Our School Vision and Mission

La Escuelita is a TK8 full-service community school with the expectation that all student will be prepared for success in higher learning opportunities. Students thrive within our learning environment, and will be leave our site emotionally, and academically prepared for college and career.

Overarching Vision for G1 Funds

Through the use of G1 funding we will continue to build out our elective offerings at our site. This year has been our first role-out of elective offerings and we have received great feedback from families and students. We have seen increased student engagement from our middle school students through team building opportunities and potential career opportunity exposure through our electives.

We would like to increase our electives in offering multiple levels of Spanish Language classes as well as Photography and Graphic Design.

Grounded: School Wide Root-Cause Analysis

- We are seeing huge improvements in student engagement within our photography elective. Students are constantly asking if they can attend this course multiple times throughout the week outside of our current schedule of electives.
- Many families have expressed a need for Language courses within Middle school for two reasons. 1: Supporting students in a home language or new language will begin their exposure to higher levels of coursework within highschool and college. 2: Students will need to be exposed to and complete Language requirements within high school in order to apply for higher education
- This being our final year of Middle School expansion, we are seeing the need to ensure that our middle school students are engaging in experiences that will ensure a smooth transition to high school.
- SPF Growth for Middle School - SRI growth of 6.0 and Overall Academic Growth of 4.33
