Agreement between Oakland Unified School District and Peralta Community College District to Operate Gateway at Laney Alternative High School

This Agreement is entered into, as of July 1, 2023, between the Oakland Unified School District (“OUSD”) and the Peralta Community College District (“Peralta”) for the latter to house and provide instruction at the alternative education high school called Gateway to College at Laney College (“Gateway”) on the campus of Laney College (“Laney”).

Whereas, Gateway to College is an OUSD alternative high school based on a nationally recognized education model serving youth who have dropped out of high school;

Whereas, in June 2008, OUSD authorized the establishment of Gateway as an alternative education high school to be operated on the Laney campus;

Whereas, students attending Gateway will be concurrently enrolled in Laney and OUSD and from their first day will earn credits toward a high school diploma and an Associate’s Degree and/or credits toward a certificate program;

Whereas, it is anticipated that Gateway’s student body will largely be comprised of foster youth, adjudicated youth, teen parents, and students recovering from homelessness or drug and alcohol abuse and who are on the verge of not completing high school by the time they are 18 years of age; and

Whereas, Gateway will be a school of high expectations and equally high levels of support from Peralta and OUSD in order to ensure that vulnerable youth receive a second chance to re-engage in education in a meaningful way and create better lives for themselves.

THEREFORE, the parties, intending to be legally bound, hereby agree as follows:

1. EDUCATION CODE AND WAIVERS

OUSD will seek and obtain all necessary waivers from the California Department of Education (“CDE”) in order to fully support Gateway to College operating within the community college structure. Such waivers include, but may not be limited to, those for: (a) the minimum numbers of instructional days and minutes without a corresponding reduction in average daily attendance (“ADA”); (b) compulsory education and truancy laws; (c) computation of ADA; and (d) Section 48900 of the Education Code which pertains to discipline of students matriculating in K-12 schools.

Peralta will seek and obtain all necessary waivers (if necessary) from the California Community College State Chancellor’s Office in order to fully support Gateway to College operating as an alternative high school on the Laney College Campus.

2. RECRUITMENT

OUSD agrees to actively refer students to Gateway (via the Executive Director of Alternative Education, high school counselors/principals etc). OUSD also agrees to include Gateway in relevant community outreach efforts. OUSD agrees to timely authorize final approval of students selected by Gateway, as appropriate, based on the eligibility criteria outlined in Section 3 below. Gateway’s other recruitment efforts will consist of outreach to community organizations, advertising, referrals from the

juvenile justice system and social services system among other forms. Laney also agrees to include information regarding Gateway to College in all of its marketing literature to the extent relevant.

3. ENROLLMENT/ELIGIBILITY

In accordance with Education Code section 58503, students enrolled in Gateway shall be selected entirely from volunteers. Attendance at Gateway is through application and selection only. Gateway shall review applications and tentatively accept students. Oakland's Executive Director of Alternative Education, or his/her designee, shall review and approve those students that Gateway selects. Admitted students are considered concurrently enrolled college students (as defined by State law related to community colleges), and except as provided herein, with all the benefits and responsibilities of all other Laney students. By choosing to enroll at Gateway, students agree to forfeit certain benefits and conditions of a traditional public high school experience, such as team sports and high school activities.

Students enrolling in the program must:

- a) Be at least 16 years of age by the first day of class;
- b) Reside within OUSD's boundaries and meet the residency requirement for community college enrollment;
- c) Have dropped out of high school, will not complete high school by the time they are 18 years of age and/or are deemed as "at risk" of dropping out;
- d) Be referred by OUSD, a sponsoring high school and/or referral community agency;
- e) Not have obtained a high school diploma;
- f) Have a minimum eighth (8th) grade reading level as assessed by a Peralta-administered examination;
- g) Be able to complete requirements to receive a high school diploma during the semester in which they have their 21st birthday (or be allowed to continue one additional semester if it is determined the student will graduate and/or with approval from OUSD); and
- h) Have his or her enrollment approved by OUSD in order to ensure sustainability and compliance with guidelines for admittance.

Gateway students may be simultaneously enrolled in Adult School or other OUSD programs (e.g., online learning programs) and Gateway to allow greater access for students to earn their high school diploma and AA degree. Students may enter the program during the fall or spring semester and would normally be continuously enrolled until such time that sufficient dual credit has been earned toward completion of a high school diploma, until the student reaches age 21, or until students age 20, in the approved eligibility category described below, complete their high school diploma.

Any exceptions to criteria **a** through **h** above will be made on an individual student basis and must be approved in writing by the Governing Board and/or Superintendent of OUSD or designee and the Laney College President or the President's designee.

If a prospective student who is not referred directly by OUSD attempts to apply to Gateway and if program staff determine that he/she does not meet the eligibility criteria listed above, the student will be referred to an appropriate service provider. Peralta, OUSD or Gateway staff may refer the student back to his/her neighborhood high school, an alternative education program, or to a local GED program, as

appropriate. In such cases, the staff making the referral shall provide confirmation of the referral in writing to the designated school or center.

4. FUNDING

The funding to OUSD for students enrolled in the program is based on the Local Control Funding Formula (“LCFF”) and includes base, supplemental, and concentration grants in place of most previously existing K-12 funding streams, including revenue limits and most state categorical programs under this Agreement.

The LCFF includes the following components:

Provides a base grant of \$10,206.65 per average daily attendance (ADA), which includes, an adjustment of 2.6 percent on the base grant amount for grades nine through twelve, a supplemental grant equal to 20 percent of the adjusted base grant for targeted disadvantaged students, and a concentration grant equal to 50 percent of the adjusted base grant for targeted students exceeding 55 percent of the District’s enrollment.

The projected funding for 2023-24 is attached hereto and incorporated herein as Exhibit A. The projected funding for 2024-25 shall be agreed to by the parties no later than May 1, 2024. The Parties agree and acknowledge that the direct and indirect costs are subject to modification based upon OUSD’s said costs as reflected in the annual adopted budget. If the per-pupil ADA changes either during the academic year or in subsequent years, Peralta will invoice OUSD an amount that equals the per-pupil ADA minus the authorized direct and indirect costs provided by the State. This amount shall be invoiced in the middle of each semester after the community college census day. The indirect cost rate shall be as determined by CDE for each year.

OUSD’s direct cost deduction from the ADA remittance shall reflect the annual cost to OUSD for reporting and monitoring required of K-12 schools including, but not limited to: attendance; Annual Evaluation of Alternative Schools; Single Plan for Student Achievement; testing, technology (Aeries, IFAS), and data services; state and federal reporting, compliance, monitoring and support; fiscal services for state and federal funds; access to trainings, professional development and High School Network meetings; oversight and support from Network Executive Officer and Director, Alternative Education; food services; Student Assignment Office support (referrals, transfers); and Department of Leadership, Curriculum, and Instruction (alignment of curricula, professional development). OUSD agrees to provide an award letter to Peralta prior to the start of the fall semester. OUSD also agrees to provide written notice to Peralta if State adjustments to base revenue limit occur during the school year.

Peralta will also deduct from the ADA remittance of the annual cost to Peralta of all state reporting, MIS data services, fiscal oversight and support services. The annual cost of these charges will not exceed 5%.

Laney will work in conjunction with the Gateway to College National Network, the Peralta Colleges Foundation and other fundraising efforts to generate additional revenue for the Gateway to College Program.

Students will also be supported by categorical funds (e.g., Title I, State Compensatory Education funds) provided that Gateway is compliant with all State and Federal requirements for funding.

Peralta agrees to use Gateway funds in a manner consistent with CDE regulations. Gateway’s estimated funding is attached as Exhibit A. Peralta will ensure that all fund accounting is transparent and accessible to OUSD and CDE.

Peralta will invoice OUSD twice a year based on the actual ADA, for the fall and spring semesters within 45 days of receipt of the census day.

5. INSTRUCTION

Instruction will begin in Fall with approximate enrollment of 82 students. Continuing students will fluctuate depending on successful completion of the Foundation Term, as defined below.

During the first term of their enrollment, also known as the “Foundation Term,” students will participate in assigned classes, work with tutors and counselors, and receive intensive support services in order to facilitate their success. Laney will ensure that Foundation Term instruction will include best practices in teaching and learning, will include an integrated, outcome-based curriculum and instruction. After the Foundation Term, students will begin course work toward a chosen field of study and earn their high school diploma while accruing credits toward their postsecondary certificate, diploma, or associate degree. Laney will ensure that all students moving from their Foundation Term to their subsequent terms will be provided with the academic support services needed to complete their courses successfully, which will include, but not be limited to tutoring, counseling/social services support, CAHSEE completion support, alternative high school credit completion support (i.e., online learning). There is no cost to students to attend Gateway.

Peralta will award college credit for all courses successfully completed in accordance with official Peralta policies and procedures. Students must be enrolled in approved dual credit courses to receive both high school and college credit for the courses. OUSD will support Gateway in approving additional courses for high school credit as appropriate, in a timely fashion.

Peralta will assign faculty to deliver and monitor the instruction of courses in order to assure the quality and uniformity of instruction in accordance with the standards established by the CDE, Peralta, and OUSD. OUSD teachers who have a master’s degree and meet the other requirements necessary for instructors at a community college shall be eligible to apply to teach at Gateway. Peralta will ensure that the highest qualified instructors with K-12 experience and/or experience in accelerated learning for basic skills will be hired.

All courses for the Foundation term will be conducted on the Laney campus in Building A, so long as in-person instruction is permitted under any shelter-in-place or similar orders. Laney will provide other facilities on the campus as needed. After successfully completing the Foundation Term, Gateway students will transition to the comprehensive campus, taking classes with the general population of students at Laney. Students will be provided the academic tutoring support needed to successfully complete their courses.
