Subject **Approval of Rehabilitation Agreements as it Relates to Charter Schools' Applications for State Funding to Rehabilitate Existing District School Site Facilities**

Action Requested Adoption by the Board of Education of Rehabilitation Agreements with Twelve Charter Schools to enable Charter Schools to apply for California School Facility Program funds to rehabilitate District facilities.

Background and Discussion The passage of Propositions 47, 55 ID and 51 have made \$1.4 billion available to charter schools for the construction of new facilities or rehabilitation of existing school district facilities through the state-funded California School Facility Program ("CSFP"), which is jointly administered by the California School Finance Authority and the Office of Public School Construction. The District has received notice from twelve charter schools of their desire to submit applications for CSFP funds to rehabilitate District school sites already housing the respective charter schools.

Under Education Code section 17078.62(a), if funds are awarded, as a first priority, the existing charter school shall be permitted to use the facility until the charter school no longer needs it for charter school purposes. If the charter school applicant receiving funding is no longer occupying the facility built or rehabilitated under this program, the Education Code establishes as second priority that any qualifying successor charter school may occupy the facility on equal terms as those of the prior charter school occupant.

The charter school would receive a 50% loan from the California State Finance authority for the project, and would be responsible for paying the remaining 50%. The District would hold title to the rehabilitated project in trust for the State.

If the charter school or successor charter school does not take possession of the site, the District can possession as long as it assumes the loan payments, unless it receives a waiver.

The following proposed Rehabilitation Projects are being applied for by local charter schools:

EXHIBIT A

Subject: Cox Academy Prop 51 Rehabilitation Proposal (Provided by Charter School)

Cox Academy's Prop 51 rehabilitation proposal located on the E. Morris Cox campus at 9860 Sunnyside Street, Oakland, 94603 consists of rehabilitating all 9 classrooms in Building D totaling 26,949 regular square feet and 1,147 square feet of bathroom space.

Building F (a portable) consisting of 1,562 normal square feet is proposed for rehabilitation.

Building C (the Multi-Purpose Room) consisting of 8,279 normal square feet and 47 toilet square feet are proposed for rehabilitation.

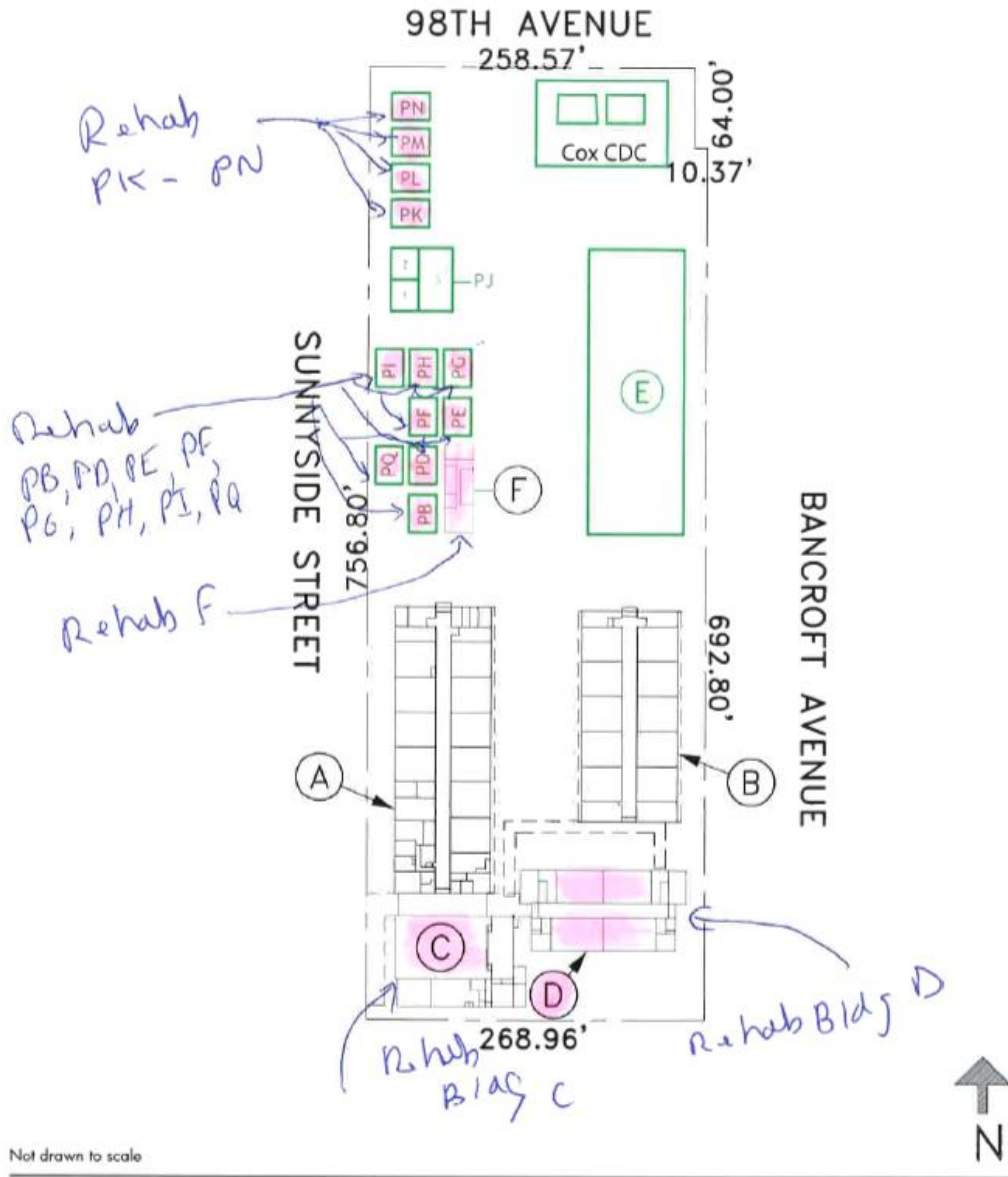

Also, to rehabilitate portables PB (735 square feet), PQ (960 square feet), PD (735 square feet), PF (909 square feet), PE (909 square feet), PI (960 square feet), PH, PG, PK, PL, PM and PN (all 909 square feet).

The total scope of this project consists of 47,452 normal square feet and 1,194 square feet of toilet space.

We estimate the scope of the project to be approximately \$11 MM. We are proposing to rehabilitate all locations in the existing space to cut down on site work cost requirements.

Please note: This site did receive Prop 1D funding and prior to submitting the application. Will confirm with the Department of General Services if any funds remaining to complete any of the above. The highest need would be the portable replacements and we would prioritize them.

Please also note: Cox did receive Charter Facilities Incentive Grant and that work is excluded from this request.
