SUBJECT: Memorandum of Understanding with the Brandman University for Intern Partnership and Practica Programs for K-12 Teaching in the areas of *Multiple Subjects, Single Subjects, Designated Subjects, and Education Specialist credentials, including Added or Supplementary Authorizations; and for Administrative Services and other Pupil Personnel Service credentials and certifications or authorizations, as specified, for the term July 1, 2018 through June 30, 2021.*

ACTION REQUESTED

Approval by the Board of Education of a Memorandum of Understanding between the Oakland Unified School District and *Brandman University (University or BU)*, for Intern Partnership and Practica Programs for K-12 Teaching in the areas of *Multiple Subjects, Single Subjects, Designated Subjects, and Education Specialist credentials, including Added or Supplementary authorizations; and for Administrative Services and other Pupil Personnel Service credentials and certifications or authorizations*, as specified, for the term July 1, 2018 through June 30, 2021. There is no District funding. There will be no fiscal oversight [*Article 13, Program Sponsorship*].

SUMMARY

The District has maintained the practice of placing students enrolled in university and college credential programs for practica and employing students enrolled in university and college credential programs as Interns. University and college students are assigned to practica in schools, in District classrooms, or in other relevant department placements under the supervision of “Master” practitioners, or District Supervisors (Master Teachers, et cetera) and university or college Supervisors. Interns employed by the District, as specified in the Memorandum of Understanding, maintain all the responsibilities of individuals fully credentialed for those positions, and are supported by University Supervisors and

District Coaches. Interns are enrolled in Alternative Certification Internship Credential Programs under the guidelines established by the California Commission on Teacher Credentialing and the California Department of Education. This Memorandum of Understanding with *BU* renews a continuing relationship with the University regarding both the Intern Partnership Program and Student Practica.

BACKGROUND

In cooperation with institutions of higher education (IHEs), state-approved colleges and universities, the District has traditionally placed Student Teachers in classrooms in which they can fulfill their credential requirements. In the same vein, University students enrolled in other credential programs covered by this MOU (e.g. administrative services or other pupil personnel services) may be placed in practica assignments. It is the prerogative of the universities to award honoraria or other compensation (e.g. continuing education units) to District employees selected as “Master” practitioners (District Supervisors) for their work with University students assigned to practica. If honoraria are awarded, District Supervisors (e.g. Master Teachers) of University practica students (e.g. Student Teachers) receive payments directly from the IHEs.

The University expects to place several of its students for practica in the Oakland Unified School District in the years covered by this Agreement.

The District’s affiliation with the University supports efforts to recruit qualified teachers, administrators, and other pupil personnel service providers in the areas of need in *Multiple Subjects, Single Subjects, Designated Subjects, and Education Specialist credentials, including Added or Supplementary Authorizations, and for Administrative Services and other Pupil Personnel Service credentials and certifications or authorizations, as specified.*

* * *

Internship programs are alternative certification programs leading to credentials in Multiple Subjects, Single Subjects, Education Specialist (Special Education), and Designated Subjects categories, including Added or Supplementary Authorizations, and to credentials or certifications for Educational Therapist, School Counselor, Clinical School Psychologist, and Administrative Services. These programs are offered by university or college departments of teacher education in collaboration with the District, under the guidelines of the California Commission on Teacher Credentialing and the California Department of Education.

In cooperation with credential programs within the schools of education at state-approved colleges and universities, the District has maintained the practice of employing and placing university and college students with valid Intern Credentials as full-time classroom teachers, educational therapists, school counselors, school psychologists, and administrators while they pursue course work leading to Preliminary Credentials.

The mutual commitment between the District and the Intern is initially for one year, and, if the intern credential is extended for a second year, for two years of employment and service, given satisfactory conditions and professional performance, according to District protocols for evaluation of certificated employees in the covered categories. Upon completion of the term of internship, in most cases at the end of four quarters during which time the Intern completes credential course work and field work, including a supervised (practica) component and issuance of the Preliminary Credential or Certification, continuing employment is generally considered, again given satisfactory conditions and professional performance, according to District protocols for certificated-employee evaluation and the needs of the

District. After that time, as with other certificated employees, the District's protocols for evaluation of certificated employees continue to apply.

In addition to supervision under their university or college credential programs, each Intern Teacher may receive support according to guidelines developed by the District department of New Teacher Support (NTS), or otherwise as provided for by District departments in conjunction with the Intern Partnership Program. During the first year of service, each Intern Teacher may be enrolled in an Intern Support Program. During the two subsequent years, following the issuance of a Preliminary Credential, each new teacher (former Intern) will be enrolled in the Oakland BTSA Induction Program (OBIP), as mandated by SB2042, in order to earn the Clear Credential.

In addition to their university or college supervisors, Interns may be served by Support Advisors or Coaches (e.g. teachers or administrators serving as mentors) at their school sites, and by the Program field support staff, who make regular visits to schools and manage the support network.

The work of on-site advisors, coaches, and field staff is strictly collegial, not in any administrative or evaluative capacity. The intent is to support Interns in their professional development, so that they thrive in the process of learning, work toward their potential, and provide models for others in the profession (e.g. teachers or administrators) in the future. Thereby the Program promotes the general model of whole faculties that are highly developed in their professional capacities and where collaboration is central to the work. This strengthens the ability of schools and the District overall to grow certificated employees (e.g. teachers or administrators) from within, to nurture them, and to attract and retain the finest in the profession.

University students are expected to be employed and placed as Interns, in particular intern teachers or intern administrators, in the Oakland Unified School District. In previous Partnership years, the District has employed as Intern Teachers approximately two hundred (200) teaching credential candidates (Multiple Subjects, Single Subjects, Education Specialist, Designated Subjects, and Bilingual Teachers) from university and college credential programs. The numbers of Interns expected in Pupil Personnel Services (e.g. administrators) are less persistent. This Memorandum of Understanding does not specify the number of University Interns in any of the covered categories, to be employed by OUSD. Employment will be based upon the needs of the District and the qualifications of University students.

Overall, it should be noted that the District's partnerships with colleges and universities support District efforts to recruit qualified teachers and administrators or other certificated educators in pupil personnel services. The existence of CCTC-approved internship programs provides viable alternatives for qualified graduate students requiring full-time employment — those either already enrolled in credential programs, seeking enrollment in credential programs, or considering teaching or pupil personnel services as a profession.

STRATEGIC ALIGNMENT

This strategy of placing university and college credential-program students in Practica and employing Interns aligns with major District goals and State and Federal legislation aimed at increasing the percentage of qualified, credentialed teachers, administrators and other educators in pupil personnel services in OUSD schools and departments, thereby decreasing the number of teachers and other educators in pupil personnel services working under Emergency Credentials or other Short-Term Staffing Permits. For teachers, in particular, the existence of Intern Partnership Programs provides a vehicle by which new teachers-of-record in any of the qualified categories regarding intern status may

continue their professional development within the Learning to Teach Continuum, guided by the California Standards for the Teaching Profession, under the department of New Teacher Support.

DISCUSSION

Approval by the Board of Education of a Memorandum of Understanding between the Oakland Unified School District and *Brandman University (University or BU)*, for Intern Partnership and Practica Programs for K-12 Teaching in the areas of *Multiple Subjects, Single Subjects, Designated Subjects, and Education Specialist credentials, including Added or Supplementary authorizations; and for Administrative Services and other Pupil Personnel Service credentials and certifications or authorizations*, as specified, for the term July 1, 2018 through June 30, 2021. There is no District funding. There will be no fiscal oversight [*Article 13, Program Sponsorship*].

The purpose of this MOU is to cooperate with institutions of higher education that provide OUSD with fully credentialed teachers, administrators and other educators in pupil personnel categories covered under this Agreement.

FISCAL IMPACT

Teacher Intern Partnership Program Sponsorship and Fiscal Oversight: (See *Appendix A, pages 23-25: CCTC 2014 guidelines, and Article 13*)

Funding of the University Program is not covered under this Agreement. There will be no fiscal oversight [Article 13, Program Sponsorship]. The Teacher Intern Partnership Program will carry no fiscal impact on the District.

The Office of Educator Effectiveness, with NTS, projects that in the school year 2017-18, and each year continuing through the term of this Agreement, the District will employ approximately 200 Teacher Interns under all its Partnership Programs with state-approved colleges and universities.

If an honorarium is to be paid to a District Supervisor for the assignment of a Practica Student in Covered Categories, an honorarium form and a vendor form will be sent directly to the District Supervisor to be completed, signed, and returned to the University. The University will process the honorarium form at the end of the semester in which the University student was supervised. Any honoraria of payment provided in the Agreement will be transmitted by the University directly to Supervisors. The Practica Program will carry no fiscal impact on the District.

RECOMMENDATIONS

Approval by the Board of Education of a Memorandum of Understanding between the Oakland Unified School District and *Brandman University (University or BU)*, for Intern Partnership and Practica Programs for K-12 Teaching in the areas of *Multiple Subjects, Single Subjects, Designated Subjects, and Education Specialist credentials, including Added or Supplementary authorizations; and for Administrative Services and other Pupil Personnel Service credentials and certifications or authorizations*, as specified, for the term July 1, 2018 through June 30, 2021. There is no District funding. There will be no fiscal oversight [*Article 13, Program Sponsorship*].

University students should be allowed to complete their required Performance Assessment for California Teachers (PACT) or any other Assessment that may be required by the CCTC.
- vi. University students in elementary and secondary school placements will commit to experience at least four (4) full weeks, full days, of practica.
- vii. For Adult Education Schools, University students should be allowed approximately thirty (30) minutes of practica daily, three (3) days per week during regular sessions.

applied to such placements as these University students are pre-credential undergraduates.

Provisions and Guidelines for Practica Specific to this Agreement:

- i. The number of semester units of practica to be provided for each student of the University assigned to practica under this agreement shall be determined by the University.
- ii. An assignment of a student of the University to practica in schools, classes, or other sites or departments of the District shall be at the discretion of the University. Assignments may range from approximately four (4) to nine (9) weeks, or for approximately eighteen (18) weeks, given a full semester, or for a period of time otherwise determined at the prerogative of the University and specified under the University program. Practicum Supervisors must work directly with the University, according to University policies, in order to receive compensation.
- v. Absences of students from assigned practica shall not be counted as absences in computing the semester units of practica provided to University students by the District or Practica Supervisors, in order to avoid adjusting compensation for supervision should absences occur. Compensation to the Practica Supervisors will be based on semester units and not on actual hours of University student (e.g. Student Teacher) attendance at the assigned practica sites. Assignment of actual credit for attendance earned by University practica students in the District, as semester units, is the prerogative of the University.

Based on these recitals and definitions, the District and the University agree as follows:

 - f. Screening by University staff, which may include the following: a personal interview; written self-evaluation regarding teaching and learning, school counseling, school psychology services, or school administration, as applicable to the credential program under consideration; and verification of coursework and prior experience with K-12 students in a multicultural, multilingual setting.
 - g. Interview with a University Academic Supervisor and a lead faculty member for the applicable credential program (“Program”).
 - h. For Interns in Covered Categories, admission to the University’s applicable School of Education Internship Credential Program. Recommendation for an internship by a University designee.

- k. Evidence of negative tuberculosis test performed within six months of the Intern's or Practica Student's start date.

Article 5: Placement of Interns and Duration of Internship

3. Placement of Interns: University students, certified as qualified and competent by the University, according to the standards set by the Commission on Teacher Credentialing, to provide Intern services to the District in any of the covered categories, may, at the District's discretion, be accepted and assigned to its schools, classes, clinical educational sites, or departments for services as Interns. The University and the District may coordinate the process of selection and placement of Interns. The University reserves the right to make the final determination on any Intern's acceptance into the University Internship Credential Program. The District reserves the right to make the final determination on the employment and placement of any Intern. Neither the University nor the District shall discriminate in the selection of, or acceptance or participation by, any Intern pursuant to this Agreement because of race, color, national origin, religion, sex or gender, sexual orientation, gender identity, gender expression, handicap, age, veteran's status, medical condition, marital status, or citizenship, within the limits imposed by law.
4. Duration of Internship: Once a student has been employed as an Intern by the District, and if the Intern remains in good standing as a student in the Program at the University and within the District's policies and performance standards, the Intern shall be allowed to finish his or her Internship with the District. However, an Intern who performs below acceptable District or University standards, after appropriate support and advice efforts have been implemented, may be removed from the paid Internship position by the District and/or be removed from the Program by the University. In the case of an Intern's removal from the District assignment or the Program by either the District or the University, respectively, either party shall provide immediate written notification to the other. All services provided by the University and the District pursuant to this Agreement shall terminate upon an Intern's removal from the District or termination of participation in the Program with respect to the Intern removed.

Article 6: Intern Employment Status and Responsibility

5. Intern Employment Status: The Intern shall be considered a District employee for all purposes, including for the payment of any federal, state, or local income or occupational taxes, FICA taxes, unemployment compensation or workers' compensation contributions, medical leave, personal leave, retirement benefits, or any other payments or benefits for or on behalf of Interns.
6. Intern Salary and Benefits: The Intern receives salary and benefits based on the District's current policies and agreements with the Bargaining Agent for the Teacher Unit. The Intern's salary shall not be reduced to cover the cost of supervision by the University or the cost of support by the District under the terms of this Agreement.
7. Intern Responsibility and Performance of Duties: The Intern is expected to fulfill responsibilities and perform duties under the collective bargaining contract for the unit representing the covered category of employee for which the Intern is a practitioner-of-record. The Intern assumes full performance

and legal responsibility for his or her classroom, other student constituency, school, or other District position or site assignment, as applicable, from the first day of the assignment as a paid employee of the District, for at least one academic year, given satisfactory performance according to relevant District certificated employee evaluation guidelines and employment protocols that apply to all certificated employees in the assignment category. In consideration of Internship status, the Intern should not be assigned extraordinary duties or committee responsibilities, but may be assigned to extracurricular activities and be expected to participate in department, faculty, or other relevant site meetings proportionate to the assignment load of a regular contracted employee in the covered category. For example: (1) the Intern will arrange and attend parent and/or teacher conferences as appropriate to any teaching, counseling, or administrative responsibility; (2) the Intern will participate in regular faculty, circuit, or department meetings; (3) the Intern should not sponsor or coach extra-curricular activities; (4) the Intern may request not to attend District, school, other site, or department meetings that conflict periodically with Internship Program responsibilities at the University, with the understanding that certain University classes or meetings require the Intern's participation at the University.

Article 7: District Curricula, Performance Standards, and Certificated Employee Evaluation

8. District Curricula and Programs: The District establishes instructional programs and guidelines for curriculum design and implementation, pupil personnel services, and school design and administration, in cooperation with classroom teachers, school counselors, school psychologists, educational therapists, and site administrators who are expected to apply personal perspectives, intelligence, creativity, and knowledge of content and practice.
9. District Performance Standards: The District establishes performance standards for all certificated employees, including Interns, within the framework of the California Standards for the Teaching Profession, and other standards of the California Commission on Teacher Credentialing and the California Department of Education for teaching, pupil personnel services, and administrative service assignments. All certificated personnel will be evaluated by their supervising site and/or department administrators according to District procedures, with reference to those standards, for the purpose of continuing employment.

All teachers, following their completion of requirements for the Preliminary Credential within the University credential program, will be evaluated by professional staff within the District's Induction Program for purposes of formative assessment and recommendation for the Clear Credential.

Article 8: Intern Program Support

10. Intern Program Support in Covered Categories: (See *Appendix A, pages 23-25: CCTC 2014 guidelines*.)
 - a. The District and the University will each provide for qualified support of Interns. The University will provide for a qualified Academic Supervisor, and the District will provide for a qualified on-site Coach or Mentor (Support Provider), to assist each Intern in the Program in developing competencies with regard to design and delivery of curriculum and classroom management practices, pupil personnel services, or administrative services, as applicable to the credential program under consideration.
 - b. The District and the University will determine independently the qualifications of their respective Supervisors and Coaches. The University will be responsible for designating its own Academic Supervisors for its students employed as Interns by the District. The District will be

responsible for designating its own Coaches for its Interns. The District Coach may be recommended by the professional field support staff of the District, including the Talent Division, department of New Teacher Support (NTS), according to NTS recruitment, professional development, and service guidelines for the Coaches in its support programs.

The University will provide trained and qualified University Academic Supervisors, who are familiar with and understand Oakland Public Schools, to support, observe and assess Interns in their assignments on a regular schedule appropriate to the needs of the Intern and the school. The University shall provide training for all University Academic Supervisors. University Academic Supervisors may consult regularly with on-site District Coaches and administrators, and will inform District personnel of any changes in the Intern's program, preparation schedule, or status within the University.

The supervision plan for Interns will be the University supervision plan for its Internship credential program students, respective to the credential program under consideration, which will consider the needs and assets of each Intern and of the individual school site to which each Intern is assigned.

11. Intern Teacher Program Support: (See Appendix A, pages 23-25: CCTC 2014 guidelines.)

- a. The District will provide highly trained and qualified Teacher Coaches, preferably on-site, who are recognized for successful classroom teaching experience, who have approval of site administrators, and who are recommended under the guidelines of the Division of TL, the OEE, and the department of New Teacher Support (NTS), according to the department's recruitment, professional development, and service guidelines for Teacher Coaches. The University may provide training for all District Teacher Coaches working with the University's Interns.
- b. The on-site support plan for Intern Teachers will be implemented according to the guidelines developed by NTS, or otherwise as provided for by District departments in conjunction with the Intern Partnership Program, which will consider the needs and assets of each Intern and of the individual school site to which each Intern is assigned.
- c. Under the District's plan for support of Interns, each Intern/Teacher Coach pair may be allowed up to four (4) release days with substitute teacher coverage; this release time will be for the purpose of observing master teachers or for participating in other professional development activities approved by the District. Allowable release time will depend upon funding, as may be covered under this Agreement. (See Article 13, Program Sponsorship.)
- d. The District site Teacher Coach and the University Academic Supervisor assigned to an Intern Teacher may meet periodically with the Intern to discuss the Intern's classroom practices and professional development generally, and to ensure compliance with the California Standards for the Teaching Profession (CSTP) and the standards outlined in the State's Teacher Induction Program, including, but not limited to, Teaching Performance Expectations (TPE) in the Intern's classroom.
- e. The District site Teacher Coach and the University Academic Supervisor may meet periodically without the Intern Teacher to discuss the Intern's progress, as needed. In no case, however, may the District Teacher Coach function in an evaluative capacity. Teacher evaluation for purposes of continuing employment or assignment is the responsibility of the site administrator and/or

other personnel in the District Division of TL, which includes or the Office of Educator Effectiveness (OEE) and the department of New Teacher Support (NTS).

- f. The District will designate a coordinator to ensure supervisory and support assistance to District Intern Teachers.

Article 9: Individual Teacher Provisional Internship Permit

12. University and District Requirements and Services: Individual Provisional Teacher Internship Permit (PIP) candidates are subject to all fees, requirements and services provided by the University in its credential programs. Additional support will be provided under the auspices of the University, as prescribed under CCTC guidelines. Each candidate must discuss any additional services with the District Coordinator of Internship Programs or other supervisory personnel within the District Division of TL, the OEE or NTS.
13. Supervision of Interns under the PIP: University Field Supervisors, in consultation with the District Coordinator of Internship Programs, shall be responsible for developing the Individual Development Plan (IDP) for each intern authorized by a PIP. As required by law, authorized personnel of the University and the District must approve each IDP.
14. Transition to University Internship Credential: University students authorized by Provisional Internship Permits for employment by the District, due to time constraints, specific cohort or program components, or other restrictions within the University's purview, shall apply through the University for a University Internship Credential at the earliest possible date, given the University's admission policies. This provision shall not apply to Interns who will complete requirements for the Preliminary Credential before the beginning of the University's next admission cycle.

Article 10: Teacher Intern Orientation and Professional Development

15. Program Orientation: Prior to the beginning of the Intern's teaching experience at the District, the University will hold Program orientation meetings for Intern teachers.

The University also may offer training seminars that may be attended by District Teacher Coaches, Division of TL, OEE or NTS staff, or other District field support staff. University representatives may review techniques of supervision, procedures for conducting observations and providing assistance, may introduce forms used in the Program, communicate seminar schedules, and offer further training and materials to site Teacher Coaches. In addition, the contents of any University *Program Handbook* — the parameters of Intern teaching, roles and responsibilities, special assistance procedures, and pertinent University policies and procedures — may also be reviewed with Interns and District site Teacher Coaches.

NTS staff or other District field support staff may also attend University orientation meetings for the purpose of informing Interns about the role of the Division of TL and the OEE, NTS primarily, in on-site support processes once a candidate is placed in the District.

16. District Professional Development Programs: The District will include Intern Teachers in appropriate District support programs and provide training in regularly scheduled staff development activities. Interns may elect to participate in any professional development opportunities within the District, including those programs managed by the Division of TL and the OEE, and those programs

managed specifically by the department of New Teacher Support (NTS), or other relevant District departments.

Article 11: Responsibility for Academic Program and Assessment of Interns

17. Academic Responsibility: The University shall have exclusive control over all academic issues involving its credential and certificate programs, which shall include, without limitation: selection of course content and required textbooks; delivery of instruction; selection and approval of faculty; admission, registration, and retention of District Interns as University students; evaluation of the education and prior experience of Interns; evaluation of the academic progress of Interns; scheduling of courses; awarding of academic credit; and conferring of academic degrees.
18. Assessment: Academic assessment is a function of the University program designed for the specific classroom teaching, pupil personnel services, education therapy services, or administrative services credential categories covered in this Agreement, and of any Field Experience course (Practica), or any other program component designed by the University. Students engaged in Field Experience will pre-assess their teaching, pupil personnel, educational therapy, or administrative skills, develop a plan for growth, and assess their growth at the close of the course with the University Academic Supervisor. No evaluative assessment will be considered the responsibility, either in whole or in part, of the District site Coach, who works with the Intern on a collegial basis for the purpose of formative assessment only.
19. Summative Performance Evaluation: At the end of each semester, or otherwise according to the University's Program, the University Academic Supervisor will complete a summative performance evaluation of the Intern and make a recommendation concerning the Intern's readiness for independent teaching, pupil personnel services, educational therapy services, or administrative services, which will be given to the University's Department of Credentials. This performance evaluation will determine the Intern's competence relative to the program standards of the California Commission on Teacher Credentialing or other relevant standards of the California Department of Education for the specific credential or certificate the Intern is seeking to obtain. The signed evaluation forms will belong to University as part of the Intern's student records and may be kept on file in the office of either the Department or of the Credential Analyst at the University.

It is expected that the supervising site or department administrator of the District will complete a summative evaluation of the Intern's performance according to District evaluation protocols for certificated employees in the applicable credential category, for purposes of continuing employment and assignment to a position in the District. The District evaluation forms will belong to the District as part of the Intern's personnel records. However, the supervising site or department administrator will make available to the University Academic Supervisor any relevant information from this evaluation for assessment by the University of the student, concerning the recommendation of the Intern for the Preliminary Credential and the appropriateness of the Intern's continuing placement at the District

Article 12: Teacher Intern Partnership Program Steering Committee

20. Oakland Intern Partnership Program Steering Committee: The University may designate a representative or representatives from its professional staff to participate in the District's Teacher Intern Partnership Program Steering Committee (IPPSC), which may include NTS staff, other OUSD Division of TL or OEE staff, and representatives of the colleges and universities with which

the District maintains Teacher Intern Partnership Programs. The IPPSC may meet periodically to collaborate on matters concerning the education and support of Teacher Interns, and to develop functions of the Oakland Intern Partnership Program (OIPP).

Article 13: Program Sponsorship —Teacher Intern Partnership Program

21. Teacher Intern Partnership Program Sponsorship and Fiscal Oversight: (See *Appendix A*, pages 23-25: **Program Sponsorship**.) The District will serve as Lead Sponsor and, if funding is covered under this Agreement, as Fiscal Agent for the Partnership, with the University as Co-Sponsor. Management of these functions will be the responsibility of the District department of New Teacher Support (NTS) or other District department as may be designated by the District Administration or Board.

Funding of the University Program is not covered under this Agreement. There will be no fiscal oversight.

Article 14: Placement of University Students for Practica

22. Placement of University Students for Practica: University students, certified as qualified and competent by the University to serve as Practice Students in any of the Covered Categories, may, at the District's discretion, be accepted and assigned to its schools for purposes of Practica. The University and the District may coordinate the process of selection and placement of Practica Students. The University reserves the right to make the final determination on any Candidate's acceptance into the relevant Credential Program ("Program") at the University. The District reserves the right to accept or reject the placement of any Practica Student in a District school, clinical site, or department. Neither the University nor the District shall discriminate in the selection of, or acceptance or participation by, any Candidate pursuant to this Agreement because of race, color, national origin, religion, sex or gender, sexual orientation, gender identity, gender expression, handicap, age, veteran's status, medical condition, marital status, or citizenship, within the limits imposed by law.

The District may, for good cause, refuse to accept for practica experiences, in any of the Covered Categories, any student of the University assigned by the University to applicable practica duties in classrooms, schools, departments, or clinical sites of the District. The University may, for good cause, terminate the assignment of any student of the University to respective practica assignments or functions in the District.

23. Assignment of University Students to Practica: Assignment of a student of the University to practica in the District shall be deemed to be effective for the purposes of this Agreement as of the date the student presents to the proper authorities of the District the notice of assignment card or other document given by the University putting such assignment into effect, but not earlier than the date of such assignment as shown.

In the event the assignment of a student of the University to practica is terminated by the University for any reason, the Supervising Teacher, Clinical Academic Supervisor, Administrative Supervisor, or other relevant District Supervisor, in consideration of the prerogatives and provisions specified in this Agreement, shall receive compensation for supervision on account of such student as if there had been no termination of the assignment; except that if such assignment is terminated before the end of the ninth week of the term of the assignment, the Supervisor shall receive payment for an assignment of nine (9) weeks only. If a student is assigned by the University to another District Supervisor after an assignment has become effective, this shall be considered for payment purposes as an entirely new and separate assignment.

24. Duration of Practica Placement: In the case of expiration or termination of this Agreement, all students of the University placed in the District for purposes of Practica as of the date of termination or expiration of this Agreement shall be permitted to complete their Practica placements with the District.

However, a Candidate who performs below acceptable District or University standards for practica in any of the covered categories, after appropriate support and advice efforts have been exhausted, may be removed from a practicum placement by the District or the University and/or be removed from the Program by the University. In the case of a Candidate's removal from the practicum assignment or the Program by either the District or the University, respectively, either party shall provide immediate written notification to the other. All services provided by the University and the District pursuant to this Agreement shall terminate upon a Candidate's removal from the District or termination of participation in the Program.

Absences of University students from assigned practica shall not be counted as absences in computing the semester units of practica provided to University students by the District or District Supervisors, in order to avoid adjusting compensation for supervision should absences occur. Compensation for supervision is to be based on semester units and not on actual hours of attendance. Computation of actual attendance, for credit as semester units, by student teachers is the obligation of the University.

Article 15: Practica Student Status and Responsibility

25. University Practica Student Status: The University student assigned to Practica shall be considered only a student of the University and not a District employee for any purposes. However, if a qualified Student Teacher under University supervision is requested by the District to serve as a Substitute Teacher for the Master Teacher otherwise providing direct practicum supervision, in that particular District assignment, and obtains the appropriate permit, the University may allow such a placement, during the spring semester only, for a maximum of eight (8) days.
26. University Practica Student Responsibility: The University student assigned to Practica is expected to fulfill responsibilities and perform relevant activities in the credential category under consideration as assigned by the University Supervisor and the District Supervisor in collaboration. In consideration of Practica Student status, the Practica Student should not be assigned or expected to participate in extraordinary school duties or school committee responsibilities, except as may be determined instructive by the University Supervisor and the District Supervisor in collaboration (e.g. extracurricular activities associated with teaching, counseling or administrative responsibilities; participation in circuit, department or faculty meetings; parent or teacher conferences, as appropriate). Practica Students should not sponsor or coach extra-curricular activities. A Practica Student may request not to attend District or school meetings that conflict with Program activities or other responsibilities at the University.

Article 16: District Curricula, Performance Standards, and Practica Student Evaluation

27. District Curricula and Programs: The District establishes instructional programs and guidelines for curriculum design and implementation, pupil personnel services, and school design and administration, in cooperation with classroom teachers, educational therapists, school counselors, school psychologists, and site administrators, who are expected to apply personal perspectives, intelligence, creativity, and knowledge of content and practice.

28. District Performance Standards: The District establishes performance standards for all certificated employees, including teachers, counselors, and administrators, within the framework of the California Standards for the Teaching Profession, and other standards of the California Commission on Teacher Credentialing and the California Department of Education for teaching, pupil personnel services, and administrative service assignments. All certificated personnel are evaluated by their supervising site and/or department administrators according to District procedures, with reference to those standards, for the purpose of continuing employment.

University students assigned to Practica in the District are expected to be evaluated by their University and District Supervisors with regard to those standards. Such evaluation will be for the purpose of continuation in the University Program or in practica assignments, with consideration ultimately concerning the recommendation of the University student for the Preliminary Credential in the relevant credential category.

Article 17: Practica Supervision and Program Support

29. Practica Supervision and Support: The District and the University will each provide qualified support for Practica Students. The University will provide a qualified University Supervisor, and the District will provide a qualified District Supervisor (e.g. Master/Cooperating/Mentor Teacher, Counselor, Administrator) to assist each Candidate in the Program in developing competencies with regard to design and delivery of curriculum and classroom management practices, pupil personnel services, or administrative services, as applicable to the credential program under consideration.

The District and the University will determine independently the qualifications of their respective Supervisors. The University will be responsible for designating its own Supervisors for its Candidates. The District and the University will be responsible, in cooperation, for identifying qualified District Supervisors with whom Practica Students may be placed, with final determination of placement the prerogative of the University. The University will conduct training of designated District Supervisors, given frameworks and guidelines of the University Program.

The University will provide highly trained and qualified Supervisors, who are familiar with and understand Oakland Public Schools, to support, observe and assess Practica Students in their assignments on a regular schedule appropriate to the needs of the Candidate and the school. The University shall provide training for all University Supervisors. University Supervisors may consult regularly with District Supervisors and site or department administrators, and will inform District personnel of any changes in the Candidate's program, preparation schedule, or status within the University.

The supervision plan for Candidates will be the University's supervision plan for its credential program students assigned to Practica, which will consider the needs and assets of the Candidate and of the individual school sites, clinical sites, or departments. It is the prerogative of University Supervisors to offer distance supervision of Practica Students; such supervision may make use of various means of electronic communication, such as videography or other technologically appropriate formats. If such electronic means are to be implemented in the classroom of a Master Teacher or another District Supervisor, the Master Teacher or District Supervisor must approve its use in that context.

The District will provide highly trained and qualified District Supervisors, who are recognized for

successful experience in the credential category under consideration, who have approval of site or department administrators, and who may be recommended by the professional field support staff of the District, including the Division of TL, the OEE, and New Teacher Support (NTS), according to NTS recruitment, professional development, and service guidelines for the Supervisors or Coaches in its support programs.

Given implementation, by the University and District, of the plan for support of University practica students — credential candidates in any of the covered categories — placed in District programs at District sites, each University practica student, as noted above, who may be serving as a District employee, as a component of such a credential program, may be allowed up to four (4) release days with substitute-employee coverage; coverage will be provided under terms of the *Personal Leave* policy of the District for its employees in the covered category — as approved by the site administrator. Release time will be for the purpose of observing master practitioners (e.g. teachers or administrators), in covered categories, or for participating in other professional development activities approved by the University and the District. Such approved release time will be charged against the *Personal Leave* allowance of the District employee (University student) who has requested the leave.

Article 18: Practica Student Orientation and Professional Development

30. Program Orientation: Prior to the beginning of University Students' Practica experiences in the District, the University will hold Program orientation meetings for its credential candidates.

The University also may offer training seminars that may be attended by District Supervisors or other District field support staff, including staff from TL and OEE, and including NTS. University representatives may review techniques of supervision, procedures for conducting observations and providing assistance, may introduce forms used in the Program, communicate seminar schedules, and offer further training and materials to District site Supervisors. In addition, the contents of any University *Program Handbook* — the parameters of practica, roles and responsibilities, special assistance procedures, and pertinent University policies and procedures — may also be reviewed with Practica Students and District site Supervisors.

NTS staff or other District field support staff may also attend University orientation meetings for the purpose of informing Practica Students about the role of the Division of TL and the OEE, NTS primarily, in on-site support processes once a candidate is placed in the District.

31. District Professional Development Programs: The District may include Practica Students in appropriate District support programs and provide training in regularly scheduled staff development activities. Practica Students may elect to participate in any professional development opportunities within the District, including those programs managed by the Division of TL or the OEE, or by another District division responsible for instructional services, and those programs managed specifically by NTS or other relevant District departments.

Article 19: Payment or Other Compensation for District Supervisors

32. Payment of Honoraria or Other Compensation for District Supervisors or the District: If an honorarium is to be paid to a District Supervisor for the assignment of a Practica Student in Covered Categories), an honorarium form and a vendor form will be sent to the District Supervisor to be completed, signed, and returned to the University. The University will process the honorarium form

at the end of the semester in which the University student was supervised. The Supervisor may receive other compensation for and recognition of services, at the prerogative of the University, as outlined in *Article 1* of this Agreement, once all required materials and summative evaluations for the University student have been submitted to the University by the District Supervisor.

Notwithstanding any other provisions of this Agreement, the University shall not be obligated by this Agreement to award the District or District Supervisors any amount in funds or honorary continuing education units, accordingly, in excess of the honoraria, at the prerogative of the University and calculated according to University policies for supervision of teaching practica or practica another clinical, departmental or administrative placement in the District, as determined by the University, and as defined in these provisions, for students actually placed and for time applied to actual supervision.

Article 20: Responsibility for Academic Program and Evaluation of Practica Students

33. **Academic Responsibility**: The University shall have exclusive control over all academic issues involving the Program, which shall include, without limitation: selection of course content and required textbooks; delivery of instructional programs; selection and approval of faculty; admission, registration, and retention of Candidates as students; evaluation of a Candidate's prior experience and education; evaluation of a Candidate's academic progress; scheduling of courses; awarding of academic credit; and conferring of academic degrees.
34. **Academic and Performance Evaluation of Practica Students**: Academic assessment is a function of University courses designed for the specific credential categories covered in this Agreement and the Field Experience (Practica) course or any other program component designed by the University. Students engaged in practica will pre-assess their skills in the credential category under consideration, develop a plan for growth, and assess their growth at the close of the course with the University Supervisor. No evaluative academic assessment will be considered the responsibility, either in whole or in part, of the District Supervisor, who works with the Candidate for the purpose of practical instruction and formative assessment. The District Supervisor will provide a written evaluation of the University Student's performance in the practical components of the assignment (e.g. classroom teaching) concerning the Candidate's readiness for independent professional practice, which will be provided to the University Supervisor of the Candidate.
35. **Summative Performance Evaluation**: At the end of each semester or at the completion of a practicum assignment, or otherwise according to the University's Program, the University Supervisor will complete a summative performance evaluation of the Candidate, addressing University Program guidelines, CCTC program standards, and District evaluation protocols in the Covered Categories, and make a recommendation concerning the Candidate's readiness for independent professional practice, which will be given to the University's Program managers. This performance evaluation will contribute to the determination of the Candidate's standing and competence relative to the California Commission on Teacher Credentialing program standards for the specific credential the Candidate is seeking to obtain. Any assessment forms, letters of recommendation, or other narratives requested by the University and completed by the District Supervisor, in this vein, will be delivered to University Supervisor as part of the Candidate's records, will belong to the University as part of the Candidate's student records, and will be kept on file at the University.

Any assessment forms, letters of recommendation, or other narratives that are part of the formative assessment process of the District will belong to the District as part of the Candidate's records

regarding the particular District assignment. The District Supervisor may make available to the University Supervisor any additional relevant information from the District formative assessment that may have bearing on the assessment by the University of the Candidate, concerning a recommendation for the Preliminary Credential and the possibility of the Candidate's future employment by the District for a position in any of the Covered Categories.

Article 21: District and University Insurance

36. Acknowledgment of Insurance Status: This Agreement acknowledges that the District is permissibly self-insured for all required coverages. In the case that the University is self-insured for all required coverages, the University will provide a legally authorized document so stating, or it will provide a Certificate of Insurance, issued by the Insurer, naming the District as an Additional Insured, attached to this Agreement. The District and University each agree to keep in full force and effect, during the term of this Agreement, insurance to meet their respective obligations and liabilities hereunder. Such insurance shall include but not be limited to the following:

- a. Commercial General Liability, Professional Liability, and Automobile Liability for bodily injury, personal injury and property damage;
- b. Workers' Compensation coverage with statutory limits; and
- c. Employers Liability coverage.

The District shall defend, indemnify and hold the University, its officers, employees, and agents harmless from and against any and all liability, loss, expense (including reasonable attorneys fees), or claims for injury or damages arising out of the performance of this Agreement, but only in proportion to and to the extent such liability, loss, expense, attorneys fees or claims for injury or damages are caused by or result from the negligent or intentional acts or omissions of the District, its officers, employees, or agents.

The University shall defend, indemnify and hold the District, its officers, employees, and agents harmless from and against any and all liability, loss, expense (including reasonable attorneys fees), or claims for injury or damages arising out of the performance of this Agreement, but only in proportion to and to the extent such liability, loss, expense, attorneys fees, or claims for injury or damages are caused by or result from the negligent or intentional acts or omissions of the University, its officers, employees, or agents.

Article 22: Development of Resources

37. Development of Resources and Joint Efforts: The University and the District are committed to the joint development of future resources that benefit the Intern Partnership Program and University Credential programs generally, including any components regarding the assignment of University students to internships or practica in District schools, considering the provisions of this Agreement. This may involve joint participation in grant writing, joint sponsorship of teacher education events, reciprocal permission for the use of facilities, consistent with standard policies and procedures governing the use of any such facilities and on the same terms and conditions as may apply generally to outside users, and active participation in professional advisory or steering committees, given any institutional restrictions or prerogatives of either party.

Article 23: Labor Disputes in the District

38. Obligation of Neutrality: The University is obligated to maintain neutrality in any labor disputes of the District, to ensure that all field experiences in such contexts will be educationally valid for students of the University, to avoid placing University students in situations in which there may be risk of personal injury, and to avoid interfering with students or employees of the District engaged in instructional or administrative programs of the District.
39. University Student Placements in the Event of a Labor Dispute: In the event of a labor dispute in the District, University students involved in education Field Practice programs shall report to the University until the University Field Coordinator or Director of Field Practice has assessed the situation and made a determination regarding the students' placements under the circumstances.
40. University Supervision During a Labor Dispute: During a labor dispute at the District, University faculty members who supervise University students will visit relevant District sites on a regular basis to observe activities, to meet with District personnel, as permitted under District policies, and to determine whether, from the perspective of the University, the situation remains educationally valid and physically safe for students of the University engaged in Field Practice.
41. Continuation of Field Experience During a Labor Dispute: During a labor dispute at the District, if, in the determination of the University Field Coordinator or Director of Field Practice and from the perspective of the University, the situation is educationally valid and physically safe, and the District Field Supervisor is present in his or her regular position, the University Field Coordinator or Director of Field Practice will allow University students the option of continuing the field experience at the assigned site or of suspending or terminating the assignment.
42. University Students Employed as Interns: Provisions concerning placement and supervision of University students engaged in Field Practice, herein under Article 23, regarding labor disputes in the District, do not apply to University students who, during the period of a dispute, are employed as Interns by the District and thereby placed in District positions, even though Interns may be enrolled in practica courses aligned with their credential or certificate programs, insofar as Interns are governed by the terms of their District employment, including provisions for the collective bargaining unit that represents them.

Oakland Unified School District and Brandman University

This Memorandum of Understanding and Interagency Agreement (MOU or Agreement) for an Intern Partnership Program and Practica Program—applying to K-12 Teaching, including Education Specialist, School Counselor, Clinical School Psychologist, Educational Therapist, and Administrative Services, and other Pupil Personnel Services credentials and certifications, as may be specified—is entered into by and between OAKLAND UNIFIED SCHOOL DISTRICT (OUSD or District), a public school district in the State of California, County of Alameda, and BRANDMAN UNIVERSITY (BU or University), a California nonprofit, private university.

Intern Partnership Program **Description of Services, Requirements and Support** California Commission on Teacher Credentialing January 1, 2014

The University and the District agree to the following conditions and services that apply to Interns who are, or will be, admitted to the University's credential programs through the University's departments and will be serving their education credential internship in the District. Interns nominated by either the University or the District shall be mutually acceptable to both the University and the District, and shall be subject to a mutually acceptable placement within the District.

The University agrees that:

1. Each Intern shall have passed an examination which has been determined by the CCTC to meet the California Basic Skills requirement and shall have passed the subject matter requirement (e.g. CSET/Multiple or Single Subjects Tests, or Liberal Studies Waiver) prior to assuming Intern services or responsibilities.
2. Each Intern shall possess a B.A. Degree, documented by official transcripts with a minimum overall GPA of 3.0 in last 60 units.
3. Each Intern shall have a minimum of one hundred twenty (120) hours of verified pre-service coursework, of which forty-five (45) hours will be related to English Learners (EL), as well as forty-five (45) hours of experience with students, including those who are English Learners in educational settings; or current Preliminary or Clear Credential valid EL Authorization; or passing scores on CTEL examinations.
4. Each Intern shall have passed U.S. Constitution coursework or examination.
5. Each semester, each intern shall be provided a minimum of three (3) hours per week of adequate instruction, advising, encouragement and support, as appropriate, by University personnel, including but not limited to University faculty and University Field Supervisors.
6. The University will provide program coordination as needed with the District to manage the intern application and training process to ensure timely completion of credential coursework and filing for Intern and Preliminary Credentials with the California Commission on Teacher Credentialing.

The District agrees that:

1. Prior to an Intern assuming daily teaching responsibilities, the District must validate that the Intern meets the Commission's identified criteria.

2. Each Intern shall be provided, according to current Support and Supervision guidelines set forth by the California Commission on Teacher Credentialing, adequate supervision, advice, encouragement and support, as appropriate, by District personnel—as designated by the District Office of Educator Effectiveness (OEE), the department of New Teacher Support (NTS), or site administrators—including but not limited to the school site faculty and the District Support Provider. Each Support Provider (Mentor) will hold a valid Clear or Life Credential with EL Authorization and will have completed three (3) years of successful teaching experience.
3. Each Intern, at the discretion of the site administrator, may, on a limited basis, be released from other required District meetings or activities, as needed, to observe other credentialed teachers, to meet with the District Support Provider, or to attend classes at the University.
4. If required, the District will report numbers of Interns annually to the California Commission on Teacher Credentialing (CCTC) during an annual Intern census.

The University and the District agree that:

1. In total, a minimum of one hundred forty-four (144) hours of support/mentoring and supervision shall be provided to each Intern teacher per school year, including coaching, modeling, and demonstrating within the classroom, assistance with course planning and problem solving regarding students, curriculum and development of effective teaching methodologies. The minimum support/mentoring and supervision provided to an Intern teacher who assumes daily teaching responsibilities after the beginning of the school year shall be equal to four (4) hours times the number of instructional weeks remaining in the school year, this taking into account the requirement for a minimum of two (2) hours every five (5) instructional days of adequate supervision.
2. The following additional support/mentoring and supervision shall be provided to an Intern teacher who enters the program without a valid English Learner authorization listed on a previously issued Multiple Subjects, Single Subject, or Education Specialist Teaching Credential; a valid English Learner of Crosscultural, Language and Academic Development (CLAD) authorization:
 - a) An additional forty-five (45) hours of support/mentoring and supervision specific to meeting the needs of English Learners shall be provided by the Commission-approved program (University) to an intern teacher who enters the program without a valid English Learner authorization listed on a previously issued Multiple Subject, Single Subject, or Education Specialist Teaching Credential or a valid English Learner authorization or Crosscultural, Language and Academic Development (CLAD) certificate. The minimum support/mentoring and supervision provided to an Intern teacher who assumes daily teaching responsibilities after the beginning of a school year shall be equal to four (4) hours times the number of instructional weeks remaining in the school year. The support/mentoring and supervision should be distributed in a manner that sufficiently supports the Intern teacher's development of knowledge and skills in the instruction of English Learners.
 - b) The California employing agency (District) shall identify an individual who will be immediately available to assist the intern teacher with planning lessons that are appropriately designed and differentiated for English Learners, for assessing language needs and progress, and for support of language accessible instruction through in-classroom modeling and coaching as needed. The identified individual may be the same mentor who is providing general support and supervision, provided that the individual possesses an English Learner authorization and will be immediately available to assist the Intern teacher in working with English Learners.
 - c) An individual who passes the California Teaching of English Learner (CTEL) examinations prior or subsequent to the issuance of the Intern Credential may be exempted from the

additional forty-five (45) hours of support/mentoring and supervision specific to the needs of English Learners.

Program Sponsorship (*Article 13*):

1. The District will serve as Lead Sponsor under this Agreement, with the University as Co-Sponsor. Management of these functions will be the responsibility of the District Division of TL, the OEE, and the department of New Teacher Support (NTS), or other District department as may be designated by the District Administration or Board.
2. Funding of the University Program is not covered under this Agreement. There will be no fiscal oversight.
