Memo

To Board of Education

From Kyla Johnson-Trammell, Superintendent
Lucia Moritz, High School Network Superintendent

Board Meeting Date June 10, 2020

Subject Presentation - Status Report - Accreditation of District Schools, Spring 2020

Action Presentation to the Board of Education by the Superintendent of Schools, or designee, of a status report on accreditation of District schools as of Spring 2020.

Background This presentation will serve as an overview of the accreditation status of WASC and provide a status report on the accreditation status of our schools.

The Western Association of Schools & Colleges (WASC) is an entity to ensure educational quality within institutions across the western region of the United States. The WASC accreditation process assures that a school community is appropriately addressing student needs and is working towards a solid school vision. Additionally, the WASC review validates the integrity of a school's program and transcripts, fosters the ongoing improvement of a school's programs and operations, and provides valuable insight from fellow educators within the WASC community on the success and progress of these important educational components.

Fiscal Impact No Fiscal Impact to District
