Strategic Alignment Among the key purposes of the District's Facilities Master Plan is to provide an academic environment for the Oakland community that will give every student, educator, and community member using our facilities the best possible opportunity for learning.

Through implementation of the Facilities Master Plan, the District intends to improve the District's facilities in terms of structural integrity, safety, reliability of operating (mechanical) systems, access to modern resources, number and type of appropriate laboratories and specialized instruction rooms, opportunities for physical education, and attractiveness, such that the Oakland Public Schools are second to none. Operation of the District schools under the planned approach is intended to ensure safety, cleanliness, and orderliness for all individuals participating in the learning process.

The basic facility needs of students such as proper lighting, functional roofs, noise control and well maintained buildings, not only convey the message that we value our students and teachers but may foster a sense of school pride and community ownership which may improve attitudes towards learning. The implementation of the Facilities Master Plan is our first step in that direction.

ADDITIONAL INSURED (ARCHITECTS, ENGINEERS AND SURVEYORS)

This endorsement modifies insurance provided under the following:
COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

NAME OF PERSON(S) OR ORGANIZATION(S): Oakland Unified School District, its Directors, Officers, Employees, Agents, and Representatives

PROJECT/LOCATION OF COVERED OPERATIONS: All Operations of the Named Insured

PROVISIONS

A. The following is added to WHO IS AN INSURED (Section II):

The person or organization shown in the Schedule above is an additional insured on this Coverage Part, but only with respect to liability for bodily injury, property damage or personal injury caused, in whole or in part, by your acts or omissions or the acts or omissions of those acting on your behalf:

- a. In the performance of your ongoing operations;
- b. In connection with premises owned by or rented to you; or
- c. In connection with your work and included within the "products-completed operations hazard."

Such person or organization does not qualify as an additional insured for "bodily injury", "property damage" or "personal injury" for which that person or organization has assumed liability in a contract or agreement.

The insurance provided to such additional insured is limited as follows:

- d. This insurance does not apply to the rendering of or failure to render any "professional services".
- e. The limits of insurance afforded to the additional insured shall be the limits which you agreed in that contract or agreement requiring insurance to provide for that additional insured, or the limits shown in the Declarations for this Coverage Part, whichever are less. This endorsement does not increase the limits of insurance stated in the LIMITS OF INSURANCE (Section III) for this Coverage Part.

B. The following is added to Paragraph a. of 4. Other Insurance in COMMERCIAL GENERAL LIABILITY CONDITIONS (Section IV):
However, if you specifically agree in a contract or agreement requiring insurance that, for the additional insured shown in the Schedule, the insurance provided to that additional insured under this

COMMERCIAL GENERAL LIABILITY

Coverage Part must apply on a primary basis, or a primary and non-contributory basis, this insurance is primary to other insurance that is available to such additional insured which covers such additional insured as a named insured, and we will not share with the other insurance, provided that:

- (1) The "bodily injury" or "property damage" for which coverage is sought occurs; and
- (2) The "personal injury" for which coverage is sought arises out of an offense committed;

after you have entered into that "contract or agreement requiring insurance" for such additional insured. But this insurance still is excess over valid and collectible other insurance, whether primary, excess, contingent or on any other basis, that is available to the additional insured when the additional insured is also an additional insured under any other insurance.

- C. The following is added to Paragraph 8. Transfer Of Rights Of Recovery Against Others To Us in COMMERCIAL GENERAL LIABILITY CONDITIONS (Section IV):

We waive any rights of recovery we may have against the additional insured shown in the Schedule above because of payments we make for "bodily injury", "property damage" or "personal

injury" arising out of "your work" on or for the project, or at the location, shown in the Schedule above, performed by you, or on your behalf, under a "contract or agreement requiring insurance" with that additional insured. We waive these rights only where you have agreed to do so as part of the "contract or agreement requiring insurance" with that additional insured entered into by you before, and in effect when, the "bodily injury" or "property damage" occurs, or the "personal injury" offense is committed.

- D. The following definition is added to DEFINITIONS (Section V):

"Contract or agreement requiring insurance" means that part of any contract or agreement under which you are required to include the person or organization shown in the Schedule as an additional insured on this Coverage Part, provided that the "bodily injury" and "property damage" occurs, and the "personal injury" is caused by an offense committed:

- a. After you have entered into that contract or agreement;
- b. While that part of the contract or agreement is in effect; and
- c. Before the end of the policy period.

 OUSD Project No. 07147

Dear Kevin,

Thank you for the opportunity to provide this Architectural and Engineering service proposal for the above mentioned project. Based on the email request of 11/17/11, as well as subsequent correspondences, I understand the scope of services to be included as follows:

Burckhalter ES Portable Installation

- Provide design and construction documents for installation of district owned 7 classroom portable buildings and 1 restroom building.
- Provide design of electrical, data, intercom, fire alarm, and intrusion alarm system per the district standard.
- Provide plumbing and utility design to serve the portable buildings.
- Provide a design of 20ft x 20ft covered lunch structure.
- The services will include design, agency approval, bidding support, construction administration, and project closeout.

I understand that the preliminary construction budget for this project is \$825,000.00

Based on the information provided by the district, we propose the following design fees to complete the task.

DISCIPLINE	PROPOSED FEE
Architect	\$45,000.00
Structural	\$9,500.00
Mechanical	\$5,500.00
Electrical	\$9,000.00
Fire Alarm by Our electrical Engineer	\$3,000.00
TOTAL	\$72,000.00
Sewage Pump Design*	\$5,500.00
Fire Alarm by Aon Fire Protection*	\$20,000.00

As noted by the asterisks above, there are a couple of tasks which may require additional fee in addition to the total A&E fee of \$72,000.00.

One, we understand that the district will provide information regarding sewer connection and the underground waste line elevations. If a design of a new sewage pump system is required due to the site condition, then the additional engineering fee will be required to implement the design.

Two, the district may elect to utilize Aon Fire Protection for the design of the fire alarm system. Their proposed fee will replace the fire alarm design cost by our electrical engineer, if desired.

We understand that the portable buildings to be placed on the site have proper DSA documentation and closeout status to be utilized in this project.

We are ready to initiate the contract upon your review and approval. Thank you once again for your consideration.

Cordially,

Dong E Kim, AIA, LEED AP
Vice President
