

KIPP Bay Area Schools

Material Revision Public Hearing

November 2015

KIPP and West Oakland

Mission and Vision

We believe in creating a legacy where all scholars will have access to an equitable and high quality education at their neighborhood school that leads to their matriculation to and through college. A deeply committed and highly motivated staff, in partnership with parents and community will encourage each scholar to achieve their full potential. The school will place a strong emphasis on academic and character excellence. We aim to empower and transform our scholars to be fair, have humanity and be respectful in order to build strong relationships with each other and build a community that is unified. We stand as One Team, One Family and One Voice.
