Subject Professional Services Contract -
Donna Gaarder San Francisco CA (contractor, City State)
High School Network (Oakland Technical High School) (site/department)

Action Requested Ratification of a professional services contract between Oakland Unified School District and Donna Gaarder. Services to be primarily provided to High School Network (Oakland Technical High School) for the period of 08/25/2012 through 06/30/2013.

Background
A one paragraph explanation of why the consultant's services are needed.

There is an urgent need to improve teaching and learning in high school mathematics, with a high priority in algebra. Algebra failure rates at our three largest high schools range from 44% to 62%, and are even higher for our African American and Latino students. Algebra is a gatekeeper to other math courses required for college acceptance. Failing a single 9th grade course places students at a high risk of dropping out of high school. To meet the goals set forth in our strategic plan for increased graduation rates and A-G completion rates, we must continue to address instructional quality and student success in 9th grade mathematics.

Discussion
One paragraph summary of the scope of work.

Donna Gaarder will continue the professional coaching services at Oakland Technical High School that she began in 2011-2012 towards substantially improving instruction and student achievement in Algebra and all high school mathematics. As a result of her work, the math department at Tech is beginning to work collaboratively as a professional learning community in service of improving teaching and learning of mathematics. As well, a new department chair has been appointed and the 9th grade team has designed a new Algebra Intervention course and program. During 2012-2013, Ms. Gaarder will focus her services on developing the new department chair to provide effective leadership and the success of Algebra Intervention program.

Recommendation Ratification of professional services contract between Oakland Unified School District and Donna Gaarder. Services to be primarily provided to High School Network (Oakland Technical High School) for the period of 08/25/2012 through 06/30/2013.

EXHIBIT "A" Scope of Work

DESCRIPTION OF SERVICES TO BE PERFORMED BY CONTRACTOR

CONTRACTOR's entire Proposal is not made part of this Agreement. [IF A CONTRACTOR PROVIDES AN ACCEPTABLE DESCRIPTION OF SERVICES AS PART OF A PROPOSAL, THAT DESCRIPTION OF SERVICES CAN BE ATTACHED WITHOUT ANY TERMS, CONDITIONS, LIMITATIONS, ETC., FROM THAT PROPOSAL.]

Summary for Board Memo and Board Agenda – Must accurately align with scope of work below.

Donna Gaarder will continue the professional coaching services at Oakland Technical High School that she began in 2011-2012 towards substantially improving instruction and student achievement in Algebra and all high school mathematics. As a result of her work, the math department at Tech is beginning to work collaboratively as a professional learning community in service of improving teaching and learning of mathematics. As well, a new department chair has been appointed and the 9th grade team has designed a new Algebra Intervention course and program. During 2012-2013, Ms. Gaarder will focus her services on developing the new department chair to provide effective leadership and the success of Algebra Intervention program.

SCOPE OF WORK

Donna Gaarder will provide a maximum of 360.00 hours of services at a rate of \$ 100.00 per hour for a total not to exceed \$36,000.00. Services are anticipated to begin on 08/25/2012 and end on 06/30/2013.

1. Description of Services to be Provided: Provide a description of the service(s) the contractor will provide. Be specific about what service(s) OUSD is purchasing and what this Contractor will do.

Donna Gaarder will provide professional coaching services to Oakland Technical High School for substantially improving instruction and student achievement in mathematics through these two strategic priorities:

(1) Support the new mathematics department chair to provide effective leadership for effective site-based collaboration within and across content areas around design and delivery of rigorous lessons and units aligned with common core standards and assessments. (Strategic Plan Goals: High quality instructional core and effective instruction)

(2) Support Algebra Intervention instructor to design and enact highly effective curriculum and assessments that will substantially improve the mathematics and Algebra performance of Oakland Tech ninth grade students. (Strategic Plan Goals: Create equitable opportunities for learning and prepare students for success in college and careers.)

2. Specific Outcomes: What are the expected outcomes from the services of this Contract? Be specific. For example, as a result of the service(s): 1) How many more Oakland children are graduating from high school? 2) How many more Oakland children are attending school 95% or more? 3) How many more students have meaningful internships and/or paying jobs? 4) How many more Oakland children have access to, and use, the health services they need? Provide details of program participation (Students will...) and measurable outcomes (Participants will be able to...). NOT THE GOALS OF THE SITE OR DEPARTMENT.

Expected outcomes from the services of this Contract are: A substantial increase in the number of students of our three SLC high schools will meet A-G requirements in mathematics and be on track for graduation in 9th grade, as described below:

1) During 2010-2011, 47% of Tech's ninth graders earned either a D or F in their A-G mathematics course. The goal for this year was to reduce the failure rate to 25%. With teacher support of this Contractor and increased effectiveness of our small learning communities, by the end of the first semester of 2011-2012, the school was able to reduce this "failure" rate to 30%. If sustained through end of year, we will have come close to meeting a very ambitious goal, and this translates into 65 more students on track to meet A-G requirements.

2) The goal for 2011-2012 is to reduce the failure rate from 30% to 15%, which would yield another 75 students on track to meet A-G requirements.

3. Alignment with District Strategic Plan: Indicate the goals and visions supported by the services of this contract: (Check all that apply.)

- Ensure a high quality instructional core
Develop social, emotional and physical health
Create equitable opportunities for learning
High quality and effective instruction
Prepare students for success in college and careers
Safe, healthy and supportive schools
Accountable for quality
Full service community district

4. Alignment with Single Plan for Student Achievement (required if using State or Federal Funds)
