Background	*The Oakland Community United for Educational Success (Oakland CUES) Project grant will span the next year and a half. Its purpose is to increase attendance and engagement of disconnected students and families following COVID school closures using a community schools approach. Oakland CUES will focus on strengthening CBO/District partnerships to create the conditions for student success and focus on cohorts of students experiencing enrollment (drop out risk), attendance, connectedness, and achievement challenges. Coordinated and wrap-around services for students and families from those community based organizations embedded in our neighborhoods and communities are most effective. Oakland's community school approach is premised on partnerships and serving the whole child in context of communities. By taking a neighborhood approach with tailored services, we will increase graduation rates, improve attendance, increase connectedness to school, and support academic achievement. Targeted activities will be delivered to students and families that were disconnected last year and have struggled to return to in person instruction. We will provide additional focus on vulnerable student populations and their families, including unhoused/housing insecure, foster, newcomer and African American students.* *Student data from CBOs and OUSD will be shared to improve services.*

Oakland Public Education Fund

The PARTIES hereby agree as follows:

1. **Term**.
   a. This Agreement shall start on the below date ("Start Date"):

   February 1, 2023

   If no Start Date is entered, then the Start Date shall be the latest of the dates on which each of the PARTIES signed this Agreement.

   b. The work shall be completed no later than the below date ("End Date"):

   June 30, 2025

   If no End Date is entered, then the End Date shall be the first June 30 after the Start Date. The Oakland Public Education Fund is the grant recipient for the Community United for Educational Success grant. They are tasked with program coordination and with grant reporting. They will be collecting data from Community-Based Organizations and Oakland Unified School District and will be providing aggregated data to the grant awarding foundation at predetermined intervals. The goal is to continue to assess the impact of Community-Based programs that serve Oakland Unified students and to increase attendance and engagement for disconnected youth. If programs are successful, students will become more on track to graduation and more engaged in school and academics. Community-based programs can also use the data to continue to develop, improve and expand their program offerings to benefit at-risk OUSD students.

Community-Based Organizations will provide student information, including name, school, grade as well as programmatic data including attendance in the program and services offered. OUSD will provide key engagement and performance metrics for participating students, including attendance, cumulative GPA, SBAC scores, and on track to graduation (ie a-g completion).
