Dear Site and/or District Administrator:

It is time for the posting, as required by state law, of the 2014-2015 Annual Notice of the Board of Education's Public Hearing on the Sufficiency of Textbooks and Instructional Materials for pupils of the District.

The Board of Education at its Regular Meeting on October 8, 2014, at approximately 6:00 P.M., (or as soon thereafter as the matter may be heard) in **The Great Room, LaEscuelita Education Center, 1050 2nd Avenue, Oakland, CA 94606**, will hold the District's annual hearing on the Sufficiency of Textbooks and Instructional Materials. The Board will take testimony from pupils, parents, and staff as to whether the District has sufficiently provided required textbooks and/or instructional materials to pupils at your site and each and every site in the District as of the end of the eighth week of school (October 17, 2014). If "Yes", in whole or in part, the Board will be able to so certify. If "No", in whole or in part, then the Board must determine said shortages and how the shortages are going to be immediately made up.

Appropriate Instructional and Support staff, with your assistance (or predecessor's assistance), have completed the current school year's Sufficiency of Textbooks and Instructional Materials Survey at your site, produced a proposed District-wide report, a recommended determination and finding for consideration by the Board at its October 8, 2014 Meeting.

From Monday, September 15, 2014 through October 8, 2014, the District is required to give Notice of the Public Hearing on the Sufficiency of Textbooks and Instructional Materials, of the availability of the preliminary report that the Board will consider at the hearing, by posting a Notice of the Public Hearing at your school site in the major language or languages of your pupil, parent population; in the Oakland Tribune\* and on the web. (The Notice, preliminary or proposed 2014-15 Sufficiency of Textbook and

Instructional Materials Report for consideration and possible adoption by the Board is now viewable, in the major languages, on the District's web site at <http://ousd.k12.ca.us/domain/69>.) The Notice is required to remain posted at your site through October 8, 2014.

I am asking your help, more specifically, as chief administrator of your site, in assisting the District to meet the legal obligation of posting the Hearing Notice by requesting that you place the attached Notice, at your location, in as many languages as may be spoken, written by your site's student population and/or parents, guardians, caregivers or custodians of pupils or employees, so that each may become aware of the Hearing and participate therein, if desired, which will help the Board make the appropriate decision. (You **are not required** to reproduce the Public Hearing Notice to send home by pupils but only to post the Notice at your site in an accessible, visible location so that visitors, pupils, parents, guardians, caregivers and staff may read it and participate in the hearing if desired.)

The benefit to the District of the posting of the Notice, among others, is twofold: one, by Noticing this hearing as required by law, it will help the Board determine if additional Textbooks and Instructional Materials are needed for pupils, notwithstanding the extraordinary efforts made by you and other staff to have sufficient textbooks and materials on hand, at your site and every school site, the first day of school; and secondly, by carrying out the legal, procedural requirements, such as compliance with this posting of Notice request, the District acts prudently to insure that the Textbook and Instructional materials monies currently available from the state for our students is not withheld because the District did not post the Notice, hold the hearing and make the findings as prescribed by state law, i.e., Education Code Section 60619, on or before conclusion of the eighth week of school (October 17, 2014).

I know that this posting request is one more administrative task that you are being asked to do but it is a requirement for the benefit of those we serve - our pupils. Would you please post - Monday, September 15, 2014 - and by return e-mail, i.e., reply, confirm that you have posted the Notice at your site? Your response will serve as part of the evidence that the District has complied with legal requirements by taking appropriate steps to remedy any late discovery of shortages of pupil textbooks or instructional materials and that the District is entitled to its appropriated state textbook and instructional materials funds to educate our pupils (and not have to return such funds or be assessed a substantial penalty because District did not follow the statutory steps, including noticing and conducting the Hearing to insure that our students have adequate textbooks and materials).

The potential penalty or loss in revenue to the District for not following all of the procedural, statutory steps described herein is in excess of \$2 million dollars in textbook and instructional materials monies or other revenue for our pupils. So confirmation of your honoring of the request stated herein is critical.

We had a great response, which was very much appreciated, from you (or your predecessor) last year confirming the Notice posting. We are looking for a similar response this year.

The Board, Superintendent Wilson, his Chiefs and I thank you in advance for your prompt, positive honoring of this request to post the required Notice and, by return email, letting me know that the posting at your site has been done.

Dear Site and/or District Administrator:

It is time for the posting, as required by state law, of the 2014-2015 Annual Notice of the Board of Education's Public Hearing on the Sufficiency of Textbooks and Instructional Materials for pupils of the District.

The Board of Education at its Regular Meeting on October 8, 2014, at approximately 6:00 P.M., (or as soon thereafter as the matter may be heard) in **The Great Room, LaEscuelita Education Center, 1050 2nd Avenue, Oakland, CA 94606**, will hold the District's annual hearing on the Sufficiency of Textbooks and Instructional Materials. The Board will take testimony from pupils, parents, and staff as to whether the District has sufficiently provided required textbooks and/or instructional materials to pupils at your site and each and every site in the District as of the end of the eighth week of school (October 17, 2014). If "Yes", in whole or in part, the Board will be able to so certify. If "No", in whole or in part, then the Board must determine said shortages and how the shortages are going to be immediately made up.

Appropriate Instructional and Support staff, with your assistance (or predecessor's assistance), have completed the current school year's Sufficiency of Textbooks and Instructional Materials Survey at your site, produced a proposed District-wide report, a recommended determination and finding for consideration by the Board at its October 8, 2014 Meeting.

From Monday, September 15, 2014 through October 8, 2014, the District is required to give Notice of the Public Hearing on the Sufficiency of Textbooks and Instructional Materials, of the availability of the preliminary report that the Board will consider at the hearing, by posting a Notice of the Public Hearing at your school site in the major language or languages of your pupil, parent population; in the Oakland Tribune\* and on the web. (The Notice, preliminary or proposed 2014-15 Sufficiency of Textbook and Instructional Materials Report for consideration and possible adoption by the Board is now viewable, in the major languages, on the District's web site at <http://ousd.k12.ca.us/domain/69>.) The Notice is required to remain posted at your site through October 8, 2014.

I am asking your help, more specifically, as chief administrator of your site, in assisting the District to meet the legal obligation of posting the Hearing Notice by requesting that you place the attached Notice, at your location, in as many languages as may be spoken, written by your site's student population and/or parents, guardians, caregivers or custodians of pupils or employees, so that each may become aware of the Hearing and participate therein, if desired, which will help the Board make the appropriate decision. (You **are not required** to reproduce the Public Hearing Notice to send home by pupils but only to post the Notice at your site in an accessible, visible location so that visitors, pupils, parents, guardians, caregivers and staff may read it and participate in the hearing if desired.)

The benefit to the District of the posting of the Notice, among others, is twofold: one, by Noticing this hearing as required by law, it will help the Board determine if additional Textbooks and Instructional Materials are needed for pupils, notwithstanding the extraordinary efforts made by you and other staff to have sufficient textbooks and materials on hand, at your site and every school site, the first day of school; and secondly, by carrying out the legal, procedural requirements, such as compliance with this posting of Notice request, the District acts prudently to insure that the Textbook and Instructional materials monies currently available from the state for our students is not withheld because the District did not post the Notice, hold the hearing and make the findings as prescribed by state law, i.e., Education Code Section 60619, on or before conclusion of the eighth week of school (October 17, 2014).

I know that this posting request is one more administrative task that you are being asked to do but it is a requirement for the benefit of those we serve - our pupils. Would you please post - Monday, September 15, 2014 - and by return e-mail, i.e., reply, confirm that you have posted the Notice at your site? Your response will serve as part of the evidence that the District has complied with legal requirements by taking appropriate steps to remedy any late discovery of shortages of pupil textbooks or instructional materials and that the District is entitled to its appropriated state textbook and instructional materials funds to educate our pupils (and not have to return such funds or be assessed a substantial penalty because District did not follow the statutory steps, including noticing and conducting the Hearing to insure that our students have adequate textbooks and materials).

The potential penalty or loss in revenue to the District for not following all of the procedural, statutory steps described herein is in excess of \$2 million dollars in textbook and instructional materials monies or other revenue for our pupils. So confirmation of your honoring of the request stated herein is critical.

We had a great response, which was very much appreciated, from you (or your predecessor) last year confirming the Notice posting. We are looking for a similar response this year.

The Board, Superintendent Wilson, his Chiefs and I thank you in advance for your prompt, positive honoring of this request to post the required Notice and, by return email, letting me know that the posting at your site has been done.

Dear Site and/or District Administrator:

It is time for the posting, as required by state law, of the 2014-2015 Annual Notice of the Board of Education's Public Hearing on the Sufficiency of Textbooks and Instructional Materials for pupils of the District.

The Board of Education at its Regular Meeting on October 8, 2014, at approximately 6:00 P.M., (or as soon thereafter as the matter may be heard) in **The Great Room, LaEscuelita Education Center, 1050 2nd Avenue, Oakland, CA 94606**, will hold the District's annual hearing on the Sufficiency of Textbooks and Instructional Materials. The Board will take testimony from pupils, parents, and staff as to whether the District has sufficiently provided required textbooks and/or instructional materials to pupils at your site and each and every site in the District as of the end of the eighth week of school (October 17, 2014). If "Yes", in whole or in part, the Board will be able to so certify. If "No", in whole or in part, then the Board must determine said shortages and how the shortages are going to be immediately made up.

Appropriate Instructional and Support staff, with your assistance (or predecessor's assistance), have completed the current school year's Sufficiency of Textbooks and Instructional Materials Survey at your site, produced a proposed District-wide report, a recommended determination and finding for consideration by the Board at its October 8, 2014 Meeting.

From Monday, September 15, 2014 through October 8, 2014, the District is required to give Notice of the Public Hearing on the Sufficiency of Textbooks and Instructional Materials, of the availability of the preliminary report that the Board will consider at the hearing, by posting a Notice of the Public Hearing at your school site in the major language or languages of your pupil, parent population; in the Oakland Tribune\* and on the web. (The Notice, preliminary or proposed 2014-15 Sufficiency of Textbook and Instructional Materials Report for consideration and possible adoption by the Board is now viewable, in

the major languages, on the District's web site at <http://ousd.k12.ca.us/domain/69>.) The Notice is required to remain posted at your site through October 8, 2014.

I am asking your help, more specifically, as chief administrator of your site, in assisting the District to meet the legal obligation of posting the Hearing Notice by requesting that you place the attached Notice, at your location, in as many languages as may be spoken, written by your site's student population and/or parents, guardians, caregivers or custodians of pupils or employees, so that each may become aware of the Hearing and participate therein, if desired, which will help the Board make the appropriate decision. (You **are not required** to reproduce the Public Hearing Notice to send home by pupils but only to post the Notice at your site in an accessible, visible location so that visitors, pupils, parents, guardians, caregivers and staff may read it and participate in the hearing if desired.)

The benefit to the District of the posting of the Notice, among others, is twofold: one, by Noticing this hearing as required by law, it will help the Board determine if additional Textbooks and Instructional Materials are needed for pupils, notwithstanding the extraordinary efforts made by you and other staff to have sufficient textbooks and materials on hand, at your site and every school site, the first day of school; and secondly, by carrying out the legal, procedural requirements, such as compliance with this posting of Notice request, the District acts prudently to insure that the Textbook and Instructional materials monies currently available from the state for our students is not withheld because the District did not post the Notice, hold the hearing and make the findings as prescribed by state law, i.e., Education Code Section 60619, on or before conclusion of the eighth week of school (October 17, 2014).

I know that this posting request is one more administrative task that you are being asked to do but it is a requirement for the benefit of those we serve - our pupils. Would you please post - Monday, September 15, 2014 - and by return e-mail, i.e., reply, confirm that you have posted the Notice at your site? Your response will serve as part of the evidence that the District has complied with legal requirements by taking appropriate steps to remedy any late discovery of shortages of pupil textbooks or instructional materials and that the District is entitled to its appropriated state textbook and instructional materials funds to educate our pupils (and not have to return such funds or be assessed a substantial penalty because District did not follow the statutory steps, including noticing and conducting the Hearing to insure that our students have adequate textbooks and materials).

The potential penalty or loss in revenue to the District for not following all of the procedural, statutory steps described herein is in excess of \$2 million dollars in textbook and instructional materials monies or other revenue for our pupils. So confirmation of your honoring of the request stated herein is critical.

We had a great response, which was very much appreciated, from you (or your predecessor) last year confirming the Notice posting. We are looking for a similar response this year.

The Board, Superintendent Wilson, his Chiefs and I thank you in advance for your prompt, positive honoring of this request to post the required Notice and, by return email, letting me know that the posting at your site has been done.

Dear Site and/or District Administrator:

It is time for the posting, as required by state law, of the 2014-2015 Annual Notice of the Board of Education's Public Hearing on the Sufficiency of Textbooks and Instructional Materials for pupils of the District.

The Board of Education at its Regular Meeting on October 8, 2014, at approximately 6:00 P.M., (or as soon thereafter as the matter may be heard) in **The Great Room, LaEscuelita Education Center, 1050 2nd Avenue, Oakland, CA 94606**, will hold the District's annual hearing on the Sufficiency of Textbooks and Instructional Materials. The Board will take testimony from pupils, parents, and staff as to whether the District has sufficiently provided required textbooks and/or instructional materials to pupils at your site and each and every site in the District as of the end of the eighth week of school (October 17, 2014). If "Yes", in whole or in part, the Board will be able to so certify. If "No", in whole or in part, then the Board must determine said shortages and how the shortages are going to be immediately made up.

Appropriate Instructional and Support staff, with your assistance (or predecessor's assistance), have completed the current school year's Sufficiency of Textbooks and Instructional Materials Survey at your site, produced a proposed District-wide report, a recommended determination and finding for consideration by the Board at its October 8, 2014 Meeting.

From Monday, September 15, 2014 through October 8, 2014, the District is required to give Notice of the Public Hearing on the Sufficiency of Textbooks and Instructional Materials, of the availability of the preliminary report that the Board will consider at the hearing, by posting a Notice of the Public Hearing at your school site in the major language or languages of your pupil, parent population; in the Oakland Tribune\* and on the web. (The Notice, preliminary or proposed 2014-15 Sufficiency of Textbook and Instructional Materials Report for consideration and possible adoption by the Board is now viewable, in the major languages, on the District's web site at <http://ousd.k12.ca.us/domain/69>.) The Notice is required to remain posted at your site through October 8, 2014.

I am asking your help, more specifically, as chief administrator of your site, in assisting the District to meet the legal obligation of posting the Hearing Notice by requesting that you place the attached Notice, at your location, in as many languages as may be spoken, written by your site's student population and/or parents, guardians, caregivers or custodians of pupils or employees, so that each may become aware of the Hearing and participate therein, if desired, which will help the Board make the appropriate decision. (You **are not required** to reproduce the Public Hearing Notice to send home by pupils but only to post the Notice at your site in an accessible, visible location so that visitors, pupils, parents, guardians, caregivers and staff may read it and participate in the hearing if desired.)

The benefit to the District of the posting of the Notice, among others, is twofold: one, by Noticing this hearing as required by law, it will help the Board determine if additional Textbooks and Instructional Materials are needed for pupils, notwithstanding the extraordinary efforts made by you and other staff to have sufficient textbooks and materials on hand, at your site and every school site, the first day of school; and secondly, by carrying out the legal, procedural requirements, such as compliance with this posting of Notice request, the District acts prudently to insure that the Textbook and Instructional materials monies currently available from the state for our students is not withheld because the District did not post the Notice, hold the hearing and make the findings as prescribed by state law, i.e., Education Code Section 60619, on or before conclusion of the eighth week of school (October 17, 2014).

I know that this posting request is one more administrative task that you are being asked to do but it is a requirement for the benefit of those we serve - our pupils. Would you please post - Monday, September 15, 2014 - and by return e-mail, i.e., reply, confirm that you have posted the Notice at your site? Your response will serve as part of the evidence that the District has complied with legal requirements by taking appropriate steps to remedy any late discovery of shortages of pupil textbooks or instructional materials and that the District is entitled to its appropriated state textbook and instructional materials funds to educate our pupils (and not have to return such funds or be assessed a substantial penalty because District did not follow the statutory steps, including noticing and conducting the Hearing to insure that our students have adequate textbooks and materials).

The potential penalty or loss in revenue to the District for not following all of the procedural, statutory steps described herein is in excess of \$2 million dollars in textbook and instructional materials monies or other revenue for our pupils. So confirmation of your honoring of the request stated herein is critical.

We had a great response, which was very much appreciated, from you (or your predecessor) last year confirming the Notice posting. We are looking for a similar response this year.

The Board, Superintendent Wilson, his Chiefs and I thank you in advance for your prompt, positive honoring of this request to post the required Notice and, by return email, letting me know that the posting at your site has been done.

Dear Site and/or District Administrator:

It is time for the posting, as required by state law, of the 2014-2015 Annual Notice of the Board of Education's Public Hearing on the Sufficiency of Textbooks and Instructional Materials for pupils of the District.

The Board of Education at its Regular Meeting on October 8, 2014, at approximately 6:00 P.M., (or as soon thereafter as the matter may be heard) in **The Great Room, LaEscuelita Education Center, 1050 2nd Avenue, Oakland, CA 94606**, will hold the District's annual hearing on the Sufficiency of Textbooks and Instructional Materials. The Board will take testimony from pupils, parents, and staff as to whether the District has sufficiently provided required textbooks and/or instructional materials to pupils at your site and each and every site in the District as of the end of the eighth week of school (October 17, 2014). If "Yes", in whole or in part, the Board will be able to so certify. If "No", in whole or in part, then the Board must determine said shortages and how the shortages are going to be immediately made up.

Appropriate Instructional and Support staff, with your assistance (or predecessor's assistance), have completed the current school year's Sufficiency of Textbooks and Instructional Materials Survey at your site, produced a proposed District-wide report, a recommended determination and finding for consideration by the Board at its October 8, 2014 Meeting.

From Monday, September 15, 2014 through October 8, 2014, the District is required to give Notice of the Public Hearing on the Sufficiency of Textbooks and Instructional Materials, of the availability of the preliminary report that the Board will consider at the hearing, by posting a Notice of the Public Hearing at your school site in the major language or languages of your pupil, parent population; in the Oakland Tribune\* and on the web. (The Notice, preliminary or proposed 2014-15 Sufficiency of Textbook and

Instructional Materials Report for consideration and possible adoption by the Board is now viewable, in the major languages, on the District's web site at <http://ousd.k12.ca.us/domain/69>.) The Notice is required to remain posted at your site through October 8, 2014.

I am asking your help, more specifically, as chief administrator of your site, in assisting the District to meet the legal obligation of posting the Hearing Notice by requesting that you place the attached Notice, at your location, in as many languages as may be spoken, written by your site's student population and/or parents, guardians, caregivers or custodians of pupils or employees, so that each may become aware of the Hearing and participate therein, if desired, which will help the Board make the appropriate decision. (You **are not required** to reproduce the Public Hearing Notice to send home by pupils but only to post the Notice at your site in an accessible, visible location so that visitors, pupils, parents, guardians, caregivers and staff may read it and participate in the hearing if desired.)

The benefit to the District of the posting of the Notice, among others, is twofold: one, by Noticing this hearing as required by law, it will help the Board determine if additional Textbooks and Instructional Materials are needed for pupils, notwithstanding the extraordinary efforts made by you and other staff to have sufficient textbooks and materials on hand, at your site and every school site, the first day of school; and secondly, by carrying out the legal, procedural requirements, such as compliance with this posting of Notice request, the District acts prudently to insure that the Textbook and Instructional materials monies currently available from the state for our students is not withheld because the District did not post the Notice, hold the hearing and make the findings as prescribed by state law, i.e., Education Code Section 60619, on or before conclusion of the eighth week of school (October 17, 2014).

I know that this posting request is one more administrative task that you are being asked to do but it is a requirement for the benefit of those we serve - our pupils. The potential penalty or loss in revenue to the District for not following all of the procedural, statutory steps described herein is in excess of \$2 million dollars in textbook and instructional materials monies or other revenue for our pupils. So confirmation of your honoring of the request stated herein is critical.

We had a great response, which was very much appreciated, from you (or your predecessor) last year confirming the Notice posting. We are looking for a similar response this year.

Dear Site and/or District Administrator:

It is time for the posting, as required by state law, of the 2014-2015 Annual Notice of the Board of Education's Public Hearing on the Sufficiency of Textbooks and Instructional Materials for pupils of the District.

The Board of Education at its Regular Meeting on October 8, 2014, at approximately 6:00 P.M., (or as soon thereafter as the matter may be heard) in **The Great Room, LaEscuelita Education Center, 1050 2nd Avenue, Oakland, CA 94606**, will hold the District's annual hearing on the Sufficiency of Textbooks and Instructional Materials. From Monday, September 15, 2014 through October 8, 2014, the District is required to give Notice of the Public Hearing on the Sufficiency of Textbooks and Instructional Materials, of the availability of the preliminary report that the Board will consider at the hearing, by posting a Notice of the Public Hearing at your school site in the major language or languages of your pupil, parent population; in the Oakland Tribune\* and on the web. Dear Site and/or District Administrator:

It is time for the posting, as required by state law, of the 2014-2015 Annual Notice of the Board of Education's Public Hearing on the Sufficiency of Textbooks and Instructional Materials for pupils of the District.

The Board of Education at its Regular Meeting on October 8, 2014, at approximately 6:00 P.M., (or as soon thereafter as the matter may be heard) in **The Great Room, LaEscuelita Education Center, 1050 2nd Avenue, Oakland, CA 94606**, will hold the District's annual hearing on the Sufficiency of Textbooks and Instructional Materials. The Board will take testimony from pupils, parents, and staff as to whether the District has sufficiently provided required textbooks and/or instructional materials to pupils at your site and each and every site in the District as of the end of the eighth week of school (October 17, 2014). If "Yes", in whole or in part, the Board will be able to so certify. If "No", in whole or in part, then the Board must determine said shortages and how the shortages are going to be immediately made up.

Appropriate Instructional and Support staff, with your assistance (or predecessor's assistance), have completed the current school year's Sufficiency of Textbooks and Instructional Materials Survey at your site, produced a proposed District-wide report, a recommended determination and finding for consideration by the Board at its October 8, 2014 Meeting.

From Monday, September 15, 2014 through October 8, 2014, the District is required to give Notice of the Public Hearing on the Sufficiency of Textbooks and Instructional Materials, of the availability of the preliminary report that the Board will consider at the hearing, by posting a Notice of the Public Hearing at your school site in the major language or languages of your pupil, parent population; in the Oakland Tribune\* and on the web. (The Notice, preliminary or proposed 2014-15 Sufficiency of Textbook and Instructional Materials Report for consideration and possible adoption by the Board is now viewable, in the major languages, on the District's web site at <http://ousd.k12.ca.us/domain/69>.) The Notice is required to remain posted at your site through October 8, 2014.

I am asking your help, more specifically, as chief administrator of your site, in assisting the District to meet the legal obligation of posting the Hearing Notice by requesting that you place the attached Notice, at your location, in as many languages as may be spoken, written by your site's student population and/or parents, guardians, caregivers or custodians of pupils or employees, so that each may become aware of the Hearing and participate therein, if desired, which will help the Board make the appropriate decision. (You **are not required** to reproduce the Public Hearing Notice to send home by pupils but only to post the Notice at your site in an accessible, visible location so that visitors, pupils, parents, guardians, caregivers and staff may read it and participate in the hearing if desired.)

The benefit to the District of the posting of the Notice, among others, is twofold: one, by Noticing this hearing as required by law, it will help the Board determine if additional Textbooks and Instructional Materials are needed for pupils, notwithstanding the extraordinary efforts made by you and other staff to have sufficient textbooks and materials on hand, at your site and every school site, the first day of school; and secondly, by carrying out the legal, procedural requirements, such as compliance with this posting of Notice request, the District acts prudently to insure that the Textbook and Instructional materials monies currently available from the state for our students is not withheld because the District did not post the Notice, hold the hearing and make the findings as prescribed by state law, i.e., Education Code Section 60619, on or before conclusion of the eighth week of school (October 17, 2014).

I know that this posting request is one more administrative task that you are being asked to do but it is a requirement for the benefit of those we serve - our pupils. Would you please post - Monday, September 15, 2014 - and by return e-mail, i.e., reply, confirm that you have posted the Notice at your site? Your response will serve as part of the evidence that the District has complied with legal requirements by taking appropriate steps to remedy any late discovery of shortages of pupil textbooks or instructional materials and that the District is entitled to its appropriated state textbook and instructional materials funds to educate our pupils (and not have to return such funds or be assessed a substantial penalty because District did not follow the statutory steps, including noticing and conducting the Hearing to insure that our students have adequate textbooks and materials).

The potential penalty or loss in revenue to the District for not following all of the procedural, statutory steps described herein is in excess of \$2 million dollars in textbook and instructional materials monies or other revenue for our pupils. So confirmation of your honoring of the request stated herein is critical.

We had a great response, which was very much appreciated, from you (or your predecessor) last year confirming the Notice posting. We are looking for a similar response this year.

The Board, Superintendent Wilson, his Chiefs and I thank you in advance for your prompt, positive honoring of this request to post the required Notice and, by return email, letting me know that the posting at your site has been done.

Dear Site and/or District Administrator:

It is time for the posting, as required by state law, of the 2014-2015 Annual Notice of the Board of Education's Public Hearing on the Sufficiency of Textbooks and Instructional Materials for pupils of the District.

The Board of Education at its Regular Meeting on October 8, 2014, at approximately 6:00 P.M., (or as soon thereafter as the matter may be heard) in **The Great Room, LaEscuelita Education Center, 1050 2nd Avenue, Oakland, CA 94606**, will hold the District's annual hearing on the Sufficiency of Textbooks and Instructional Materials. The Board will take testimony from pupils, parents, and staff as to whether the District has sufficiently provided required textbooks and/or instructional materials to pupils at your site and

each and every site in the District as of the end of the eighth week of school (October 17, 2014). If "Yes", in whole or in part, the Board will be able to so certify. If "No", in whole or in part, then the Board must determine said shortages and how the shortages are going to be immediately made up.

Appropriate Instructional and Support staff, with your assistance (or predecessor's assistance), have completed the current school year's Sufficiency of Textbooks and Instructional Materials Survey at your site, produced a proposed District-wide report, a recommended determination and finding for consideration by the Board at its October 8, 2014 Meeting.

From Monday, September 15, 2014 through October 8, 2014, the District is required to give Notice of the Public Hearing on the Sufficiency of Textbooks and Instructional Materials, of the availability of the preliminary report that the Board will consider at the hearing, by posting a Notice of the Public Hearing at your school site in the major language or languages of your pupil, parent population; in the Oakland Tribune\* and on the web. (The Notice, preliminary or proposed 2014-15 Sufficiency of Textbook and Instructional Materials Report for consideration and possible adoption by the Board is now viewable, in the major languages, on the District's web site at <http://ousd.k12.ca.us/domain/69>.) The Notice is required to remain posted at your site through October 8, 2014.

I am asking your help, more specifically, as chief administrator of your site, in assisting the District to meet the legal obligation of posting the Hearing Notice by requesting that you place the attached Notice, at your location, in as many languages as may be spoken, written by your site's student population and/or parents, guardians, caregivers or custodians of pupils or employees, so that each may become aware of the Hearing and participate therein, if desired, which will help the Board make the appropriate decision. (You **are not required** to reproduce the Public Hearing Notice to send home by pupils but only to post the Notice at your site in an accessible, visible location so that visitors, pupils, parents, guardians, caregivers and staff may read it and participate in the hearing if desired.)

The benefit to the District of the posting of the Notice, among others, is twofold: one, by Noticing this hearing as required by law, it will help the Board determine if additional Textbooks and Instructional Materials are needed for pupils, notwithstanding the extraordinary efforts made by you and other staff to have sufficient textbooks and materials on hand, at your site and every school site, the first day of school; and secondly, by carrying out the legal, procedural requirements, such as compliance with this posting of Notice request, the District acts prudently to insure that the Textbook and Instructional materials monies currently available from the state for our students is not withheld because the District did not post the Notice, hold the hearing and make the findings as prescribed by state law, i.e., Education Code Section 60619, on or before conclusion of the eighth week of school (October 17, 2014).

I know that this posting request is one more administrative task that you are being asked to do but it is a requirement for the benefit of those we serve - our pupils. Would you please post - Monday, September 15, 2014 - and by return e-mail, i.e., reply, confirm that you have posted the Notice at your site? Your response will serve as part of the evidence that the District has complied with legal requirements by taking appropriate steps to remedy any late discovery of shortages of pupil textbooks or instructional materials and that the District is entitled to its appropriated state textbook and instructional materials funds to educate our pupils (and not have to return such funds or be assessed a substantial penalty because District did not follow the statutory steps, including noticing and conducting the Hearing to insure that our students have adequate textbooks and materials).

The potential penalty or loss in revenue to the District for not following all of the procedural, statutory steps described herein is in excess of \$2 million dollars in textbook and instructional materials monies or other revenue for our pupils. So confirmation of your honoring of the request stated herein is critical.

We had a great response, which was very much appreciated, from you (or your predecessor) last year confirming the Notice posting. We are looking for a similar response this year.

The Board, Superintendent Wilson, his Chiefs and I thank you in advance for your prompt, positive honoring of this request to post the required Notice and, by return email, letting me know that the posting at your site has been done.
