Strategic Alignment	Among the key purposes of the District's Facilities Master Plan is to provide an academic environment for the Oakland community that will give every student, educator, and community member using our facilities the best possible opportunity for learning.
	Through implementation of the Facilities Master Plan, the District intends to improve the District's facilities in terms of structural integrity, safety, reliability of operating (mechanical) systems, access to modern resources, number and type of appropriate laboratories and specialized instruction rooms, opportunities for physical education, and attractiveness, such that the Oakland Public Schools are second to none. Operation of the District schools under the planned approach is intended to ensure safety, cleanliness, and orderliness for all individuals participating in the learning process.

	The basic facility needs of students such as proper lighting, functional roofs, noise control and well maintained buildings, not only convey the message that we value our students and teachers but may foster a sense of school pride and community ownership which may improve attitudes towards learning. The implementation of the Facilities Master Plan is our first step in that direction.

2. DETAILED FEES BY DISCIPLINE:

For each of the disciplines requiring our services we have provided the basis used by us for determining the fees. The following is a summary of our testing and inspection fees, followed by a detailed

1	Field Compaction Tests		\$ 4,620.00
2	Mileage Allowance:		75.00
3	Project Management		600.00

DETAILED FEES

1 Field Compaction Tests

Basis: We will provide as needed compaction tests for back-fill of trenches; an allowance of 40 hours is included. We are including two moisture density tests.

	a) Moisture Density Curvesb) Shop & Field Inspections:	2 40	tests @ hours @	\$350.00 \$98.00	per test per hour Sub-Total	\$ \$	700.00 3,920.00 4,620.00
2	Mileage Allowance:	15	trips @	\$5.00	per trip	\$	75.00
3	Project Management	4	hours @	\$150.00	per hour	\$	600.00
