Support cases can be initiated by calling our toll free telephone number or entering the case via our support internet portal at <https://support.sungardps.com/k12>. SunGard K-12 Education's online case tracking system allows a collaborative environment for problem solving, and all communication between you and our support staff is available on-line, real time. Besides being a powerful tool for tracking support requests, the system includes a full-featured knowledge base to assist you and our support staff in finding answers to your questions quickly. These tools have proved invaluable in enhancing service levels, measuring service quality, and improving customer satisfaction.
- **Response Times/Priorities**
When a support case is initiated, we establish, along with the customer, the priority of the case. Priority levels define the severity level and impact a problem has on the customers' operations. This enables us to be sure we are addressing your needs in the proper sequence.
- **On-Line Problem Diagnosis**
Our support staff utilizes diagnostic tools that enable remote system access to aid in problem resolution. Our staff can immediately see exactly what you are seeing such as data, reports, error messages, etc. and can bring this information back to our data center as necessary to facilitate problem resolution. We are in the process of implementing a new connectivity tool, SecureLink, which will provide improved security and connection reliability. This tool meets the rigorous SAS70 audit requirements. More information at <http://www.securelink.com/>.
- **Users/Client Access to Support**
It's important to balance the need for customer staff to access our support staff with the need to coordinate issue resolution between our organizations. For security audit reasons, we ask that you identify a few key contact names that can contact our staff for issue resolution. We want to ensure that we are providing support services to individuals that you have authorized to represent your organization.

CUSTOMER RELATIONSHIP MANAGEMENT

Your Customer Relationship Manager is your main contact for our ongoing relationship. Customer Relationship Managers are responsible for helping all clients achieve excellence in their use of the PLUS 360 application software solutions. Customer Relationship Managers contact each client on a regular basis with the following goals:

- Consistently measure the satisfaction level of all clients.
- Provide regular and personal communication to all clients.
- Help clients to improve the usefulness of the PLUS 360 solutions at their sites.
- Coordinate additional product sales, training and professional services.

The purpose of the Customer Relationship Manager is to build positive relationships and enhance client satisfaction through on-going communication with our clients and SunGard employees. The Customer Relationship Managers explore viable solutions for user issues, facilitate client awareness of services, products and new technologies, and bring client issues forward to management for consideration in resource re-allocation.

ENHANCEMENTS TO THE SOFTWARE

SunGard K-12 Education continually commits funds to research and development for on-going product enhancement projects. SunGard K-12 Education has an on-going commitment to our existing customers and will continue to focus on product enhancements that provide benefit and value to our customers.

Enhancements occur in one of the following ways:

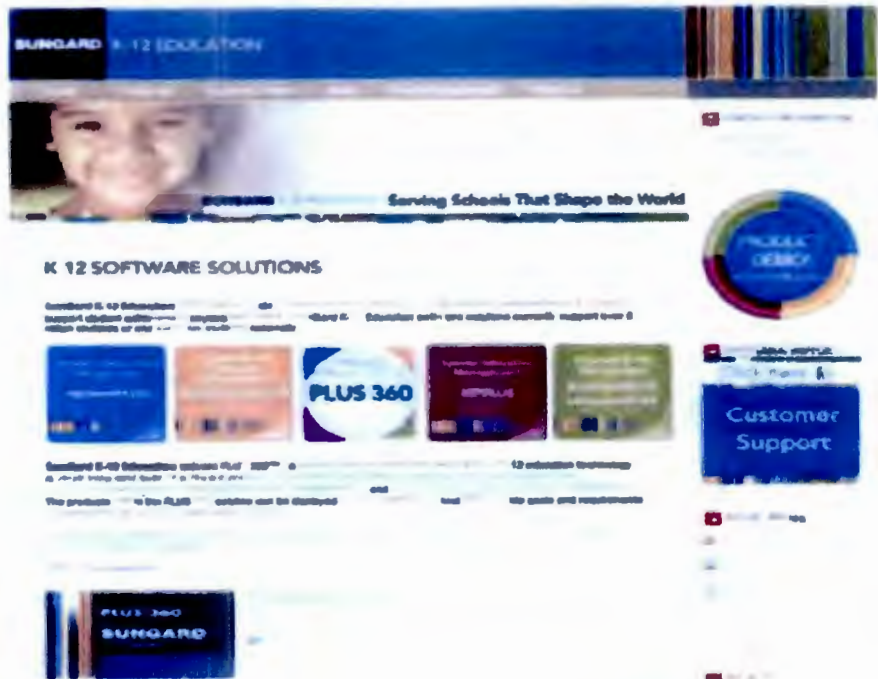

- **Updates for Federal and State Reporting:** SunGard K-12 Education understands that state and federal reporting is vitally important to school districts. Our PLUS 360 solutions regulatory software includes reports and programs that help districts fulfill state and federal reporting requirements. SunGard K-12 Education assumes responsibility for providing and maintaining accurate federal and state reporting. A complete listing of provided regulatory reports can be provided upon request.

SunGard K-12 Education takes seriously its responsibility to identify and understand all on-going changes to regulatory reporting requirements. For every state, we have dedicated teams who are responsible for delivering software modifications. These specialists maintain direct communication with regulatory officials, attend meetings, and monitor all published legislation and documentation to stay up to date. As state and federal reporting regulations continue to evolve, our Product Support Specialists provide direct support to customers through every transition.

- **Client Enhancements:** Customer input into the software development cycle comes from many sources (customer support, user groups, email database, demonstrations, RFPs, etc.). The Product Manager reviews all these suggestions on a regular basis. First, the client defines a specification for the desired enhancement. SunGard K-12 Education then reviews the specifications and provides a quote to develop the enhancement. Once approved by the customer, SunGard will then develop the enhancement. If the enhancement would benefit other customers, it will be incorporated into the core software and released on a future software update.

SHARING USER COMMUNITY

Each year SunGard K-12 Education jointly hosts along with the SunGard National User Group (SNUG) annual client conferences for the PLUS 360 solutions which bring together customers from all across the country. SunGard provides staff to these user group meetings. Location and frequency of user conferences vary based on products and region. In addition to annual conferences, local user groups meet in more than 25 states. Customers in states without local user groups are welcome to join the groups in neighboring states. Most groups hold regular meetings where peers and officers from SunGard come together.

SUPPORT SERVICE LIMITATIONS

We occasionally experience situations where a customer requires an extraordinary amount of customer support service for an extended period of time. This occurs infrequently, but when it does occur it's most often for reasons of inadequate staffing in the customer's internal support group or inadequately trained customer staff. When this occurs, we find ourselves providing an inordinately large amount of support resource to one customer at the expense of being able to provide responsive service to other customers. We monitor service usage to help prevent situations like this from developing. However, if we determine that your service usage over a period of time exceeds 1.5 the median average of all customers of comparable size, we will contact you to recommend remediation activities intended to lower the reliance on our support service. If the remediation activities do not resolve the problem we will apply a monthly support service surcharge until the service levels return to a normal level. We will be proactive about such situations if they develop by making you aware that a problem exists in advance, and we'll work with you to resolve the problem to help get your support usage back to a normal level.

SunGard further grants the right to use the documentation associated to the Software, hereinafter referred to as ("Documentation"), as the Software and Documentation may be modified, revised and updated in accordance with this Agreement.

3. SOFTWARE ACCEPTANCE

- 3.1. **Acceptance.** SunGard shall give written notice to Customer certifying that installation of the Software at the Initial Installation Site(s) is completed. Customer shall be deemed to have accepted the Software thirty (30) days after receiving SunGard's notice, unless, during that period, the Software fails to perform in accordance with the Documentation in some material respect that precludes acceptance of the Software by Customer, and, by the end of that thirty (30) day period, Customer gives written notice of non-acceptance to SunGard describing the material failure in reasonable detail and explaining why the failure precludes acceptance of the Software by Customer. If Customer gives a proper notice of non-acceptance to SunGard, then:

- (a) SunGard shall investigate the reported failure. Customer shall provide to SunGard reasonably detailed documentation and explanation, together with underlying data, to substantiate the failure and to assist SunGard in its efforts to diagnose, reproduce and if necessary correct the failure.
- (b) If there was no material failure to perform or the failure to perform was not attributable to a defect in the Software or an act or omission of SunGard, then SunGard shall give written notice to Customer explaining its determination in reasonable detail, and Customer shall be deemed to have accepted the Software as of the date of SunGard's notice. In the event SunGard determines, that the reported error did not, in fact, exist or was not attributable to a defect in the Software or an act or omission of SunGard, then Customer shall pay for SunGard's investigation and related services at the then current professional service rates in effect.
- (c) If there was a material failure to perform that was attributable to a defect in the Software or an act or omission of SunGard, and if SunGard cannot correct the failure within thirty (30) days (or such longer period as may be reasonable under the circumstances) after receipt of Customer's notice of non-acceptance, then Customer shall promptly return to SunGard all copies of the Software and Documentation and any other items delivered to Customer by SunGard, and SunGard shall then refund to Customer the license fees paid by Customer. If, within such period, SunGard does correct the failure, then SunGard shall give written notice to Customer certifying that the failure has been corrected, and another thirty (30) day acceptance period shall begin in accordance with this Section 3.1.

4. WARRANTIES AND LIMITATIONS

- 4.1. **Performance.** SunGard warrants to Customer that the Software will perform as described in the Documentation in all material respects for a period of one year from the date of initial installation.
- 4.2. **Right to License; No Infringement.** SunGard warrants to Customer that it has the full legal right to grant to Customer the license granted under this Agreement, and that the Software and Documentation, as and when delivered to Customer by SunGard and when properly used for the purpose and in the manner specifically authorized by this Agreement, do not infringe upon any United States patent, copyright, trade secret or other proprietary right of any person. SunGard shall defend and indemnify Customer against any third party claim to the extent attributable to a violation of the foregoing warranty. SunGard shall have no liability or obligation under this Section 4.2 unless Customer gives written notice to SunGard promptly (within ten (10) days, provided that later notice shall relieve SunGard of its liability under this Section 4.2 only to the extent that SunGard is prejudiced by such later notice) after any applicable infringement claim is initiated against Customer and allows SunGard to have sole control of the defense or settlement of the claim. If any applicable infringement claim is initiated, or in SunGard's sole opinion is likely to be initiated, then SunGard shall have the option, at its expense, to:

- (a) modify or replace all or the infringing part of the Software or Documentation so that it is no longer infringing, provided that the Software functionality does not change in any material adverse respect; or
 - (b) procure for Customer the right to continue using the infringing part of the Software or Documentation; or
 - (c) remove all or the infringing part of the Software or Documentation, and refund to Customer the corresponding portion of the initial license fee paid by Customer to SunGard under Schedule B.
- 4.3. **Customer Infringement.** Customer warrants to SunGard that Customer has the full legal right to grant to SunGard the right to use the ideas, methods, formulae, concepts, designs, plans, specifications and other materials provided by or on behalf of Customer for use in developing and/or incorporated into the Software or the Documentation ("Customer Material") and that the Customer Material does not infringe upon any United States patent, copyright, trade secret or other proprietary right of any Person. Customer shall indemnify and defend SunGard against any third party claim to the extent attributable to a violation of the foregoing warranty or any third party infringement of a United States patent, copyright, trade secret or other proprietary right of any Person to the extent resulting from a modification of the Software or Documentation by Customer or any third party which gains access to the Proprietary Items of SunGard through Customer.
- 4.4. **Exclusion for Unauthorized Actions.** SunGard shall have no liability under any provision of this Agreement with respect to any performance problem, claim of infringement or other matter to the extent attributable to any unauthorized or improper use or modification of the Software, any unauthorized combination of the Software with other software, any use of any version of the Software other than the Latest Software Updates that is then generally available to SunGard's customer base, or any breach of this Agreement by Customer.
- 4.5. **Force Majeure.** Except with respect to breach of confidentiality and except with respect to Customer's payment obligations hereunder, neither party shall be liable for, nor shall either party be considered in breach of this Agreement due to, any failure to perform its obligations under this Agreement as a result of a cause beyond its control, including any act of God or a public enemy, act of any military, civil or regulatory authority, change in any law or regulation, fire, flood, earthquake, storm or other like event, disruption or outage of communications, power, or other utility, labor problem, unavailability of supplies, or any other cause, whether similar or dissimilar to any of the foregoing, which could not have been prevented by the non-performing party with reasonable care.
- 4.6. **Disclaimer.** EXCEPT AS EXPRESSLY STATED IN THIS AGREEMENT, SUNGARD MAKES NO REPRESENTATIONS OR WARRANTIES, ORAL OR WRITTEN, EXPRESS OR IMPLIED, INCLUDING IMPLIED WARRANTY OF TITLE, WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, REGARDING THE SOFTWARE OR ANY OTHER MATTER PERTAINING TO THIS AGREEMENT.
- 4.7. **Limitation of Liability.**
- (a) EXCEPT FOR INDEMNIFICATION UNDER SECTION 4.2, SUNGARD'S TOTAL LIABILITY UNDER THIS AGREEMENT SHALL UNDER NO

CIRCUMSTANCES EXCEED THE INITIAL LICENSE FEES ACTUALLY PAID BY CUSTOMER TO SUNGARD UNDER THIS AGREEMENT.

- (b) UNDER NO CIRCUMSTANCES SHALL SUNGARD BE LIABLE TO CUSTOMER OR ANY OTHER PERSON FOR LOST REVENUES, LOST PROFITS, LOSS OF BUSINESS, OR ANY INDIRECT OR CONSEQUENTIAL DAMAGES OF ANY NATURE, WHETHER OR NOT FORESEEABLE.
- (c) CUSTOMER AND SUNGARD HAVE FREELY AND OPENLY NEGOTIATED THIS AGREEMENT INCLUDING THE PRICING TERMS IN THE KNOWLEDGE THAT THE LIABILITY OF THE PARTIES IS TO BE LIMITED IN ACCORDANCE WITH THE PROVISIONS OF THIS AGREEMENT.

4.3. Other Limitations. The warranties made by SunGard in this Agreement, and the obligations of SunGard under this Agreement, run only to Customer and not to its affiliates, its customers or any other persons. Under no circumstances shall any other person be considered a third party beneficiary of this Agreement or otherwise entitled to any rights or remedies under this Agreement. Customer shall have no rights or remedies against SunGard except as specifically provided in this Agreement. No action or claim of any type relating to this Agreement may be brought or made by Customer more than one (1) year after Customer first has knowledge of the basis for the action or claim.

5. CONFIDENTIALITY, OWNERSHIP AND RESTRICTIVE COVENANT

5.1. Disclosure Restrictions. All Confidential Information as defined in Section 1, of one party ("Disclosing Party") in the possession of the other ("Receiving Party"), whether or not authorized, shall be held in strict confidence, and the Receiving Party shall take all steps reasonably necessary to preserve the confidentiality thereof. One party's Confidential Information shall not be used or disclosed by the other party for any purpose except as necessary to implement or perform this Agreement, or except as required by law, provided that the other party is given a reasonable opportunity to obtain a protective order. The Receiving Party shall limit its use of and access to the Disclosing Party's Confidential Information to only those of its employees whose responsibilities require such use or access. The Receiving Party shall advise all such employees, before they receive access to or possession of any of the Disclosing Party's Confidential Information, of the confidential nature of the Confidential Information and require them to abide by the terms of this Agreement. The Receiving Party shall be liable for any breach of this Agreement by any of its employees or any other person who obtains access to or possession of any of the Disclosing Party's Confidential Information from or through the Receiving Party.

5.2. SunGard's Proprietary Items, Ownership Rights. The Proprietary Items, as defined in Section 1, are trade secrets and proprietary property of SunGard, having great commercial value to SunGard. All Proprietary Items provided to Customer under this Agreement are being provided on a strictly confidential and limited use basis. Customer shall not, directly or indirectly, communicate, publish, display, loan, give or otherwise disclose any Proprietary Item to any person, or permit any person to have access to or possession of any Proprietary Item. Title to all Proprietary Items and all related patent, copyright, trademark, trade secret, intellectual property and other ownership rights shall

remain exclusively with SunGard, even with respect to such items that were created by SunGard specifically for or on behalf of Customer. This Agreement is not an agreement of sale, and no title, patent, copyright, trademark, trade secret, intellectual property or other ownership rights to any Proprietary Items are transferred to Customer by virtue of this Agreement. All copies of Proprietary Items in Customer's possession shall remain the exclusive property of SunGard and shall be deemed to be on loan to Customer during the term of this Agreement.

5.3. Proprietary Restrictions. Customer shall not do, attempt to do, nor permit any other person to do, any of the following:

- (a) use any Proprietary Item for any purpose, or in any manner not specifically authorized by this Agreement; or
- (b) make or retain any copy of any Proprietary Item except as specifically authorized by this Agreement; or
- (c) create or recreate the source code for the Software, or re-engineer, reverse engineer, decompile or disassemble the Software; or
- (d) modify, adapt, translate or create derivative works based upon the Software or Documentation, or combine or merge any part of the Software or Documentation with or into any other software or documentation; or
- (e) refer to or otherwise use any Proprietary Item as part of any effort to develop a program having any functional attributes, visual expressions or other features similar to those of the Software to compete with SunGard; or
- (f) remove, erase or tamper with any copyright or other proprietary notice printed or stamped on, affixed to, or encoded or recorded in any Proprietary Item, or fail to preserve all copyright and other proprietary notices in any copy of any Proprietary Item made by Customer; or
- (g) sell, market, license, sublicense, distribute or otherwise grant to any person, including any outsourcee, vendor, consultant or partner, any right to use any Proprietary Item, whether on Customer's behalf or otherwise.

5.4. Notice and Remedy of Breaches. Each party shall promptly give written notice to the other of any actual or suspected breach by it of any of the provisions of this Section 5, whether or not intentional, and the breaching party shall, at its expense, take all steps reasonably requested by the other party to prevent or remedy the breach.

5.5. Enforcement. Each party acknowledges that the restrictions in this Agreement are reasonable and necessary to protect the other's legitimate business interests. Each party acknowledges that any breach of any of the provisions of this Section 5 shall result in irreparable injury to the other for which money damages could not adequately compensate. If there is a breach, then the injured party shall be entitled, in addition to all other rights and remedies which it may have at law or in equity, to have a decree of specific performance or an injunction issued by any competent court, requiring the breach to be cured or enjoining all persons involved from continuing the breach. The existence of any claim or cause of action which a party or any other person may have against the other shall not constitute a defense or bar to the enforcement of any of the provisions of this Section 5.

5.6. Dispute Resolution Language

- (a) Either party may, upon notice to the other party, declare a dispute. Within ten (10) days after a dispute is declared, senior management of the parties not involved in day to day operations related to this Agreement shall meet and attempt to resolve the dispute. If, after using diligent efforts, the parties are unable to resolve the dispute within ten (10) days, either party, upon notice to the other party, may declare an impasse.
- (b) **Arbitration.** Ten (10) days after declaration of an impasse, either party may file a demand for arbitration under the rules then prevailing of the American Arbitration Association, upon written notice of demand for arbitration by the party seeking arbitration, setting forth the specifics of the matter in controversy or the claim being made. The arbitration shall be heard before an arbitrator mutually agreeable to the parties; provided, that if the parties cannot agree on the choice of arbitrator within ten (10) days after the first party seeking arbitration has given written notice, then the arbitration shall be heard by three (3) arbitrators, one chosen by each party, and the third chosen by those two arbitrators. A hearing on the merits of all claims for which arbitration is sought by either party shall be commenced not later than sixty (60) days from the date demand for arbitration is made by the first party seeking arbitration. The arbitrator(s) must render a decision within ten (10) days after the conclusion of such hearing. Any award in such arbitration shall be final and binding upon the parties and judgement thereon may be entered in any court of competent jurisdiction.
- (c) **Applicable Law.** The arbitration shall be governed by the United States Arbitration Act. The arbitrators shall apply the substantive law of the State of California. The arbitrators shall have the authority to grant any legal remedy available had the parties submitted the dispute to a judicial proceeding.
- (d) **Situs.** If arbitration is required to resolve any disputes between the parties, the proceedings to resolve the dispute shall be held in a neutral County in California.
- (e) This provision shall not be construed to prevent a party from instituting and a party is authorized to institute formal proceedings to avoid the expiration of any applicable limitation periods.

6. TERMINATION

6.1. **Termination by Customer.** Customer may immediately terminate this Agreement, by giving written notice of termination to SunGard, upon the occurrence of any of the following events:

- (a) SunGard breaches any of its material obligations under this Agreement and does not cure the breach within thirty (30) days (or such other time period as may be reasonable under the circumstances) after Customer gives written notice to SunGard describing the breach in reasonable detail.
- (b) SunGard (or a surviving company in the event of a merger or sale of SunGard) dissolves or liquidates or otherwise discontinues substantially all of its business operations. Notwithstanding the foregoing, SunGard reserves the right to outsource professional services which will not be deemed grounds for Customer termination hereunder.

6.2. **Termination by SunGard.** SunGard may immediately terminate this Agreement, by giving written notice of termination to Customer, upon the occurrence of any of the following events:

- (a) Customer fails to pay to SunGard, within thirty (30) days after SunGard makes written demand therefor, any past-due amount payable under this Agreement (including interest thereon) that is not the subject of a good faith dispute.
- (b) Customer breaches any of its material obligations under this Agreement and does not cure the breach within thirty (30) days (or such other time period as may be reasonable) after SunGard gives written notice to Customer describing the breach in reasonable detail.
- (c) Customer dissolves or liquidates or otherwise discontinues substantially all of its business operations.

6.3. **Certain Remedies for Nonpayment.** If Customer fails to pay to SunGard, within ten (10) days after SunGard makes written demand therefor, any past-due amount payable under this Agreement (including interest thereon) that is not the subject of a good faith dispute in addition to all other rights and remedies which SunGard may have at law or in equity, SunGard may, in its sole discretion and without further notice to Customer, suspend performance or revoke the License granted under this Agreement until all past due amounts are paid in full.

6.4. **Effect of Termination.** Upon a termination of this Agreement, whether under this Section 6 or otherwise, Customer shall: (a) discontinue all use of all Software and Documentation, (b) promptly return to SunGard all copies of the Software, the Documentation and any other Proprietary Items then in Customer's possession, and (c) give written notice to SunGard certifying that all copies of the Software have been permanently deleted from its computers. Customer shall remain liable for all payments due to SunGard with respect to the period ending on the date of termination. The provisions of Schedule B, and Sections 4 (excluding 4.1), 5, and 7 shall survive any termination of this Agreement, whether under this Section 6 or otherwise.

7. GENERAL PROVISIONS

7.1. **Notice.** All notices, consents and other communications under or regarding this Agreement shall be in writing and shall be deemed to have been received on the earlier of the date of actual receipt, the third business day after being mailed by first class certified air mail, or the first business day after being sent by a reputable overnight delivery service. Any notice may be given by facsimile, provided that a signed written original is sent by one of the foregoing methods within twenty-four (24) hours thereafter. Customer's address for notices is 1025 2nd Ave, Oakland, CA 94606, attention Phil White. SunGard's address for notices is SunGard Software Inc., 890 Fortress Street, Chico, CA 95973, Attention: Vice President of Finance. 7.2. Parties in Interest.

- (a) This Agreement shall bind, benefit and be enforceable by and against SunGard and Customer and, to the extent permitted hereby, their respective successors and assigns.
- (b) Neither party shall assign this Agreement or any of its rights hereunder, nor delegate any of its obligations hereunder, without the other party's prior written consent, except that such other party's consent shall not be required in the case of an assignment to a purchaser of or successor to substantially all of such party's business or to an affiliate of such party, provided that the scope of any license granted hereunder does not change and the assignor guarantees the obligations of the assignee. Any assignment by a party in breach of this Section shall be void.
- (c) Any express assignment of this Agreement, any change in control of Customer, any acquisition of additional business by Customer shall constitute an assignment of this Agreement by Customer for purposes of this Section 7.2 ("Customer Assignment"). Customer shall give written notice to SunGard thirty (30) days prior to an Assignment certifying the expected use of the Software to process any additional business related to such Customer Assignment ("Additional Business"). If any Customer Assignment occurs, Customer may continue to process the business to the extent it existed prior to any such Customer Assignment, but Customer may not use the Software to process any Additional Business until and unless Customer has paid SunGard an Additional Business fee, to be mutually agreed to, and any use to process any Additional Business prior to the payment of such fee shall be deemed a material breach of this Agreement. Customer shall promptly complete and return to SunGard periodic certifications which SunGard, in its sole discretion, may from time to time send to Customer, certifying the actual use of the Software to process any Additional Business.

7.3. **Export Laws and Use Outside of the United States.** Customer shall comply with the Export Laws. Customer shall not export or re-export directly or indirectly (including via remote access) any part of the Software or Confidential Information to any country to which a license is required under the Export Laws without first obtaining a license.

7.4. **Relationship.** The relationship between the parties created by this Agreement is that of independent contractors and not partners, joint ventures or agents.

- 7.5. Entire Understanding.** This Agreement, which includes and incorporates the Schedules referred to herein, states the entire understanding between the parties with respect to its subject matter, and supersedes all prior proposals, marketing materials, negotiations and other written or oral communications between the parties with respect to the subject matter of this Agreement. Any written, printed or other materials which SunGard provides to Customer that are not included in the Documentation are provided on an "as is" basis, without warranty, and solely as an accommodation to Customer.
- 7.6. Modification and Waiver.** No modification of this Agreement, and no waiver of any breach of this Agreement, shall be effective unless in writing and signed by an authorized representative of the party against whom enforcement is sought. No waiver of any breach of this Agreement, and no course of dealing between the parties, shall be construed as a waiver of any subsequent breach of this Agreement.
- 7.7. Severability.** A determination that any provision of this Agreement is invalid or unenforceable shall not affect the other provisions of this Agreement.
- 7.8. Headings.** Section headings are for convenience of reference only and shall not affect the interpretation of this Agreement.
- 7.9. Construction of Agreement.** The terms and conditions of this Agreement are the result of negotiations between the parties. No provision of this Agreement shall be construed in favor of or against any party because one party or its professional advisors participated in the preparation of this Agreement.
- 7.10. Personnel.** Neither party shall, directly or through one or more subsidiaries or other controlled entities, hire or offer to hire any programmer, trainer, or member of a data processing, customer support or conversion team of the other at any time when such person is employed or engaged by such party or during the six (6) months after such employment or engagement ends. For purposes of this provision, "hire" means to employ as an employee or to engage as an independent contractor, whether on a full-time, part-time or temporary basis. This provision will remain in effect during the term of this Agreement and for a period of one (1) year after expiration or termination of this Agreement.
- 7.11. Jurisdiction and Process.** In any action relating to this Agreement, (a) each of the parties irrevocably consents to the exclusive jurisdiction and venue of the federal and state courts located in the State of California, (b) each of the parties irrevocably waives the right to trial by jury, (c) each of the parties irrevocably consents to service of process by first class certified mail, return receipt requested, postage prepaid, to the address at which the party is to receive notice in accordance with Section 7.1, and (d) the prevailing party shall be entitled to recover its reasonable attorney's fees (including, if applicable, charges for in-house counsel), court costs and other legal expenses from the other party.
- 7.12. Governing Law.** THIS AGREEMENT SHALL BE CONSTRUED AND ENFORCED IN ACCORDANCE WITH THE LAWS OF STATE OF CALIFORNIA, EXCLUDING CHOICE OF LAW.
- 7.13. Piggy Back Clause.** Whereas Customer has conducted a competitive evaluation and has concluded such efforts with this negotiated Agreement; therefore this Agreement may serve as the basis for similar Agreements whereby other governmental entities may contract separately with SunGard.

- E-1.1. Remote Assistance.** SunGard shall provide to Customer, from 5a.m. to 5p.m. PT, Monday through Friday (SunGard Holidays excepted), telephone, fax, and e-mail supported assistance regarding Customer's authorized use of the Latest Software Update. Customer agrees to attempt to locate information provided in Documentation prior to use of Remote Assistance. In addition, SunGard shall provide self service-based assistance via SunGard's Technical Support Web Page.
- E-1.2. Resolution Assistance.** Customer shall provide to SunGard reasonably detailed documentation and explanation of issues to be resolved, together with underlying data, to substantiate any problem or failure and to assist SunGard in its efforts to diagnose, reproduce and correct the problem or failure.
- E-1.3. However, at Customer's request, Non Software Assistance may be provided on a time and materials basis, as available, at the sole discretion of SunGard.

E-2. SOFTWARE UPDATES

- E-2.1. Software Updates.** SunGard shall provide to the Customer Software Updates for UNIX server based Software via Hassle Free Support™ (HFS). HFS means that SunGard will log-on to Customer's designated UNIX server, with authorization from Customer, and load the UNIX server-based Software Update into a single Account for the Customer. If Customer utilizes SunGard's ASP Service, then SunGard will log-on to Customer's ASP Server, with authorization from Customer, and load the UNIX server-based Software Update into two Accounts (Production Account and Test Account) for the Customer. HFS is strictly Internet delivered. Therefore, the exchange of magnetic/optical media for UNIX server-based Software Updates is not available. If SunGard, in its sole discretion, determines that delivery of the UNIX server based Software Update via Internet is not practical, then Customer will receive magnetic/optical media along with instructions on assisting SunGard in applying the UNIX server based Software Update. For Software Updates for Windows™ based Software, media will be sent to Customer, including Customer loading instructions. Software Updates shall be accompanied by updates to the Documentation on optical media whenever SunGard determines, in its sole discretion, that such updates are necessary. Customer agrees to accept Software Updates as they become available and to remain current on the Latest Software Update. In addition, between Software Updates, service packs may be available for Customer download and installation. For those Customer's that choose not to utilize the HFS method of Software Update delivery, the Software Updates are available for download by the Customer from SunGard's FTP site.
- E-2.2.** From time to time new optional features may be added to the Software as a result of a Software Update. Optional features may require the use of third party software or hardware. Customer shall have the option to procure or not to procure such third party products to enable such optional features.

E-2.3. The Customer agrees to maintain, for the duration of this Agreement, an Internet connection (consisting of FTP and TELNET allowing SunGard access to Customer's server system) to facilitate Software Updates and remote support of the UNIX server based Software and to maintain remote control software (as specified by SunGard) to support the Windows™ based Software. Security will be based upon SunGard's unique IP address. If, after a good faith effort, Customer cannot maintain an Internet connection, then SunGard will provide Software Updates to Customer on magnetic/optical media. Customer agrees to maintain at least a 33600 baud modem connection and to make available competent personnel to assist SunGard in transferring the Software Updates to the server. Customer assistance may be required during non-standard work hours, such as evenings, weekends and/or holidays. A nominal handling charge will apply to cover the cost of the media and shipping charges.

E-2.5. SunGard shall provide Customer with Software Updates to maintain the compatibility of the Software with new releases of the operating system under which the Software is licensed.

E-2.6. This Agreement specifically does not include any custom modifications to the Software.

E-2.7. Any modifications not made by SunGard, and the results caused thereby to the Software shall be the sole responsibility of the Customer.

E-2.8. SunGard will use commercially reasonable efforts to provide Software Updates to cause the Software to continue to conform to GASB and GAAP requirements, and to maintain accurate Federal and State payroll tax tables (as published by the taxing authorities) and their related calculation processes. In the event that original programming is required to meet any other mandated Software change (including State, Federal, or Local mandated changes), the development costs will be borne by all Customers who utilize that Software change.
