 7 Committee members since January 2016. With only five members (or even six members) the Committee is provided with a very thin margin for achieving quorum should a Committee member fall sick or be out of town for work or family commitments. A full Committee of seven members is vital to the sustainable productivity of the Committee 2) There was no Finance Department staff assigned or available to support the Committee for a period of nearly five months (April – September 2017). The effect of these two limiting factors was the cancellation of four Committee meetings over the course of the 2016-17 school year, a problem that has continued into the 2017-18 school year, Ultimately, this has greatly impacted the Committee's ability to fulfill its statutory responsibilities.

The Budget,

The committee believes it is in the best interests for the compliant use of Measure G funds and in alignment with the Measure's legislative mandate that Measure G funds be designated as *restricted funds* in OUSD's budgeting policies and procedures. Measure G funds are supplementary funds designated to align with the *specific* voter-approved uses, not a substitute to fill gaps in unrestricted fund expenditures.

The allocation of Measure G resources must be transparent and strategic both for the Committee and the public. Right now the Committee, many district staff, nor the public understand how Measure G funds are allocated. The strategy for this allocation is not clear. The Committee has the right and the responsibility to understand the decision-making behind the allocations.

The lack of a clear strategy for the funds has resulted in a lack of consistency and predictability for the use of the funds. The revenue amount from Measure G funds is relatively predictable (approximately \$20) million per year). Planning ahead 3-5 years in their use will make the funding of Measure G supported programs more reliable and therefore likely more effective. A set of recommendations regarding the improved strategic allocation of Measure G funds was presented to the Board at their March 28th meeting.

The Impact

The impact of Measure G programs has not been clearly communicated to the Measure G committee or stakeholders. As stated in prior year reports, the Committee continues to believe that the use of funds for Class Size Reduction is better used on areas of the Measure G mandate that have more of an impact on student outcomes. Additionally, the Committee continues to express concern and request answers regarding the significant allocation of Measure G funds to the Basic School Support program –a category not designated in Measure G's ballot language.

_Chairman Bradley Mart reports the following on behalf of the committee:

In 2015–2016, the Committee continued to make financial transparency and open data the theme of its work plan. With the support of OUSD Staff and Open Oakland (a community organization), the Committee released Measure G financial data to the public and continued to refine <u>trackg.org</u> to help-stakeholders consume the information.

In addition, the Committee has worked with staff to better understand the programmatic impact of Measure G funding for Oakland's students and to explore new processes for allocating Measure Gfunding in order to maximize that impact with the goal of directing Measure G funds to underservedparts of the Measure G legislative mandate.

Specifically, the Committee has worked with OUSD staff and librarians to support the allocation ofsignificant funding towards the re-establishment of school libraries which will commence in the comingyear. A special thank you to Devon Dillon for her efforts and to the Friends of Oakland Public School-Libraries (FOPSL). We also continue to support funding directed towards retaining and attracting highlyqualified teachers, and an increased focus on Music, Arts and Oratorical programs.

Significantly, Measure G money funds 206 FTE (Full Time Equivalent) teaching positions! This is moneywell spent. Part of these positions were dedicated to the Elementary Education Intervention Program-(EEIP) which creates funding for teachers to have "Prep Periods" for planning, assessment andcollaboration. Measure G Funds this year have allowed every elementary school teacher 50 minutes of-Prep Time per week. Many more valuable initiatives are detailed below.

Looking forward to 2017–18, the Committee continues to believe that the use of funds for Class Size-Reduction is better used on areas of the Measure G mandate that have more of an impact on studenteducation. We will also continue to work to refine and clarify how best to use funds currently allocated for Basic School Support which currently draws more than 50% of the Measure G fund pool.

A big thank you goes to the Committee members who volunteer their time and energy to overseethe implementation and use of Measure G funds. In addition, thank you to the OUSD staff and to-Sandra Anderson-Knox for their huge support of our oversight mandate. Their professional andconstant effort to help us understand and manage our role is essential to our functionality.

V. Meeting Summaries for the Report Time Period

The Measure G Committee held 7has held 10 meetings during the time period covered in this Report (August 2016 – June 2017). Please see details below for Below is a brief summary of each meeting:-

- o August 27, 2015 August 2016:
 - Reviewed process for incorporating Measure G funds into the LCAP process (staff presentation)
 - o Reviewed 2015-16 Estimated Actuals

V. Financial Summary

Measure G expenditures for the fiscal year 2016-17 are reported in the next schedule. Expenses are reported and categorized by Programmatic and Non-Programmatic area as authorized in the Measure G ballot language (see previous section).

For this reporting period, Committee review focused on the following Programmatic areas:

- Attract and Retain Highly Qualified Teachers
- 1) Keep Class Sizes Small
- 1) Maintain School Libraries, Music, and Art Programs.

Measure G funds for 2016-17 were largely used to support broad efforts in: Basic School Support (\$5.7M), teacher prep time (\$4.2M), retention qualified teachers (\$1.8M), and school libraries (\$1.2M). Measure G funds were also expended at a high rate to reduce class size (\$5.3M). For detailed program descriptions and expense types, please refer to the <u>Programmatic Summary section (VII)</u> financial schedules provided in this report. Measure G funds were completely expended for the 2016-17 year.

VII. PROGRAMMATIC SUMMARY

A. Attract & Retain Quality Teacher Programs

Basic School Support

Basic School Support funding is allocated directly to schools. It supports a few key Measure G ballot language initiatives.

The Audit Report noted the following in regards to Basic School Support

The largest category, Basic School Support, is essentially an allocation of parcel tax dollars to the individual school sites and the sites use that allocation to cover the cost of specific classroom teachers and their related employee benefits. While this is not a specific item mentioned in the ballot language, our conclusion is this program addresses the initiative to attract and retain qualified teachers by offering competitive salaries and benefits because the use of parcel tax monies in this manner saves other unrestricted

Commented [JB1]: This chart is great! Can we get the original so that I can help with formatting?

resources. This, in turn, allows the District to offer a more competitive salary and benefits package. The same can be said for the other programs that directly deal with classroom services such as CSR and Covered Elementary Intervention (CEI). The point is if the District did not have the parcel tax resources to cover these otherwise unrestricted expenses, they would either have to use reserves to cover the cost, or they would have to make cuts in services. Saving or preserving reserves directly impacts the District's ability to offer competitive salaries and benefits. The Measure G Committee recommended in 2015-16 that OUSD reduce the amount of Measure G funds assigned to the Basic School Support category so that the designation of Measure G funds better aligned with the ballot language. The Committee and OUSD staff will be working to better designate these funds in the 2016-17 school year.

Teachers

By funding the employment of 174 teachers at a cost of nearly \$13.9 million from Measure G funds, OUSD is able to offer competitive salaries and benefits and therefore attract and retain highly qualified teachers.

Maintain Up-To-Date Textbooks and Instructional Materials

In addition, the purchase of instructional materials that helped enhance and accelerate learning were enabled through this funding, at a cost of approximately \$134K across all Measure G Program areas.

Maintain Courses that Help Students Qualify for College

There were no Measure G funds specifically designated in 2016-17 to maintain these courses. However, the purchase of textbooks and instructional materials, as well as professional development for teachers, could be associated with the maintenance of courses. The Committee does not have a recommendation at this time, but will continue to keep an eye on all of the initiatives promised to voters as outlined in the ballot language, while ensuring Measure G funds have the greatest impact for high quality education for every student in Oakland public schools.

Elementary Education Intervention Program (EEIP)

At the October 21, 2015 Measure G Committee meeting, Elementary Network Superintendent Sondra Aguilera presented to the Committee the impact of Measure G funds to her schools.

You may view a full copy of the presentation provided by Ms. Aguilera as a hyperlink in the minutes from the October 21, 2015 Committee meeting.

The Covered Elementary Intervention funding is allocated directly to school sites in order to give classroom teachers time to plan, assess student work, and collaborate with peer teachers and serves through the use of "Prep Periods". In fiscal year 2016-17, Measure G funded approximately 39 full- time equivalents (FTE) Prep-teachers in elementary schools and 2 in K-8 schools at a cost of \$3.8 million in order to provide these prep periods.

Specifically, all elementary classroom teachers receive at least one 50 minute prep period per week. School sites receive an EEIP allocation based on the number of FTE teachers on staff. The EEIP allocation can result in a partial FTE, thus a school site can choose to supplement the funding for an EEIP teacher in order for him/her to be at the school site full time, or the EEIP teacher may work at multiple sites. EEIP teachers provide instruction in a range of subject matters, including physical education, science, math, reading, writing, and art.

Ms. Aguilera highlighted a few EEIPs across OUSD. For example, the West Oakland elementary schools (Hoover, Lafayette, MLK Jr., and Place) combined their EEIP resources to hire a teacher to implement a Science, Technology, Engineering, and Math (STEM) teacher to implement a curriculum called Project Lead the Way. Students from grades TK-5 experience a weekly science block to apply what they are learning from their classroom teachers. The EEIP teacher may also push into classrooms to support STEM instruction by classroom teachers.

Additionally, Garfield's Elementary EEIP teacher focuses on supplementing reading and math instruction and students' use technology during their instructional time with him. And at La Escuelita, staff received a Next Generation Learning Challenge grant to build out a Makerspace and then used their EEIP funds to hire a teacher to support instruction in the Makerspace.

Throughout the district, for new teachers, these resources afforded them time to meet with their coaches and receive instructional support. Additionally, many school site professional learning communities met during teacher prep time to collaborate, look at student work, and get advice from each other when challenges arose.

Talent Division: Teacher Recruitment and Retention

At the December 17, 2015 Committee meeting, then Chief Talent Officer Brigitte Marshall provided a robust presentation to Committee members to outline the work of OUSD's Talent Division. Measure G funds support approximately \$1 million of the approximately \$6 million Talent Division budget.

Specifically, Ms. Marshall informed the Committee that \$827,000 of Measure G revenue funded 8.2 FTE across 11 different positions in the Talent Division, which had a total of 49 FTE. The final 2015-16 amount for Talent Division staff from Measure G funds was \$964,000, though the final FTE was decreased to 6.10.

The Measure G funded Talent Division positions focused on recruitment and retention activities. Across the District, there are approximately 2,200 teachers and each year there is an 18% to 19% turnover rate, resulting in 400 to 500 vacancies that the Talent Division needs to fill each year.

As has been stated by many employee recruitment professionals, and re-iterated by Ms. Marshall, the best recruitment strategy is a great retention strategy. So, in addition to filling annual vacancies, Talent Division staff has conducted work on a number of strategies to improve retention rates of teachers. This includes improving onboarding and orientation of new hires and better ongoing supports for employees throughout their time at OUSD. The Teacher Growth and Development System (TGDS) and Leader Growth and Development System (LGDS) are key initiatives to support educator development and thereby improve employee retention rates.

2015-16 Measure G revenue funded \$43,000 in Talent Division non-labor expenses, including needs such as online job postings and recruitment tools, advertising, local hiring fairs, etc. in order to find the best teachers possible for OUSD schools and students.

Grand Total	\$	713,000	\$	1,006,656

B. Keep Class Sizes Small (Class Size Reduction)

Class Size Reduction funding was allocated to school sites with Kindergarten – 3rd grade students so that the teacher:student ratios could be further reduced. The overall aim was improved learning environments, quality instruction and increased interaction between teacher and students. At her October 21, 2015 presentation to the Committee, Elementary Network Superintendent Sondra Aguilera discussed the value of smaller class sizes to allow for more differentiated instructional practices in the classroom.

These funds are additive to funds provided by the State for this purpose. For the fiscal year ending June 30, 2017, this funding covered the cost of 53 FTE elementary school teachers at a cost of nearly \$4.9 million. Furthermore, the Measure G funds for this program are only applied to instruction during the regular school day and year; not summer school or after-school programs

The following table provides detail on the number of positions funded by site and the impact on class sizes. Column "A" ("Non-SDC Count") represents the enrollment at the school site, exclusive of Special Day Classes. Working from left to right, the table calculates the reduction in the number of students per class, on average, as a result of Measure G, which is the final number in Column "G" ("Diff/Impact").

With Measure G funds, average class size across all K-3 classrooms was 13 students in 2016-17. Without Measure G funds, the average class size would have risen just slightly, by only .45 students per class, to an average of 13.5 students. A nearly \$5 million investment of Measure G funds reduced class sizes by less than one (1) student in 2015-16. The Measure G Committee recommends better leveraging this \$5 million to have a greater impact on student learning.

C. Maintain School Libraries

Funding for school libraries was allocated in 2016-17 to support the salary and benefits for a District Library Manager. No funds were spent on school site libraries. The Committee heard from OUSD staff, OUSD librarians, Friends of Oakland Public School Libraries, and many concerned citizens. As a result of these hearings, the Committee, interacting with OUSD staff, recommended to change funding significantly for OUSD libraries in the 2016/2017 school year. This important issue is being resolved with a clear and decisive step forward towards resolving school library funding. This is the type of fund targeting the Committee will consider going forward.

Program 1552 - Libraries					
Type of Expense		FY 2017	FY 2016		
Labor Expenses					
Teacher Salaries & Benefits	\$	985,339	\$	120,493	
Non-Labor Expenses					
Supplies, Books, Services & Other	\$	223,810	\$	469	
Grand Total	\$	1,209,149	\$	120,962	

D. Provide Art Programs

Measure G funding for Art assisted the District in providing arts instruction to an increasing number of students, to build school cultures that support quality arts learning and to prepare teachers to teach in and through the arts. This funding is allocated directly to schools and has a direct impact on students learning.

Arts education is a powerful medium through which students develop social skills, engage with their community and enhance their creative capital and skills for expression often relied on for successful careers. Over the 2016-17 school year, Measure G funds for the arts were spent primarily on consultants. Community artists are sometimes hired as consultants to support arts education in the district. The majority of Measure G funding for Art however was allocated directly to school sites in the amount of nearly \$500K.

Oakland Fine Arts Summer School (OFASS)

OFASS is a collaborative program funded and operated through OUSD and community partners. Through Measure G's support, elementary school aged OUSD students can enroll in and attend this integrative arts summer program.

The summer program runs for full days for 4 weeks during the summer. Students are grouped by grade level and/or experience and are assigned classes in several areas of the arts. For example, class offerings include: art – set design, drama, music – voice, video production, and dance. The summer program culminates on a staged performance featuring all students' participants. Measure G funding covers the cost of stipends and salaries and benefits for teachers and consultants.

OFASS is an intensive program with strong emphasis on the performing arts. It is for beginners to advanced students who are open to exploration, willing to venture out and accept challenges, and be focused and disciplined.

Example of funds used at the various schools:

- Kaiser Elementary School: Measure G funds supported student appreciation for art, music, dance and theater.
- Garfield Elementary: Offers a full curriculum of the Arts including band, chorus, computer arts, dance, drawing and painting.

Grand Total	\$	77,621	\$	75,983

Oratorical Fest/Performances

Funding is provided to support numerous community events. Funding is allocated in part for staff salary and benefits to support after-hours work. The District also funded some consultants to provide expertise and support to staff surrounding the major events.

A large portion of this funding covers the costs of supplies required to plan and host large community events such as: rentals, refreshments and other general supplies. Events include the Oratorical Fest and our annual spelling bee contest.

These community-based events encouraged academic contest and engaged students in a meaningful way to think about social change and progress. These experiences and acquired skills are critical for college, community and career readiness and fundamentally linked to OUSD's overall mission. The Oratorical Fest competition helps build students' confidence, articulation, pronunciation, and stage presence.

Example of funds used at the various schools:

- Sequoia Elementary: During the school assembly Sequoia celebrates the gift of oratory and honors the immense contribution of Dr. Martin Luther King, Jr., and other leaders. Groups and individuals are invited to recite a poem or speech during the school assembly.
- Chabot Elementary: Will hold their site MLK Oratorical Contest for Grades 3-5 on January 20, 2017.

E. Provide Music Programs

Funding in music allows the District to provide access to quality music instruction, to build school cultures that support learning through music and to prepare teachers to teach in and through music. This funding supports teachers on special assignments or consultants to provide the District's students with benefit of having a creative expert. The Measure G Oversight Committee intends to review funding for music in its forthcoming fiscal year.

Program 1135 - Music

Grand Total	\$	319,616	\$	50,780	

VIII. Non Programmatic Costs

A. County Administrative Fee

This funding reflects county-based fees incurred by OUSD to access, levy and collect the parcel tax. These fees are paid directly to the County of Alameda. <u>A fee must be paid for each parcel tax the county collects</u>. The Committee understands the importance of maintaining a clear and strong relationship with the County of Alameda treasury office in the collection of the Measure G Education Parcel tax. Although the \$342K charged for the administrative collection fee seems to be considerable the Committee recognizes the requirement for oversight, management and the proper collection of the Measure G funds.

An Audit Report Finding was noted in regards to the County Administrative Fee (referred to as the County Collection Fee in the Audit Report). The error occurred when OUSD incorrectly charged the County Administrative Fee equally to Measure N and Measure G, when in fact Measure G should have been charged a larger Administrative Fee amount than Measure N. The Audit Report confirms that OUSD has corrected the County Administrative Fee charged to Measure N and Measure G.

X. Audit Report

Auditor's Opinion

The auditor's charge was to verify OUSD's assertion that:

- 1) The Measure G Parcel Tax proceeds of the Measure were accounted separately in the accounting records of the District.
- 2) Expenditures charged against such proceeds were made in accordance with intended uses spelled out in Measure G and approved by the voters.

The auditor determined that OUSD's assertions for the year ending June 30, 2017 were fairly stated in all material respects.

The auditor made this determination through, among other procedures, selecting specific programs for detailed expenditure testing and reviewing OUSD's method of allocation of parcel tax proceeds to each school site for reasonableness and conformity with the language of the ballot measure. Programs selected for testing included:

- 1) Keeping class sizes small
- 2) Attracting and Retaining Highly Qualified Teachers
 - a. Elementary Education Intervention Program (EEIP)
 - b. Basic School Support
- 3) County Administrative Fee

As with the prior year's Audit Report (2014-15), the auditor noted that, while Basic School Support is not a specific item mentioned in the ballot language, it aligns with the intent of the measure to attract and retain highly qualified teachers. The auditor claims that the Basic School Support expenditure, as well as the EEIP and Class Size Reduction expenditures, prevent OUSD from using other unrestricted resources or reserves to cover these costs, thus allowing OUSD to offer a more competitive salary and benefits package.

Finding

The Audit Report noted one Finding. It is explained under the County Administrative Fee section above.
