

OAKLAND UNIFIED SCHOOL DISTRICT
Office of the Superintendent

June 27, 2012

To: Board of Education

From: Tony Smith, Superintendent
Maria Santos, Deputy Superintendent
Susana Ramirez Director, State and Federal Compliance

Re: 2012/2013 CSSSP – MetWest High School

Action Requested:

The Board of Education is requested to approve the 2012-2013 Community Schools Strategic Site Plan for Student Achievement for MetWest High School.

Background:

In accordance with Education Code 64001, the Single Plan for Student Achievement shall be reviewed annually and updated, including proposed expenditure of funds allocated to the school through the Consolidated Application, by the school council. The plans shall also be annually reviewed and approved by the governing board of the local education agency at a regularly scheduled meeting. The purpose of the Single Plan for Student Achievement is to coordinate all educational services at the school. The site plan shall address how funds provided to the school will be used to improve the academic performance of all pupils to the level of the performance goals, as established by the Academic Performance Index. (API).

Discussion:

The Single Plan for Student Achievement builds on a premise that students are capable of learning with effective instruction, includes school goals aligned with activities, provides analysis of student performance data, focuses on student achievement and academic intervention, implements high leverage school improvement actions, directs resources where they will most directly improve student achievement, ensures that all resources are aligned to serve identified student needs, and identifies parent involvement activities associated to student success.

Fiscal Impact:

The Programs listed below are reported in the Consolidated Application and allocated to school sites through the Single Plan for Student Achievement.

State Programs

- Economic Impact Aid/School Compensatory Education
- Economic Impact Aid/Limited English Proficient
- Quality Education Improvement Act (QEIA)
- School Improvement Grant (SIG)

Federal Programs

- Title I, Part A

Recommendation:

The Board of Education is requested to approve the 2012-2013 Community Strategic Site Plan application for MetWest High School.

COMMUNITY SCHOOLS STRATEGIC SITE PLAN

Superintendent's Letter

Our efforts in the Oakland Unified School District (OUSD) are now clearly focused on serving all of our children in every neighborhood by providing high quality community schools where children, adults, and community thrive. We are committed to creating and sustaining a district of community schools capable of supporting the unique needs of each child while creating caring school communities that link every Oakland Neighborhood. We believe that each child in Oakland must be ready to succeed in college and careers that lead them to healthy and happy lives.

It is with these beliefs that we engage in creating a Full Service Community School District filled with Full Service Community Schools, in which schools act as resource and service hubs that connect with local partners to help build healthy and vibrant schools and communities.

In this spirit, we are launching a new Community Schools Strategic Site Plan. The Community School (CS) Strategic Site Plan is closely aligned with the larger organizational strategic plan, *Community Schools, Thriving Students*. In addition to satisfying compliance requirements and guiding the allocation of categorical funds, the CS Strategic Site Plan will be a multi-year road map for each school to become actualized as a Full Service Community School. This new school site plan has been developed by a team of cross-departmental leaders in OUSD under the advisement of principals and community leaders. All school communities will complete the CS Strategic Site Plan in 2011-2012 to contribute to the development of site priorities for the 2012-2015 school years.

The CS Strategic Site Plan will continue to be annually approved by School Site Councils and the OUSD Board of Directors.

To lead these efforts, each site will create a Community School Leadership Team, whose body will incorporate members of each site's School Site Council (including the principal, parents, teachers, staff), and in secondary schools, the team will also include a student member. Additionally, each school will recruit their afterschool partner, as well as another key community partner, to become members of the Community School Leadership Team. This leadership team will drive the development of the CS Strategic Site Plan for their school and will be supported through a collaborative engagement process. In addition to existing School Site Council meetings, the Community School Leadership Teams will attend district-wide retreat days and collaboratively engage the broader community.

We are excited about supporting every school community to collaborate in service of building Full Service Community Schools across Oakland. As leaders of a Full Service Community District, we are committed to providing the conditions for this critical work to happen. I thank you for your engagement, leadership, and commitment to supporting the development of community schools and thriving students across Oakland.

COMMUNITY SCHOOLS STRATEGIC SITE PLAN

Context & Vision

OUSD

VISION: All students will graduate from high school. As a result, they are caring, competent and critical thinkers, fully-informed, engaged and contributing citizens and prepare to succeed in college and career.

MISSION: Oakland Unified School District is becoming a Full Service Community District that serves the whole child, eliminates inequity, and provides each child with excellent teachers for every day.

GOAL AREAS:

Every student in the Oakland Unified School District will:

- Attend a SAFE, HEALTHY, and SUPPORTIVE SCHOOL - Oakland will become a full-service community district that will collaborate with civic and community partners to reduce violence in the community and schools thereby creating secure campuses where a culture of calm prevails.
- Learn the knowledge, skills, and abilities to be PREPARED for SUCCESS in COLLEGE and CAREERS when they graduate from high school, to ensure that they can read, write, speak, think critically and reason mathematically for post-secondary success.
- Have HIGH QUALITY and EFFECTIVE INSTRUCTION with excellent teachers for every day of the school year.

The Oakland Unified School District will:

- Become a FULL SERVICE COMMUNITY DISTRICT that is in service of and fully supporting the success of community schools and thriving students.
- Be ACCOUNTABLE for HIGH QUALITY for its schools and in its work across the organization.

SCHOOL SITE

CONTEXT

MetWest opened in September 2002 as a new small school in Oakland Unified School District. We are part of Big Picture Learning's school design network, a nationally recognized school reform group that uses individualized real-world projects to drive student learning. Our student body is diverse ethnically, geographically, socio-economically, and in terms of prior success in school. We celebrated our 10th year anniversary in 2011-12, with an enrollment of 160 students in 9th through 12th grades. We fulfill our mission of providing personalized, real-world learning experiences connected to academic project work by connecting professionals in the Bay Area with students who share an interest or passion. Once students find a Learning Through Internship (LTI) site, they work with their teacher (called an advisor) to develop a project which serves the site, is within the student's interest area, and requires that the student learn new skills and knowledge. Each authentic, real-world project is then mapped to our school-wide Learning Goals. Students are expected to "go deep" in their learning through these authentic projects, with intensive guidance and support from their advisors. Our students' families are deeply involved in their child's learning process. At the beginning of every semester, advisors meet with each student and their guardian to review their individualized learning plan. At the end of every quarter, parents, guardians, peers, the advisor, and community members serve as panelists for each student's exhibition of learning. This very public display of learning builds a culture of questioning and is the bedrock of our student assessment system. MetWest advisors wear many more hats than traditional high school teachers. Each advisor works closely with up to 20 students for 2-4 years. Advisors teach a multidisciplinary curriculum designed for students to practice the 21st century thinking skills they need to master in order to complete rigorous project work, succeed in college (not just get into college), and participate meaningfully in our democratic society. They also build deep relationships with each advisee, and coach the individual project curriculum that each student develops through their internship experience. Our advisors regularly take on school-wide leadership, taking responsibility for various aspects of the school's design and operations, modeling positive and various forms of leadership for our students.

VISION

MetWest prepares young adults to recognize and take advantage of all resources to further their personal well-being and the well-being of their communities. Our graduates will have the skills, habits, knowledge, and networks to overcome obstacles to their success, access four-year colleges, engage in fulfilling work, and contribute positively to our world.

Accountable for Quality: Ensuring Thriving Students and Healthy Communities

Strategic Priority: The Accountability Plan

In June 2011, the OUSD Board of Education adopted our School Quality Standards. These standards include outcome standards that define for OUSD what "good" performance is. These are the standards we use to measure the extent to which our schools are ensuring that all of our students are thriving and likely to contribute to the health of our communities.

1. A quality school sets and achieves clear and measurable program goals and student learning objectives.
2. All students demonstrate progress on academic and social goals each year and across years.
3. All students achieve at similarly high rates and any gaps in achievement are substantially narrowing.
4. All students achieve at levels that compare positively with state and national averages and with similar schools.
5. All students demonstrate critical thinking skills and apply those skills towards solving complex tasks.
6. All students demonstrate skills in and knowledge of the arts and literature.
7. All students demonstrate an ability to understand and interact with people from different backgrounds.
8. All students achieve and maintain satisfactory physical health including diet, nutrition, exercise, and rest.
9. All students demonstrate the attributes and skills of emotional health and well-being.
10. All students demonstrate the skills, knowledge, and dispositions needed in the world of work.
11. All students demonstrate the skills, knowledge, and dispositions of engaged citizens.

OUSD schools will use these outcome standards to define and assess how they are developing toward quality Full Service Community Schools. School-level goals and metrics in the following sections should explicitly refer to these outcomes standards.

The School Accountability Plan

MetWest's Leadership Team meets weekly to implement our strategic site plan while monitoring, analyzing, and responding to school needs as they develop. This team includes the principal, internship coordinator, community relations assistant, and teachers, and collaborates regularly with staff members leading particular programs or initiatives, such as the after-school program director and the lead on developing our college-going culture. Our School Site Council (SSC) is made up of staff, parents and guardians, community members, and students. The Leadership Team and SSC come together monthly to review our progress and performance on multiple measures of school culture, student achievement, and post-secondary planning. The SSC recommends modifications to this CSSSP based on review and discussion of ongoing needs assessments, and determines by vote how to allocate our state and federal categorical funds. Our Community Schools Manager collaborates with all these groups, and with the leadership at Dewey Academy, La Escualita, and the Child Development Centers to integrate our schools with the partner organizations who support us to create a campus of Full Service Community Schools.

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority A. Balanced Literacy & Literacy Across the Curriculum

School: MetWest

Principal: SEAN MC CLUNG

School Quality Standards relevant to this Strategic Priority

A quality school...

- provides students with curriculum that is meaningful and challenging to them
- ensures that students know what they're learning, why they're learning it and how it can be applied
- ensures that all teaching is grounded in a clear, shared set of beliefs about how students learn best.
- provides and ensures equitable access to curriculum and courses that prepare all students for college

From OUSD Strategic Plan:

We want OUSD students to read, write, speak, and think critically for success in college and careers. We want Oakland students to relish reading, writing, and speaking and to become joyful, as well as competent, around literacy. To reach that goal, we need to develop a clear and common OUSD Literacy Framework. The beginning of our work will ensure that we assess reading levels of all students across the system. Additionally, we will approach literacy from a Response to Intervention Framework, ensuring that students have access to high-quality instruction and that higher tiers of support are provided when needed. OUSD must develop a PreK-12 core curriculum aligned to college and career ready standards and to the Common Core State Standards as they develop.

District-level Goals

1. Reach double digit growth, as measured by CST, for all students- with a focus on historically underserved students.
2. Move CST FBB students to Basic in one year (in two years for MS and HS)
3. Move/maintain CST Proficient and Advanced students
4. Accelerate reading by 1.5 additional grade levels for 3rd through 5th graders as measure by SRI to reach grade level standard (2 additional grade levels starting with 6th graders for MS, 3 additional grade levels starting with 9th graders for HS)
5. Student use of academic language and engagement with grade level content aligned to the Common Core State Standard will be increased from fall to spring as evidenced by principal observations.

School Federal and State Academic Achievement Goals:

School goal is to meet or surpass all Title I Part A Adequate Yearly Progress and California Department of Education Academic Performance Index targets.

School Data

- The percentage of students scoring FBB and BB on CST/CMA ELA had decreased each year prior to 2010-11 (42%, 40%, 34%), when the percentage increased to 45.
- The percentage of students scoring Prof and Adv on CST/CMA ELA trended upward over the previous three years (27, 32, 29) until 2010-11, when it decreased to 25.

Data Analysis

- The percentage of students qualifying for free or reduced lunch has increased from 56% in 2008 to over 70% in 2011, indicating a need for increased literacy support to close this achievement gap.

Theory Action

- Giving screening assessments provides data to guide differentiation and will identify struggling students early so more specific diagnostics can be used to determine effective interventions, and monitor the response.
- If the faculty develops school-wide assessments, this will enable us to more effectively measure student growth and guide professional development.
- By searching for their own workplace internships, students develop reading, writing, thinking, and speaking skills by researching, communicating through

professional phone calls and emails, interviewing, and shadowing professionals.

- Students present exhibitions of learning four times each year to provide multiple opportunities to develop critical speaking and presentation skills.

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority B. Science, Technology, Engineering, Mathematics (STEM)

School: MetWest

Principal: SEAN MC CLUNG

School Quality Standards relevant to this Strategic Priority

A quality school...

- provides students with curriculum that is meaningful and challenging to them
- ensures that students know what they're learning, why they're learning it and how it can be applied
- ensures that all teaching is grounded in a clear, shared set of beliefs about how students learn best.
- provides and ensures equitable access to curriculum and courses that prepare all students for college

From OUSD Strategic Plan:

In the past three years, students exhibited steady achievement gains in science and mathematics. More elementary teachers have scheduled science and math instruction into students' school day and are using the district-adopted materials with integrity. While we celebrate the academic gains in science and mathematics, we also recognize their inadequacy and unevenness when we delve deeper into the results for various student populations (e.g., African-American, Latino, English Language Learners), grade spans (middle and high school students) and schools. We are committed to accelerating science and mathematics gains and supporting robust teaching and learning. We plan not only to dramatically improve science and mathematics learning but also to create a deep understanding of Science, Technology, Engineering and Mathematics (STEM) careers and opportunities for linked learning, both in school and the workforce.

District-level Goals

1. Reach double digit growth, as measured by CST, for all students- with a focus on historically underserved students.
2. Move CST FBB students to Basic in one year.
3. Move/maintain CST Proficient and Advanced students
4. Increase by 10% the number of proficient and advanced students in CST science and by 15% English Language Learners and African American Males

School Federal and State Academic Achievement Goals:

School goal is to meet or surpass all Title I Part A Adequate Yearly Progress and California Department of Education Academic Performance Index targets.

School Data

- The 10th grade CAHSEE Math pass rate has decreased over the last three years from 58% to 55% to 41% in 2010-11.

Data Analysis

- A disproportionate number of English language learners score FBB and BB on Math CST/CMAs, indicating a need to provide more effective language support for these students to succeed in math.

Theory Action

- Blended learning programs will provide students individualized opportunities for strengthening foundational math concepts and skills, while providing an assessment tool for measuring progress and further differentiating instruction.

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority C. Transitions & Pathways PreK-12

School: MetWest

Principal: SEAN MC CLUNG

School Quality Standards relevant to this Strategic Priority

A quality school...

- provides students with curriculum that is meaningful and challenging to them
- provides and ensures equitable access to curriculum and courses that prepare all students for college
- provides opportunities for students to learn career-related skills and to develop 21st century work habits.

From OUSD Strategic Plan:

Too many of OUSD's schools work in isolation and focus little attention on where students have been and where they are going. Early childhood programs need to be aligned to the K-5 continuum and expanded to serve more students. Principals at K-5 schools with early childhood programs will supervise the programs and help to integrate them into the school culture. We must develop transitional kindergarten programming to include curriculum and professional development. College and career readiness doesn't begin in high school. In OUSD, the elementary and middle school academic core must be aligned to what students must know, understand, and be able to do to succeed in college-preparatory courses in high school. Elementary and middle school communities in regions will collaborate to share best practices and to develop robust feeder options. Building on existing programs, OUSD will also seek additional funds to develop a comprehensive "Career Pathways" approach to preparing our young people to be successful in college and careers. In order to attract and hold students and families, we will use the FSCS model to create corridors, networking Pre-K through 12 schools in targeted areas in new and innovative ways.

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority D. College, Career & Workforce

School: MetWest

Principal: SEAN MC CLUNG

School Quality Standards relevant to this Strategic Priority

A quality school...

- provides students with curriculum that is meaningful and challenging to them
- ensures that students know what they're learning, why they're learning it and how it can be applied
- provides and ensures equitable access to curriculum and courses that prepare all students for college
- provides opportunities for students to learn career-related skills and to develop 21st century work habits.

From OUSD Strategic Plan:

In order to make sure that more students graduate, and our graduates are ready for college and career, OUSD will make a significant investment in strategies, structures, and resources to implement core elements of the secondary reform. Career pathways will connect strong academics, Career Technical Education (CTE), work-based learning experiences and support services so that students are prepared for college and career success within the context of a specific, high demand industry sector. Building on the number of career pathways that exist in high schools now, we will increase the number of well-developed and effectively-implemented pathways, which include certificates linked to occupations. OUSD's "Career Pathways" approach will lead to a full range of postsecondary and career opportunities and keep all options open after high school.

1. Combined 4-& 5- year graduation rate will increase by 10%- with graduation rate based on 9th grade enrollment (HS only)
2. Increase by 15% the number of African-American Males and Latino Males who pass CAHSEE on the first attempt (HS only)
3. 80% of the ninth graders will complete 60 credits (HS only)

School Data

- Partnerships established with over 550 businesses and organizations around the Bay Area to host student interns and provide workplace mentors. We've made over 1200 intensive internship placements in total.
- When asked on the 2012 YouthTruth survey the degree to which students feel equipped to pursue college and careers, students rated MetWest in the 95th percentile compared to other Oakland high schools.

Data Analysis

- We need to leverage our success at engaging and graduating a high percentage of students, three quarters of whom also meet a-g requirements, to improve our students' testing performance, especially the PSAT and SAT.
- Our African American males and English language learners both had significantly lower 10th grade CAHSEE pass rates than the school average in 2011.

Theory Action

- Engaging students through real-world learning experiences at workplace internships with adult mentors provides the best possible preparation for college and career.
- Begin use of blended learning programs for CAHSEE preparation in the 9th grade to identify students needing intensive support and intervention early in order to better prepare students for all exams, including CAHSEE, PSAT, and SAT.
- Our partnership with the East Bay Consortium provides our students with role models who coach them on the college process from exploration to application and financial aid.

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority E. Accelerating Students through Targeted Approaches* (Collaborative Teacher Inquiry/African American Male Achievement/Academic Language & Literacy/Focal 15/English Learners/Students with Disabilities/GATE)

School: MetWest

Principal: SEAN MC CLUNG

School Quality Standards relevant to this Strategic Priority

A quality school...

- provides academic intervention and broader enrichment supports before, during, and after school

From OUSD Strategic Plan:

We need to close the achievement gap through targeted approaches, focusing on literacy development, African American Male Achievement, targeted inquiry, English Language Learners, Students with Disabilities, and Programs for Exceptional Children. The patterns of academic performance we see in our district, schools, and classrooms are evidence of a system that is horribly inadequate. We need to differentiate supports and strategies in order to accelerate achievement and address the disparities in educational and social outcomes for populations of students.

1. Increase the number of African American Male students on the honor roll by 15%

School Data

- When asked on the 2012 YouthTruth survey about the quality of teacher support and personal attention, students rated MetWest in the 97th percentile compared to other Oakland high schools.

Data Analysis

- A disproportionate number of English language learners score FBB and BB on Math and ELA CST/CMAs, indicating a need to provide more effective language support for these students to succeed academically.

Theory Action

- Giving screening assessments provides data to guide differentiation and will identify struggling students early so more specific diagnostics can be used to determine effective interventions, and monitor the response.
- Blended learning programs will provide students individualized opportunities for strengthening foundational math and literacy concepts and skills, while providing an assessment tool for measuring progress and further differentiating instruction.

School Quality Indicator 1: Quality Learning Experiences for All Students

Strategic Priority F. Extending Learning Time

School: MetWest

Principal: SEAN MC CLUNG

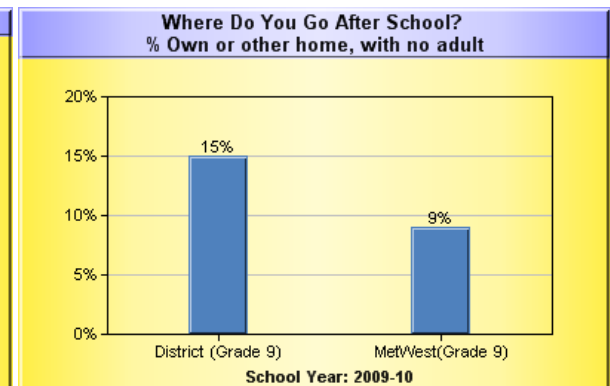

School Quality Standards relevant to this Strategic Priority

A quality school...

- provides academic intervention and broader enrichment supports before, during, and after school

From OUSD Strategic Plan:

We want each student to attend a school that offers a comprehensive and integrated approach to education in which the school acts as a hub of partnerships that organizes the resources within the community. We need to build extended learning opportunities whereby the school and community work together to break down barriers to learning and foster true, authentic collaborations in service of thriving students. We envision a system in which schools extend beyond the traditional school day ? offering students and families learning opportunities before and after school, on weekends, and during the summer.

School Data

- Academic supports offered through the After School Program include tutoring, credit recovery, and supported study hall.
- Enrichment programs offered through the After School Program include visual and performing arts, fitness, sports, dance, ethnic studies, cooking, and special events and trips.

Data Analysis

- According to 2012 YouthTruth survey data, Metwest students find after-school tutoring and credit recovery classes more helpful than do students at the median high school in Oakland.
- According to 2012 YouthTruth survey data, Metwest students find after-school tutoring and credit recovery classes more helpful than do students at the median high school in Oakland.

Theory Action

- Our new partnership with Safe Passages will help us develop the infrastructure to integrate a multitude of disciplines including mental health therapists, case managers, and other providers to develop a coordinated plan for students in need.

School Quality Indicator 2: Safe, Healthy & Supportive Learning Environments

Strategic Priority A. School Culture (including Meaningful Student Engagement)

School: MetWest

Principal: SEAN MC CLUNG

School Quality Standards relevant to this Strategic Priority

A quality school...

1. is a safe and healthy center of the community, open to community use before, during, and after the school day.
2. offers a coordinated and integrated system of academic and learning support services, provided by adults and youth.
3. identifies at-risk students and intervenes early, to help students and their parents develop concrete plans for the future.
4. creates an inclusive, welcoming and caring community, fostering communication that values individual/cultural differences.
5. defines learning standards for social and emotional development and implements strategies to teach those standards

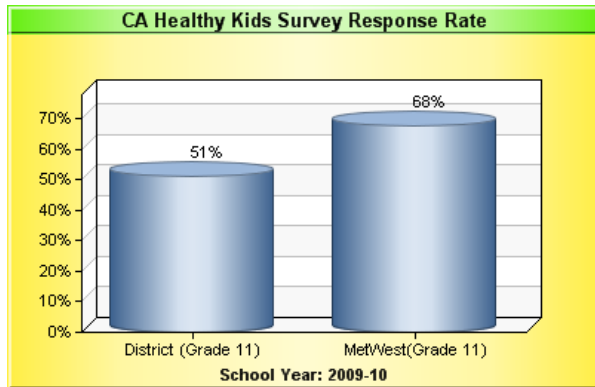

From OUSD Strategic Plan:

Full Service Community Schools create a safe and supportive environment where students can thrive academically, socially, and emotionally. Schools offer a comprehensive and integrated approach to education that is founded on caring relationships and high expectations. Healthy school cultures include preventative, early intervention, and intensive services and supports accessible to all students. School-wide positive behavioral and academic supports are augmented by Tier 2 targeted intervention and Tier 3 individualized supports, which are monitored and coordinated through COST and SST. Schools create professional learning structures to support adults to learn the science and practice of teaching Social Emotional Learning (SEL) skills to increase the capacities of students to manage emotions, develop empathy and concern for others, establish positive relationships, make responsible decisions, and handle challenging situations effectively. A thriving school culture also encourages student leadership and motivational programs, such as expanded celebrations of student achievements.

District-level Goals

- Reduce Disciplinary Hearing Process referrals by 20%

School Data

- When asked on the 2012 YouthTruth survey about whether the school-wide culture fosters respect and fairness, students rated MetWest in the 85th percentile compared to other Oakland high schools.

Data Analysis

- We need to improve our collection of specific discipline data in order to regularly identify and respond to trends, and measure the effectiveness of interventions.

Theory Action

- We continue to build our capacity to coordinate and integrate our systems of academic, behavioral, mental health, gang intervention, truancy, and other support services through effective COST and SST meetings.
- Staff and selected student leaders will engage in ongoing professional development for implementing restorative justice practices.

School Quality Indicator 2: Safe, Healthy & Supportive Learning Environments

Strategic Priority B. Health & Wellness

School: MetWest

Principal: SEAN MC CLUNG

School Quality Standards relevant to this Strategic Priority

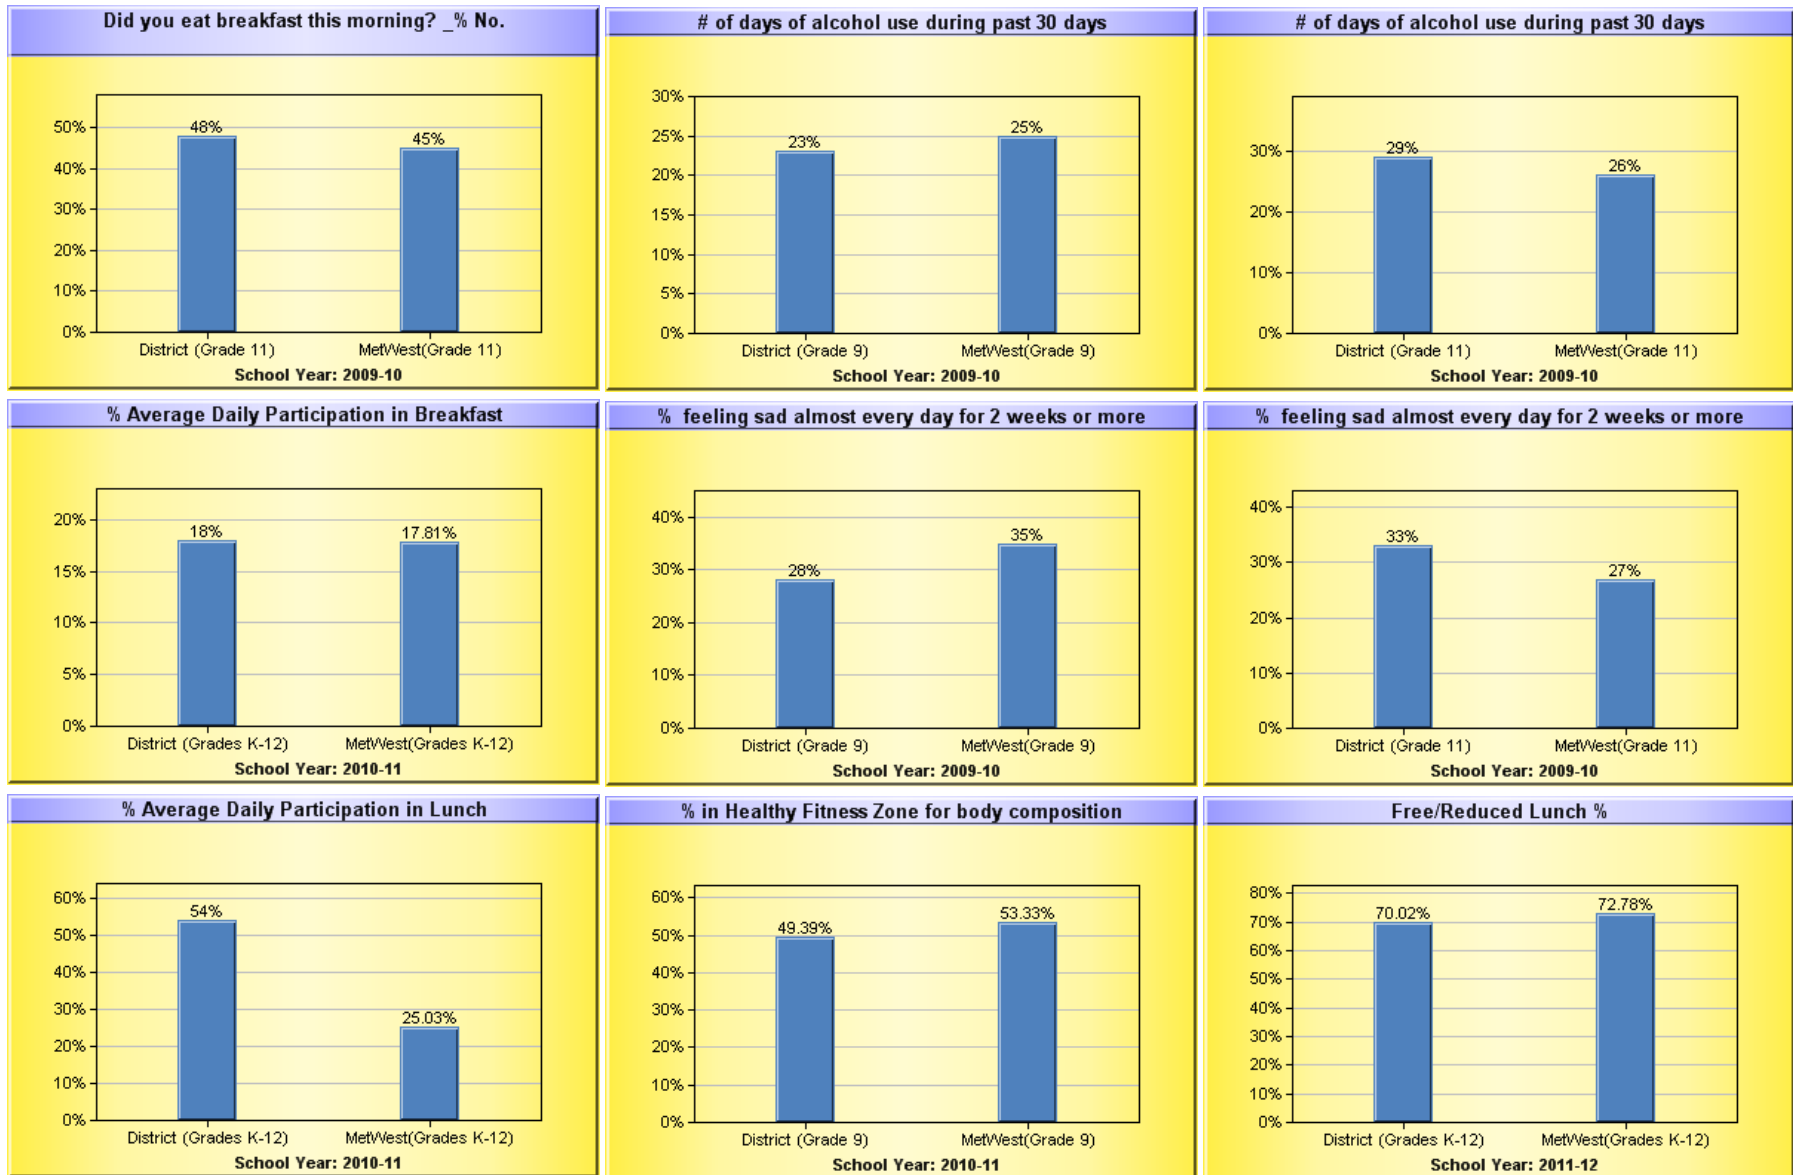

A quality school...

1. offers a coordinated and integrated system of academic and learning support services, provided by adults and youth.
2. ensures that the physical environment of classrooms and the broader school campus supports teaching and learning.

From OUSD Strategic Plan:

A Full Service Community School serves the needs of the whole child, providing a range of Health & Wellness programs and services along a continuum from prevention to intervention. OUSD's Wellness Policy provides a framework for creating a physically healthy school environment where students have access to nutritious food, free drinking water, opportunities to be physically active and good indoor air quality. Quality physical education is provided for the required amount of time to all students. In addition, students' health and mental health needs are met on-site or through a robust referral system that connects students and families to community providers. A FSCS also provides health education (e.g., nutrition, gardening, reproductive health) and social-emotional learning (SEL) that is aligned with and supports the core curriculum. Families are engaged around supporting their children's health as well as their own. Staff wellness is seen as integral and is actively fostered.

School Data

- All 9th graders receive health and wellness education through our partnership with Peer Health Exchange, which provides volunteer teachers for weekly workshops.

- Enrichment programs offered through the After School Program include fitness, sports, dance, and cooking.

Data Analysis

- Compared to the median Oakland school, more Metwest students report crime and violence outside school and their own mental health as obstacles that make it hard for them to do their best in school, indicating the urgent need for additional services.
- The number of referrals to our COST exceed the services we currently have access to, especially in the case of counseling from Lincoln Child Center and the district alcohol and drug addiction program.

Theory Action

- Our new partnership with Safe Passages will help us develop the infrastructure to integrate a multitude of disciplines including mental health therapists, case managers, and other providers to develop a coordinated plan for students in need.
- Our Community Schools Manager will facilitate access to our new on-site health center that opens in fall 2012.

School Quality Indicator 2: Safe, Healthy & Supportive Learning Environments

Strategic Priority C. Interrupting Chronic Absence (Attendance)

School: MetWest

Principal: SEAN MC CLUNG

School Quality Standards relevant to this Strategic Priority

A quality school...

- offers a coordinated and integrated system of academic and learning support services, provided by adults and youth
- identifies at-risk students and intervenes early, to help students and their parents develop concrete plans for the future

From OUSD Strategic Plan:

Full Service Community Schools support attendance improvements as part of transforming educational outcomes for students. Chronic absence, defined as missing 10% or more school days for any reason, is a key indicator and area of focus in Full Service Community Schools. Chronic absence, which impacts one in seven Oakland students, is correlated with lowered reading outcomes and graduation rates. If our system begins addressing chronic absence at the Pre-K and K levels, we would see marked differences in student learning by 3rd grade.

1. Reduce Chronic Absence (students missing 10% or more of the school year) to 5% or less
2. Increase Satisfactory Attendance (percentage of students attending 95% or more of school days) to 85%
3. Interrupt patterns of chronic absences and suspensions to reach a 98% attendance rate (ADA)

Data Analysis

- We need to improve our collection of attendance data, including tardies and absences, in order to regularly identify and respond to trends, communicate more frequently with families about attendance, and measure the effectiveness of interventions.

Theory Action

- We continue to build our capacity to coordinate and integrate our systems of academic, behavioral, mental health, gang intervention, truancy, and other support services through effective COST and SST meetings.
- Staff support for attendance monitoring and family communication has been added for 2012-13.

School Quality Indicator 3: Learning Communities Focused on Continuous Improvement

Strategic Priority A. Building Capacity & Leadership (Professional Development/Learning Communities/Coaching/Staff Induction)

School: MetWest

Principal: SEAN MC CLUNG

School Quality Standards relevant to this Strategic Priority

A quality school...

- makes sure that teachers work together in professional learning communities focused on student progress.
- ensures that staff regularly analyze multiple kinds of data about student performance and their experience of learning.
- provides professional development that models effective practices, promotes teacher leadership, and supports teachers to continuously improve their classroom practice.
- provides learning opportunities that build capacity of all stakeholders to give input, participate in, or lead key decisions.

From OUSD Strategic Plan:

We want to recruit, retain, and reward high-quality teachers, principals, and other leaders to ensure that all students learn to the best of their abilities. OUSD must become a highly-sought-after place of employment where educational leaders know they will be challenged and supported by colleagues, supervisors, and community members with high expectations. We need to develop aggressive strategies to recruit and retain the best and brightest talent in OUSD. Building on our developing frameworks for effective teaching and school leadership, and furthering the development and capacity of our teachers and principals through various forms of professional development will allow us to sustain effective teachers and leaders committed to Oakland's children.

1. Improve the conditions in schools to retain 80% of effective teachers

School Data

- Teacher retention over the last four years has ranged between 50-75%.

Data Analysis

- Support and retention of staff is foundational to building our capacity as an effective learning community.

Theory Action

- Professional Learning Community (PLC) meetings provide teachers the opportunity to engage in developing both their own practice and the school's curriculum with the objective of improving student achievement.
- Distributed leadership and decision making is facilitated by the regular collaboration of the Leadership Team with our SSC, with staff members taking the lead on particular programs, and with community partners.

Strategies	Indicators	ST Group	Timeline	Owner	Date	Item#	Strategic Action	Budget Res.	Obj. Code	Position	FTE	Budget Amount

School Quality Indicator 4: Meaningful Student, Family, and Community Engagement/Partnerships

Strategic Priority A. Family & Community Engagement

School: MetWest

Principal: SEAN MC CLUNG

School Quality Standards relevant to this Strategic Priority

A quality school...

- shares decision-making with its students, their families, and the community, as part of working together in partnership
- provides opportunities for families to understand what their child is learning; why they're learning it; what it looks like to perform well
- builds effective partnerships by using principles of student and family/community engagement

From OUSD Strategic Plan:

A quality Full Service Community School (FSCS) involves students, families, and the community in the decision-making process as a way to develop collaborative partnerships. A FSCS works with families as partners to understand how the student is progressing and participating in school. Additionally, a Full Service Community School establishes and aligns partnerships with community-based organizations, civic and business partners to strengthen the academic, social-emotional and health outcomes for students and families.

1. 75% or more of parents and guardians are regularly offered trainings and opportunities to actively participate in the academic and social development of their student(s).

School Data

- Partnerships established with over 550 businesses and organizations around the Bay Area to host student interns and provide workplace mentors. We've made over 1200 intensive internship placements in total.

Theory Action

- Engagement and partnership with families through home visits, quarterly student exhibitions and family meetings in December and June, and SST meetings leverage powerful support for students to succeed.
- The support of our Community Schools Manager along with our new partnership with Safe Passages will help develop the infrastructure to integrate our many providers to meet the needs of our students and families.

School Quality Indicator 5: Effective School Leadership & Resource Management

Strategic Priority A. Strategic Operational Practices

School: MetWest

Principal: SEAN MC CLUNG

School Quality Standards relevant to this Strategic Priority

A quality school...

- creates and sustains equitable conditions for learning and advocates for interrupting patterns of inequities.
- guides and supports the development of quality instruction across the school.
- collaboratively develops outcomes, monitors progress, and fosters a culture of accountability.
- develops systems and allocates resources in support of the school's vision.
- is distributed, through professional learning communities, collaborative planning teams, and select individuals.

From OUSD Strategic Plan:

We need Full Service Community Leaders for OUSD classrooms, schools, regions and the central office. These leaders have to juggle many tasks: they need to manage operations effectively, they need to become highly effective instructional leaders, and they need to build relationships and strategic collaborations with parents and community members. Leaders will need to assess their own levels of expertise with leadership practices, operations, instruction and community engagement and work together to share tools, knowledge and strategies in these areas to accelerate everyone's capacity to deliver on the promise of high quality effective instruction and Full Service Community Schools.

School Data

- Parents, mentors, advocates, and contributors formed the "Friends of MetWest" group in 2011 to support the school through ongoing fundraising efforts.

Theory Action

- Distributed leadership and decision making is facilitated by the regular collaboration of the Leadership Team with our SSC, with staff members taking the lead on particular programs, and with community partners.
- Professional Learning Community (PLC) meetings provide teachers the opportunity to engage in developing both their own practice and the school's curriculum with the objective of improving student achievement.

**ASSURANCES
2012-2013**

**School Site: MetWest High School
Site Number: 338**

The following state and federal categorical funding source(s) will be a part of the School-Based Coordinated Program at the school:

- Title I School-Wide Program
- Title I Targeted Assistance Program
- EIA/State Compensatory Education
- EIA/Limited English Proficient
- QEIA
- SIG

1. The council/committees have been formed and correctly constituted in accordance with the procedures established by the district governing board, federal or state law or regulations.
2. The school plan is based upon a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.
3. It is the responsibility of the School Site Council to monitor the implementation and effectiveness of the actions outlined in the site plan throughout the 2012-2013 School Year.
4. The English Language Advisory Council (ELAC) reviewed English Learner data, priority needs, and suggested improvement strategies on n/a.
5. The School Site Council adopted the Single Plan for Student Achievement at a public meeting(s) on 04/20/2012.
6. The signatures below verify that the chairpersons, teachers, students, and parents on behalf of their respective councils/committees, have participated in the planning process, reviewed the school plan for the appropriate special programs, and recommend the school plan and budget to the district governing board.

SSC Legal Requirements:

1. Members MUST be selected/elected by peer groups;
2. There must be an equal number of school staff and parent/community/student members;
3. There must be equal number of students and parents/community members
4. Majority of school staff members must be classroom teachers;
5. **Students are required members of the High School SSC**
6. Parent/community members cannot be employees at the site.

Example High School Composition

MetWest High School Parental Involvement Policy

Part 1. General Expectations

MetWest High School agrees to implement the following statutory requirements:

- The school will jointly develop with parents, distribute to parents of participating children, a School Parent Involvement Policy that school and parents of participating children agree on.
- The school will notify parents about the School Parental Involvement Policy in an understandable and uniform format and, the extent practicable, will distribute this policy to parents in a language the parents can understand.
- The school will make the School Parental Involvement Policy available to the local community.
- The school will involve parents in accessible ways, to promote 2-way communication in an appropriate language.
- The school will periodically update the School Parental Involvement Policy to meet the changing needs of parents and the school.
- The school will adopt the school's Home-School compact as a component of its School Parental Involvement Policy.
- The school agrees to be governed by the following statutory definition of parental involvement, and will carry out programs, activities and procedures in accordance with this definition:

Parental involvement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring-

- That parents play an integral role in assisting their child's learning
- That parents are encouraged to be actively involved in their child's education at school
- That parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child
- The carrying out of other activities, such as those described in section 1118 of the ESEA

Part 2. Description of How the School will implement required School Parental Involvement Policy Components

- MetWest High School will take the following actions to involve parents in the joint development and joint agreement of its School Parental involvement Policy and its schoolwide plan, if applicable, in an organized, ongoing, and timely way under section 1118(b) of the ESEA:
 - Gather and disseminate to parents the current involvement policy and family-school partnership agreement
 - Hold meetings to build consensus on family-school partnership plan
 - Solicit both written and oral input from families via surveys and one on one meetings between families and MetWest teachers
 - Share student achievement data with families via newsletters and family meetings

- MetWest High School will take the following actions to distribute to parents of participating children and the local community, the School Parental Involvement Policy:
 - The Parent Involvement Policy and the Home School Compact will be distributed at Registration, 9th grade orientation, and will be made available to parents during Parent Conferences.

- MetWest High School will update periodically its School Parental Involvement Policy to meet the changing needs of parents and the school:
 - MetWest High School will revisit the Parental Involvement Policy and the Home/School compact on an annual basis and make changes as needed and requested by parents and staff.

- MetWest High School will convene an **annual Title 1 meeting** to inform parents of the following:
 - That their child's school participates in Title 1
 - About the requirements of Title 1
 - Of their rights to be involved
 - Of their right to participate in the development of the District's Title 1 Plan
 - About their school's participation in Title 1
 - MetWest High School formally meets with parents twice a year during student exhibitions. Families are kept informed of MetWest High School events and activities on a regular basis through mailings and phone calls from teachers and through bi-monthly Family Nights.

- MetWest High School will hold a flexible number of meetings at varying times, and will provide transportation, child care, and/or home visits, paid for with Title 1 funding as long as these services relate to parental involvement:
 - All teachers conduct at least 1 Home Visit for each 9th grade and new student.
 - Family Meetings are conducted once every eight weeks. Times are set to accommodate the greatest number of families.

- MetWest High School will provide information about Title 1 programs to parents of participating children in a timely manner:

- MetWest High School will provide to parents of participating children a description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure students progress, and the proficiency levels students are expected to meet:
 - This information will be provided in the Big Picture Parent Handbook and is available online at www.bigpicture.org. It is also available at family meetings and in the main office for pick up.

- MetWest High School will provide parents of participating children if requested by parents, opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children, and respond to any such suggestions as soon as practicably possible:
 - MetWest teachers hold frequent family conferences to discuss student progress. They also regularly communicate by phone with families.

- MetWest High School will submit to the district any parent comments if the schoolwide plan (SWP) under section (1114)(b)(2) is not satisfactory to parents of the participating children.

Part 3. Shared Responsibilities for High Student Academic Achievement
--

- MetWest High School will build the school's and parents' capacity for strong parental involvement, in order to ensure effective involvement of parents and to support a partnership among the school involved, parents, and the community to improve student academic achievement, through the following activities specifically described below:
 - MetWest High School holds a Wednesday evening parent meeting every six to eight weeks. The principal and other staff attend to communicate with parents. Parents are invited to attend the regular meetings,

volunteer at the school, and attend their children's classes at any time. The MetWest Principal also holds two open forums for parents to attend and discuss any questions or concerns.

- The school will incorporate the School-Parent Compact as a component of its School Parental Involvement Policy:
 - The Home-School Compact will be made available to parents at 9th grade orientation, registration and the parent meetings in September. The document will be available in English and Spanish and will be made available to parents by request. Teachers will also have copies of the contract at Parent Conferences.

- The school will, with the assistance of the district, provide assistance to parents of children served by the school in understanding topics such as the following, by undertaking the actions described in this paragraph –
 - The State of California's academic content standards
 - The State of California's student academic achievement standards
 - The State of California's and Oakland Unified School District's academic assessments, including the alternate assessments
 - The requirements of Title 1
 - How to monitor their child's progress
 - How to work with educators

- The school will, with the assistance of the district, provide materials and training to help parents work with their children to improve their children's academic achievement, such as literacy training, and using technology, as appropriate, to foster parent involvement, by:
 - Provide translators at all meetings & student presentations
 - Translate appropriate materials
 - Provide workshops on the social-emotional process of teenagers graduating and heading off to college

- The school will, with the assistance of its district and parents, educate its teachers, pupil services personnel, principals and other staff, in how to reach out to, communicate with, and work with parents as equal partners, in the value and utility of contributions of parents, and in how to implement and coordinate parents programs and build ties between parents and school, by:

- Use professional development time to train staff on effective school-home communication strategies
 - Engage current MetWest family members to welcome new families through guided discussion at family meetings
- The school will, to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities that encourage and support parents in more fully participating in the education of their children by:
 - Regular trainings and workshops for parents
 - Trainings during SSC meetings
 - Reminder calls and letters for important events and meetings
 - The school will, to the extent feasible and appropriate, take the following actions to ensure that information related to the school and parents-programs, meetings, and other activities, is sent to the parents of participating children in an understandable and uniform format, including alternative formats upon request, and to the extent practicable, in a language that parents can understand:
 - All notifications will be sent home in English as well as any other languages identified by family members (with family assistance for translation)
 - Information will be sent home with students
 - Lead parents in each classroom will make phone calls to further ensure delivery of information

Part 4. Adoption

This School Parental Involvement Policy has been developed jointly with, and agreed on with, parents of children participating in Title 1, Part A programs.

This policy was adopted by the MetWest High School School Site Council on April 20, 2012 and will be in effect for the period of one year. The school will distribute this policy to all parents of participating Title 1, Part A, children on or before October 1, 2012. It will be made available to the local community on or before October 1, 2012. MetWest High School's notification to parents of this policy will be in an understandable uniform format and, to the extent practicable, provide a copy of this policy to parents in a language the parents can understand.

1. Instructional Program	1.3 The school/district provides the current* SBE-adopted ERLA intensive intervention programs and materials or the articulated high school version of those intervention program materials for appropriately identified intensive students achieving below grade six standards. These programs are implemented as designed and documented to be in daily use in every intervention classroom with materials for every identified student. *As a result of ABX4 2, the SBE ERLA 2008 and Mathematics 2007 adoptions and the previous SBE adoptions will meet the standard of "current."	Full implementation means that all identified intensive intervention students (students achieving below grade six grade standards), including ELs and SWDs, are provided with either the current SBE-adopted grade four through eight ERLA intensive intervention programs (2008-SBE adoption Programs four and five or 2002 SBE-adoption program materials) or the articulated high school version of these grade four through eight intensive intervention programs. These materials are implemented daily as designed. <ul style="list-style-type: none"> • District/site placement criteria determine student placement in intensive intervention, which replaces the core English grade nine or ten instructional program. • The articulated high school intensive intervention materials address the needs of below grade six grade readers (intensive learners) and therefore address ERLA standards below the grade six. • Intensive programs are multi-period, stand-alone, intensive programs that are designed to accelerate students' successful reentry into the grade-level core program within two years or less. Students who reenter the grade-level program may need an additional class of strategic support. 	Objective	Fully	Substantially	Partially	Minimally

District/site placement criteria, including articulation with feeder schools/districts, determine student placement in the Algebra Readiness intensive intervention, which replaces the core Algebra I instructional programs. Students are appropriately assessed and placed in an SBE-adopted intensive Algebra Readiness instructional program following the district criteria. For the ongoing monitoring system, data collection (including electronic) is used, and teachers are trained to disaggregate and analyze student data to assist with identifying patterns of performance and modifying instruction to meet the needs of all students, including ELs and SWDs. 	Objective	Fully	Substantially	Partially	Minimally
			7.2	4 100%	3 At least 75%	2 At least 50%	1 Less than 50%

Academic Program Survey—High School Level

Component							
8. Monthly Collaboration by Grade Level of Program for Teachers Facilitated by the Principal	8.1 The school/district facilitates and supports a one-hour structured collaboration meeting (preferably two) per month in order for subject-matter/course-level teachers to analyze, discuss, and utilize the results of the school/district assessment system to guide student placement, instructional planning and delivery, and progress monitoring within the current adopted ERLA programs.	Full implementation means that the school/district, through the principal or designee, uniformly provides and supports structured opportunities to collaborate monthly on a continuous and frequent basis (preferably at least twice monthly) for all teachers of ERLA, including strategic and intensive intervention, special education, and ELD teachers. <ul style="list-style-type: none"> • Teachers are trained in collaboration meeting protocols. • Collaboration meetings frequently include using and analyzing timely results from the common school/district assessments: <ul style="list-style-type: none"> – Entry-level placement and/or diagnostic. – Progress monitoring, including frequent formative and curriculum-embedded. – Summative benchmark assessments. • Collaborative discussions are centered on strengthening the implementation of the adopted instructional programs, lesson design, and delivery, including the use of research-based strategies, to support the mastery of ERLA content standards for all students, including ELs and SWDs. 	Objective	Fully	Substantially	Partially	Minimally
			8.1	4 100%	3 At least 75%	2 At least 50%	1 Less than 50%
			Key Components <u>Scheduled Structured Collaboration Meetings</u> 3 Number per month. _____ All teachers including strategic, intensive intervention, special education, and ELD teachers participate. <input checked="" type="checkbox"/> Meetings are structured, protocols/tools are developed and used. <input checked="" type="checkbox"/> Training for collaboration meeting protocols provided to teachers. _____ Professional development provided for administrators and teachers on data analysis and data-informed instruction. _____ Professional development provided for administrators and teachers on setting specific and measurable student achievement goals at school and classroom levels. <u>Collaborative Meeting Discussion Content</u> _____ Using and analyzing timely student common assessment results from all students. _____ Strengthening program implementation. _____ Designing and improving lessons and instruction. _____ Identifying research-based strategies to support specific skill needs of all students.
