Subject Grant Award – California Opportunity Youth Apprenticeship - Talent/Human Resources

Ask of the Board Approval by the Board of Education of the California Opportunity Youth Apprenticeship (COY) Apprenticeship Implementation Grant Award for \$500,000.00 for the training and employment opportunities for youth pursuant to the terms and conditions thereof, for the period July 1, 2024 through December 31, 2026.

Background This grant seeks to improve access to training and employment opportunities for opportunity youth throughout the state. The California Opportunity Youth Apprenticeship (COYA) Grant was established in Senate Bill 191 for the purposes of providing funding for existing apprenticeship and pre-apprenticeship programs or to develop new apprenticeship and pre-apprenticeship programs to serve opportunity youth who are disconnected or are at risk of disconnection from systems such as education, employment, housing and more. Through the Oakland Unified School District Early Educator Apprenticeship, they aim to establish professional pathways for opportunity youth aged 18-24 within our community, including OUSD alumni, incumbent workforce members, and potential future employees. This apprenticeship initiative is designed to empower identified opportunity youth through personal and career development. In roles such as Early Childhood Education Instructional Assistants, Early Literacy Tutors, or Paraprofessionals, apprentices will engage in comprehensive program leading to the attainment of 48 units and a Master teacher Permit. This certification opens doors to career advancement within OUSD and beyond. The Early Educator Apprenticeship not only prepares opportunity youth for various career trajectories but also encourages exploration of academic pursuits in fields such as Child Development and Liberal Studies. Upon program completion, participants will be primed for full-time teaching roles in Early Childhood Education classrooms, with ongoing prospects for advancement through additional apprenticeships while pursuing a bachelor’s degree.

Fiscal Impact 500,000.00 from the California Opportunity Youth Apprenticeship Implementation Grant.

Exhibit B – Project Narrative

Organization Name: Oakland Unified School District

Proposal Title: COYA - Early Educator Apprenticeship Program

Grant Type: Apprenticeship Implementation

1. Proposal overview

Oakland Unified School District (OUSD) is dedicated to fostering academic excellence while nurturing the holistic development of every child, addressing inequities, and ensuring access to outstanding educators. Through the Oakland Unified School District Early Educator Apprenticeship, we aim to establish professional pathways for opportunity youth aged 18-24 within our community, including OUSD alumni, incumbent workforce members, and potential future employees. This apprenticeship initiative is designed to empower identified opportunity youth through personal and career development.

In roles such as Early Childhood Education Instructional Assistants, Early Literacy Tutors, or Paraprofessionals, apprentices will engage in a comprehensive program leading to the attainment of 48 units and a Master Teacher Permit. This certification opens doors to career advancement within OUSD and beyond. The Early Educator Apprenticeship not only prepares opportunity youth for various career trajectories but also encourages exploration of academic pursuits in fields such as Child Development and Liberal Studies. Upon program completion, participants will be primed for full-time teaching roles in Early Childhood Education classrooms, with ongoing prospects for advancement through additional apprenticeships while pursuing a bachelor's degree.

Key outcomes of the program include:

- Graduation of each cohort with 48 UC-CSU transferable units and eligibility for the Master Teacher classification in Early Childhood Education programs.
- Establishment of effective partnerships with the Peralta Community College District to facilitate seamless educational pathways.
- Partner directly with Community Based Organizations like BANANAS and East Oakland Youth Development Center to extend outreach to opportunity youth, registering 10 to 25 apprentices each year, who will be eligible for employment within OUSD and other institutions as Preschool/Master Teachers.
- Increased interest among opportunity youth in pursuing careers in education, with a commitment to remaining in the field upon program completion.
- Provision of comprehensive support services to assist opportunity youth in achieving their educational and career goals.
- Enhanced access to advanced education opportunities for apprentices, including the pursuit of higher degrees or additional certifications beyond program completion.

Through these outcomes, the Early Educator Apprenticeship program endeavors to not only empower opportunity youth but also contribute to the cultivation of a skilled and diverse workforce in education, benefiting both our community and the broader educational landscape.

2. Program Target Population

Oakland Unified has a diverse student population. This diversity presents itself in a number of ways including ethnicity, language, economic status, family structure, housing status, etc. In Oakland, approximately one in ten youth were neither employed nor enrolled in school, accounting for 10.3% of the youth population. Among demographic groups, African American youth exhibited the highest disconnection rate at 14.8%, with Latino youth closely following at 13.2%. As a district, the strategic plan initiated in 2021 emphasized the importance of diversifying and stabilizing the workforce to be reflective of students and families and responsive to the communities' needs. The target population for this program is the students and families who are part of the district; we aim to both strengthen the workforce and provide additional educational opportunities for student alumni. Approximately 81 percent of OUSD's students and alum qualify for free or reduced price lunch, 150+ are foster youth, and we serve nearly 8,000 students with disabilities. This is the population we are targeting by developing an Early Educator Apprenticeship that specifically serves opportunity youth who have exited or graduated from Oakland Unified schools.

We intend on focusing the program towards Opportunity Youth who are early in their career, or have not yet started, who have an interest in developing as educators and are looking for post-secondary education opportunities that they may not have previously considered due to financial constraints or access to guidance navigating the process. By focusing on alumni, we are leaning into strategies that have worked with other Grow Our Own pathways that exhibit high retention rates.

3. Implementation Plan

This will be a credit bearing Registered Apprenticeship Program in partnership with Early Care Education Pathways to Success (ECEPTS) and RSI provided by the Peralta Community College District. Apprentices will take UC/CSU transferable coursework provided by Berkeley City College and Merritt College to earn a Master Teacher Permit. Participants will complete the program with a minimum of 48 post-secondary units. Candidates will be sourced through specific positions in the district where nearly 50% of the age eligible employees meet Opportunity Youth criteria. Candidates not currently employed by OUSD will also be referred to the program by community partner East Oakland Youth Development Center (EOYDC). EOYDCs work in East Oakland

Collaboration within the district's HR and Early Learning leaders will be key to identifying current and prospective employees who are Instructional Assistants, Early Literacy Tutor, and Para Educator roles who we identify as opportunity youth through an intake and application process. We will pair apprentices with administrators and mentors that are aligned with the mission of the program and dedicated to supporting their well-being and career advancement. Through regular information sessions and outreach in the community through the Oakland Public Library system, we seek to pinpoint prospective apprentices and highlight the unique opportunity for career development for both the apprentice and their mentor/journeyperson, thus creating a pathway for those aspiring to transition to lead educator roles. This strategic and informed approach to

recruitment will emphasize the transformative nature of the apprenticeship for the professional development of our staff and create buy-in for all stakeholders.

In addition to incumbent staff, we will be targeting aspiring employees in the community and graduates from our pre-apprenticeship program. Pre-apprenticeship participants will be familiar with the model and continual encouragement to continue their coursework in ECE. Career navigators will visit OUSD's traditional high schools, alternative and continuation schools and the adult schools to encourage those close to graduation to consider participating in this program. Additionally, we will partner with community organizations in Oakland to reach more youth, particularly those who are disconnected from Oakland Unified. East Oakland Youth Development Center (EOYDC) has been serving the community of East Oakland for nearly 50 years. Their programs are utilized by youth ranging in ages 5 - 26. Approximately 50% of young people in the area surrounding EOYDC do not attend an OUSD school. Partnering with this organization widens our net and provides access points to parts of the city we are not yet actively engaging. Participants' involvement in EOYDC programming demonstrates an interest in the community and working with young people which will serve them well as apprentices in ECE classrooms.

Strengthen Partnership with Peralta Community College District

A large piece of the program will be the coursework that apprentices will be taking towards their certification. As a full service school district, Oakland Unified partners with Peralta Colleges through dual enrollment, supports pre- and adult-apprenticeship development, and has supported OUSD in providing career advancement for staff. This program allows the OUSD-Peralta partnership to deepen and create further coherence for members of our community to continue their education through the Early Educator apprenticeship, with a focus on Opportunity Youth. We recognize that in order to holistically support the development and academic progress of district staff who are Opportunity Youth, they need access to courses and resources offered throughout the Peralta Community College District. By partnering with leaders at Berkeley City College and Merritt College, we intend to remove the barrier of navigating the two institutions for Opportunity Youth apprentices. For this program, we will be relying on our Peralta partners to provide RSI for Opportunity Youth apprentices as well as support for transcript audits, academic advising and tutoring. Opportunity Youth apprentices will be enrolled in at least one course each semester throughout the year. Based on the credits that an Opportunity Youth apprentice enters the program with, they will receive individualized guidance to earn their Master Teacher permit efficiently, with the hope they will take 6-8 units per term. As a program we will utilize a cohort model and work to enroll as many Opportunity Youth apprentices in the same courses as possible while providing embedded tutors and case managing individualized academic progress.

4. Program Structure and Duration

The proposed program structure aims to provide comprehensive support services to opportunity youth, ensuring their success in obtaining a CA Child Development Master Teacher Permit while working full-time in roles within the Oakland Unified School District (OUSD) serving children aged 0-8. Here's an overview of the program structure and supportive services:

Supportive Services:

- College and Career Advising: Apprentices will receive academic counseling to ensure they enroll in the correct classes needed for their permit. Academic counselors will guide them towards courses facilitating UC/CSU transferability and permit completion.
- Case Management: Upon entry, apprentices will undergo a needs assessment and intake process in order to receive ongoing case management support, including career navigation and job coaching.
- Embedded Support: Each course will have instructional assistants providing in-class support and assisting with coursework during asynchronous class time.
- Tutoring: Access to in-person or online class tutors, including math and writing tutors, will be provided.
- Transportation and Child Care Stipends: Monthly stipends will be provided for transportation and childcare needs.
- OUSD Laptops: Apprentices will receive laptops for their coursework.
- Translation Services: Costs for translating documents and providing tutoring instruction in apprentices' primary languages will be covered.
- Mental Health and Legal Support: Contracted mental health providers and legal support services will be available to participants.
- Emergency Housing: Partnerships will provide subsidized and emergency housing options for participants in need.
- In-Person Meetings and Instruction: Courses will be held at a central location in Oakland to foster community and trust. In-person instruction will be complemented by asynchronous work.
- Supplies: The district will procure necessary books and supplies for participants for each class.
- On-the-Job Training (OJT) Mentorship: Each participant will have an OJT mentor at their site to support career development and advancement.

Program Design:

- Duration: The program will last 1.5 to 3 years, depending on the number of units upon entry.
- Milestones: Apprentices will complete a total of 48 units and earn a CA Child Development Master Teacher Permit. Along the way they can meet these milestones:
 - Instructional Assistant Permit (6 ECE units)
 - Associate Teacher Permit (12 ECE units, 50 days of OJT)

- Teacher Permit (24 ECE units, 16 General Education, 175 days of OJT)
- Master Teacher Permit (24 ECE units and 16 General Education, 6 specialization, 2 supervision, 350 days of OJT)
- Course Design and Sequence:
 - Year 1
 - Fall 2024: 2 courses, 6-8 units (determined by number of starting units)
 - Spring 2025: 2 courses, 6-8 units
 - Summer 2025: 2 courses, 6-8 units
 - Year 2
 - Fall 2025: 2 courses, 6-8 units
 - Spring 2026: 2 courses, 6-8 units
 - Summer 2026: 2 courses, 6-8 units
 - Year 3
 - Fall 2026: 2 courses, 6-8 units.

This program design aims to provide comprehensive support and structured milestones, enabling opportunity youth to secure employment in education roles while advancing their qualifications and career prospects.

5. Compensation model

Position	Starting Wage	Ending Wage
Early Literacy Tutor	\$16.33/hr	\$19.17/hr
Paraeducator	\$22,125.21/yr	\$36,432.57
Instructional Assistant	\$28,089.13/yr	\$38,995.02/yr
Preschool Teacher	\$32,621.68/yr	\$88,554.38/yr

This program is for Oakland Unified School District’s identified incumbent workforce who are designated opportunity youth as well as aspiring OUSD staff who are referred to us through community based partners, Bananas and EOYDC, who qualify as opportunity youth. As such, participants will be receiving a compensation package in alignment with the labor union of their position. Each apprentice will receive an hourly wage or salary as well benefits for themselves and their dependents.

Apprentices will not be responsible for the cost of coursework during their tenure in the program. Related and Supplemental Instruction through community college partners will be paid through braided funding sources the district has received through our partnership with ECEPTs. OUSD is working closely with the RSI providers and ECEPTs to identify how the courses can be covered by Apportionment or FTES funding which would allow some of the current budgeted cost to be offset to provide more support services for Opportunity Youth apprentices. Upon

completion of this program, apprentices will have the option of continuing their education toward a BA with financial support from OUSD through one of our other pathway programs, including the Early Educator Teacher Development grant and the Classified to Teacher programs.

6. Employers connected to program

Oakland Unified is a full service district that employs more than 5000 people. About half of those are teaching positions. In addition to this program, the district implements a number of grow our own programs allowing incumbent staff to constantly develop educationally and professionally. The district would employ all of the apprentices and provide them access to continuing education pathways if they so choose. Apprentices employed for this program will include those working in various roles with children 0-8 years old. This includes our Early Career Instructional Assistants (staff with 6 ECE units), Paraeducators, and Early Literacy tutors. Staff work anywhere from 30 - 37 hours a week, depending on the role. Instructional Assistants work year round, and Paraeducators and Early Literacy Tutoring work 10 months out of the year, with a possibility for summer employment. Upon completion of the apprenticeship, apprentices will be eligible for advanced employment in the district as Master Teachers leading their own classroom. The success coordinators of this program are part of the recruitment and retention team and work with hiring managers throughout the district, ensuring that current and newly hired staff can be part of apprenticeship opportunities.

Oakland Unified School District has partnered with Peralta Community College District for many years. As the Recruitment & Retention team we have most recently benefited from that partnership by providing opportunities for career exploration for high school students through our Early Childhood Education pre-apprenticeship program and career growth for staff members to take courses that will satisfy teacher certification exams. For this Apprenticeship, we will partner with Berkeley City College and liaise with Dr. Joya Chavarin who is the Faculty Coordinator of their Teacher Preparation Program, and notably a founding member of the first ever Early Educator Apprenticeship in California. Her leadership extends to overseeing the Early Educator, Expanded Learning, and Youth Apprenticeship programming at Berkeley City College. Before delving into apprenticeship initiatives, Dr. Chavarin collaborated with local school districts to design and implement an interdisciplinary college certificate aligned with industry certification. We will also partner with Merritt College and Michelle St. Germaine who is the Human Development Department Chair and the Coordinator of Merritt College's Early Childhood Educator Apprenticeship Program. Prior to conversations about apprenticeship,

OUSD and Merritt have worked together to prepare ECE teachers in the district and throughout the city.

Organization Name:	Oakland Unified School District
Proposal Title:	COYA - Early Educator Apprenticeship Program
Grant Type:	Apprenticeship Implementation

A. (A-D) Staff Salaries: Total Salaries Paid + Benefits (WIOA 15%) **\$N/A**

Position	FTE x Monthly Salary x Time	Benefits	Total (FTE X Salary X Time) + Benefits

E. Staff Travel **\$N/A**

F. Operating Expenses **\$23,600**

The following are some of the major line items included:

Expense	Cost
Rent*	\$23,600
Insurance	\$
Accounting (payroll services) and Audits	\$
Consumable office supplies*	\$
Printing	\$
Communications (phones, web services, etc.)*	\$
Mailing and Delivery	\$
Dues and Memberships*	\$
Outreach	\$

*(based on FTE for program staff)

This grant will pay for some of the cost of utilizing district property to host college classes. Hosting classes at a district site will make travel easier for apprentices at the end of their workday.

G. Furniture and Equipment* **\$N/A**

H. Educational Stipends **\$N/A**

I. Employer Incentives \$N/A

J. Instructional Costs \$50,000

A portion of this grant will cover coursework and support for apprentices that will be held by Berkeley City College.

K. Participant supportive services \$302,172

More than 60% of funding through this grant will be allocated to support services for apprentices.

Transportation: To support apprentice travel between work placement and the district site that will host the college course, we will provide bus passes and transportation stipends to cover or subsidize the added expense apprentices will incur due to additional travel needs.

Childcare: To increase accessibility for caregivers in the program. Apprentices will have access to childcare stipends. They will be able to use this to their discretion based on what they feel is most appropriate for them and their families in regard to covering costs of childcare.

Legal: These funds will be used to support apprentices who are in need of legal assistance. Because the population we are serving have been systematically targeted and over policed, we want to support anyone who may be facing legal barriers to entering the workforce.

Mental Health: As discussed earlier we are serving students who have been impacted by trauma. We intend on recruiting and registering apprentices who have experienced trauma as well. Apprentices will have access to mental health services through their benefits package, but we also recognize the need for community based services and will be using these funds to work with other local organizations that can provide support to apprentices on an as needed basis.

Housing: With the rapidly increasing cost of rents, housing stability is challenging for a number of staff members in this program's targeted roles. We are grateful for our partnership with TRiOplus, an organization that works with landlords to provide discounted housing and financial advice to district staff. These funds will also be available on an as needed basis for apprentices who are experiencing housing instability.

Embedded Tutor: With all of the responsibilities that our apprentices will be holding, we know that having additional support in the classroom will increase their likelihood of success. These funds will cover the cost of instructional aides at Merritt College to ensure that apprentices have multiple touchpoints in their academic process.

Academic Advising: One of the barriers we have identified as we implement our Grow Our Own programs is the difficulty for staff to navigate the world of post-secondary education. Because there are so many possibilities, it can be difficult to know exactly what next steps need to be taken. The funds in this section will be to cover additional hours of academic counseling specifically for apprentices who meet opportunity youth criteria and may have been disconnected from traditional education setting previously.

L. Contractual services \$99,228

This grant will cover the cost of career navigation and case management that will be provided by East Oakland Youth Development Center. EOYDC will provide this service to the apprentices they refer to participate in the program.

M. Administrative \$25,000

All grants received in the district are required to cover a 5% administrative fee.
